The Special Committee appointed by the last Assembly to visit the Synod of Atlantic (Minutes 1884, p. 108), presented its report, which was accepted, approved, and the Committee discharged. The Report is as follows:

The Committee appointed by the last Assembly to visit the Presbytery of Atlantic, desire to express their deep sense of the honor conferred, and to give assurance of the sincere purpose by which they have been moved to fulfill their mission impartially and faithfully.

They report, that neither Mr. James Lyon nor Mr. John C. McComb were able, on account of business engagements, to discharge the duty assigned. They are sorry to state, moreover, that Rev. R. H. Allen, D.D., was prostrated by severe illness, and on the day of their leaving Pittsburgh, grave apprehensions were had as to the result of his sickness.

The Presbytery of Atlantic had been called, according to the provision of our Book, to meet in special session at Charlotte, on the evening of Nov. 11th, an appointment which it was easy to fulfill, inasmuch as the Synod of Atlantic was to meet in the same place on the next evening.

A judicial case, involving the moral character of one of the members of the Presbytery, was brought, by complaint, to the attention of the last Assembly. It was, perhaps, the knowledge of this case, that created the impression in that Assembly, that licen-

tiousness was too often tolerated, or too leniently dealt with, and occasioned the appointment of your Committee.

With the settlement of that judicial case, your Committee could have nothing to do. The last Assembly had directed the Synod of Atlantic to take proper action in the premises. The business of the Committee was confined to inquiries with regard to the state of morals among the colored people within the limits of the Presbytery of Atlantic, and the faithfulness of Sessions in the maintenance of discipline.

After the meeting of Presbytery had been regularly opened, an opportunity was given to the Committee to present the business with which they had been entrusted. Almost all the members of Presbytery were present, and each was called upon to make a statement with regard to the needs of discipline in their respective fields, and their custom in regard to it.

The testimony of ministers and elders was, that while certain sins, such as theft, drunkenness, and impurity prevailed, the administration of discipline in such cases was not overlooked, and its faithful administration was said to be attended with beneficial results.

All the brethren expressed great grief, that impressions had gone abroad, that they were characterized by laxity in morals and carelessness in discipline, and they expressed mortification that any such special investigation should have been thought necessary. This depression, however, was to some extent relieved by the assurance that the Committee would make a full report of the true condition of things to this Assembly.

In conclusion, your Committee would express its great gratification, not only with the appearance of this Presbytery, but with the whole Synod of Atlantic. Its colored members were comfortable in dress, ministerial in bearing, courteous in manner, refined in language, methodic in business, earnest in spirit, and sincere in devotion to the doctrine and usage of our beloved Church. No one present, as we were, at the opening services of the Synod, could have doubt as to the wisdom of expenditures made by our Church in this field. Great progress, in several directions, has evidently been made within the last five years. The call for the creation of new Presbyteries is confirmation of encouraging growth in the work. There, as everywhere, the one great need is the copious dispensation of the Holy Spirit, for which, in their poverty of other good, we might find a special plea. Very respectfully submitted.

The Special Committee appointed by the last Assembly, on Ministerial Support and Ministerial Life Insurance (Minutes 1884, p. 50), made a Report, which was accepted, and the Committee continued. The Rev. Samuel C. Logan, D.D., was added to the Committee.

A Resolution, on the subject of Romish Baptism, was offered, and after discussion was laid on the table for the present.

The Special Committee on the Missionary Periodicals of the Church (Minutes 1884, pp. 60–62), presented its Report, which was accepted. Its recommendations, that the Committee be continued and enlarged, were adopted.

The Rev. Erskine N. White, D.D., with Elders Ezra M. Kingsley, and Jacob D. Vermilye, were added to the Committee, and the Rev. Charles H. Parkhurst, D.D., was substituted for the Rev. Thomas H. Robinson, D.D., resigned.

The Permanent Committee on Systematic Beneficence, presented a paper on Overture No. 27, Report of the Standing Committee on Polity (Minutes 1884, pp. 113, 114), which was referred to the Standing Committee on Benevolence.

The Committee on Bills and Overtures presented a Report as follows:

There has come into our hands, a very large number of Overtures, touching amendments to the Directory for Worship. As the

Assembly has already referred this subject to its Standing Committee on Benevolence, it is recommended that these papers also be referred to that Committee.

We have also a number of papers on amendments to the Book of Discipline, and the Overture for Judicial Commissions. These we recommend for reference to the Committees on the Answers to the Overtures on the Book of Discipline and on Judicial Commissions.

Papers are in our hands asking for some amendments to the charters or modes of doing their work of the Boards, and these we recommend for reference as follows:

Overtures from the Presbyteries of Kalamazoo and Utah to the Standing Committee on Home Missions; from the Presbyteries of Wood River, Utah, and Neosho to the Standing Committee on Church Erection; from the Presbyteries of Schuyler, Jersey City, Nebraska City, Mankato, and New Brunswick, to the Standing Committee on Publication; and a paper on Temperance to the Standing Committee on Temperance.

A paper from the Presbytery of Catawba, and one from the Presbytery of Yadkin are in our hands, raising the question of dividing the work of the Board of Missions for Freedmen among the other agencies of the Church, especially the Home Board and the Board of Aid for Colleges. Any action on such a matter, ought to be taken only on recommendation from a Committee having access to all possible information, from all the Boards concerned, and which has heard all the parties. We recommend, therefore, that these papers be referred to a Special Committee, consisting of *Ministers* Clement E. Babb, D.D., William S. Hubbell, D.D., Aaron L. Lindsley, D.D., Henry E. Niles, D.D., George C. Seibert, D.D., and Thomas C. Kirkwood, D.D.; with *Elders* Charles M. Williams, Warner Van Norden, and Robert B. Minton; being the second and third named Ministers and the first named Elders on the respective Standing Committees on Freedmen, Home Missions, and Aid for Colleges, and that these brethren be directed to meet in the lecture-room of this church this afternoon at 2 o'clock, to elect a chairman, and arrange for future meetings.

We recommend that the following papers be referred to the Committee on the Polity of the Church:

An Overture on Divorce, from the Presbytery of Monroe; on the examination of Candidates, from the Presbytery of Troy; on an Intelligence Agency for Ministers and Churches, from the Synod of New Jersey; on Sabbath desecration, from the Presbytery of Newton; on Communion wine, from the Women's Christian Temperance Union.

The recommendations were severally adopted.

The Special Committee appointed by the Assembly (1884, p. 81), to report additions and amendments to the Rules for Judicatories,

reported the following additional Rules, which were adopted, as follows:

1. In appointing the Standing Committees, the Moderator may appoint a Vice-Moderator, who may occupy the chair at his request, and otherwise assist him in the discharge of his duties.

2. If division is called for on any vote, it shall be by a rising vote without a count. If on such a rising vote the Moderator is unable to decide, or a quorum rise to second a call for "tellers," then the vote shall be taken by rising, and the count made by tellers, who shall pass through the aisles and report to the Moderator the number voting on each side.

3. If the House shall pass the motion to "vote on a given subject at a time named," speeches shall thereafter be limited to ten minutes. When the time named shall arrive no further discussion shall be allowed either as explanation or argument, but the Moderator shall proceed to put to vote in their proper order all pending propositions, and also all those of which notice has been given during the discussion. Should the hour for adjournment or recess arrive during the voting, it shall be postponed to finish the vote, unless the majority shall vote to adjourn; in which case the voting shall on the reassembling of the House take precedence of all other business till it is finished. Under this rule "the yeas and nays" shall not be called except on the final motion to adopt as a whole. This motion to fix a time for voting shall be put without debate.

4. The Stated Clerk shall receive all overtures, memorials and miscellaneous papers addressed to the Judicatory; shall make record of the same and deliver them to the Committee on Bills and Overtures for appropriate disposition or reference. This Committee shall have the floor on the reassembling of the Judicatory after each adjournment, to report its recommendations as to orders of business or reference of papers, and this right of the Committee shall take precedence of the Orders of the Day.

5. The permanent officers of a Judicatory shall have the rights of corresponding members in matters touching their several offices.

6. In the discussion of all matters where the sentiment of the House is divided, it is proper that the floor should be occupied alternately by those representing the different sides of the question.

7. A substitute shall be treated as an amendment.

We recommend that in order not to change the number of our present Rules of Order, Amendment 1 be added to Rule 7 as an additional sentence, amendment 2 to Rule 28, amendment 3 to Rule 26, amendment 4 to Rule 11, amendment 5 be made Rule 43, and Rule 43 be numbered Rule 44, amendment 6 to Rule 29, and amendment 7 to Rule 20.

The Rev. D. C. Marquis, D.D., a member of this Committee, was not present at our final meeting, and this, therefore, is the report only of the other three members.

The amendments were directed to be published in the "Rules for Judicatories," under the direction of the Stated Clerk.

Resolved, That when the Assembly adjourns to-day, it be to Monday, May 25, at 9 A. M.

The Order of the Day, being the Report of the Standing Committee on Ministerial Relief, was then taken up. The Report was read and accepted. The Assembly was addressed by the Secretary of the Board, the Rev William C. Cattell, D.D., and others, members of the Assembly. The Report was adopted, and is as follows:

Your Committee having carefully examined the Report of the Board of Ministerial Relief, find renewed cause of gratitude to God, for the careful administration of its affairs during another year, in removing want and distress from so many of the honored servants of Christ, who constitute His legacy to His Church. He who went about doing good when on earth continues to do so in this agency of His Church, saying, "In as much as ye have done it unto the least of one of these, my brethren, ye have done it unto me." This cause needs no argument to prove its spirit and aim to be that of our Divine Lord and Master; and finds no opposition among Christian people. Its worst enemy is neglect and indifference, simply because its claims are never disputed, nor is the obligation to care for the veterans in the Army of Israel, who can no longer lead in the march to victory, ever denied. How to overcome the apathy of Christians is the one great question that claims careful attention; and the call for increased effort on the part of ministers and elders has never been so loud as it is now.

On the roll of this Board, beside the occupants of the Ministers' House at Perth Amboy, are 204 ministers, 279 widows of deceased ministers and 33 orphan families, including over 2000 persons, who are recommended by 161 Presbyteries as providentially placed under its care. An exhausted treasury has compelled the Board to cut down these applications amid the increased requirements of a long and severe winter, twenty-five per cent below the lowest estimate of what was needed for even a scanty support. These pensioners are not the subjects of a common charity, but have claims upon the bounty entrusted to the people of God, far greater than those that spring from our common humanity. They have earned all that is asked for their comfortable support from the Church they have served, and it cannot be withheld from them without bringing reproach upon the Church and chastisement from its Divine Master.

The contributions from churches and individuals the past year amounted to $82,664.06, and the income from the permanent fund was $15,199.56, making only $97,863.56 at the disposal of the Board in money, and boxes of clothing estimated at $5882.14, all amounting to $103,745.79 to be distributed among so many. A

little effort in division will show how difficult and painful it is to respond to these claims. There cannot be found anywhere so much to quicken the sympathies as in the correspondence of this Board. The membership of the Church knows but little of the story of want, the patience, the gratitude, the sweet pathos that scarcely can be paralleled in the literature of any language, now in the possession of this Board. If it could be published without giving sorrow to sensibilities made tender by painful experience, and yet brightened by faith and hope, there would be generous gifts for speedy relief of want, and abundant provision for the comfort of all those who are, in a special sense, the wards of the Church.

The addition to the permanent fund last year was $14,571.80, which amount is about $10,000 less than that of the previous year. While the Board must depend upon the contributions of God's people for the current maintenance of this cause, and while the constant giving for this object is a source of blessing to the Church, there should be a recognition of the claims of this Board for an endowment or permanent fund. Those who have large means can find no better channel for dispensing what they wish to consecrate for the relief of distress than in this direction, either by gifts during life or as a legacy for the highest form of benevolence. The American people are proverbially generous, and only need the knowledge to direct and awaken sympathy for a good cause, to meet all reasonable claims. Christian people have greater reason to give when they understand their relations to such a cause, and therefore there should be increased means to teach and persuade them to bear this cause upon their minds and hearts.

Since the last meeting of the Assembly, two venerable and beloved brethren, who have been identified with the Board of Relief almost from its beginning, have retired from their respective offices, viz: Rev. George Hale, D.D., from the position of Corresponding Secretary, and Rev. Charles Brown from that of Recording Secretary and Treasurer. Your Committee cannot do justice to themselves, nor to what they believe to be the general sentiment of the Church, without grateful reference to the long, faithful and successful services which these brethren have rendered in their offices, by reason of which their names have become so widely associated with the cause, and are held so dear by hundreds to whom they have delicately ministered. We therefore recommend that this Assembly unite with the Board, in extending assurances of fraternal sympathy to these beloved brethren in their declining years, and that it also approve the proposition of the Board, to pay to each of them such annual appropriation as may be deemed by the Board just and appropriate.

It is also recommended, that female missionaries, who are neither widows nor daughters of ministers, and therefore not under the rules of the Board for granting appropriations, be included among its beneficiaries. Every year brings new laborers into the mission work of the Church from the ranks of highly cultured and conse-

crated young women, who have access to the millions of their sex heretofore beyond the reach of preacher and teacher. These accessions, responsive to the missionary spirit of women's missionary labors, and in answer to strong cries for the rescue of millions of their sisters, from the woes of heathen life, are entitled to this recognition.

In order to replenish and strengthen this branch of Church work, your Committee recommends the following resolutions:

1. That it be enjoined upon all pastors of our churches, at least once in every year, faithfully to present the claims of the Board of Relief to their people, and take collections for its support in the same way as for missionary and other benevolent purposes.

2. That the several Presbyteries make a regular order at their annual meetings, strictly to inquire whether this service has been attended to in their churches; and by all suitable methods, try to advance the interests of this cause. So long as more than one-half of all the congregations under the care of the Assembly, contribute nothing to this Board, there is evidently great need for such Presbyterial oversight.

3. That the Standing Committees on this subject, in the several Presbyteries, while they watch carefully to find out and recommend those who deserve the delicate attention of the Relief Board, be urged to exercise equal caution in scrutinizing each application which is made to them, to the end that there may be no misapplication nor perversion of sacred funds.

4. That women who have given themselves to the missionary work, be placed on the roll for benefactions of this Board upon the same conditions as ministers.

5. That the Rev. J. H. Mason Knox, D.D., Rev. Robert D. Harper, D.D., Jacob Wilson, Esq., and John A. Linn, Esq., whose term of service has expired, be appointed members of the Board to continue three years from this date; and Robert C. Ogden, Esq., for the unexpired term of John C. Farr, Esq., who resigned during the past year.

The Judicial Committee, presented the following Report, which was unanimously adopted:

Judicial Case No. 1. An appeal of Elder Walter Bradshaw from the Synod of New York.

A statement of the case: The Session of Princetown Church declined to recognize the validity of Roman Catholic baptism, and required a candidate, Mr. Edward Francis Graham, for admission to the Church, who was a Roman Catholic, to be baptized. Mr. Bradshaw, an elder of the Princetown Church Session, complained to the Presbytery of Albany, upon the ground that Roman Catholic baptism was recognized by the Church as valid, and that an applicant for the privileges of the communion of the Church should not be rebaptized. The Presbytery of Albany declined to entertain the complaint of Mr. Bradshaw, on the grounds "that

the Presbyterian Church has given no judicial decision upon the subject of the validity of Roman Catholic baptism, and has by the deliverances of the General Assembly (Minutes, 1875, page 515), left the decision of the validity of Roman Catholic baptism to the judgment of Sessions."

Mr. Bradshaw appealed from this decision of the Presbytery of Albany to the Synod of New York, on the grounds that the Presbytery had refused to consider the question of the validity of Roman Catholic baptism, and had dismissed the complaint, basing their action upon the deliverance of the Assembly, leaving the question of validity to Sessions. The Synod of New York, acting under Section 100 of the revised Book of Discipline, declined to entertain Mr. Bradshaw's appeal and complaint, and directed the fact to be recorded that its decision was unanimous.

From this decision of the Synod Mr. Bradshaw appeals to this General Assembly, on the grounds that Roman Catholic baptism is valid, and that it was unconstitutional for the Sessions to require the applicant to be rebaptized. Your Committee can discover no reasons for opening this question, and being convinced that the Synod of New York had good and sufficient reasons for declining to entertain the complaint of Mr. Bradshaw, and further persuaded that these reasons should likewise prevail with this General Assembly, viz., that the deliverances of the General Assembly have left with Sessions the right to decide upon the validity of Roman Catholic baptism in particular cases, and that the Princetown Church acted upon such deliverances, your Committee recommends that the appeal and complaint of Mr. Bradshaw against the action of the Synod of New York be not entertained.

The following Resolution was unanimously adopted:

Resolved, That the General Assembly of the Presbyterian Church in the United States of America, now meeting in this city, having heard of the sad calamity by fire, which occurred in this city on the day of its opening sessions, desires to express its sincere sympathy with the sufferers and the bereaved, and suggests to its members that an offering be made for the relief of those who may need aid, this fund to be distributed by the Pastor and Session of this Church.

A collection was thereupon taken up amounting to one hundred and eighty dollars.

Resolved, That Standing Order No. 5, be changed in the following particular: That the sentence "Aid for Colleges and Academies, second Saturday, 10 o'clock A.M.," be changed so as to read, "Aid for Colleges and Academies, Tuesday at 3 o'clock P.M."

The Resolution on the subject of Romish baptism, laid upon the table for the present, was made the Order of the Day for Monday next at 3 o'clock P.M.

The Special Committee appointed on the Relations of the Boards of Home and Foreign Missions to the work in the Indian Territory and among the Chinese in the United States (Minutes 1884, p. 94), made its Report, which was adopted and is as follows:

The subject of the relations of the Boards of Home and Foreign Missions to the work in the Indian Territory and among the Chinese in the United States, was referred by the General Assembly of 1884 to the two Boards, and by them to a Special Committee. This Committee, which was composed of three members of each

Board, met in conference with the Secretaries, and then in private session, and reached the following conclusions:

It was evident to the Committee that the general policy of our Church has regarded pagan, or heathen tribes, and the representatives of such nations resident in the United States, as the especial charge of the Board of Foreign Missions. This Board, originally organized for such work at home and abroad, has the experience and the methods which are peculiarly adapted to the evangelization of an idolatrous people. For many years the work has been efficiently prosecuted, until now its success is manifest in a public sentiment, which is demanding citizenship for the Indians and education for the Chinese. The Indians are rapidly coming to an appreciation of the necessity and the privilege of Christian modes of life. In villages and towns they are beginning to welcome the missionary and teacher, who will instruct them in the English language. The time cannot be distant when these tribes will all cease to be regarded as aliens or foreigners. Already in certain instances this desirable result has been reached. Located within the bounds of Presbyteries, they have churches and schools, and are practically under the supervision of the Judicatories of our Church. They no longer make an appeal as pagan or heathen populations, but naturally look to the Board of Home Missions for counsel and aid. In view of these circumstances, which are gratefully recognized as an evidence of God's blessing upon the labors of the past, the Committee agreed to recommend that—

Where work is done by the Board of Foreign Missions among the Indians on the fixed basis of the tribes and in their own language, no change be made; but that all other work among the Indians, where only the English language is employed, be under the care of the Board of Home Missions, and that local details be under the direction of the Presbyteries, thus carrying out, so far as possible, the declared wishes of the General Assembly as to giving the Indians the privileges of citizenship.

With a recognition of the general policy already stated, it was not deemed wise to disturb the present arrangements respecting the evangelization of the Chinese in the United States. They must still be addressed as a pagan or heathen people, who have never exhibited a desire to settle among us. Coming largely from the vicinity of Canton, and using the Cantonese dialect, they can be advantageously reached by the Board of Foreign Missions, which has missionaries and agencies in China. They are chiefly resident beyond the Rocky Mountains, where the San Francisco Mission, looking directly out upon Asia, exerts a wide influence. In the towns and cities of the East they are accessible to Christian effort, which may be exerted by churches or individuals. Therefore, with reference to their interests, the Committee decided upon the adoption of the following minute:

The general work among the Chinese in the United States shall

continue under the direction of the Board of Foreign Missions, with the expectation that local churches will care for the representatives of this race, who may be within their bounds, as a part of their parish work.

All of which is respectfully submitted.

Approved by the Board of Home Missions at its meeting held March 24th, 1885.

O. E. Boyd, *Recording Secretary.*

The Committee on Bills and Overtures reported Overtures from the Presbyteries of Indianapolis and Pembina on the Missionary periodicals of the Church, which were referred to the Special Committee on that subject; also Overtures from the Presbytery of Buffalo on amendments to Sec. 26, Book of Discipline, and on an amendment to the proposed sections on Judicial Commissions, which were referred to the Committee on the Overtures on Judicial Commissions; also a paper from the Bohemian Church, which was referred to a Special Committee consisting of *Ministers* William P. Breed, D.D., Charles S. Pomeroy, D.D., Robert F. Sample, D.D., Geo. P. Hays, D.D., and *Elder* Ralph E. Prime, the Committee to report to this Assembly.

The following telegram was received and read:

To the General Assembly of the Presbytérian Church in the United States of America in Session at Cincinnati:

The General Assembly of the Presbyterian Church in the United States, in session at Houston, Texas, heartily reciprocates the fraternal greetings conveyed in your telegram, and mails you a letter to-day more fully expressing our views.

H. R. RAYMOND, *Moderator.*

JOSEPH R. WILSON, *Stated Clerk.*

The Order of the Day was taken up, being the Resolution on Romish Baptism. After discussion, an amendment was offered, which the Moderator ruled might be received as an amendment by substitution. The question was then made the Order of the Day for to-morrow at 3 o'clock P.M.; and it was made the Order of the Day for Saturday at 10 o'clock A.M., to receive the report of the Standing Committee on Aid for Colleges.

The Assembly adjourned, and was closed with prayer.

TUESDAY, May 26th, 9 o'clock A. M.

The Assembly met, and spent half an hour in devotional services.

The minutes of yesterday's sessions were read and approved.

The Special Committee appointed to canvass and report the votes of the Presbyteries on the seven Overtures sent down by the General Assembly (Minutes, 1884, pp. 30, 31 and 115), concerning certain changes in the Revised Book of Discipline, reported as follows:

There are in connection with the General Assembly 196 Presbyteries, of which number a majority is 99.

Your Committee have considered and counted the votes of 170 Presbyteries, properly attested.

The following is a statement of the vote on each Overture:

1. On Overture No. 1 there have been cast 136 affirmative votes, and 32 negative votes. It is therefore adopted, and is in these words:

Section 5. All children born within the pale of the visible Church are members of the Church, are to be baptized, are under the care of the Church, and subject to its government and discipline, and when they have arrived at years of discretion they are bound to perform all the duties of Church members.

2. On Overture No. 2, there have been cast 109 affirmative votes, and 60 negative votes. It is therefore adopted, and is in these words: The first period of *Section* 18 shall read, "Original jurisdiction in relation to ministers pertains to the Presbytery, in relation to others to the Session." *Section* 46 shall read, "46. In process by a Session against a Ruling Elder, or a Deacon, the provisions of this chapter, so far as applicable, shall be observed."

3. On Overture No. 3, 143 affirmative and 28 negative votes have been given. It is therefore adopted, and is as follows:

Section 26. No professional counsel shall be permitted to appear and plead in cases of process in any of our ecclesiastical judicatories. But if any accused person feel unable to represent and plead his own cause to advantage, he may request any minister or elder, belonging to the judicatory before which he appears, to prepare and

exhibit his cause as he may judge proper. But the minister or elder so engaged shall not be allowed, after pleading the cause of the accused, to sit in judgment as a member of the judicatory.

4. On Overture No. 4, 41 affirmative votes, and 130 negative votes are recorded. *Section* 48 of the Revised Book of Discipline, is therefore retained.

5. On Overture No. 5, the votes are 119 affirmative, and 54 negative. *Section* 65 of the Revised Book of Discipline is therefore omitted.

6. On Overture No. 6, there are 152 affirmative votes, and 17 negative votes. The Overture is therefore adopted, and *Section* 84 reads:

84. A complaint is a written representation made to the next superior judicatory by one or more persons, subject and submitting to the jurisdiction of the judicatory complained of, respecting any delinquency or any decision by an inferior judicatory.

7. On Overture No. 7, the votes are 157 affirmative, and 13 in the negative, the Overture is therefore adopted. The second period of Section 115 is therefore stricken out and the following substituted:

The names of the baptized children of a parent seeking admission to another Church shall, if such children are members of his household and remove with him and are not themselves communicants, be included in the certificate of dismission.

The Report was accepted and adopted, and the

Moderator then made a formal declaration that the subject-matter of Overtures Nos. 1, 2, 3, 6 and 7 had been adopted, and were now a part of the Constitution of the Church. He also announced that Section 65 was no longer a part of the Book of Discipline.

The same Committee reported further as follows:

The Special Committee appointed to canvass the votes on the Overtures on the Book of Discipline, have had referred to them certain Overtures from the Presbyteries, all having reference to the Book of Discipline, more or less close. They report

Overture No. 1. From the Presbytery of Los Angeles asking the Assembly to strike out Section 5 of the Book of Discipline.

The Committee recommend the Assembly to answer the Overture in the negative, for the reasons: 1. The Presbyteries have just adopted, by a great majority, the Section which the Presbytery of Los Angeles asks to have stricken out. 2. The truths concerning the relations of children to the Church, are much more clearly taught in "Section 5" than in those parts of the standards referred to by the Presbytery.

Overture No. 2. From the Presbytery of Washington City, asking the Assembly to enact that:

Any minister, or member of the Church, convicted in the civil courts of an offence, recognized as such by the standards of our Church, may, without further process, be suspended from all the

privileges and offices of the Church until the judicatories of the Church having jurisdiction in the case shall, after due investigation, be satisfied of his innocence or repentance.

The Committee recommend that, while admitting that some possible cases may occur, in which nothing else can be done, but that which is here asked, the Overture be answered in the negative, because:

1. The subject-matter of the Overture involves a Constitutional change, which must needs be Overtured to the Presbyteries, which it is not now desirable to do.

2. The processes of civil courts differ so much from those of our Church judicatories, and their decisions are not so infallible, that our Church judicatories can adopt them without investigation.

3. It is the sacred right of every member of the Presbyterian Church, to have a full and fair trial, according to the laws and methods of his Church, before condemnation.

Overture No. 3, from the Presbytery of West Chester, asking the Assembly to send down to the Presbyteries for their adoption, an Overture proposing the following amendment to Section 19 of the Book of Discipline: "And when the defendant is brought before a judicatory, it shall be the duty of the Moderator to inform him of his rights under Sections 19 and 26 of the Book of Discipline."

The Assembly answer that since the adoption of this Overture by the Presbytery of West Chester, Section 21, Chapter iv of the Old Book, has been adopted by the Presbyteries in place of Section 26 of the New Book, in which the rights of defendants appear to be adequately guarded. We recommend that the Overture be answered in the negative.

Overture No. 4, from the Presbytery of Hudson, asking, in case the Overture respecting Section 26 of the Revised Book of Discipline is carried, that Section 90 should be amended by striking out the clause, "who may be assisted by counsel."

Answered, 1. That inasmuch as the New Book of Discipline and the recent changes have been adopted, the Assembly desires to discourage the sending down of any more Overtures at the present time relating to the Book of Discipline, until it has had a fair trial; 2. That the provisions of the Revised Book seem to the Assembly to cover the question proposed.

The recommendations of the Committee were severally adopted.

The following Resolution was unanimously adopted, and it was ordered that it be forwarded to General U. S. Grant:

CINCINNATI, OHIO, May 26th, 1885.

General U. S. Grant.

The General Assembly of the Presbyterian Church in the United States of America, now in session in this city, do most

heartily sympathize with you at this time. We pray that the Great Physician may restore you to your usual health. Thou therefore endure as a good soldier of Jesus Christ.

Signed,

E. R. CRAVEN, *Moderator.*

WM. H. ROBERTS, *Stated Clerk.*

The Standing Committee on Home Missions presented its Report, which was accepted. The Assembly was then addressed by the Rev. Henry Kendall, D.D., senior Secretary of the Board of Home Missions, and others. Pending the motion to adopt, the hour of adjournment came, and it was made the Order of the Day for to-morrow at 9.30 A.M. further to consider the Report.

The Assembly adjourned, and was closed with prayer.

TUESDAY, May 26th, 3 o'clock P.M.

The Assembly met, and was opened with prayer.

The Order of the Day, being the Resolution on the subject of Romish Baptism, was taken up. After discussion, the whole subject was laid upon the table.

The Committee on Bills and Overtures reported—

Overture, No. 13 being a request, from the Presbytery of West Chester, that the Assembly shall define the authority of Presbyteries, in regard to taking from the Roll the names of ministers serving churches in other denominations. The Committee recommend the adoption of the following:

Since the adoption of the Revised Book of Discipline, especially Section 53 in Chapter vii, a Presbytery has no authority to take a minister's name from the Roll, without his consent, except by discipline, unless he has said or done something, which either recognizes some other ecclesiastical jurisdiction over him, or declares his independence. Presbyteries should, however, by correspondence, urge those who have identified themselves with other denominations to take regular dismissions. Ministers of our own Church ought to connect themselves with those Presbyteries, within which is located either their field of labor, or their residence, unless very special and unusual reasons exist to the contrary. Adopted.

Overture No. 7. From the Presbytery of Indianapolis, asking for such a change of the Form of Government, as will authorize Sessions to sit with them in judicial cases. The Committee recommend that no action be taken on this subject. Adopted.

Overtures Nos. 9, 10, 11, 12, are papers requesting the erection of a Synod of North Dakota, and showing the assent thereto of all the parties interested. We therefore recommend that the request be granted by the adoption of the following:

The Synod of North Dakota is hereby constituted, to consist of the Presbyteries of Pembina, Northern Pacific and Bismarck, as these Presbyteries are bounded by the following constituting act of the Synod of Minnesota, at its sessions in Rochester, Minn., October 11th, 1884:

1st. All that part of Dakota Territory lying between Montana on the west, the Provinces of Canada on the north, Red River on the east, and the north line of Traill, Steel and Griggs counties, due west to the Missouri river, and thence along its course to the Montana border, to be known as the Presbytery of Pembina.

2d. All that part of the Territory south of this to the 46th parallel, west to the east line of Emmons, Burleigh and Sheridan counties (except T. 139, R. 73, in Kidder county), to be known as The Northern Pacific Presbytery

3d. All the remaining part of the Territory (including T. 139, R. 73, in Kidder county) to be formed into the Presbytery of Bismarck.

The Synod of North Dakota thus erected, shall meet at Fargo, Dak., on the second Thursday of October, 1885, at 7.30 o'clock P.M.; and the Rev. Francis M. Wood, or in his absence, the oldest minister present, shall preach the opening sermon, and preside until a Moderator is chosen. Adopted.

Overture, No. 8. A request from the Presbytery of Topeka, asking for such a change in the Form of Government, as will authorize each church to fix such a term of office for its Elders as may suit itself.

As the Church seemed to prefer uniformity in the three years term as fixed by Section 8, Chapter xiii, Form of Government, and as your Committee think uniformity desirable, we recommend that no action be taken. Adopted.

The following telegram was received:

To the General Assembly of the Presbyterian Church:

The General Conference of the United Brethren in Christ, in session at Fostoria, Ohio, send greeting. The grace of the Lord Jesus Christ, and the love of God, and the Communion of the Holy Ghost be with you all. Amen!

E. B. KEPHART, *Presiding Bishop.*

The communication was referred to the Standing Committee on Correspondence, for answer.

The following answer to the telegram sent General U. S. Grant, was received and read:

To Wm. H. Roberts, D.D., Clerk of the General Assembly of the Presbyterian Church in the United States of America:

Thank the General Assembly of the Presbyterian Church for their dispatch.

U. S. GRANT.

The Assembly adjourned, and was closed with prayer.

WEDNESDAY, May 27, 9 o'clock A. M.

The Assembly met, and spent half an hour in devotional services.

The minutes of yesterday's sessions were read and approved.

The Moderator announced that he had appointed the Rev. John Gillespie, D.D., of the Presbytery of Elizabeth, Vice-Moderator.

The minutes referring to Romish Baptism, were revised by order of the Assembly.

The Committee on Bills and Overtures reported an Overture from the Presbytery of Puget Sound, on Church Union, which was referred to the Standing Committee on the Polity of the Church, also an Overture on Statistical Blanks, from the Presbytery of Elizabeth, which was referred to the Standing Committee on Publication.

The recommendation was adopted, and the following Committee was appointed: *Elders*—The Hon. Charles D. Drake, Woolsey Welles, LL.D., and Ralph E. Prime, to report to this Assembly.

An Application was received from the Presbytery of Philadelphia, of the Reformed Presbyterian Church, to be received under the care of the General Assembly. The Application was referred to the following Special Committee: *Ministers*—William P. Breed, D.D., James Allison, D.D., and *Elder* George Griffith, to report to this Assembly.

The Orders of the Day were so changed as to make the hour for meeting in the afternoon half-past two o'clock.

The Report of the Standing Committee on Home Missions was taken up, and after an address by William C. Roberts, D.D., one

of the Secretaries of the Board, was adopted. The Report is as follows:

The Standing Committee on Home Missions respectfully report, that they have given careful thought and examination to the fifteenth annual Report of our Board of Home Missions, and beg leave to commend its careful study to our people everywhere.

The picture has its depths of shadow, as well as its high lights and bright colors. Grand opportunities and splendid accomplishments stand side by side with scantiness of supply and anxious difficulties of administration.

The whole world is the Church's field indeed. No part of it can be neglected when God flings wide the door. Still, in the days of local emergency like these, no portion of the earth can have quite such immediate claim upon us as our own heritage from the God of Nations. Surely our own home garden, for whose tillage we alone are responsible, is not to be neglected and given up to weeds for the sake of the forests or the meadows on beyond. Evangelism *there* must depend more than all else upon a vital, active Christianity at the sources of supply. The streams will surely run dry unless the fountain is kept full.

An intelligent glance at the needs that confront us, and the causes of them, will disclose the tremendous problem that lies under our hand. The subject of the immensity of our field, and the entering swarms of population widens upon any man who examines it. There is fairly a race, often rather a stampede of occupation, still going forward into the hitherto waste places of our national domain. It has not been a mere diluting of the population by spreading it more thinly, but the actual increase, not merely by ordinary growth, but by bodily importation, of actually as many souls every two years from other lands, as crossed the Jordan with Joshua. We aid the McAll missionary in France, and we do well, but eight times as many French natives are with us now as all the McAll meeting places in France could hold, if packed full. We send aid to the Waldenses among their countrymen. Yet tenfold as many Italians are here as all the Waldensian stations can accommodate.

When those great reservoirs are once full of people, it will be too late to attempt to wedge in Christianity and the Gospel among the hard and stiffened throng. The Bible and Christian teaching must share the pioneer experience. They must accompany the growing populations—yes, precede them, often—for it is harder to catch up than to keep in advance. The Gospel must be at hand in all their movements, exert upon them divinely moulding power, as an associate in their enterprise, a safeguard of their choicest interests. Accordingly, these days are days of emergency, when time is an enormous factor in calculations of duty and success. What good does it do you to bring your seed to the field when the soil is stiffened under winter frosts? What avail to come running with your engine and hose the day after the fire? Five years hence we

could not possibly do what can be done to-day in the great work. The clay will have become rock. Now, the first stamp that falls upon it will tend to permanence. When the evil acorns have become oaks, small chance to uproot them then. Changes are coming about like the turn of a kaleidoscope—always toward severer needs, wider openings, more hopeful encouragements. It takes no listless form of religion to compete for God with this intense activity of Satan and Mammon in copartnership.

Our country is dotted with communities, filling fast, wherein even this year, 1885, may permanently decide their character. New towns are being made or marred constantly. If the church and minister come in early the town tends to moral advance, as truly as the spire points upward. If the saloon, brothel, gambling-houses, preachers and practicers of Sabbath-breaking, drunkenness and vice get firm, unhindered foothold, that community gravitates hellward very fast. And such terrible demoralization as we have known of is very hard to check. Those crowding populations are leaving behind them churches, Sunday-schools, Bibles, all institutions of the saving Gospel. Others never had these things. How shall safeguards be sent with them and after them; better still, be ready to meet them when they come? When that question presses, the only sensible, possible answer is given in the operations of Home Missions and the work that still lies before them, really the most economical, comprehensive agency for evangelism not only, but for general philanthropic purposes, ever devised to meet this peculiar need. For the most part, it has to be that or nothing at the start. The entire religious life of the community rests upon it. But soon the appreciative, profited people rally round the missionary and his Gospel, settle into self-supporting churches—seventy-eight of them last year—become contributors in their turn, and set free the funds that have aided them, to start the desert blossoming somewhere else.

These aids we are giving through Home Missions are only temporary. The same work has been done as the nation grew from the seaboard inward. The earliest Presbyterian churches in nearly all our prosperous cities were Home Mission churches at the outset, as truly and necessarily as churches now in Oregon or Dakota. Every one of them, and all their progeny, are now engaged in helping forward that glorious work in the needier regions beyond. Surely, remembering the Moderator's sermon, and the "hole of the pit out of which we were digged," it ought to be to us all a labor of love and gratitude.

Then past successes strongly point to present and future hopes. Fourteen hundred and thirty-five men, sustained in whole or in part through the Board, have been ringing God's words in the ears of the people in every needy portion of our land. They have reached the families in their homes, miners in their camps, ministering to the sick, dying, bereaved, gathering the children into Sabbath-schools, reaching after the tempted and wandering, promoting refinement,

education, enlightened public opinion wherever they are. Multitudes of them are among the foremost of our ministry, in culture, character, ability, enthusiasm for Christ.

They have under regular ministrations nearly 150,000 people. They have organized 195 new churches the past year (sixty more than in 1884), and 380 new Sunday-schools (forty-one more than last year), have received by certificate nearly seven thousand members, and have drawn out from impenitence and irreligion nearly nine thousand converts besides, the fruits often of blessed revivals. Every State and Territory of the Union, except six, has enjoyed the work of our missionaries. The exceptions were only in New England and the South, where other denominations were supposed to fully supply the people with the Gospel.

Ten of our faithful men, a far smaller number than usual, have been called away by death during the year, "and their works do follow them."

How fully, then, has the Church risen to the demands of the situation? How has she supported the work that has been outlined? Here we traverse one of the most important questions that can confront this General Assembly.

The year past has been one of pronounced financial disaster and prostration. Men accustomed to large giving have been seriously crippled in income and estate. Churches have found it more difficult to care for self-support. Yet, in the line of the Assembly's recommendations of last year, the regular contributions of the churches have increased $28,595 above 1884. The Women's Societies, steadily enlarging their efforts, have poured into the work intrusted to them $19,369 more than ever before. Even the Sabbath-schools have increased their gifts by $243. An aggregate advance, from the sources most reliable and steady, of $48,207. But, on the other hand, individuals have held back in special gifts $46,662 below what they gave last year, and the column of legacies shows a deficiency of no less than nearly $96,000. A single unusually large legacy last year had made a freshet in that column, and gave an appearance of greater prosperity at the time than the real flow of contributions warranted.

Hence, while the Board has not enlarged its expenses up to the point recommended for them by the last Assembly, keeping on the safe side by nearly $30,000, they approach the close of their fiscal year immensely in arrears, to their great alarm and distress. They send to all our churches, and publish in all the religious journals, appeals of the most urgent description, reinforced by every consideration of fact, figure and result. But all too late to overcome the churches' lack of method, which could permit them to leave until the very edge of the closing year the bulk of their contributions unraised, until now we are looking into the ugly face of a debt of $110,170, besides many thousands yet due for missionaries, teachers and chapels.

This deficit includes the debt of $12,000 with which we began

the year. So that the entire amount of this year's debt is more than accounted for by the absence of the $100,000 legacy of last year. However, the Board comes to this Assembly in *statu quo*, burdened to the utmost, standing still when they want to be advancing, and with mournful propositions of retrenchment and retreat, sadly accepted within their own body, upon the report of an experienced, wise and earnest Sub-committee.

In view of the growing vastness of the field, that demands attention now or never—in view of the fact that retirement from advanced positions of strategic power would involve permanent loss and defeat—in view of the credited ability of our Church to lift the load, if properly approached—in confidence upon the power of the grace of God in the hearts of our ministers and people, your Committee are unanimous in the conviction that whatever measures may be necessary to ease the immediate pressure, retreat in the face of the enemy is out of the question.

We do not deem it wise at the present juncture to follow the example of previous Committees, and name any particular sum as the amount which the Board shall be authorized to expend during the coming year. A part, at least, of our present embarrassment has risen from that custom. But we recommend that the Board be directed, with all proper regard to prudence and economy in expenditure, to hold the new fields, in proportion to their future promise, as points of importance; and to advance when necessary to such holding if funds shall be on hand. Retrenchment in some particulars and directions need not mean retreat.

Our Board has disbursed the past year about $40,000 more than ever before, yet with a reduction of twenty three in the number of its missionaries. A larger amount has been expended in proportion to the men at work, from the desire to grant them better salaries, as well as from the increase in traveling expenses of the workers at more distant stations. In some respects, doubtless, without great hardship, there might be—perhaps ought to be—reduction here. Of this the Board is able to be the best judge, as it was of the increased outlay. We think we are not mistaken in taking for granted that our noble band of missionaries, would readily aid in such reduction, so far as necessary and practicable to tide over this year's emergency.

But our main reliance must be upon the Presbyteries in their appropriate application of at least three obvious methods of relief within their power:

1. They can reduce applications from their churches to the lowest terms, either directly or by peremptorily grouping congregations. Your Committee is able to inform the Assembly, on the best of authority, that the policy of grouping adjacent stations or congregations under one minister, might be much more extensively pursued than now, and without any serious detriment whatever, in many parts of our missionary fields. We recommend the As-

sembly to re-enforce with special emphasis the instructions of former Assemblies to this effect.

2. The Presbyteries can do all that in them lies to press their dependent churches towards self-support, and so take them off the hands of the Board. We are greatly encouraged in hope for this by the knowledge that seventy-eight churches have become self-supporting the past year, nearly twice as many as in 1884.

3. The Presbyteries, through their Committees on Beneficence in general, and their Committees on Home Missions in particular, can earnestly endeavor to rouse every pastor, session and church within their bounds, bringing every reasonable pressure to bear on churches, giving inadequately or not at all, to increase by better system in giving, and by more zeal in liberality for Christ's sake, the amount of their contributions. We recommend that the Assembly enjoin upon its Presbyteries so to do, and that the Commissioners now in attendance be charged to emphasize the needs of the Board, and the Assembly's injunction, when making their report in the Presbyteries to which they severally belong.

The Assembly hereby appoints every Commissioner a Committee of one, to urge his Presbytery to do what it deems its full share in lifting the pending debt of the Board.

The older Synods, especially, can make helpful inquiry, aimed at reduction of the number of men depending on the Board within their bounds. New York Synod has ninety-four, three more than last year, and far more than either Illinois, Nebraska or Minnesota. New Jersey has fifty-eight, six more than last year, more than Michigan and twice as many as Oregon. Ohio has nearly as many as Texas and Oregon together, while Pennsylvania has more than any other State, excepting two.

In reference to the speedy liquidation of the impending debt, your Committee would recommend that the Board be encouraged to continue its appeal to individual givers, especially to those of large means, and hearts as large (so many of whom God has of late years taken to Himself), and for extra collections in churches, where the present emergency is realized, collections which shall not forestall or exclude the regular benefactions.

We have no confidence in the "leverage" of a debt. It generally works at the short arm of the lever. It is a sad evil. But not one so severe by far as the surrender of important and strategic fields. Our great Church has lifted heavier debts before. God willing, we can lift this one now, and then, by His grace, never have another.

We cannot help desiring that the Assembly might leave upon our churches the impression that by the gifts of the living our duties and generosities are best to be judged.

Legacies are good. Saintly men, being dead, yet speak and work and bless by them. But the current benefactions of the living Church are better for the Church itself. This is the way we get the legacies. Men who have given all their life are just the men

to leave bequests. Such posthumous gifts do not drop out of the nerveless hand because the owner could hold on to them no longer. But drawing for God from the fountain constantly while he was alive, he throws in the reservoir and all its contents, when the active mind and heart were stilled at last and could no longer keep the fountain in its flow. God give more of our wealthy men the happy heart to be their own executors, to administer upon their own estates for Christ.

The Board of Home Missions has well administered within the past year the Sustentation Fund confided to its charge by the Assembly.

Under the modified rules of the past few years, the Sustentation scheme fills a place of no small importance in the operations of our Church. There is a great deal of good in it. We seem to need a plan like this, with a fund behind it, for the benefit of a certain class of weak churches in the older Synods, which can, through an alternative method of some rigidity like this, be forced up into self-support in the most effective way. We should not so freely recommend it in the newer and more swiftly enlarging fields, for the reason that it would detain some in their race for self-support, who, without its limitations, would easily go beyond the amount required, and gain their goal the quicker.

An *Overture* has been referred to us from the Presbytery of Kalamazoo, asking that the name of Sustentation be dropped, and that the part of the Church's benevolent work indicated by this name be put under the Board of Home Missions.

We recommend the answer that for the present the Assembly is content to allow Sustentation to remain in the posture it now occupies. Moreover, with the small balance now on hand to the credit of Sustentation, we should be glad to see in the Church enlarged liberality under this special heading. The sum of $19,785 was received during the year, all but $500 of which was duly paid out to the pastors coming under this scheme. Ten of the churches aided became self-supporting. Synodical sustentation in the older States, when administered with wisdom and energy, may prove to be the happy solution of many perplexing problems of support.

The Woman's Executive Committee of Home Missions, have placed in the hands of your Committee their records for the past year, with the report of their Corresponding Secretary and Treasurer, and their report on the portion of their work undertaken recently among the Freedmen. For the cause last mentioned a Washington's birthday collection among the Sabbath-schools brought in $1500.

More than ever, in these later years, our Presbyterian women have showed, as a class, that they were not too tender to be wise, nor too gentle to be strong. Our Church is leaning on them today in some of its most important operations, with entire reliance upon tested wisdom, devoted fidelity, and by God's blessing assured success. Reaching the children and youth as they do, by the aid

of Christian education on mission territory, they are striking squarely at the root of the Upas tree of sin and godlessness, in our land of enormous possibilities, and they are praying while they give and teach.

The relation of the Executive Committee to the Board is one of entire agreement and mutual confidence by the testimony of both parties. The Women's Societies, now happily unified, raised through their various auxiliaries the past year $128,523, being $19,369 in excess of 1884, and more than six times their receipts of five years ago. As soon as their increasing funds will justify such action, they have decided to support the missionaries who are laboring in connection with their schools.

They are supporting eighty-six schools, with 175 teachers, among the Indians, Mexicans and Mormons, with two schools and four teachers among the Southern whites.

The desultory work begun at first in establishing scattered schools in answer to need or appeal, has been supplanted by the better effort to establish groups of schools or mission stations under a single management. Among these is planted a school of higher grade for training teachers, and preparing for college young men who have the ministry in view; also a chapel and a pastor or stated supply to gather in the spiritual fruitage of the school work. By recommendation of the last Assembly, they have begun to grapple with the greatly needed work, of providing schools and missionary women, among the nearly 7,000,000 freedmen of the South, 3,000,000 of them, at least, women and girls, sustaining all the relations of womanhood, yet most of them ignorant of the very rudiments of Christian home life and the sanctity of the marriage tie. One million more are boys who will soon be voters, and will not be forever defrauded or intimidated in the exercise of their privileges. For this new and inestimable effort, scholarships and missionaries' salaries are asked, as in the other branches of woman's work. Nearly every expense of the Board's administration is now met by interest on permanent funds, so that the contributions of the churches are drawn upon for that purpose for only two and one-half per cent—ninety-seven and one-half per cent going directly to the field.

The admirable monthly of the Board, the *Presbyterian Home Missionary*, has been of priceless service in disseminating intelligence and arousing interest concerning our work.

Your Committee have received an *Overture* from the Presbytery of Utah, asking that the Board of Home Missions be authorized to pay its missionaries promptly at the end of each quarter. We recommend the reply that we confide in the discretion and business promptness of the Board to make its payments as soon as due, if practicable.

We add the following recommendations:

1. That the Assembly express its great gratification with the methods and results of women's work for Home Missions as evi-

denced in the report of the Executive Committee; with their unflagging zeal in this labor of love, and the happy increase in their interest and contributions. Let all auxiliary societies forward their collections quarterly, at least, to the Treasurer. At the same time, the Assembly reminds congregations receiving aid from the Board, of the paramount duty of laboring for self-support, that they may be able freely to contribute to the various objects of Christian benevolence.

2. That Stated Clerks of Presbyteries be required to send to the Board each year the name of the Chairman of their Presbyterial Home Mission Committee.

3. That the Board be directed to report annually the amount spent in each Presbytery and Synod in comparison with the sum contributed within the same bounds.

4. That every pastor and Sunday-school be enjoined to preach upon Home Missions during the current year, and to afford his people at the same time an opportunity to give to this cause.

5. The Assembly challenges the Presbyteries to a more thorough, rigid supervision of Home Mission necessities within their bounds—the pastors, Sessions and Church members to an earnest effort for more liberal contributions toward this cause during this year of its special embarrassment—that the commissary department of our mission army may soon overtake its line of battle, and supply it for an energetic, triumphant advance.

6. Indorsing and commending heartily the fidelity, energy, and wisdom of our Board of Home Missions and its officers, while weighted with this crushing debt, the Assembly will not command them to retreat, but to "stand fast in the Lord." Yet reductions of expenses according to their judgment, consistent with holding the main field, are approved. Beyond the mere business outlook, let us leave margin for faith in God's gracious help, and in the roused fidelity of our Christian people, "looking unto Jesus."

7. We recommend that T. B. Meigs be appointed to membership in the Board, in place of George W. Lane, deceased, and we recommend the reappointment for three years of the following members of the Board, whose term expires with this Assembly:

Ministers—John Hall, D.D., Henry M. Booth, D.D., John R. Paxton, D.D., and *Layman*—George R. Lockwood.

The Special Committee to which was referred the application of the Presbytery of Philadelphia, of the Reformed Presbyterian Church, offered a Report which was accepted, and is as follows:

Resolved, In accordance with the action of the General Assembly of 1870, in receiving the Presbytery of Pittsburgh, of the Reformed Presbyterian Church, that the application of the Philadelphia Presbytery, of the Reformed Presbyterian Church, be granted, and that its ministers, with the congregations under their care, be received by the Presbyteries to which they would respectively be-

long, and when so received the Presbytery be dissolved and its records transferred to the Presbytery of Philadelphia of the General Assembly, and further, this General Assembly is glad to receive into its bosom a body of Christians in which it has such confidence.

The Rev. Theodorus W. J. Wylie, D.D., and Elder James Grant, Commissioners to present the application of the Reformed Presbytery of Philadelphia, were received by the Moderator in the name of the Assembly, and heard. The Presbytery was then received by a unanimous rising vote, and the Report of the Committee adopted.

The Committee on Correspondence introduced as delegates from corresponding bodies, the Rev. N. Dubois Williamson, from the General Synod of the Reformed Church in America, and the Rev. Daniel Lortsch, from the Synod of the Union of the Free Evangelical Churches of France.

The Standing Committee on Foreign Missions presented its Report, which was accepted, and pending a motion to adopt the Assembly was addressed by the Rev. Arthur Mitchell, D.D., one of the Secretaries of the Board.

It was made the Order of the Day for to-morrow, at 2.30 P.M., to hear the Report of the Standing Committee on Publication; the first order for Saturday morning to hear the Report of the Special Committee on the Presbyterian Alliance; the first order for to-morrow morning to hear the Report of the Special Committee on the Overtures with reference to the work among the Freedmen; the second order for to-morrow afternoon to hear the Report of the Special Committee on Judicial Commissions; the fourth order for to-morrow morning to hear the Report of the Standing Committee on the Polity of the Church.

The Assembly adjourned, and was closed with prayer.

WEDNESDAY, May 27th, 2.30 o'clock P.M.

The Assembly met, and was opened with prayer.

The unfinished business, being the Report of the Standing Committee on Foreign Missions, was taken up. The Report was amended, adopted, and is as follows:

The Standing Committee on Foreign Missions submits the following Report: After a thorough and candid examination of the Forty-eighth Annual Report of the Board, for the year terminating April 30th, 1885, and after scrutinizing the Record containing the Minutes of the Board's proceedings, such ample evidence appears

of skill and devotion on the part of its officers, and of progress varied and almost universal in the fields supervised, that your Committee would open with the doxology, "Praise God from whom all blessings flow." We mark these tokens of fulfilling prophecy with gratitude and devout thanksgiving. "The abundance of the sea shall be converted unto Thee, the forces of the Gentiles shall come unto Thee."

FIGURES.

Recognizing that the basis of all intelligent advice and action by the General Assembly, must be predicated upon figures and facts furnished by the Board, we note the following items: the total receipts have been for the year $699,983.70; expenditures, including a debt carried over from last year of $10,000, $757,635.42. This, you perceive, drops a debt upon us of $57,651.72.

Since the Treasurer's Report was handed in, enough has been received to reduce the amount to $50,000 in round numbers. This is the only minor note in the year's anthem. This is the only wound which causes our progess to limp. We offer totals in our figures; the Report furnishes ampler detail in the collection of the funds and their distribution to the several missions.

It is a question occasionally asked by thoughtful Christians with pencil in hand, "What is the percentage of cost for the collecting and distributing of this three-quarter of a million of dollars?" It is proper inquest. This board is a business institution handling monies, and it must be held to the exactness of commerce in all its methods. It is as well a religious society—the right-hand of a great Church of Christ, reaching out its wisdom and beneficence to save a perishing world; hence it must be tender, and sagacious and aggressive. The question is fairly met by a little calculation, the factors of which the Report furnishes. This vast and complicated business is handled at an expense for the Secretaries and Treasurer's department, including clerk hire, and traveling expenses, for a fraction in excess of three per cent of the whole amount. The per cent for the entire administration, including all the printing expenses, Annual Report, "Home and Foreign Record," circulars and blanks, missionary maps, less receipts—the *Foreign Missionary*, including nearly 5000 copies gratuitously distributed, less its receipts—the cost of thus conducting the entire business is a fraction over *four per cent.* This is certainly a satisfactory showing, re-enforcing the confidence of the General Assembly and the Church, in the careful, economical, and business-like methods which obtain in its management.

NUMBER OF MISSIONARIES, ETC.

There are under the control of the Board 13 mission fields, occupied by 171 American ministers, 117 native ministers, and 158 native licentiates—in all, 446; besides 1114 lay missionaries, making a grand total of 1560.

THE WOMEN'S BOARDS.

Under this head, we are cheered by the splendid financial showing of the Women's Boards, which come to the front with an increase over last year of over $20,000, making a total of $224,598.55. There appears on the face of this return increasing faith and enlarging activity. Woman's consecration and ingenuity and persistence is her noble registry of her affection for Christ and His kingdom. The consolidating of the periodicals under the department of Woman's work appears to many wise women as a concentration of power, and a promise of future good. Since the beginning of these reports from the Women's Boards in 1872, there has been one steady, onward, increasing power, until the present munificent sum crowns all the past and assures the present, that the women who looked into the eyes of Jesus on the cross have successors who sacrifice for their crucified Lord.

FACTS FROM THE FIELD.

All around the horizon there have been lurid clouds during the year—in Central America and Mexico, in China and India, in Syria and in Africa.

Syria, however, is solid and progressive, showing steady gain in all departments. A hopeful revival is in progress at Beirut, resulting in an increase of candidates for the ministry. The educational and press work are active and substantial. No one can begin to fathom the depth of influence, nor measure its width, which goes forth in printed pages so numerous that they besiege the land. A threat impends this land, as it is involved in the fortunes of the Turkish empire, and the guns fired in the Soudan echo a significance amongst the mountains of Lebanon.

The Persian Missions, though laboring under difficulties, have nevertheless made in some fields decided advances in self-support and contributions.

India sends an encouraging report, although participant in the alarm that threatened war between Russia and England. With increase of converts, amidst the joy of saved souls, the brethren of the Indian Missions were permitted to celebrate their semi-centennial at Lodiana, from December 3d to the 7th, most of all regretting the enforced absence, on account of impaired health, of the beloved founder of this Mission, our faithful Secretary, the Rev. Dr. John C. Lowrie.

Siam and Laos cheer our hearts with large increase. The accessions for the year have reached 28 per cent of the entire membership. We feel in this field an undivided responsibility, being the only Mission attempting to offer Christ to the Siamese proper.

China, the mighty empire, stolid and unprogressive, yields her yearly quota to the kingdom of Christ. Disturbed by foreign invasion, it is difficult for her to discriminate between the nominal Christian with the sword, and the missionary with his Bible. Such

an empire seems invulnerable, in its haughty, immobile heathenism, to weak faith. But Dr. Legge said several years ago, that at the present rate of conversions there will be, in *1913*, 26,000,000 of Church members, and 100,000,000 professing Christians in the Chinese empire, a discrimination yet hardly understood. *The feature* of the Chinese work this year, above its rescue of so many from the grip of paganism, is the immense amount of Christian literature which has been printed and distributed and read by the people, greedy for occidental information. In our summary we can but allude to prominent fields.

The Indian Missions are hopeful, and gradually leading races from savagery to civilization, to property rights, to marriage, to industry and to simple faith in Christ.

South America.—With the exception of Brazil and Chile, the sluggish continent presents peculiar trials and no very marked advance. Apparently well equipped and faithfully worked, we wait for the Lord of the harvest to vouchsafe the abundant increase.

With the disturbance in Central America, our Mission there has been more or less interfered with.

The year's eventful history of the great and growing Mission work in Mexico, impressively shows that the martyr records are not yet fully written. Heroic witnesses for Christ, with the old fervid faith, the dauntless courage and endurance, and the life-consecrating devotion, have renewed the testimony of preceding ages. The missionaries, so sorely tried, so grandly enticed by their majestic work, call for reinforcements to their educational and other needful enterprises—for prayer and men and money.

The field brings us facts and figures which tell that the mighty force which Peter applied at Pentecost so successfully, the truth endorsed and driven home by the Holy Ghost, is still working with its early power. The fields, indeed, are white, the laborers few, but we hear the song of the harvesters, and we know the sure issue. The way is clear, the duty plain, experiments have ceased. There are no obstacles to the millenium which, in some form or another, have not already been met and vanquished. The force which transformed the Hawaiian kingdom and the Samoan Islands from degraded savagery, and which has influenced China and India and Japan, is adequate to the transforming the kingdoms of this world into the kingdom of Christ. The power which arrested Paul, and solicited Lydia, and set Dorcas to work, and regenerated Jerry McAuley, can bring all obstinate human wills into captivity to Christ. It is well for us to review the whole field of Foreign Missions occasionally, not simply reading faithfully that very excellent journal of their progress and stimulator of enthusiasm, *The Foreign Missionary*, which, by the business-like management and improved literary quality of its contents, has for the first time been made self-supporting and able to pay into the treasury a surplus in excess of $200—a noteworthy intimation of what is possible in all our Church periodicals.

Your Committee, after mature consideration would recommend the *Foreign Missionary*. It contains the culled and codified information from all the fields put in the most attractive form, and furnishes the fuel to feed the flame of information by which are produced the gifts and prayers of the believing Church. No magazine has such a field. The missionaries have furnished the most of the reliable observations and facts upon which many modern sciences are based; philology, ethnology, botany, mineralogy and geology; science of man and beast and flora and soil. Darwin acknowledges his deep indebtedness, and pays the faithful Soldiers of the Cross a compliment for zeal and sacrifice, which should have been a clue to lead him to their experience. It should ever be kept in mind that, the grand ultimate purpose of the Foreign Missionary Board, is not a perpetuity of existence for itself, but that every year we are pressing toward the day when heathen races will furnish their own churches with preachers, and they become fresh centres from which power will be distributed. We go forth to unbind a race which is tied down in ignorance and sin. When we have smitten the fetters from one soul, we have an ally to strike two more men free. The liberating army yearly increases, and we by faith anticipate the consummation when no bound slave of degrading superstition will survive.

Some prominent features of the year's work are to be emphasized:

1. It is subject for devout gratitude and rejoicing that three of our prominent mission fields have celebrated this year their semi-centennial—Syria, India and Persia. What reminiscences! What transformations! What evidence of the power of God! With mighty presses striking off a Christian literature in the most used languages of the Orient, with their story of sacrifice and their tales of martyr blood, the story of the Sepoy rebellion, and the massacre of Damascus, their suffering by fire and flood and famine, and pestilence, only exalting the power of God to save and transform and regenerate. We point the caviller at missions with pride to Syria and Persia and India, and tell him to read the hard record of history, prophecy fulfilled, and the Cross vindicated.

2. Especial notice is called to the amount and quality of the press-work in China.

3. To the martyrs of Mexico.

4. To the opportune occupation of Corea by our Board, in sending Dr. Allen in the nick of time, as Medical Missionary. He providentially arrived to bring his surgical skill to bear upon the wounded of a melee. He taught the ignorant native practitioners, who were wont to fill wounds with wax, that intelligent Christianity cared for the body, and that Jesus was the true healer of body and soul. He ingratiated himself with the king by apparently saving the life of his nephew. Their gratitude furnished Dr. Allen with a hospital and guarded his house with soldiers. They say, "our people cannot believe that you came from America; they insist that you must have dropped from heaven for this special crisis."

Your Committee desire to commend the policy indicated by the appointment of Dr. Arthur Mitchell, calling him from a large and successful pastorate in the prime of his powers, to the Secretaryship. A trust so large, a responsibility so great, a cause so dear to the Church, and so vast in its reach, demands the best ability of the nation. Brains, and fresh and skillful energy are economy, and the demand of the Board. The Committee feel constrained to express their sympathy and Christian love for Dr. Irving, who has been for the past year disabled by sickness, and to renew their expression of attachment to the venerable Dr. Lowrie. We feel encouraged to suggest that under the increasing duties of secretaries, the editing of periodicals, replying to correspondence, the planning and management, and the demands of the churches for information, the attending of church courts to represent the cause, and counsel for its advantage, all these exacting calls point to the fact that as soon as the right man can be found, another Secretary should be added to divide these great and ever increasing labors and responsibilities. We cannot pass without a word for that Secretary, Dr. Ellinwood, who has by his matured study of these great questions, and his thoughtful and judicious advice, by his gifted pen, and his eloquent tongue contributed so much to the grand success we this day celebrate.

The field broadens, the age throbs with enterprise, the century is to close with all the cannons of human energy booming, and all the flags of human power at the mast-head, and can we consent to spike the guns or lower the flag which mean the conquest of souls and the advance of the empire of Jesus? This General Assembly will not, dare not take such a recreant step. Recognizing the stringency through which we have been passing as a nation, and in fact as a world, we ask this year, precisely the same amount as last, $750,000, that we may not retrench, that we may hold our own. When we reflect upon the unconsecrated wealth of the Presbyterian Church, and hear the command of the Master, and view the dying heathen, and get a vision of the brevity of our time to act, and feel the stimulus of the mighty workers gone before, the martyrs and confessors who have sailed for these shores, and stood in line with Paul, when we feel the enlightenment of the Spirit of God mapping out the work, and urging to it by the value of souls, by thought of a portion in the glory of a heavenly reward, we feel as though we wanted fire instead of ink in which to dip our pen, to beget an enthusiasm commensurate with our opportunity.

Resolved, 1. It cannot be too distinctly borne in mind that the work of a Foreign Missionary Board is of such a nature that its annual appropriations must be definitely made at the beginning of the year, and when once made cannot easily be reduced. It does not employ men upon quarterly commissions—nay, so far as its missionaries from this country are concerned, its obligations are assumed for a *life work*. It has pledged the good faith of the

Church to those, who, having put their hands to the plow, do not expect to turn back. They are cut off by long distances from seeking other employment and other support. Whoever will reflect upon these facts will see that the Foreign Mission work is one which involves the honor of the Church, and must be sustained. It is conceded that the churches and the Assembly may call a halt at the beginning of another year, and order retrenchment in future plans, but the work now planned and the amounts now pledged (amounts quite within the last Assembly's recommendations), must be met. The Board has no option.

Resolved, 2. In view of the above statement your Committee urge upon the churches the early liquidation of the debt, by such special effort as shall, in each case, seem best to the Sessions of the churches.

Resolved, 3. That the Committee recommend the Assembly to suggest to the Board, that in view of the danger to the Missions on the West Coast of Africa, from the interference of the French Government, that they reinforce, as soon as practicable, the Corisco and Gaboon Missions.

Resolved, 4. That the Assembly recommends the encouragement of Woman's work, and the organization of auxiliary societies in all churches where they do not now exist.

Resolved, 5. In view of the imperative importance of training the young, for the places of the fathers, who are daily going to their reward, the Assembly lay special emphasis on the duty of training the young in our homes and Sabbath-schools to the habit of regular and steady giving for the Gospel.

Resolved, 6. That the monthly concert, which has been so blessed in all the past, as a means of diffusing knowledge and a missionary spirit, be encouraged, and wherever it has fallen into disuse, it be revived.

Resolved, 7. Pending all questions of change concerning the magazine literature of the Church, which have been relegated to a Special Committee to report at a future Assembly, we urge increased support and study of the *Foreign Missionary*. We recommend that the pastors, by well devised means, secure increased subscription for the *Foreign Missionary*, which when taken and read, always enlarges the gifts, and quickens the missionary life, and aids the pastor.

We recommend the following persons to fill the vacancies in the Board of those whose terms expire May 1, 1885: The Rev. Charles H. Parkhurst, D.D., the Rev. Marvin R. Vincent, D.D., Hooper C. Van Vorst, LL.D., George S. Coe, and Robert Lenox Kennedy.

The Standing Committee on Publication presented its Report, which was accepted. Pending the motion to adopt, the Assembly was addressed by the Rev. Wm. P. Breed, D.D., President of the Board.

The Report was amended, adopted, and is as follows:

Your Committee has been summoned to a somewhat difficult

work. The time which it has been possible for them to devote to the examination of the Annual Report, to the supplementary statements relative to the general financial condition of the Board, and to the consideration of questions touching the policy which should govern the future work of the different departments of this important agency, has been far too brief, and with no ordinary hesitancy do they report their imperfect performance of the duty assigned them.

At the same time we have found much in this annual survey of the Board's work that is full of interest, and furnishes occasion for devout gratitude to God. This Board is engaged in a varied service. Its opportunities of usefulness are great. The spiritual necessities along the different lines of its advance are beyond computation, and the Board has endeavored with rare energy, with great perseverance and with unfaltering trust in God, to meet, as far as possible, this vast and urgent need. The Secretaries have done a noble service for Christ and his Church. The Senior Secretary, who to unusual capabilities has added a long experience of service, has continued, even in physical weakness, at his post, employing every energy of mind and impulse of sympathy, in promoting the interests of the Board, thus aiding his associates in meeting the requirements of the rapidly extending work.

Your Committee, after the most careful examination of the Report of the benevolent and missionary work of the Board, desire to emphasize its importance, and to earnestly solicit for it the more generous support of the Church. In our large cities, both in the East and in the West, the spiritual destitutions are great. In the new West there are whole communities that are unvisited by the ministry of any denomination, and are almost wholly, if not entirely destitute of religious privileges, and are largely given over to the domination of materialism, irreligion, and the varied forms of evil. How are these to be early supplied with religious truth, and released from the power of sin? So far as at present appears, we must look to the colportage department of this Board as the divinely indicated agency in this work.

The colporteur must precede the preacher and prepare the way for the Church. A *large* number of godly men adapted to such a service might be employed, and accomplish results that would bless the earth and enrich heaven. The Board is advancing this great and needful work as rapidly as the Church furnishes the means for so doing. They have employed 107 colporteurs during the whole or portions of the year just past. These have labored in 22 Synods and 121 Presbyteries. They have sold 58,888 volumes; have gratuitously distributed 112,453 volumes, and have given away 9,768,369 pages of tracts and periodicals. They have visited 150,410 families, with the most of whom they have held religious conversation and prayer, and to whom they have given instruction out of the Word of God. They have held 4700 prayer meetings and other religious services, and have organized 270 new Sabbath-

schools in destitute localities. This is a noble record. Only eternity will reveal what has been the immediate fruitage of such a ministry to the poor, or the harvest of holy influences along the years which shall follow. For all that has been accomplished through this agency along the highways and by-ways, under the world's observations and in solitary places in distant valleys, in great forests and on mountain slopes, we thank God and take courage. The results attained, the possibilities of greater good, the great spiritual needs which appear on every hand, the call of the Master to go in and possess the land, the solemnity of the times in which we live, "an age on ages telling," should surely prompt God's people to gird up their energies, close up their ranks, and strive together for the furtherance of the Gospel of Christ.

The Sabbath-school work of the Board is full of interest. It has greatly enlarged the boundaries of its influence. It has stimulated Bible-study, magnified Gospel truth, inculcated principles which have ever been the beauty and strength of our Church, pressed its way into neglected places, and helped multitudes of the young to a knowledge of Christ and His saving grace. It has also brought to light the need of greater attention to religious instruction in the home, of more general preparation for the Sabbath-school class, of the greater development of Christian benevolence among our youth, of more direct and earnest effort to save the young, and of a greatly increased attendance upon the services of the House of God. The Board has prayerfully considered these facts and has wisely suggested plans for unifying and systematizing efforts in the direction indicated by these great needs.

The Publication Department reports encouraging success. The aggregate publications, including books, tracts and periodicals, have reached 16,285,018. This is an increase of 1000 over the preceding year. The issues of the Board prepared for our Sabbath-schools are growing in popularity and usefulness. They are eminently fitted for the purpose intended, and cannot fail to contribute, with God's blessing, to the Scriptural intelligence of our youth, whilst attaching them the more closely to the Church in which God has cast their lot. The tracts are also well adapted to interest and instruct, whilst the books of the Board, as respects their quality and mechanical execution, are unsurpassed and, perhaps, unequaled by any kindred institution in the land. These books are sold at the lowest prices possible, and are as cheap as those of most publishing houses, and cheaper than those of many of them, whilst superior to them in the particulars indicated.

In addition to the Publication House in Philadelphia, depositories have been established in St. Louis and Chicago, and arrangements have been made for a like depository in San Francisco. Branch Houses have also been located in a few other centres of population, especially in the great West. Just how far this expansion is desirable and what liabilities to loss it may involve, is not entirely clear to your Committee. Considerations which seem

favorable are met by considerations which seem adverse, inducing in our minds an equilibrium of judgment or necessitating a tentative approval. Experiment is the best of tests, and to this, by action of a previous General Assembly, the question is submitted.

In addition to the financial exhibit contained in the Report of the Board, there have been placed in the hands of the Committee, by the Business Superintendent, several statements showing the financial and business operations of the Board during the year, and its condition at the close of the year. Among these statements is a balance sheet giving the debit and credit accounts of the Board as shown by the ledger; an inventory of stock; a merchandise account; a profit and loss account showing the items of profit and loss and the net gain; a capital account; and a summary of assets and liabilities.

Other statements show more in detail the assets and liabilities, the profits and expenses, sales, circulation of periodicals, profits and losses on periodicals, and the business of the St. Louis and Chicago Depositories separated from the general accounts.

Whatever deficiencies there may have been heretofore in the matter of exhibiting the business, the Board certainly cannot be charged with any want of zeal this year in furnishing figures for the enlightenment of the Assembly; for not only have they furnished the statements above mentioned, but they have brought the Business Superintendent here to explain them, and to give information in any other matters connected with the business management, into which the Committee or the Assembly might wish to inquire.

All the data therefore necessary to a full and searching analysis and exhibit of the business operations of the Board are in hand; but inasmuch as the Special Committee, appointed last year to investigate the affairs of the Board, has in its partial Report already read to the Assembly gone extensively into this matter, it has not been deemed necessary or desirable to the Committee, to do more than set forth briefly the results of the year's operations, and give a summary of the assets and liabilities.

The receipts from all sources during the year have been $304,-951.07, and the entire expenditure $305,161.93, leaving a balance of cash in the hands of the Treasurer at the close of the year of $20,966.13.

The receipts of the Missionary Fund during the year were as follows: from churches, $32,081.47; individual contributions, $2001.58; legacies, $13,990.01; interest, $5656.81; which, added to the balance on hand at the beginning of the year, $8940.70, makes a total of $53,792.87. To this is also to be added the profits on sales of colporteurs, amounting to $6147.12, swelling the receipts to the sum of $68,817.76.

The expenditures of this department have been, for compensation of colporteurs, $31,579.55; for traveling and other expenses of colporteurs, $11,642.84; freights, $1786.32; net value of publications given away, $16,368.40; expenses of Sabbath-school work,

including salary of Secretary of Sabbath-school work and incidentals, $4574.30; other salaries, share of annual report printing, etc., $5944.74; commissions paid to depositories at St. Louis and Chicago, $3132.39; share of deficiency of *Monthly Record*, $257.16; total expenditures, $75,285.70; showing a balance against the Missionary Fund, April 1, 1885, of $6467.94. The amount of investments, the income of which is paid to the Missionary Fund, is $61,300, yielding the past year $5656.81.

The following *Overtures* have been referred to your Committee:

1. From the Presbytery of Schuyler, asking the General Assembly to direct the Board of Publication to give special and immediate attention to the publication of a more extensive German literature.

Answer. We recommend the instructions proposed.

2. From the Presbytery of Mankato, asking for an improvement of the helps provided by the Board for Sabbath-schools, especially of the *Westminster Teacher*.

Answer. We recommend that no action be taken.

3. From the Presbytery of Nebraska City, asking that colporteurs be required to make an itemized statement to the Board, at the expiration of each quarter, of all the work done, the value of books sold and gratuitously distributed, number of pages of tracts given away, and their actual expenditures in the work.

Answer. We recommend, inasmuch as such reports are and have long been required, that no action be taken.

4. An Overture from the Presbytery of New Brunswick, asking the omission of the Scripture text from the *Westminster Lesson Leaf*.

The Committee recommend the following answer: That the omission requested, although for many reasons desirable, is not practicable at present.

5. From the Presbytery of New Brunswick, respecting blanks for reports of the work of the Assembly.

Answer. That the Board of Publication is directed, in printing blanks, to submit them to the approval of that officer of the Church who is specially responsible for the same, and, in particular, that the blanks for congregational and presbyterial statistics be approved by the Stated Clerk of the General Assembly. The Board is also directed to print upon the blanks, in fine type, the authority approving the publication.

In concluding our Report, your Committee recommend the following Resolutions and suggestions for the action of this General Assembly:

1. *Resolved*, That this Board is deserving of the thanks and commendation of the General Assembly for the faithful performance of their important work.

2. We express our appreciation of the faithful labors of the Rev. Dr. Schenck, Secretary of this Board, and assure him of our sincere sympathy with him in his personal afflictions, praying that

his health may be speedily restored and his life prolonged in the service of the Church.

3. We recognize the efficiency of the Editorial Secretary, evinced in the great excellence of the books, periodicals and other publications of the Board.

4. We also make mention of the valuable service done by the Secretary of Sabbath-school work, and commend him to the confidence and co-operation of all our people.

5. *Resolved*, That the Assembly further recognizes the efficient and valuable services of Rev. J. R Miller, D.D., and of Mr. John A. Black, Business Superintendent.

6. *Resolved*, That the Assembly has learned with great pleasure of the enlargement made during the last year in the work of the Missionary Department of this Board, through the increased number of colporteurs it has maintained upon the field, and especially in the more remote and destitute States and territories between the Mississippi and the Pacific Ocean; also through the enlarged number and value of the grants it has made to needy Sabbath-schools, home missionaries, teachers and others, in every part of the Church, as well as in foreign lands.

7. *Resolved*, That the Board is hereby encouraged and exhorted to continue the prosecution of its colportage work and of making grants to the needy, to the utmost extent it can feel to be wise and proper, in view of the resources at its disposal. And in order that these resources may be enlarged during the coming year, all our churches and Sabbath-schools, are hereby earnestly recommended and urged, to make at least one annual contribution to the Missionary Fund of the Board.

8. *Resolved*, That the General Assembly learns with deep regret, that the churches have failed to contribute during the year past the sum of $75,000 to the Missionary Fund of this Board, as they were recommended to do by the General Assembly of last year; and this Assembly renews the recommendation that at least the sum named, $75,000, ought to be contributed this year for the prosecution of this important work.

9. *Resolved*, That the Assembly has learned with great pleasure that the various periodicals issued by the Board of Publication are meeting with increased favor in every part of the Church, and that the subscription lists are each year becoming larger and larger. The Assembly commends cordially this part of the Board's work, and hereby urges all pastors, Sessions and Sabbath-schools in its connection to supply themselves with these periodicals of our Board in preference to all others.

10. The General Assembly notices with approval the observance by our churches and Sabbath-schools of the second Sabbath of June, designated by a former General Assembly as "Children's Day," and emphasizes the importance of seeking the presence and power of the Holy Spirit in these services, that they

may not be simply attractive, but profitable, contributing to the conversion and Christian nurture of the young.

11. We approve the organization of our Sabbath-school workers by Presbyteries, and commend the faithful labors of the great majority of our Presbyteries in elevating, improving and extending Sabbath-school work within their bounds.

12. We authorize the publication in the Appendix to the Minutes of the General Assembly of the Summary of the Sabbath-school Statistics.

13. We would again call the attention of our Sabbath-schools to the deliverance of former General Assemblies which refer the supervision of their work, the selection of officers and teachers, the direction of the benevolence, and the general conduct of the school, to the Session of the Church.

14. The General Assembly would call the attention of the Board to the necessity of great care in the establishment of what are termed "Branch Houses or Representatives," not multiplying these except when the necessity is apparent, and the probabilities of advancing religious ends without militating against the interests of other important agencies, are such as to warrant the extension of the same.

15. The Missionary Department of the Board is instructed to advance its colportage work, as far as possible in harmony with the interests of these representative houses, instructing the colporteurs to call attention to them as sources of supply, which may remain when they shall have gone to other fields of labor.

16. We would remind the Board that it is sustained with special reference to benevolent and missionary work, to which the commercial feature should be auxiliary, whilst the Business Department furnishes and aids the dissemination of the religious literature of our Church.

17. That the Board take into consideration the subject of issuing cheaper editions of some of their important books, so as to meet the wants of those who are unable to buy at the present rates, and editions of Sabbath-school books on lighter paper and in less expensive binding than those now generally employed by the Board.

18. That the Board of Publication be directed to confer with the Presbytery of New York, for the purpose of establishing a first-class depository in the city of New York, and in an acceptable part of the city.

19. The term of office of the following members of the Board expires at this time:

Ministers—Rev. William P. Breed, D.D., Rev. William E. Schenck, D.D., Rev. Roger Owen, D.D., Rev. Charles A. Dickey, D.D., Rev. John Henry Sharpe, D.D., Rev. Thomas J. Shepherd, D.D., Rev. S. A. Mutchmore, D.D., Rev. Loyal Young Graham.

Laymen—Charles H. Biles, Henry C. Blair, Archibald McIn-

tyre, George F. Wiggan, Samuel C. Perkins, William Brockie, Robert N. Willson, Robert C. Ogden.

We recommend their re-election. Also that Rev. W. Brenton Greene be elected in place of Rev. William E. Jones, D.D., resigned, and Frank K. Hipple, Esq., in place of Gen. W. J. Raynolds, resigned.

All of which is respectfully submitted.

James of the Presbytery of Brooklyn, John B. Stevenson of the Presbytery of Philadelphia Central, William H. Swift of the Presbytery of Chicago, William F. Raynolds of the Presbytery of Detroit, and John C. Angell, of the Presbytery of San Francisco.

The Committee on Bills and Overtures reported the following, which was adopted:

Whereas, The One Hundredth Annual Meeting of our General Assembly is but a comparatively short distance in the future, namely in 1888, and

Whereas, That occasion, and the year preceding it, ought to be marked as a season of special thanksgiving for blessings past, special effort for the conversion of the world, special prayer for the gift of the Holy Ghost, and special gifts of our substance for the glory of God, and

Whereas, Such a celebration to be suitable should, like the Temple of Solomon of old, be amply prepared for, and looked forward unto with great expectation; therefore

Resolved, That a Permanent Committee of Arrangements to consist of ten persons be appointed by the Moderator.

In addition to these the Stated Clerk, Permanent Clerk, and last Moderator, shall be *ex officio* members.

This Committee shall report to each General Assembly such recommendations as it may think wise, and receive from each General Assembly such instructions as may be adopted by that body.

The Ruling Elders, Commissioners to this General Assembly, presented through a Committee, a memorial and resolutions passed by them at a meeting held in reference to the subject of Ministerial Relief, May 25th. The paper was read, and referred to the Committee appointed in virtue of the following Resolution:

The following Ruling Elders were appointed such Committee: John B. Stevenson, Chas. D. Drake, and Kiliaen Van Rensselaer.

The Special Committee on the Overtures with reference to the Work among the Freedmen, made a report, which was accepted. Pending the discussion of the motion to adopt—

It was directed that the Report of the Standing Committee on Church Erection be the Order of the Day this afternoon, from 2.30 to 4 o'clock; that it be the order for 4 o'clock to hear the Report of the Special Committee on Judicial Commissions; and that it be the order immediately following to consider the Report of the Special Committee on the Overtures referring to the Work among the Freedmen.

The Standing Committee on Correspondence reported a reply to the telegram from the Church of the United Brethren, which was ordered to be sent.

The Special Committee on the Answers to the Overtures on Reduced Representation presented its Report, which was accepted, and is as follows:

The last General Assembly sent down to the Presbyteries two Overtures on the subject of reduced representation. The first of these Overtures, the effect of which is to reduce the number of Commissioners 136, is as follows:

Shall Chapter xii, Section 2, of the Form of Government be so amended as to read, "The General Assembly shall consist of an equal delegation of Bishops and Elders from each Presbytery in the following proportion, viz: each Presbytery, consisting of not more than twenty-four ministers, shall send one minister and one

elder; and each Presbytery consisting of more than twenty-four ministers shall send one minister and one elder for each twenty-four ministers, or for each additional fractional number of ministers not less than twelve, and these delegates so appointed shall be styled Commissioners to the General Assembly."

Of the 196 Presbyteries 24 have failed to send any answer; of the 172 Presbyteries from which answers have been received, one, viz.: the Presbytery of Holston, has declined to vote; of the 171 Presbyteries whose votes are recorded on the first Overture, 105 have voted in the affirmative and 66 in the negative. The first Overture thus having a majority of the votes of all the 196 Presbyteries in its favor, is carried.

The second Overture submitted the following as a further amendment to Chapter xii, Section 2, "Provided, that no Presbytery hereafter to be constituted, shall be entitled to send Commissioners to the General Assembly until it shall consist of at least twelve ministers and one elder from each congregation within its limits, except in foreign Presbyteries and the Presbytery of Alaska."

Of the 172 Presbyteries from which responses have been received two have declined to vote on the second Overture. Of the 170 Presbyteries whose votes are recorded on the second Overture, 57 have voted in the affirmative and 113 in the negative. The second Overture not having received the requisite number of votes, is lost.

Your Committee recommend that the Stated Clerk be directed to make such changes in Chapter xii, Section 2, of the Form of Government, as will make it conform to the will of the Presbyteries, as expressed in their action on the first Overture.

The Report was then adopted, whereupon the Moderator declared the above Overture No. 1 on Representation, to be now a part of the Constitution of the Church.

The Standing Committee on Education presented its Report, which was accepted. Pending the motion to adopt, the Assembly was addressed by the Rev. Daniel W. Poor, D.D., Secretary of the Board, and by the Rev. George C. Seibert, D.D., of the German Theological School at Newark, N. J.

The Committee on its receipt will forward a reply expressive of affectionate regard for our Southern brethren, and of hearty sympathy with them in their work. The Report was approved.

A resolution on seeking out Candidates for the Ministry was referred to the Standing Committee on Education.

Daniel Lortsch, Delegate from the Synod of the Union of the Free Evangelical Churches of France, and the Rev. N. Dubois Williamson, of the General Synod of the Reformed Church in America, were introduced to the Assembly, and addressed it.

The Moderator responded in behalf of the Assembly to their fraternal salutations.

The Stated Clerk reported a letter from the General Assembly of the Presbyterian Church in the United States, which was read, and referred to the Special Committee on Correspondence.

The Standing Committee on Correspondence was directed to acknowledge by telegraph the receipt of the letter, and to inform the Southern Assembly that a letter in reply will be sent.

Invitations to visit the Art Room in Music Hall, and the Children's Home, were received, and the thanks of the Assembly returned.

Moore, of the Presbytery of Boston, is hereby appointed to perform this service at the next meeting of the Synod of the Free Evangelical Church of France, at St. Foy la Grande (Gironde), on the 23d of September, 1885.

The Special Committee appointed to arrange for a popular meeting to promote the interests of the Board of Ministerial Relief, reported that arrangements had been made for such meeting, to be held at the Hall of the Young Men's Christian Association, on Friday evening, May 29th, at 7.30 P.M. The Report was approved.

The Standing Committee on Church Erection, presented its Report, which was accepted. Pending a motion to adopt, the Assembly was addressed by the Rev. Henry R. Wilson, D.D., the Secretary of the Board, the Rev. John Hall, D.D., the President of the Board, and others. The Report was amended and adopted, and is as follows:

The Standing Committee on Church Erection respectfully Report:

That they have studied the Annual Report of the work of this Board with great satisfaction.

The fidelity, intelligence and wisdom with which the trust committed to their care has been administered are deserving of high commendation; and the results of their work has been a blessing to many churches, and honors the Assembly which they serve.

The work itself is one of the tenderest manifestations of the charity and unity of the Church; and ought to have the thoughtful consideration of every one who desires the prosperity of our Zion. To aid in furnishing a home for the younger branches of the great household; to throw the kindly sheltering care of the parental arms about the young members of the family as they go out to begin the religious life for themselves; to make the warm love of the older home glow and abide in the household of the newly established children; this is parental, loving and wise. It cultivates not only the deep interest of those who minister this beautiful aid, but draws out the affection and gratitude of those so kindly benefited. It is one of the strong bonds to hold the growing family in loving unity.

In the administration of this service the only great anxiety and care seem to be, in finding out how to help a great number of needy churches, with aid sufficient to secure for them houses of worship, with the limited means furnished the Board with which to do their great work.

They have during the past year had applications from about 400 churches for aid; asking for sums amounting to more than $224,000. This is a larger demand than ever made before. They

have made grants to 240 churches, amounting in the aggregate to $108,042. This too is in excess of any previous year in the history of the Board. These, with 45 church buildings yet incomplete, gave them the care of 285 churches during the year; and the actual payments of the Board to aid churches build their houses in that time has been $143,563. This help has been extended to churches widely scattered throughout the States and Territories of the country; and among all classes of its population; among the frontier churches of the West; to the Germans, Indians, and colored people of the South. The work of the Board is national; and its help goes out to all the peoples of this land that have come within the influence of our Church.

The means furnished the Board for this widely extended and good work has been, for the past year, from the churches $68,735, a sum equal to about ten cents from each member of the Church. By order of the last General Assembly the Board has furnished a comparative statement of the sums given by each Synod and Presbytery, side by side with the sums granted by the Board to aid churches in these same Synods and Presbyteries. And while it would not be proper for us to make here any such comparisons, which might seem invidious, we would commend to the Assembly, and to the churches, the careful study of these comparative tables; they will find them interesting, instructive and suggestive reading. For example, leaving out the weaker and newer Presbyteries, it will be found that some quite large and strong ones have drawn out of the Board's treasury nearly as much as they put into it; and in a few instances have received even more than they gave. Some moderately strong ones have drawn out double what they gave; while with yet others there is the gratifying record of much given and very little received. These tables will also be good reminders to two classes of churches: those which have forgotten, or for some other reason, failed to give anything; and those which gave far too small sums. Perhaps there is no more instructive view that churches can get of themselves, as well as individuals, than to see themselves as others see them. Quite a large number of churches, that seem to be able to do something, have made no offering through this very effective agency; and many have made extremely small contributions. While your Committee would not in any way be thought to be sitting in judgment on the churches of God, they would earnestly remind you of these facts by way of stirring up your pure minds, and as a reason for entreating, so earnestly, your thoughtful help.

Besides these contributions from the churches, the Board has received from other sources $51,961, which, with a balance from last year of $491, has given them the full sum of $121,187, as the means with which their work was to be done for the past year.

Now *the wants* of *this* Board for the coming year deserve our consideration. There are three distinct, though not entirely separate, departments in which the Assembly has directed the Board

to work. Their first great and important care is to collect and disburse funds to aid feeble and new churches in building their houses of worship. The demand for this service is increasing every year. Every step in advance that the Church makes, she must plant a new church, and every new church that is to live must have a house in which to live. Not only comfort, convenience, propriety and respectability require this, but its very existence in every useful form, depends upon it. But we are pressing the Church forward, by the colporteur, by the home missionary, by the active aid of the Freedmen's Board, by all the energy and effectiveness of our whole grand machinery. This is what it all means, and what we expect it to do, to go forward. But have we accepted the other and inevitable result; that just as the host presses forward, just as the land is taken for the Lord, this corps of workmen must come up close and quickly upon the footsteps of the host, and build the place of permanent abode, for we are going forward, not to tarry for a season, but to stay; we are not traveling through the land to spy it out, but are pressing forward to possess and hold it. And this means that our Board of Church Erection must be liberally and strongly sustained.

Last year the General Assembly asked the churches to raise for the use of this Board $200,000, but you have heard how far we fell short of that earnest request. Now can we not raise that amount for the building of churches for the current year? Will not all give the matter attention?

Then the Assembly has directed this Board to go out among the exceptional populations, the Indians, the Mormons and the Spanish-speaking peoples, and build chapels or school-houses where there are no churches to ask for aid, or to help build these houses. These chapels are to be built for pioneer work, that the teacher or preacher may enter the land, begin the work of preaching or teaching, and thus make a place for the coming church. But you will see how absolutely necessary it is to have such places, houses in which to begin and carry forward this pioneer work. We will need from $25,000 to $30,000 for this work. It is easy to order these chapels to be built, all will see the need of them, and none plead for them more earnestly than the workers that have gone into these fields, but this General Assembly have learned long ago how hard it is to "make bricks without straw," and so, as they have ordered this work to be done, very surely they will urge every plan and effort by which the means shall be given with which to do it.

There is another department of work in which the Assembly have commanded this Board at least to prospect, that is to aid in securing manses for the ministry. Every minister knows the importance of this work, especially in new and frontier fields, and every active man or woman in the Church who has taken interest in the comfort of the minister, or the success of the work of the Church, has often been made to feel what a great advantage a manse would

be in that work. But the Board cannot take money raised to build churches or chapels or school-houses, with which to build dwelling places for the pastors. So the only way in which the Board can aid in this good work, is by stimulating churches at an early and favorable time, to secure suitable lots of ground on which to build these manses, and then to encourage special contributions for this particular object. Your Committee would earnestly commend this subject to this Assembly, and pray you that it be not allowed to perish out of sight for want of interest and attention.

There are some special points of interest to which your attention is called. This Board by a system of mortgages taken on the the churches aided, is now the custodian of $1,189,286. Thus securing forever, by careful, business oversight, this great amount of property to the Church. This also is kept good by a system of careful insurance, whereby not only the Board's interest in these houses is secured, but many churches that might else be careless, are stimulated to keep the whole interest of their places of worship insured. Last year churches of our order were injured or destroyed by fire to the number of eighteen, and to the amount of $39,638, but the Board's part was secured by safe insurance and the money collected from the insurance companies, while we are sorry to add, the churches lost for want of this wise forethought some $34,000. We heartily approve of this watchful and business-like management of the interests committed to this Board.

Four or five *Overtures* sent up by Presbyteries touching the work of this Board, were referred to this Committee by the Assembly. They all cover these points, viz: An Overture from the Presbytery of Wood River, one from Utah and one from the Presbytery of Chicago—all asking that the General Assembly direct to be stricken from the charter of the Board of Church Erection the words, "Utah, New Mexico and Alaska," as the boundaries of the exceptional populations among which it may assist in building chapels, and insert the words, "Mormons, Indians, and Spanish-speaking peoples," so that it shall read, "The Board of Church Erection may assist in the erection of chapels among the exceptional populations of Mormons, Indians, and Spanish-speaking peoples." Your Committee recommend that this request be granted, and that the Board of Church Erection be authorized to secure from the Legislature of New York the desired change in their Charter.

One other *Overture* was referred to your Committee, from the Presbytery of Neosho, asking the Assembly to direct the Board to change its rules, in a certain particular as to the work of insuring their interest in churches aided by the Board. Your Committee thinks the change would not be wise; but quite vexatious, and not for the best interests of any of the parties concerned; they therefore recommend that this Overture be answered in the negative.

Your Committee express great satisfaction with the course of the Board in preparing and sending out so many—and such excellent

plans for churches, chapels, school-houses and manses, and commend them to the study and use of the churches and people that may need such aid. We are assured from various sources, that they have already done good service.

Your Committee would offer for the adoption of the General Assembly the following Resolutions:

1. The Assembly takes pleasure in expressing its high appreciation of the business-like, economical and efficient manner in which the work of this Board has been conducted.

2. We approve of the plan adopted by the Board to aid in the building of manses.

3. The Assembly confidently asks from the churches, and earnestly desires that not less than $200,000 shall be contributed to the treasury of this Board the current year.

4. That as special gifts are sent through the Board to particularly designated churches, that the Board be authorized to take mortgages to protect these gifts, as in the case of their own grants, unless otherwise directed by the donors.

5. That while the General Assembly has already fixed the maximum of any grant to any church at $1000, the Assembly would farther direct the Board in making grants to give special consideration and preference to the weaker churches and less costly buildings, when other things are equal.

6. Having examined the minutes of the Board for the past year, and finding them so well kept and satisfactory, your Committee recommend their approval to date.

7. The term of office of the following members of the Board expires at this time:

Ministers—David Magie, D.D., Samuel M. Hamilton, D.D., David R. Frazer, D.D., Charles T. Haley; *Elders*—R. S. T. Cissel, John Sloane, H. King.

The Committee recommend that they be re-elected.

The following additional Resolution was adopted:

Resolved, That full authority is hereby given to the Board of Church Erection to cancel the mortgage it now holds on the Church in Palmyra, Missouri; and we hereby approve of the purpose of that church to unite its funds with those of the Presbyterian Church in that place, in connection with the Southern General Assembly.

The Special Committee appointed to consider and devise means for raising the money to pay the debts of the Boards of Home and Foreign Missions presented a Report, which was read and accepted.

The Special Committee on the Answers of the Presbyteries to the Overtures on Judicial Commissions presented its Report, which was amended, adopted, and is as follows:

The Committee to whom was referred the answers of the Presbyteries to the Overture of the last Assembly on Judicial Com-

missions, and Overtures from the Presbyteries relating to it, respectfully report:

There are 196 Presbyteries in connection with this Assembly. A careful inspection of duly attested reports of the Presbyteries has shown that 135 Presbyteries answer the Overture in the affirmative, and 31 in the negative; 1 answers it affirmatively as to the Assembly, and negatively as to the Synods; 27 send no answer; 1 reports that no vote was taken; 2 report that there was no action.

The excess of affirmative over negative votes is 104 (135–31).

The majority of Presbyteries voting affirmatively is 74 (135–61).

Your Committee Report, therefore, that the Overture has been adopted by a constitutional majority of the Presbyteries, as follows:

First. The General Assembly, and each Synod under its care, shall have power to appoint a Judicial Commission from their respective bodies, consisting of ministers and elders, in number not less than a quorum of the judicatory appointing.

All judicial cases may be submitted to this Commission, and its decisions shall be final, except in matters of law, which shall be referred to the appointing court for final adjudication; and also all matters of Constitution and Doctrine, which may be reviewed in the appointing body, and upon final adjudication by the General Assembly. This Commission shall sit at the same time and place as the body appointing it, and its findings shall be entered upon the minutes of such body.

Second. The following is added to Chapter xi, Section 4, of the Form of Government:

Provided, That in the trial of judicial cases the Synod shall have power to act by Commission, in accordance with the provisions on the subject of Judicial Commissions in the Book of Discipline.

And (*Third*) Chapter xii, Section 4, is amended by inserting at the close of the first sentence the following:

Provided, That in the trial of judicial cases the General Assembly shall have power to act by Commission, in accordance with the provisions on the subject of Judicial Commissions in the Book of Discipline.

In answer to Overtures proposing certain changes, it was

Resolved, That these Overtures and all others proposing amendments to the Book of Discipline, be answered in the negative, and that no Overtures on the Book of Discipline be sent to the Presbyteries by this Assembly.

The Committee also presented the following Report referred to them, with the recommendation that it be adopted:

Report of the Special Committee appointed by the last General Assembly on the place of the Section to be added to the Book of Discipline on Judicial Commissions:

Your Committee respectfully recommend that the section on

Judicial Commissions to be added to the Book of Discipline, be added at the end of the Book as Chapter xiii.

The Report was adopted.

Whereupon, the Moderator announced, that the Overture on Judicial Commissions sent down by the last General Assembly had been adopted and ratified, and was now a part of the Constitution of the Church.

The Assembly adjourned, and was closed with prayer.

FRIDAY, May 29th, 9 o'clock A.M.

The Assembly met, and spent half an hour in devotional services.

The minutes of yesterday's sessions were read and approved.

The Committee on Bills and Overtures reported an Overture from the Presbytery of Aberdeen, which was referred to the Standing Committee on Home Missions.

It was made the Order of the Day for 2.30 P.M. this afternoon to receive the Report of the Special Committee on the Overtures concerning the Work among the Freedmen.

The Standing Committee on the Polity of the Church presented its Report, which was adopted, and is as follows:

The Standing Committee on the Polity of the Church respectfully Report as follows, viz:

Overture No. 1. From the Presbytery of Troy, asking: "Must the examination of candidates for admission to the sealing ordinances spoken of in Chapter ix, Section 3, of the Directory for Worship, be in the presence of the Session? Or may it be conducted by the pastor or a committee, and the result be reported to the Session to guide them in their action?"

Your Committee recommend the following action: Inasmuch as the members of the Session are the judges of the qualifications of those to be admitted to sealing ordinances, and the reception of such is their act, the examination of candidates ought manifestly to be in their presence, unless in special cases of sickness or other hindrance, when this duty may be performed by a committee under direction of the Session. (See Moore's Digest, p. 130). Adopted.

Overture No. 2. From the Woman's Christian Temperance Union of the State of Wisconsin, asking the Assembly to recommend to the churches under its care, that they use only unfermented wine in administering the Lord's Supper. This inquiry does not come regularly before us, inasmuch as under the rule of the Assembly, "Bills and Overtures come up only from Synods or Pres-

byteries" (Moore's Digest, p. 547). But the petitioners are respectfully referred to former deliverances of this body to the effect "that the control of this matter be left to the Sessions of the several churches, with the earnest recommendation that the purest wine attainable be used." (See Minutes 1877, p. 542. Comp. 1881, p. 548.) Adopted.

Overture No. 3. From the Presbytery of Monroe, requesting that in view of the great evils resulting from the frequency of divorce, and the ease with which it is obtained, ministers be enjoined to use great caution in performing the marriage ceremony, and in all cases refuse when either of the parties has been divorced for any other than Scriptural reasons.

The Assembly cannot too emphatically pronounce its condemnation upon the loose views and practices, so alarmingly prevalent in our day, on the subject of marriage and divorce, nor too earnestly call upon its ministers and people to use their influence, both by precept and example, for the promotion of a healthier moral sentiment in the community on this subject. The formation of the marriage relation is attended with the gravest responsibility, and "nothing but adultery, or such willful desertion as can no way be remedied by the Church or civil magistrates" (Confession of Faith, Chapter xxiv, Section 6), can warrant its rupture by any human authority. Let, therefore, the pulpit and the religious press, as well as parents, teachers and others, instruct and warn the young concerning these great evils and dangers. And our ministers are urged to the greatest possible care that "they neither transgress the laws of God nor the laws of the community" in marrying persons who have been divorced on grounds not warranted in the sacred Scriptures, or any other persons whose lawful right may be justly called in question. (Directory for Worship, Chapter xi, Section 6.) Nor may we, as conservators of the public morals, omit to appeal to the Legislatures of our several States for the enactment of such laws of marriage, license, registration and other regulation, as will at once protect the rights of ministers, parents and society, as well as guard against hasty and improper marriages, and so take away, to a great extent, occasions for divorce. Adopted.

Overture No. 4. From the Presbytery of Newton, on the desecration of the Sabbath, with the request for such further deliverance by the General Assembly as the case may demand.

In view of frequent explicit and emphatic deliverances on this subject heretofore, the Assembly does not deem it necessary to make any extended declaration in regard to it at this time. But in common with the Presbytery which has presented this Overture, and all other Christian people of this Nation who regard the sacredness of the Lord's Day, we view with profound sorrow the increasing tendencies to its desecration in many directions, especially in some of our large cities, along the public lines of travel and transportation, in some of the departments of our Govern-

ment, and in many other ways. We would respectfully, therefore, again appeal to all our people in general, but more particularly to the conductors of public enterprises, for such example as may not offend God and corrupt the public morals. Most respectfully, also, would we remonstrate against all transaction of business by our National Congress on the day of holy rest, as well as all needless transportation of the mails and other secular work under the authority of any department of the Government, as having a most injurious effect upon the conscience and habits of the people.

In the same connection, we cannot withhold the most emphatic condemnation of the publication, sale and reading of Sunday newspapers, filled as they are with most unprofitable matter, and now exerting so widespread and injurious influence. Nor would we fail to lift up a warning voice, against all those forms of worldly business and pleasure which so desecrate the Lord's Day, and so alarmingly threaten to obliterate the sense of its obligation. And we call upon all our ministers and people to put forth their best personal and united efforts for its maintenance. Adopted.

Overture No. 5. A proposal by the Presbytery of Monmouth, sanctioned and approved also by the Synod of New Jersey, for the establishment of an agency of intelligence and exchange, for the mutual benefit of ministers and churches in promoting ministerial settlement, to be under the direction of one of the Assembly's existing Boards, and to serve as a medium of confidential correspondence between congregations and ministers.

The Committee beg leave, in reply, to suggest that, whilst the object sought is most important and desirable, there seem to be grave difficulties in the way of establishing and conducting such a plan at present, and therefore we decline to recommend it. The true remedy for existing evils in this direction is to be sought rather in the courts of the Church themselves. Presbyterial supervision over both ministers and churches, needs to be more faithfully maintained, according to the Constitution of the Presbyterian Church and the Word of God, so as to secure employment for the former and the supply for the latter with the means of grace, and this supervision, whilst exercised with the utmost wisdom and justice, should not be without the legitimate authority which the Head of the Church has committed to its officers to be used in His Name. It is also most proper that Presbyteries should communicate with each other in furthering these desirable ends. Adopted.

Overture No. 6. An Overture from the Presbytery of San José, asking for the true interpretation and application of the action of the last Assembly on the election of deaconesses. (Minutes 1884, p. 114.)

The Committee recommend that nothing further on the subject is necessary. Adopted.

Overture No. 7. An Overture from the Presbytery of Puget Sound, requesting the appointment of a Standing Committee of the Assembly, whose duty it shall be "to encourage and promote

organic union among all branches of the Presbyterian Church," and "all other kindred bodies of our Lord's disciples."

It is enough in the judgment of the Committee, to respond that the Assembly in frequent and emphatic past utterances has declared the desire of our Church for organic union, or at least for fraternal relations with other branches of the Church of Christ of the same faith and order, which may be similiarly inclined, and that this very Assembly has thus cordially received into its communion, a considerable body of sound Presbyterians, but that the action proposed in this Overture is inexpedient. Adopted.

The Special Committee appointed to report in the matter of a residuary bequest, made by Archibald Falconer, presented its Report, which was adopted, and is as follows:

The undersigned, a Special Committee appointed by the General Assembly, to consider and report in regard to the matter of a residuary bequest of $16,045.51 left by Archibald Falconer, of New York, more than fifty years ago, to the Trustees of the General Assembly, beg leave to report as follows:

By a communication from the President of the said Board of Trustees, it appears that the said bequest has been paid to the Treasurer of that Board.

It further appears that the terms of the bequest are as follows:

"And I give and bequeath the remaining one equal third part thereof to the Trustees of the General Assembly of the Presbyterian Church in the United States of America, incorporated by the Legislature of the State of Pennsylvania, to be applied under the direction of the said Assembly to the education of poor and pious young men for the Gospel ministry in said Church."

The Board of Trustees, through the letter of the President, requests the direction of the Assembly as to the disposition of this bequest.

Your Committee have examined the subject, and have found no difficulty in reaching the following conclusions in relation thereto:

1. That the bequest is a full and clear gift of whatever the "remaining one equal third part" of the testator's estate should amount to; which has been found to be $16,045.51; and has been paid to the Trustees of the General Assembly.

2. That the Trustees of the General Assembly have power over the money only as its custodians, until the Assembly directs how it shall be disposed of.

3. That the money ought to be paid over to the Board of Education, to which lawfully belongs the matter of "the education of poor and pious young men for the Gospel ministry," in our Church.

4. That when paid to the Board of Education it should be regarded and used as any legacy left in direct terms to that Board.

Your Committee therefore recommend the adoption by the Assembly of the following Resolution:

Resolved, That the Trustees of the General Assembly be, and

they are hereby directed to pay over to the Board of Education the bequest of $16,045.51, received by them from the estate of Archibald Falconer, of New York, and the Board of Education is authorized to use the said sum of money as if it had been bequeathed in direct terms to that Board.

The Standing Committee on Theological Seminaries presented its Report, which was accepted.

The Judicial Committee reported:

Judicial Case No. 2.—An Appeal of the Session of Prospect Church against an action of the Synod of Illinois.

The parties, through their representatives, being satisfied with the disposition of another appeal, touching the same case, ask leave to withdraw their appeal.

Your Committee recommend that leave to withdraw be granted. Adopted.

Judicial Case No. 3.—An appeal of J. H. Rogers from an action of the Synod of Illinois.

Statement of the Case.—Mr. Rogers was suspended from Church privileges by the Session of Prospect Church, and, being dissatisfied with his sentence, appealed to the Presbytery of Peoria. The Presbytery declined to pass judgment upon the guilt or innocence of Mr. Rogers on the charges preferred, but decided that other conduct of Mr. Rogers, during the progress of his trial, justified his suspension. Mr. Rogers appealed to the Synod of Illinois from the decision of the Presbytery of Peoria, on the grounds—

(a) That they should have pronounced him guilty or innocent of the charges preferred.

(b) That the Presbytery should not have sustained the Session's sentence, which was not according to the indictment, but in condemnation of conduct and spirit indulged in during the progress of the trial.

The Synod sustained the appeal of Mr. Rogers in both specifications as a whole, and remanded the case to the Presbytery, with instructions to find a definite judgment according to the evidence, and in a form prescribed by the law of the Church.

Your Committee is not able to discover, in the action of Synod in favor of the appellant, or in the reasons assigned by the appellant, any question of doctrine or law, and, not regarding it within our province to pass judgment upon the merits of the case, we recommend—

That the appeal be not entertained. Adopted.

Judicial Case No. 4.—An appeal of Rev. W. W. Campbell from an action of the Synod of Baltimore.

Statement of the Case.—At the joint request of Mr. Campbell and the Grove Church, under the care of the Presbytery of Baltimore, the pastoral relation existing between Mr. Campbell and the

Grove Church was dissolved. The Synod of Baltimore sustained the action of the Presbytery.

Your Committee is of the opinion that the case does not come under the rule determining the character of cases to be judged by the General Assembly, but should be left to the discretion and judgment of the lower courts.

We therefore recommend that the appeal of Rev. Mr. Campbell be not entertained. Adopted.

Judicial Case No. 5.—An appeal of Rev. Samuel Storrs Howe from an action of the Synod of Iowa.

Statement of the Case.—Mr. Howe complains that the Synod of Iowa refused his application for aid for a mission chapel and academy.

This case is so evidently out of the province of the Assembly, and so manifestly a case to be decided by the discretion of the lower courts, and of the Boards from which aid is asked, that

The Committee recommends that the appeal of Rev. Mr. Howe be not entertained. Adopted.

The Committee reported that it had no further business, and was discharged.

The Standing Committee on Benevolence presented its report, which was accepted. Pending a motion to adopt, the Assembly was addressed by the Rev. Charles S. Pomeroy, D.D., the Chairman, and Elder Reuben F. Smith, a member of the Assembly's Permanent Committee on Systematic Beneficence. The Report was amended and adopted, and is as follows:

The Standing Committee on Benevolence respectfully report that forty-four Overtures to the Assembly have been placed in their hands. Of these, three, purporting to come from the Presbyteries of Kingston, Neosho and Troy, were not certified by the officers of those Presbyteries. They were, however, identical in form with thirty-two others, from the Presbyteries of Benicia, Cairo, Cedar Rapids, Champlain, Chemung, Clarion, Cleveland, Detroit, Emporia, Fort Dodge, Genesee, Highland, Hudson, Huron, Iowa, Iowa City, Kalamazoo, Logansport, Lyons, Mahoning, Maumee, Nassau, New Albany, Newark, Peoria, Pueblo, Red River, Rochester, San Francisco, San José, Vincennes and Wellsborough, all asking this Assembly to take measures to direct the churches in the duty of systematic beneficence, as a part of the worship of God. Nine Presbyteries, Boulder, Dubuque, Jersey City, Indianapolis, Morris and Essex, New York, Ozark, Santa Fé and Winona, have overtured the Assembly on the same subject, but in forms varying from the plan proposed by the Presbyteries above named in details of more or less importance.

Your Committee have carefully considered the plan of systematic beneficence, thus brought to the notice of the Assembly, and all the proposed variations, and in order that the duty of systematic beneficence may be more emphatically "recommended" to the

churches, recommend the Assembly to transmit to the Presbyteries for their approval or disapproval the following amendments to the Directory for Worship:

Shall the Directory for Worship be amended as follows?

1. Insert after Chapter v as follows:

CHAPTER VI.—Of the worship of God by offerings.

I. In order that every member of the congregation may be trained to give of his substance systematically, and as the Lord hath prospered him, to promote the preaching of the Gospel in all the world and to every creature, according to the command of the Lord Jesus Christ, it is proper and very desirable that an opportunity be given for offerings by the congregation in this behalf every Lord's Day, and that, in accordance with the Scriptures, the bringing of such offerings be performed as a solemn act of worship to Almighty God.

II. The proper order, both as to the particular service of the day and the place in such service for receiving the offerings, may be left to the discretion of the minister and Session of the Church; but that it may be a separate and specific act of worship, the minister should either precede or immediately follow the same with a brief prayer, invoking the blessing of God upon it, and devoting the offerings to His service.

III. The offerings received may be apportioned among the Boards of the Church and among other benevolent and Christian objects, under the supervision of the Church Session, in such proportion and upon such general plan as may from time to time be determined; but the specific designation by the giver of any offering to any given cause or causes, shall always be respected, and the will of the donor carefully carried out.

IV. It is the duty of every minister to cultivate the grace of liberal giving in his congregation, that every member thereof may offer according to his ability, whether it be much or little.

2. Amend Chapter vi, Section 5, by striking out the words, "A collection raised for the poor or other purposes of the Church."

3. Amend the numbers of all the chapters succeeding the present Chapter v to read each one number higher.

Several of the delegations from the overturing Presbyteries have made known to the Committee that the pastors and churches take a deep interest in this subject, and earnestly desire the adoption of a plan of contribution, which shall give prominence and opportunity for the duty of Christian beneficence, as a part of the public worship of God. Your Committee regard the plan proposed in these articles as in entire harmony with the whole spirit of Scriptural worship.

The Directory for Worship recommends a benevolent collection as an accompaniment of the solemn service of the Lord's Supper. These proposed amendments extend the idea embodied in that clause of the Directory, and provide for its systematic application to all objects of benevolence.

The Report of the General Assembly's Permanent Committee on Systematic Beneficence, which is now in the hands of the members of the Assembly, presents to the notice of the Assembly the methods by which that Committee have sought to promote the object committed to their oversight, and the obstacles which retard or diminish their success, as well as the encouragements which they have met.

They have endeavored to secure coöperating committees in all the Synods and Presbyteries of our Church. During the past year at least one hundred and seventy-five Synodical and Presbyterial Committees have been in communication with the Permanent Committee on this subject. By this instrumentality information has been spread through the churches, and systematic and proportionate giving has been commended to their adoption. The special end sought in these efforts has been to influence pastors and Sessions, to secure contributions for all the Boards during the months commended by the Assembly, not excluding other objects of legitimate benevolence, when approved by the Session, or preferred by the contributors. The Committee is preparing a hand-book for the information of committees and churches as to practical plans for the development of systematic giving. They do not, at the present time, advise the adoption by all the churches of any one plan, but desire to ingraft the principles of system and proportion in giving, upon all the plans which may be in use.

The Permanent Committee has received many encouraging assurances that their efforts in this direction were appreciated and welcomed by the pastors and churches. There is not only a deep and intelligent interest felt in it, but the plans adopted have been in many instances zealously carried into effect; and wherever this has been done, a large increase in contributions has been the result.

There are some suggestions in the report of the Permanent Committee, which afford a hope that the faithful application of the principle of systematic and proportionate giving, by the whole Church, would diminish the difficulties and relieve, if not remove, the financial embarrassments of all the Boards and of all the churches.

The Committee find in some quarters a reluctance to adopt any new methods in benevolence, lest they should divert the contributions of the churches from their accustomed channels, and introduce a new element of uncertainty into the calculation of the probabilities of the prospective income of the Boards. Instructed by a short but impressive experience, they feel confident that, upon the general adoption of the principles which the Assembly has charged them to bring to the attention of the churches, all the Boards of the Church will receive a large accession of funds for their work, that the churches depending upon the contributions of their members for the support of their home work, will find it easier to keep abreast of current expenses, and that providential calls upon their

benevolence may be more intelligently and not less promptly answered.

Your Committee recommend the Assembly:

(1) To instruct all Synods and Presbyteries to appoint committees on each of the Boards of the Assembly, and also a Committee on Systematic Beneficence, with which the Permanent Committee may correspond, and through which the Synodical and Presbyterial Committees on the several Boards may cöoperate with the Permanent Committee, in promoting systematic and proportionate giving.

(2) To direct the Stated Clerk of each Synod and Presbytery to send, as soon as possible after the annual meeting, to each Board and Permanent Committee of the Assembly, the name of the Chairman of its Committee on Systematic Beneficence.

(3) To direct the Boards of the Church to confer with each other with the view to the adoption, if possible, of a uniform time for the close of the fiscal year.

(4) That the bills of the Permanent Committee for necessary expenses, such as clerical services, postage, printing and traveling expenses, be annually paid by the Boards of the Church in *pro rata* proportion to the contributions to their treasuries.

Your Committee recommend that the thanks of the Assembly be tendered to the members of the Permanent Committee, and to its efficient Chairman, the Rev. Charles S. Pomeroy, D.D., for their zealous, and successful and gratuitous labors in this behalf.

We further recommend that the Permanent Committee be continued, and for the ensuing year consist of Rev. Charles S. Pomeroy, D.D., Chairman, Rev. I. Williams Cochran, Rev. Rufus S. Green, D.D., Rev. Edward C. Ray, Rev. David R. Breed, D.D., Rev. Edward P. Whallon, Rev. Rollo Ogden, Rev. Anson Smyth, D.D., Corresponding and Acting Secretary, and Elders Dan P. Eells, Secretary, Thomas Kane, Walter Carter, Archibald McClure, William Bakewell, Thomas Lord, and Reuben F. Smith. We also recommend that Rev. Charles S. Pomeroy, D.D., Chairman of the Permanent Committee, and Elder Reuben F. Smith, also a member of that Committee, be heard in behalf of this cause.

The Assembly adjourned, and was closed with prayer.

FRIDAY, May 29th, 2.30 o'clock P.M.

The Assembly met, and was opened with prayer.

The Committee on the Records of the Synod of Pennsylvania, presented its Report, which was accepted.

The Order of the Day was taken up, being the Report of the Special Committee on the Overtures concerning the Work among the Freedmen.

The Report was adopted, and is as follows:

The Special Committee, to which was referred Overtures from the Presbytery of Catawba and from the Presbytery of Yadkin, submits the following Report:

These Overtures are the same in substance and almost identical in form, bearing evidence of a common origin and aim. They ask that this Assembly transfer the Church work and parochial school work among the colored people in the South to the Board of Home Missions, and that the school work of higher grades be committed to the care of the Board of Aid for Colleges and Academies, and that the Board of Missions for Freedmen be dissolved.

Realizing the gravity of these questions, as affecting the missionary operations of our Presbyterian Church, and the welfare, present and prospective, of millions of the colored race, your Committee have taken time for conference, not only with representatives of the two Presbyteries named, with professors and graduates of the Biddle University, and with officers of the Freedmen's Board, but also with many other persons, white and colored, who are acquainted with the state of feeling at the South.

At a time when the Board of Home Missions is burdened with unusual responsibilities, because of the rapid extension of its field, and also embarrassed with unprecedented pecuniary liabilities, and when the new Board of Aid for Colleges is quite unable to meet many urgent calls that are made upon it, manifestly, none but the most imperative reasons should lead to the imposition on these Boards of any further duties. That there are such imperative reasons your Committee have failed to perceive. Local difficulties which have arisen in certain quarters, however to be regretted, we think may be easily overcome by forbearance and Christian charity, and advantages hoped for from the proposed change, may more probably be reached by united efforts to strengthen and invigorate the agencies that now exist.

The work to be accomplished in behalf of the colored race in America is one of ever increasing magnitude, though beset by manifold difficulties. God, in His Providence, seems calling on our Church to arise and go forth with enlarged zeal, for the elevation and salvation of seven millions of long-abused and specially needy people. But it is a work differing in some essential particulars from other forms of Home Missions, which needs to be prosecuted under the careful direction of men specially appointed for that purpose, if possible by those who, through experience, have gained minute knowledge of all the conditions of the case.

The Board of Missions for Freedmen, having from the beginning had charge of this branch of benevolence for our Church, and having accomplished results which compare most favorably with those of any other denomination, seems peculiarly fitted to be the channel through which our lively sympathies and effective support may continue to be expressed.

The Board of Aid for Colleges, we are informed, is already

assisting in the support of at least one school among the freedmen, and your Committee know nothing in its constitution or objects to forbid the extension of its influence in that line. On the contrary, we have reason to hope that in entire consistency with its duties in other directions, that Board will be so sustained that it may also be able speedily to do very much for educational institutions at the South.

In view of these and other considerations your Committee recommend:

1. That this Assembly declare that the change proposed by these Overtures is inexpedient.

2. That it be declared, with reference to Biddle University and all similar institutions, unadvisable that professors and teachers be included among the trustees of the same, and that wherever such customs now exists it ought, as soon as practicable, to be set aside.

3. That it seems very desirable that the institutions referred to, especially Biddle University, be strengthened by endowments of professorships and of scholarships; and that the urgent wants of those institutions be commended to Christians and patriots who have been blessed with the means for such beneficence.

4. That in accordance with what is understood to be the desire of members of the Board of Missions for Freedmen, and the Board of Trustees of Lincoln University, it be recommended that these two Boards confer together, with the view to some closer coöperation in their common work in behalf of the colored race.

The Standing Committee on Temperance presented its Report, which was accepted. Pending a motion to adopt, the Assembly was addressed by the Rev. William Y. Brown, D.D., the Chairman of the Permanent Committee on Temperance.

The consideration of the Report was made the second Order of the Day for to-morrow afternoon.

The session was extended until half-past five.

The Report of the Committee on the Debts of the Boards of Home and Foreign Missions was taken up and unanimously adopted by a rising vote. It is as follows:

Your Committee appointed to consider the debts of the Home and Foreign Boards respectfully report:

That the expenditures of the past year were based upon recommendations of the General Assembly, and estimates of the probable income, made by prominent and conservative business men, and the fact that these Boards are in debt, should not be deemed to reflect upon their administrative ability.

That we are satisfied that these debts have not arisen from a wasteful or injudicious use of the moneys given by the churches; nevertheless we are of the opinion that such large deficiencies as are shown by the Reports of these Boards, are seriously depressing

to the churches and permanently injure the work of the Boards themselves; therefore,

"*Resolved*, That this Assembly request each church to take a special collection or adopt such other measures as shall seem best in each case to cancel these debts before October 1st next, and before August 1st in every church finding it practicable, leaving it to each contributor to designate his choice of Boards, and to each Session to apportion undesignated contributions.

"*Resolved*, That we request the Secretaries of these Boards to furnish to each pastor a brief summary showing why it is that the Board is in debt, and the effects of the retrenchment upon the work and upon the missionaries, which summary shall be presented to the churches in connection with such collections.

"*Resolved*, That we request the pastors to so present this matter to their churches as not to diminish the amount of their regular annual contributions to these Boards.

"*Resolved*, That we urge these Boards, however numerous the calls for enlargement of their work may be, and however enticing the opportunities offered, not to go beyond conservative estimates of what the churches will sustain, and to avoid hereafter, if possible, closing their books with a debt.

"*Resolved*, That the pastors and elders in this Assembly pledge themselves, upon their return to their several Presbyteries and churches, to use vigorous personal effort to raise, immediately, the amount necessary to cancel these debts."

The following Protest was received, and admitted to record:

We, the undersigned, though a diminutive minority, would respectfully request the privilege of most emphatically protesting, against the response made by this Assembly to the Overture of the Woman's Christian Temperance Union of Wisconsin, toward securing, if possible, in the Presbyterian Church of the United States, the use of the unfermented fruit of the vine on the Communion Table.

We feel that the sentiment in the present Assembly, and in the Presbyterian Church generally, would render all dissenting argument on our part, on the floor of the Assembly, void, and only an interruption of pressing business. But feeling sure that the sentiment of the General Assembly of the Presbyterian Church in later days, will be in sympathy with a totally different response, we, therefore, would respectfully and most emphatically protest, as already indicated, to the end that our recorded names on the minutes of this Assembly may await the inevitable approaching change of view, and be known as the names of men most heartily coinciding with men who, we confidently believe, will compose the majority of the General Assembly of the Presbyterian Church in the progressive future. Signed—

Francis B. Hall, of the Presbytery of Champlain; Edwin B. Stevens, of the Presbytery of Rochester; David J. White, of the

Presbytery of St. Louis; Dwight L. Pond, of the Presbytery of Niobrara; Joseph Patterson, of the Presbytery of Osborne; Peter S. Davies, of the Presbytery of Saginaw; Hugh T. McNair, of the Presbytery of Rochester.

The Rev. William Alexander, D.D., John M. Worrall, D.D., and Elder Charles Lyman, were appointed a Committee to answer the above protest.

Information was given to the Assembly of the death of the Rev. Robert L. Stanton, D.D., LL.D., a former Moderator of the Assembly. The Rev. Francis C. Monfort, D.D., the Rev. Thomas B. Atkins, and Elder William McAlpin, were appointed a Committee to prepare a suitable minute in the case.

The Assembly adjourned, and was closed with prayer.

SATURDAY, May 30th, 9 o'clock A.M.

The Assembly met, and was opened with prayer.

The minutes of yesterday's sessions were read and approved.

The Committee on Correspondence reported the following salutation to the General Assembly of the United Presbyterian Church now in session at Topeka, Kansas, which was ordered to be sent:

CINCINNATI, OHIO, *May 30th, 1885.*

To the Moderator of the General Assembly of the United Presbyterian Church, Topeka, Kansas:

The General Assembly of the Presbyterian Church in the United States of America sends its fraternal salutations, praying the Father of our Lord Jesus Christ. Read Ephesians iii: 16–19.

E. R. CRAVEN, *Moderator.*

WM. H. ROBERTS, *Stated Clerk.*

By unanimous vote, the Rev. Wm. B. Noble, D.D., one of the clerks of the Assembly, was directed to cast the ballot of the Assembly for *Ministers*—David Magie, D.D., Samuel M. Hamilton, D.D., David R. Frazer, D.D., Charles T. Haley; *Elders*—R. S. T. Cissel, Hezekiah King, John Sloane, as members of the Board of the Church Erection Fund. The Moderator declared them duly elected.

The Moderator announced the following Committee on the Charter of Biddle University: *Elders*—Charles D. Drake, Woolsey Welles, and Ralph E. Prime.

The Special Committee of the Delegates to the Third Council at Belfast, Ireland, of the Alliance of the Reformed Churches holding the Presbyterian System, made a Report which was accepted, and the fidelity of the Delegates approved, and the Report was directed to be published in the Appendix, and the Minutes and the volume of proceedings to be left in the hands of the Stated Clerk.

That part of the Report which referred to the payment of money out of the Contingent Fund of the Assembly, was excepted for the present.

The Standing Committee on Aid for Colleges presented its Report, which was accepted. Pending the motion to adopt, the Assembly was addressed by the Rev. Harvey D. Ganse, D.D., the Secretary of the Board, and others.

The Report was amended, adopted, and is as follows:

The Standing Committee on the Board of Aid for Colleges and Academies respectfully report to the General Assembly, that they have examined with care the second annual Report of the Board, and that no other business connected with the Board has been referred to them.

They desire to express their gratification at the comprehensiveness and clearness of the Report, so full and perspicuous that every question raised by the Committee has been answered by a simple reference to the Report itself—a consideration most complimentary to the thorough business qualifications of the source whence it proceeded.

They would call the attention of the Assembly, and through this body of the churches-at-large, to its statements and suggestions. It is believed that a wider circulation of information as to the ends and achievements of the Board, would result in a still greater and more practical manifestation of interest in its concerns, a sharper discrimination between its work and that of the Board of Education and of our Theological Seminaries, with which, in the minds of some of the laity, it is still confounded, and your Committee respectfully urge upon the Assembly, in the interest of the young but sturdy Board, to enjoin upon pastors that they give a full, clear statement of what it seeks to do and is doing, that it may have wider commendation to the prayerful and financial support of our congregations.

While we deem this of importance in view of the recent creation of the Board, it is due to the quick intelligence and loyalty of our people, as well as to the diligence and ability of the Board, to call to the grateful appreciation of the Assembly the surprising and, we believe, almost unprecedented quickness with which the Board has advanced in the confidence and recognition of the churches. Last year, the Board reported contributions from 480 churches, in 136 Presbyteries, under twenty-one Synods; this year, from twenty-three Synods, with 165 Presbyteries, and 1330

churches, a gain of two Synods, twenty-nine Presbyteries and 850 churches, nearly three times larger than last year.

The total of last year's actual receipts was $14,912.11, of this year's $40,049.12, which is an increase of nearly 300 per cent. To this might be added about $14,000 of gifts made directly to institutions, but in sympathy with the objects of the Board, and for which receipts were sent from the institutions aided to the Board, making an entire total of $54,026.36, as compared with a like total last year of $28,987. Such readiness to coöperate with the Board, and such results, would amply vindicate, if there were necessity for vindication, the wisdom of the General Assembly in erecting a special department to care for these interests.

Despite this response, however, the work has been seriously restricted by lack of larger support. Of the amount received, over $20,000 was from individuals, and of the $19,502 from churches and Sabbath-schools, a considerable part was also specially designated, leaving the Board, after redeeming its pledges to institutions quickened by its acts, and to which, therefore, the Board was under special obligations, but a little over $13,000 to appropriate, or only 37 17-100 per cent of what was the least felt to be needed. It is not denied that in some instances the inability of the Board to give the full amount has been followed by distress on the part of the teachers, and discouragement in some of the schools, but the Committee believe that it is better to have this distress laid as a responsibility upon the heart of the Church, than for the Board to outrun the generosity of the churches, and carry a debt into the succeeding year; and we derive comfort from the reflection that teachers and schools are better off by many thousand dollars than they would have been, but for this agency.

The aid granted extends to twenty-two institutions in fifteen States and Territories, and in the distribution of aid the Board has, we believe, carried out the instructions of the Assembly, assuring itself of existing need, having respect to the judgment of Synods and Presbyteries, aiding only current work, and not even that unless liberal provision has also been made by the neighborhood, in the material up-building of the institution. The recommendation of the last Assembly as to securing any money which might be advanced by this Board has been adopted, and under the previous rules limiting aid to institutions under Presbyterian control, it is believed that school and college property aggregating something less than $750,000 will remain under our care. In the case of fourteen institutions aided by the Board with about $7600, the value of property has increased more than four times that amount, and the security begotten by confidence in the stability and worth of institutions under Presbyterian control, will more and more command the attention and elicit the gifts of the friends of education.

It is not so much, however, the business aspect of this secured control which impresses the Committee, as if it were a notable speculative success to have secured so much with so little outlay, but

the assurance that the educational forces of these institutions can not well be godless, but must subserve the interests of our blessed Master's kingdom. The value of this in the relation of the newer States to the future of our country can hardly be overestimated. If the sons of our poorer Church-members are to be educated under Christian influence for the ministry and eldership, the Christian college must be planted within two or three hundred miles of their door. Aside from the increasing cost of education at the East, the expense of going to and from these distant parts to the older colleges would encroach seriously upon, if it did not consume, the amount allowed by the Board of Education, and many who might adorn our Sessions or ministry be compelled to forego educational advantages. To a denomination with already more than six thousand churches, and less than five thousand ministers available for pastoral service, whose churches increase at the rate of one hundred and fifty a year, while her annual ministerial increase is less than one hundred—including sixty-two annually received from other bodies—it does not need a very large handwriting on the wall to announce, not indeed her overthrow, but the limitation of her aggressive policy.

The Assembly is crying out against retrenchment by the Boards for lack of money, a thing easily remedied by a tax of one-seventh of a cent per day levied on each member of a rich Church, about the value of the stump of a cigar, but a famine of suitable ministers and elders is ruin irremediable.

Unless the far West is to remain practically a foreign missionary field, as dependent upon the East for missionaries as are Syria and China—indeed, unless in the lack of the supply of ministers for home work the ripening fields of India and China and Syria are to be unharvested, we must set schools and colleges at the doors of our pious youth too poor to leave home to seek education. It is fair neither to the Church nor the new cause to say, that $40,000 represents our entire interest in this matter, while it is yet true that about half a cent a month per communicant,—a whole year for one loaf of bread each,—is the amount contributed by our great Church to carry educational food to the needy Territories.

The question is broader than mere denominationalism. It is true that, whether we found and sustain schools and colleges in the new territories or no, they will be founded and sustained. Nor is it simply whether Presbyterian money will be given to schools and colleges, or whether we shall have the direction of the influence created by such educational gifts. Presbyterians will give to education, they will give to institutions near them, and from which their children derive benefit, and they would be the meanest and most ungrateful of God's people if they did not. Shall we do our proper part and duty with other great Churches in meeting the demand for education cheerfully, spontaneously, or shall we manifest that Cyrenian spirit which will bear no part of the educational cross unless first compelled? Other denominations are pressed as

are we with many claims. If we fail to do our share, the whole burden must fall upon and be sustained by these, or learning become godless, except for special providences.

But if our colleges and academies are not under the watch and care of the Christian Church, there is great danger that worldly influence will supplant Christian, and as the college grows in importance its trusteeship will be filled, with men chosen not so much for their care that learning may be consecrated, as for their worldly influence—an influence not impossibly purchased by methods in political or business life more likely to command the respect of time than of eternity. With men of this class the first instinct of success will be that large numbers and endowments are of more consequence than the formation of Christian character. In the critical period of youth, in its first absence from home, when character is sustaining the first shock of freedom, it is of prime importance that an institution should be permeated with the spirit and example of Christian character. But as nothing but character can teach character, only in the Christian direction of a college is there adequate guarantee, that the instructors shall be men whose lives will illustrate by example rather than contrast, the dignity and beauty of Christian character. The chairs of mental and moral philosophy, of Christian evidences and kindred topics, afford opportunity on the part of suitable instructors, scarcely inferior to the pulpit for impressing the souls of young men, and for directing their thought towards the Christian ministry. Indifferentism in these chairs is perhaps not less dangerous than open infidelity. The persecuting Saul is less dangerous to-day than the Gallio who cares for none of these things, and bows Christianity out with contempt not less overwhelming because so well-bred.

It is believed, therefore, that alike in relation to the increase of the ministry and the learning of educated society, with respect for Christianity, the denominational college, if conducted on broad, catholic principles, is a necessity, not conducing to bigotry, but rather bringing all Christians who may there receive stimulus into closer fellowship, and deepening our respect for each other's institutions.

In this regard also, of observing a proper Christian comity in locating and aiding our own schools, so that other evangelical institutions are not encroached upon, we desire to approve the polity of the Board.

Within these lines the Board has widened its work until it has extended the helping, if not the saving hand, to schools especially resorted to, not only by our own people but by Spanish-Americans, Germans, Indians, Mormons and Negroes. It is already in its second year, therefore contributing an important part in the solution of what may be considered as the foreign missionary problem on the home field, the evangelization of the great mixture of foreign population, which is seeking the larger liberty of our Nation, and, where un-Christianized, endangering it. Aid has been

afforded to institutions containing more than two thousand pupils, and this at a cost of less than twenty dollars a pupil—surely a most economical agency. Nearly nine hundred of these pupils are Church members, and though a large share of them are in preparatory departments, where the choice of profession can hardly have as yet been made, not less than 128 have avowed the intention of studying for the Gospel Ministry, presenting from these new and struggling institutions a number of candidates greater by two, than all the licensures to preach granted in all our Presbyteries as recorded in the last Minutes of Assembly. This statement needs no enlargement, to demonstrate how closely allied this interest is to the solution of the most difficult and distressing problem perplexing the Churches, namely, where to find the men for the aggressive work of the Church. A feature most gratifying and encouraging, as showing wisdom of selection among institutions which might be aided, is that, in not a few instances, these Church members and candidates are the fruits of the blessing of God's Spirit on the influence of the instructors, revivals being reported from many of them; one or two of them, as Park College, being in a constantly revived condition; and in one case, that of the Presbyterian College of the Northwest, the revival originating in the college and spreading to the town, is affirmed by a member of the Committee, to be the first outpouring of the Holy Spirit experienced there by our Church.

When we consider that from revivals in Yale College, under the presidency of Dr. Dwight, influences went forth which are alleged to have resulted in the conversion of over 50,000 souls, we may well thank God and take courage on behalf of these young institutions. We believe that this blessing is largely the divine benediction and acknowledgment upon the self-denial of consecrated teachers, feeling themselves called of God to the work of instruction, and standing nobly at their posts, in the face sometimes of actual want, while more lucrative positions solicit them in vain. Upon such devoted lives the blessing and consolation of Almighty God should be invoked by all the churches of Jesus Christ.

The attention and gratitude of the Assembly is also called to the list of individual donors given in the Report, among them names such as McCormick and Stuart, which are already indissolubly connected with memories of benefactions, endearing them to the Church, and linking them with the history of her progress. Not a few of such donors have shown their confidence in and appreciation of the judgment of the Board, by seeking its advice as to the direction which their beneficence should take.

As a medium between individuals or churches and the host of needy institutions seeking aid, and as a protection against indiscriminate begging on the part of importunate agents, the Board stands ready to serve the Church.

To any institution which it judges to have a claim upon the generosity of any part of our Church, it gives a certificate of com-

mendation which defines distinctly the territory and the period within which it is to be prosecuted. In no instance will more than one institution be allowed to canvass the same district in the same year. The Board's certificate thus becomes a safeguard against any unworthy or excessive importunity, and should be demanded of every canvasser, who makes solicitation outside of his own Presbytery or Synod. As this responsibility for introducing institutions to the benefactions of the Church is laid upon the Board, Presbyteries and Synods should carefully scrutinize the character and prospects of the institutions, which they recommend to the indorsement or aid of the Board.

The financial columns have been carefully scrutinized by the business members of the Committee, who commend their clear statements, and whose inquiry elicits the information, that the Treasurer of the Board is under bonds for the proper discharge of his office.

In conclusion, the Committee recommend the adoption of the following Resolutions:

1. That the thanks of this General Assembly are due and are hereby tendered to the officers and members of the Board of Aid for Colleges and Academies for the fidelity, prudence and zeal which have characterized their labors, and commend them to the confidence and gratitude of the Church.

2 That we anew commend this great and encouraging work of the Board to the prayerful sympathy and generous coöperation of the congregations under our care.

3. That we recommend to Presbyteries to instruct pastors and Sessions to give to their congregations an opportunity to contribute to this Board.

4. That the attention of Sessions and individuals be called to the fact that this Board gives its certificate of commendation, to every institution which it deems entitled to make a canvass for funds, and that the Assembly discourages all giving to academies or colleges, which may apply beyond the bounds of their own Presbytery or Synod, without such certificate of the Board.

5. That if at any time the property of any institution aided by the Board shall come into its possession, or be held by it as security for money advanced, the Board shall see that such property is kept insured, and shall also encourage institutions connected with it to keep their property insured.

The term of service of the following members expires with this Assembly: *Ministers*—Geo. D. Baker, D.D., John N. Freeman, Abbott E. Kittredge, D.D., Robt. F. Sample, D.D.; *Laymen*—Hon. Samuel M. Breckinridge, Hon. Dan P. Eells, Cyrus H. McCormick, Hon. Otis D. Swan.

Dr. Baker having changed his residence, and Dr. Kittredge desiring to be relieved under pressure of duties, we recommend in place of the former the election of Rev. M. Woolsey Stryker, and in place of the latter Rev. James G. McClure, and that the others

above mentioned be re-elected. All of which is respectfully submitted.

The following additional Resolution was adopted:

Resolved, That in view of the great importance of bringing into sympathy with our Christian work, and into the ministry more and more German youth, the Board of Aid be instructed to regard with great interest and kindness, German schools adapted to secure this result.

The vote by which it was ordered that it be the Order of the Day for 2.30 this afternoon, to receive the Reports of the Committees on Synodical Records; and the second Order to consider the Report of the Standing Committee on Temperance; was reconsidered, and it was

Resolved, That when the Assembly adjourn, it be to Monday, June 1st, at 9 o'clock A.M., and that the Orders of the Day above named, preserve their relative places in the proceedings of Monday morning next.

The Standing Committee on the Narrative of the State of Religion within the bounds of the Church for the past year, presented its Report, which was approved. The Necrological Report for the past year was presented and read by the Stated Clerk, after which the Assembly engaged in devotional services.

The Narrative, with the Necrology, was ordered to be printed in the Appendix to the Minutes.

The Standing Committee on Finance, presented its Report, which was adopted, and is as follows:

The Standing Committee on Finance respectfully report:

That the following documents have been placed in their hands for examination and report:

1. The Report of the Trustees of the General Assembly, with the Report and account of the Treasurer of said Board.

This Report contains a full statement of the financial condition of the trust, examined, approved and certified to by the proper committees on accounts and finances.

The total receipts for the year ending March 31st, 1885, including balance of previous year, are $87,388.72. Total payments $84,820.58, leaving a balance in the treasury of $2568.14.

There is to the credit of the respective trusts named in the Report, the sum of $313,521.09.

The Trustees ask authority and direction to pay over to the Board of Foreign Missions the income derived from two small funds, specifically designated respectively as "for the conversion of the Jews, and for the North American Indians." They also ask authority and direction to pay over to the Board of Publication for gratuitous distribution of religious literature among seamen, the income from a small legacy lately made for the benefit of sea-

men, and in this connection ask the adoption of the following Resolutions:

1. "*Resolved*, That the Trustees of the General Assembly be authorized and directed to pay over any income and interest of the funds held by them for the conversion of the Jews, and for the benefit of the North American Indians, to the Presbyterian Board of Foreign Missions, to be used and applied by them for the purposes indicated."

2. "*Resolved*, That the Trustees of the General Assembly be authorized and directed to pay over any income and interests of the fund held by them for seamen, to the Presbyterian Board of Publication, to be applied by that Board for gratuitous distribution of religious literature among seamen."

Your Committee recommend the adoption of these two Resolutions.

The interest on all the investments of the Trustees have been paid except on one of $12,000 on mortgage which has been called in, and proceedings commenced for its collection. Your Committee regard this as a very favorable showing, in view of the stringency of the times.

The Trustees report valid and satisfactory bonds executed and delivered by their Treasurer, and by the Stated Clerk as Treasurer of the Assembly.

They further Report that the obstacles heretofore existing to the merger of the two corporations of the General Assembly and the "Presbyterian House," no longer exist, and present the following Resolutions for adoption by the General Assembly:

1. "*Resolved*, That the Trustees of the General Assembly of the Presbyterian Church in the United States of America, and the 'Trustees of the Presbyterian House' be authorized and directed to take such necessary action as may be required to effect the union of the two corporations into one, under the corporate title of the former, in accordance with the spirit and terms of the joint report of the two corporations as presented to and approved by the General Assembly of 1874 (Minutes of 1874, pp. 23, 145, 147).

2. "*Resolved*, That the Trustees of the General Assembly be authorized and directed to obtain an amendment of their charter, so that the first sentence of Section 6, shall read as follows:

"'That the said corporation shall not at any time consist of more than eighteen persons, whereof the said General Assembly at an annual meeting, wherever held, may at their discretion change one-third in such manner as to the said General Assembly shall seem proper, and also, at like times and in like manner fill any vacancies therein,' and that the charter as thus amended be approved as the charter of the united corporation."

The Trustees of the Presyterian House concur in the adoption of these Resolutions, and offer precisely the same Resolutions for adoption in their Report. The reasons given by the Trustees for the adoption of these Resolutions are very cogent, and your Com-

mittee earnestly recommend their adoption for both Boards of Trustees.

Two vacancies in the Board of Trustees have occurred during the past year, viz: John C. Farr, Esq., having resigned on account of advancing age, and having faithfully served since the reunion in 1870, and Mr. James T. Young, whose acceptance of office, as Treasurer, disqualifies him from serving as Trustee under the terms of the charter.

These two vacancies cannot now be filled, by reason of the provision that no Trustee can be elected at a meeting of the General Assembly held outside of the State of Pennsylvania.

2. The Annual Report of the Trustees of the "Presbyterian House" with the account of the Treasurer. Total receipts for the year, ending May 1st, 1885, including balance of previous year $21,610.51; total expenditures for the year $20,320.93; leaving a balance in the hands of the Treasurer of $1289.58.

The account also exhibits investments in various securities mentioned, with the objects to which the income goes of $112,583.

The account is duly audited and approved by the Auditing Committee.

The Trustees also recommend the merger of this corporation with that of the Trustees of the General Assembly, and ask the adoption of the same Resolutions, already reported in the Report of the Trustees of the General Assembly, and approved by your Committee; reference to which is hereby had.

The Trustees further report, that the term of office (two years) of Samuel C. Perkins, Esq., President, Rev. Thomas J. Shepherd, D.D., Secretary, Mr. John C. Farr, Rev. Wm. Y. Brown, D.D., and Rev. Thomas L. Janeway, D.D., expires during the present session of the General Assembly. Mr. John C. Farr and Rev. Wm. Y. Brown, decline a re-election for reasons stated by the Trustees, and Mr. T. Charlton Henry tenders his resignation as Trustee for the year which yet remains of his term.

Your Committee recommends the re-election of Samuel C. Perkins, Esq., Rev. Thomas J. Shepherd, D.D., and Rev. Thomas L. Janeway, D.D., as Trustees, and the election of George Junkin, Esq., Rev. Wm. T. Eva, D.D., in place of Mr. Farr and Rev. Wm. Y. Brown; and Enoch Taylor, Esq., for the unexpired term of Mr. T. Charlton Henry.

3. The Annual Report and Account of Rev. W. H. Roberts, D.D., Stated Clerk and Treasurer for the year ending May 15th, 1885. Receipts from all sources, including balance received from former Treasurer, $39,927.71; disbursements for all purposes during the year $39,167.88; leaving a balance in the treasury of $759.83.

For this balance the Treasurer files with his Report a certificate of deposit in the Merchants National Bank of New York City.

The Report discloses the fact that the Stated Clerk paid during the year the sum of $3102.99 for expenses of the General Assembly for the year 1883, and that the expenses for printing, pub-

lishing and mailing the Minutes, etc., of the General Assembly for the year 1884, were $1090 less than for the year 1883.

Vouchers for all disbursements are filed with the Report, and have been carefully examined by your Committee, and they cordially approve of the Report, and statement of account.

In view of the important and responsible duties performed by this officer, and especially the favorable arrangements made by him with the Railroad companies of the country for the transportation of Commissioners to and from the meeting of the General Assembly, involving important services in addition to his regular duties, your Committee recommend the allowance of $300 in addition to the regular salary, for extra service for the past year, to the said Stated Clerk. All of which is respectfully submitted.

The Reports of the Standing Committees on Theological Seminaries, Education and Freedmen, were made continuous Orders for Monday.

The Assembly adjourned, and was closed with prayer.

MONDAY, June 1st, 9 o'clock A.M.

The Assembly met, and spent half an hour in devotional services.

The minutes of Saturday's session were read and approved.

The following telegram was received and read:

TOPEKA, KANSAS, May 30th, 1885.

To the Moderator of the General Assembly of the Presbyterian Church:

The General Assembly of the United Presbyterian Church heartily returns fraternal salutations. See 1 Thessalonians v, 23-25.

WM. JOHNSON, *Moderator.*

WM. P. REID, *Stated Clerk.*

The Moderator announced the following Committee on Concerts of Prayer: *Ministers*—John S. Sands, John H. Worcester, Jr.; *Elder*—Silas B. Brownell.

The Permanent Committee on the next place of meeting presented its Report, which was adopted, and is as follows:

The Permanent Committee on next place of meeting, consisting of the Moderator with the Stated and Permanent Clerks, respectfully report that they have received invitations from the Westminster Church, Minneapolis, Minn.; the Central Church, Denver, Col.; the Second Church, Omaha, Neb.; the First Church, Sara-

toga, N. Y.; and the First Church, Rockford, Ill. The Committee would draw attention to the fact that the invitation from the Westminster Church, Minneapolis, is the third invitation extended to the Assembly from that Church in successive years. They would also frankly state that the only obstacle in the way of accepting the invitation of the Central Church, Denver, is the matter of expense in the transportation of Commissioners. They would recommend, in view of the statements made to them in Committee, that the General Assembly hear the representatives of the various churches extending invitations, and vote seriatim upon such invitations.

Westminster Church, Minneapolis, Minnesota, was chosen as the place of the next meeting of the Assembly.

The following Committee of Arrangements was appointed:

Ministers—Robert F. Sample, D.D., Samuel M. Campbell, D.D., Peter Stryker, D.D., Delos E. Wells, Maurice D. Edwards, Robert F. Maclaren; *Elders*—Charles T. Thompson, A. R. Miller, E. Torrance, S. A. Harris, Isaac McNair, H. K. Taylor, Robert Lewis, W. H. Tenney, with permission to add to their number.

The Stated Clerk, the Rev. William H. Roberts, D.D., and the Committee of Arrangements, were instructed to attend to the matter of securing reduced Railroad fares for the Commissioners to the General Assembly.

The Standing Committees on Synodical Records severally reported, and the Minutes of the following Synods were approved: Atlantic, Columbia, Dakota, Illinois, India, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, New Jersey, New York, Ohio, Pacific, Tennessee, Texas, Utah, Wisconsin.

The Records of the Synod of Missouri were not presented.

The Records of the Synod of Baltimore for 1883, were approved. The Records for 1884, were approved with the exception, that on pages 327 and 348, the Synod records the issuing of "Judicial Cases," "No. 1," and "No. 2," but in neither case is the subject matter of the complaint recorded, and the Assembly is left without the means of knowing what was decided. This is not "a full and fair record of its proceedings," as required by the Form of Government, Chapter xi, Sec. 6. See Digest (Moore's), p. 194, 1, c and g; also Minutes of the General Assembly, 1878, p. 60.

Inasmuch, as the Synod is now, in most cases, the final appellate Judicatory, it is essential to the right discharge of the duty of Review and Control by the Assembly, that an intelligible statement be made by the Synods of every case judicially decided by them.

The Records of the Synod of Colorado were approved with the exception that on page 141, are two clerical errors, the word "Presbytery" being written when Synod was manifestly intended; and the date 1885 being written when 1884 was intended.

The Records of the Synod of Nebraska were approved with the following exceptions:

1. The mistake in the date of the year, beginning on p. 22, and running to the end of the Minutes, which mistake the Stated Clerk of said Synod is hereby directed to correct.

2. The record in the judicial proceedings in the case of Rev. W. R. Smith, appellant, against the Presbytery of Hastings (p. 35); which record is defective in the following particulars, viz:

(1) There is nothing in the record to show the grounds of appeal.

(2) The record does not show that both of the original parties were heard on the question of sustaining the appeal, and that the roll of the Synod was called to give members an opportunity to express their opinion upon the case.

3. There is no record whatever of any vote upon the question of sustaining the appeal; and the words, "Synod resolved to *entertain* the appeal," are wholly inappropriate and insufficient to express the final decision of Synod upon that question.

Your Committee recommend that the said Synod be directed to correct these defects, so that the record shall conform to the actual facts in the case. Adopted.

The Records of the Synod of Pennsylvania, and the Report of the Committee thereon, were referred to a Special Committee, to report to the next Assembly. The Committee is as follows: *Ministers*—Elijah R. Craven, D.D., William E. Moore, D.D., William H. Roberts, D.D.; *Elders*—Hon. Charles D. Drake, and Ralph E. Prime.

Resolved, That in view of the importance of the Judicial Decisions made by Synods and Synodical Commissions, the Synods are enjoined to send up to the Assembly, in Special Communications, all records of such decisions.

The time of all speeches was limited to five minutes, unless by consent of the Assembly.

The Order of the Day, being the Report of the Standing Committee on Temperance, was taken up. The Report was adopted, and is as follows:

The Committee to which was referred the Fourth Annual Report of the Assembly's Permanent Committee on Temperance, would respectfully represent that they have examined with great care this very able document, and would congratulate the Church that so much valuable information has been put in a permanent form for the use of the Church, and that so much effective work has been done for the cause of Temperance Reform.

This Report contains

1. A terse statement of the present status of the Temperance cause.

2. A copy of "Paper No. 11," published by the Committee, which endeavors to "voice the deliverances of the Assembly on Temperance, and give some practical hints to the Presbyterial Committees," as to their duties.

3. A statement as to the documents published by the Committee (of which about 60,000 have been issued), and a copy of "Paper No. 6," which is a summary of the Deliverances of the General Assembly on the subject of Temperance from 1812 to 1884. It should have a wide circulation through the Church. The documents issued during the year "mostly pertain to the organization of the work and bringing it under proper ecclesiastical supervision and control." Much more might have been done had the Committee possessed the means. "Paper No. 10," contains the Deliverance of the last General Assembly, and 3500 copies have been distributed. The Committee have also secured the publication of this document in many newspapers, both secular and religious; and thus secured the wide circulation of this admirable paper throughout the whole country.

4. Under the heading of "*Save the Boys and Girls*," we find the statement that "the Assembly has indicated two distinct lines of effort, namely: scientific instruction in schools, supported by the State, on physiology and hygiene, with special reference to the influence of intoxicating drinks upon the human system; and secondly temperance instruction in the Sabbath-schools."

Under this head the Report contains copies of the Papers Nos. 12, 13, 16 and 17. Three of these papers are to secure systematic instruction on Temperance in the Sunday-school, while No. 16 is a very able paper on "*The Session and Temperance*," by one of our ruling elders, showing how the Session should lead and guide the temperance work in the Church.

5. The Permanent Committee show how they have endeavored to carry out the instructions of the last Assembly as to "the holding of temperance conventions and institutes." Specimen programmes of institutes are given with "suggestions" and "topics" gathered from programmes of institutes and conventions held at various places. These papers show not only that much work has been done, but how much more remains to be accomplished.

6. The Permanent Committee call attention to the power of the press in this great reform movement, and point out how it may be utilized. According to the census of 1880, there were in the United States 11,314 periodicals. "The power of this agency is simply prodigious," and it is cause for gratitude that, with few exceptions, the press can be easily enlisted in the cause of reform.

7. The Permanent Committee have been mindful of the fact that one of the duties assigned to it by the Assembly is "to gather and report such statistics as may be of value and interest to the Church."

In this work the Committee have felt "the embarrassment of riches." In the abundance of statistics, which may easily be

arrayed on this awful subject, the Committee have felt it difficult to decide what would be of most "value and interest to the Church." But earnest study has evidently been given to the subject, and much valuable information has been gathered—mostly from official sources. This condensation of facts shows that the number of liquor dealers in this country has decreased during the last year; that, as compared with the whole country, the States under prohibitory laws pay but a very small fraction of the liquor tax which is collected by the United States Government; that, though the number of persons who use intoxicants has decreased, the actual consumption of liquors has increased. This information, with much more of the same kind, which has been carefully arranged in a set of tables in the Appendix to the Report, renders it a document of unusual interest and permanent value. These statistics would not be complete without some notice of the wasteful extravagance, the pauperism and crime, and the horrors of idiocy and insanity, which are justly charged against this gigantic evil.

8. The Permanent Committee notice with approval the work of the "Reform Clubs," the "White Ribbon Army," which originated in the Bethany Presbyterian Church, Philadelphia, and the Women's Christian Temperance Unions of the several States. Nearly every Narrative sent to the Permanent Committee mentions as worthy of all praise "the vigilance, activity and zeal" of those noble women who, in various ways, are attempting to defend the home and the family from their worst enemy.

9. The Permanent Committee give careful suggestions to the Presbyterial Committees respecting the manner of making out "The Temperance Narrative," and in this connection they reprint copies of two papers, Nos. 14 and 15, which were sent out for the purpose of testing the spirit of the Church, to learn what had actually been accomplished, and to indicate lines of action for the future.

In general, the Committee report that the Narratives received "show decided progress in Christian activity and spiritual power in this department of Church work," and that total abstinence is the overwhelming sentiment of our Church.

10. The Permanent Committee also calls attention to the fact that the different Churches and Temperance Societies, have agreed to mark this year with appropriate services as the "*Centennial of the Temperance Reformation*," and the week commencing September 20th will be very generally observed as a "*Centennial Temperance Week*."

We notice with a very just pride, that this "Centennial," which all the friends of the cause will unite to celebrate, is a solemn and grateful recognition of the worth and influence of one very closely related to our Church in its early history. Dr. Benjamin Rush, of Philadelphia, was an alumnus of Princeton, and afterwards the successful commissioner of his Alma Mater to the Church of

Scotland to secure the services of Dr. Witherspoon as President. Later still, he was the leading spirit in founding Dickinson College at Carlisle, Pa., and in bringing its first President, Dr. Nisbet, from his native land to the New World.

The great Temperance Reformation of this country has lately been traced back to Dr. Rush's celebrated essay on "The Effects of Ardent Spirits on the Human Mind and Body," which was first published in 1785.

This distinguished man, whose zeal for the cause of Christ, and catholic spirit toward all who love our common Lord, made him the active promoter of every good work, visited the General Assembly of our Church in the year 1811, presented that venerable body with one thousand copies of his essay, and made a personal address, appealing to the highest judicatory of our Church to undertake the work of a Temperance Reformation. His unquestioned authority as a man of science, who stood at the head of his own profession, joined to the fervor of his appeals roused the Church of that day, and a Committee was appointed to visit other religious bodies and present the subject. Pursuant to their appeal, the work was taken up in New England and the "Massachusetts Society for the Suppression of Intemperance" was organized in the city of Boston, in the year 1813. In his autobiography, Rev. Dr. Lyman Beecher says, that he had read Dr. Rush's essay very early, and that it made a deep impression upon him, which was confirmed by the culpable negligence of the Church as to this form of immorality, even among its own ministry and membership, and he "blocked out and preached," in 1808, his first temperance sermon, which was subsequently expanded into his celebrated "Six Sermons on Intemperance."

By means of a very wide correspondence and persistent labor, Dr. Rush succeeded in enlisting the leading spirits of many different branches of the Church in this holy crusade. And to-day his ringing appeal comes to us from that first essay: "Ministers of the Gospel of every denomination in the United States! aid me with all the weight and influence of your sacred office to save our fellow-men, from being destroyed by the great destroyer of their lives and souls."

It is cause for profound gratitude to Almighty God that the last few years have seen a great advance in public sentiment on this whole subject of Temperance Reform. This great national evil—the drink curse—has assumed such gigantic proportions as to alarm every Christian patriot. The snare which the drinking habit sets for souls awakens the Church more and more from her apathy; while the queens of society, the mothers and daughters of the Church, quick to detect a peril to domestic purity, are becoming more and more sensitive to the hideous dishonor and ruin, which the curse of drink surely brings upon the home and the family.

At such a time, the great Presbyterian Church not only cannot afford to be an indifferent spectator in this great struggle, but true

to her historical position, and resting upon the clear teaching of God's Holy Word, she must heed the trumpet call of Providence: "Speak to the children of Israel that they go forward." The Presbyterian Church has a goodly heritage, and an honorable record on this subject of Temperance. Let us see to it, that no man takes our crown.

Previous Assemblies have decided for us the importance of this work, and have committed its oversight to judicious men, who, though straitened by the lack of financial support, have yet accomplished a noble task in arousing the Church to the needs of the hour, and in directing the Sunday-school in its important function, of training up the young in sound and Scriptural ways of thinking, as to the evil of strong drink. But it is a homely maxim that "whatever is worth doing at all, is worth doing well." The Permanent Committee should not be expected to "make brick without straw." If the curse of intemperance is one of the greatest evils confronting the Church to-day in all lands, if it is preëminently a difficult and a delicate task to guide the crusade of the Church against this monstrous iniquity, if, confessedly, much yet remains to be done, the Church undoubtedly owes it to her Permanent Committee on Temperance, to furnish liberally the material means without which its efficiency will be greatly crippled. The Assembly deeply regrets, therefore, that the churches did not more generally contribute to the funds of the Permanent Committee last year, so as to have enabled it to meet all of its obligations; and it expresses the hope that contributions will be sent in immediately from the churches, so as not only to meet the indebtedness of the Committee, but to enable this arm of the Church to do its work without embarrassment.

Much other valuable information may be found in this Report, evincing the diligence and fidelity of your Permanent Committee, but as the printed Report is in the hands of the members of Assembly and is a permanent document of the Church, nothing further need now be added to this conspectus of the Report than the remark that the very modest "suggestions" of the Permanent Committee are mostly embodied in the recommendations which your Standing Committee have now the honor to propose.

We therefore recommend the following Resolutions:

1. That the entire extinction of the manufacture and sale of intoxicating liquors as a beverage is the goal to which the General Assembly looks forward, and for the accomplishment of which it expects the earnest, united, determined and persistent labors of all its ministers and people in connection with the religious and sober citizens of our common country.

2. That under God the removal of intemperance must depend upon the forming of a wholesome public sentiment, the power of conscience enlightened by the Word of God, and the strong arm of the civil law wisely enacted and faithfully enforced.

3. That this Assembly cordially approves the work of the Per-

manent Committee on Temperance during the past year, and commends its zeal, fidelity and success in the difficult and delicate task before it.

4. That the Assembly rejoices in the fact that at least fourteen States in the Union have enacted laws requiring physiology and hygiene, with special reference to the influence of intoxicating drinks upon the human system, to be taught in the schools supported by the State. And the Assembly recommends that, the people under its care, use all proper means to secure similar laws in all the States.

5. That the Permanent Committee is recommended to ascertain the nature of the efforts being made by temperance people, and especially by the Church, to promote the cause of Temperance in each of the States in the Union, and report the results of its inquiry to the next General Assembly.

6. That it is recommended to all the Church courts to appoint a Standing Committee on Temperance to supervise the work within their bounds. That Presbyterial Standing Committees arrange for holding Temperance Institutes and Conventions under their direction, and to prepare a distinct Temperance Narrative, and send the same to the Permanent Committee on Temperance on or before the first day of April, and that a report on the Narrative shall be made to the Assembly by said Committee.

7. That this Assembly, in common with sister Churches and other friends of the cause, recognizes the year 1885 as the Centennial year of the Temperance Reform, and recommends that Synods, Presbyteries and churches celebrate the Centennial Week beginning Sabbath, September 20th, in some suitable way, and especially it urges ministers of the Gospel to preach on the subject of Temperance on that Sabbath, and that the churches make a Centennial Offering for the use of the Permanent Committee at the same time, or at another convenient day within the year, and that Sabbath-school and Church Temperance Societies hold appropriate Temperance meetings during the week.

8. That Church Sessions are urged to give special supervision to this important department of benevolent work in the church and Sabbath-school, and to remember the necessities of the Permanent Committee in the distribution of their benevolent funds, and the obligation of the Church to sustain the Committee in the stupendous work committed to its care.

9. That this Assembly tenders to the Synods of Kansas and Iowa, and the Christian people in general in those States, its hearty sympathy in their heroic and successful endeavors to suppress "the saloon" within their borders, and to promote righteousness, temperance and good-will among the people.

10. That all who are called to labor among the Freedmen, be urged to give special attention to the inculcation of sound temperance principles in their instruction of this race. Naturally very

sensitive on the subject of personal liberty, they need to be guarded against a slavery which binds soul and body in shackles worse than fetters of brass.

11. That while the Assembly approves of what the Board of Publication has done to inculcate temperance in the Lesson Papers, it would recommend that, if possible, still more prominence should be given in their Lesson Helps and Sabbath-school papers, to instruction on the sin of "drunkenness," its insidious approach, and its awful curse.

12. That as Temperance Reformation is God's work, we call upon the Church for prayer to Almighty God, that He would give the Church wisdom in dealing with this great evil, that He would save the young from the snares of the tempter, that He would break the bonds which now hold so many as willing captives in the thraldom of drink, and that He would give wisdom to our rulers in legislating for the protection of this great people against their worst enemy.

13. That this Assembly would give emphasis to all the injunctions of the former Assemblies on this subject, and would especially enjoin upon all our ministers to be faithful in preaching the whole truth of God on this subject, lest the blood of souls be found on their skirts.

14. That the Rev. John Hall, D.D., LL.D., Rev. Robert D. Harper, D.D., and Elder Daniel W. Fish, whose term of service expires with this Assembly, be re-appointed for three years; that Rev. Henry J. Van Dyke, Jr., D.D., be appointed to fill the vacancy occasioned by the death of Rev. E. W. French, D.D., and that Theron G. Strong, Esq., be appointed for the term of three years instead of David B. Ivison, who declines re-election.

15. That this Assembly re-affirms the action of former Assemblies, recommending the Permanent Committee to appeal to the churches for funds to defray its expenses, and that the churches be directed to put these collections in the miscellaneous column of the Statistical Report.

The Report of the Standing Committee on Theological Seminaries was taken up, amended, adopted, and is as follows:

The Committee on Theological Seminaries would respectfully submit the following as its Report to the General Assembly:

Statements more or less complete from all of the thirteen institutions, under the care of the Assembly, have been placed in the hands of the Committee, and a careful review of the same shows cause for thankfulness and encouragement in the solid work and steady progress that have marked the past year. * Taken from last year's Report.

Comparing some of these figures with the corresponding statis-

tics of last year, and seeking in this way for signs of advance, we notice, first of all, a very substantial increase in the whole number of students preparing for the ministry. Against 512 the previous year, we have 604 for the year just closed—a gain of 92, or 18 per cent. The Committee of the last Assembly, in their Report, while regretting that the seminaries could not show a larger increase in the number of candidates for the ministry, yet declared that the tide appeared to have turned, and it was hoped that the dreaded depletion would not prevail. Then the whole number of students reported was 16 less than the year before; but an increase was discovered in the number of new students. This year we are happy to chronicle an advance all along the columns. Not only is the whole number of students, 92, in advance of the preceding year, but the number matriculated is larger than last year by 50, and the number graduated is larger by 13.

We may, therefore, with thankfulness and new hope for the future, report not only that the tide has turned, but that it is setting in with what promises to be a strong and continuous flow.

In the teaching force of the seminaries we notice an addition of 2 to the number of professors, and of 7 to other teachers. Fifty-seven professors against 55, and 14 other teachers against 7.

In literary equipment there has been an advance in the whole number of volumes contained in the seminary libraries from 178,246 to 199,658, showing a gain of 21,412, not including pamphlets.

The Committee has found a comparison of the financial statistics a very difficult and unsatisfactory work, by reason of the fragmentary and obscure way in which some of the Seminary Boards have presented their figures, especially those Boards that have not used the Assembly's blanks in making their reports. A communication has been placed in the hands of the Committee, addressed to the Stated Clerk of the Assembly by one of the seminary professors, complaining that the form of report presented in the blank is a misfit to the bookkeeping of many of the seminaries, and asking either that it be changed or abolished. In the judgment of the Committee, some way should be devised for procuring uniformity in the reports, for the relief of future standing committees who may be puzzled by the diversities that appear, and be unable, as the present Committee is, to make a satisfactory comparison of the figures of successive years. The only column that gives any fair opportunity for such comparison is that of scholarships. This shows an advance from $450,842 to $586,558. That there has also been a substantial increase in real estate and endowments during the year past is certain, but the figures, as we have best been able to arrange them, do not show it.

The value of a clear summary of the finances of the seminaries must be admitted, when we consider that the gifts of the Church to its Theological schools, constitute one of the best practical tests of the general desire among the people for the services of a thoroughly educated ministry. It indicates their sense of the import-

ance of thorough equipment in the teachers of the Word. Nothing tells more truly, how earnestly the churches desire such training in their preachers, than the amount they are willing to give towards promoting it. It is therefore greatly to be desired that, full and accurate statements be in some manner obtained from the Seminary Boards.

Among the items which seem to merit special mention we may notice the occupancy by Union Seminary of its magnificent new building, in the upper part of New York city. This has been completed during the past year. The dedication services were held on December 9th, 1884. Union graduated this year the goodly number of 38 students.

Princeton reports a profound missionary feeling among the students, resulting from a new interest awakened by the meeting of the Missionary Alliance, in Princeton, last fall. A good proportion of the graduating class, which numbers 34, have their faces set towards the foreign field. Princeton mourns the loss of one of its honored Trustees and Directors in the death of Mr. Levi P. Stone in December last. He was the founder of the lectureship which bears his name, and was a generous contributor to the needs of the Seminary. It has also lost, by death, in April last, Mr. Latimer Bailey, another prominent and faithful Director, who had also been appointed to represent his Presbytery in this Assembly.

The Seminary of the Northwest reports a year of earnest study and spiritual prosperity, and has added $127,000 to its funds. Last year, it reported the loss by death of its munificent friend and Director, Mr. Cyrus H. McCormick, and this year adds two more of its eminent Directors to its death-roll—Claudius B. Nelson, who, next to Mr. McCormick, was the largest contributor to the funds of the Seminary and one of its most prudent and spiritual counselors, and Hon. Samuel McClellan Moore, LL.D., who had been for many years a member of the Board and Chairman of its Executive Committee.

In the Theological department of Blackburn University the increase in the number of German students is a special feature, giving promise of their helping to meet the great demand for ministers among the German population, in the midst of which the University is located.

Danville Seminary, with a property of nearly $200,000, reports but one professor, and not a single student. It reported but one student last year. The highest wisdom of the Assembly seems to be needed to determine how best to utilize the valuable property of this institution for the purposes for which it was bestowed. The Committee would simply call the attention of the Assembly to the case, not knowing whether any plans are being prosecuted to this end. We understand with pleasure, that the proposition for co-operation made to the Southern Church is still open, and we would hail with pleasure its acceptance on their part.

Western Seminary reports well attended and very interesting mis-

sionary meetings, held weekly throughout the term, and addressed on different occasions by missionaries from the foreign field. It is presumed that, in our other seminaries, attention is no less earnestly directed to this subject, and it is greatly to be desired that in all of them the missionary fire should be kept brightly burning.

The Committee have not purposed to present a complete summary of the affairs of the seminaries, which will be found in detail in the several reports appearing in the Minutes. We merely touch upon those which seem to call for special mention.

In the judgment of the Committee the seminaries most needing the sympathy and earnest help of the Church just now, are those which are engaged in raising up a ministry for the Germans and the Freedmen. The importance of this work and its bearing upon the future of the country and the Christian religion in this land, is simply incalculable. For the work among the Germans we have the two Seminaries of Dubuque and Bloomfield, N. J. Hitherto, the support of these institutions has been drawn too much from restricted local neighborhoods. But in every view of it, the cause appeals to the Church at large, and the Assembly should heartily commend them to the liberality of its constituency far and wide.

The German Seminary of the Northwest reports exceptionally satisfactory evidence of progress in study during the past year, as shown by the report of its committee on the closing examinations of its classes. There is marked liberality on the part of the Germans themselves, according to their ability, in contributing to the needs of the Seminary and the general work of the Church. It has more students than ever before. More than three-fifths of the two hundred thousand Germans born in Germany, now in the United States, are west of the Ohio River, and present a field for evangelization which demands the most serious attention of the Church. There are signs of a growing appreciation of its needs in a more liberal response of late to applications for help. But vastly larger resources are needed at once than any that are in hand.

The German Seminary at Bloomfield complains of difficulty in finding suitable young men for candidates for the ministry, and also reports a deficit of $2796 in funds for current expenses. This should not be. The question of the expediency of educating German ministers in separate institutions, is fast giving way to a settled conviction that this is the wisest method. There is no time to be lost in putting both these important institutions on a solid footing, if the country and the Church are to be saved from the dangers that are brought in among us, by these swarming populations with their Continental looseness in religion and life.

For a similar work among the Freedmen, we have the Theological departments of Lincoln and Biddle Universities. If the Germans are threatening serious complications on the one side, the negroes, now 7,000,000 strong and multiplying with marvelous rapidity, are threatening on the other side. Both Lincoln and

Biddle are doing well. Lincoln has added during the past year $16,000 to its permanent fund for scholarships. Of its 220 students in all departments, all but 13 are confessors of Christ, and about half of the whole number are candidates for the ministry. The Church should make the endowment of the Theological department full and distinct, especially in view of the prospective enlargement of the work and the necessity for such enlargement. The standard of scholarship is steadily being raised, until now it is as high as Princeton was fifty years ago.

Biddle reports, that of its 188 students 130 are preparing for the ministry, and several have Mission work in Africa in view. Biddle needs a permanent endowment for its professorships. Both these institutions are doing noble work, and we doubt not are destined to grow into great establishments.

The Seminary of San Francisco has suffered the loss by death of its eminent Professor of Systematic Theology, Dr. William A. Scott. It has secured the services of the Rev. James Eells, D. D., as financial agent and Professor of Pastoral Theology, and hopes to derive great benefit from his high ability in both these spheres of work. Five thousand six hundred volumes have been added to its library from the libraries of Dr. J. C. Backus and Dr. William A. Scott, and its collection of books is now the fifth in size of all the seminaries. In fourteen years this seminary has graduated nearly fifty men who are engaged in Mission work, home or foreign. Its position in the midst of a vast home missionary field of one-third the territory of the United States, should give it importance in the eye of the Church, and commend it to a thoroughgoing support.

The Committee notice the failure of most of the seminaries to answer the questions respecting the number of students aided by scholarships or the Board of Education, and the maximum amount given to any one student. The replies that have come to hand do not afford enough material to make a summary of any importance. Last year the Standing Committee on Seminaries repeated the recommendation and request of the Assembly. Your Committee would therefore recommend that the attention of the Seminary Boards be again called to the request made by the Assembly of 1879, and recorded on page 562 of the Minutes. If there are reasons why such information should be withheld, they ought to be understood, and, if sustained, the request of the Assembly should be withdrawn.

For the benefit of future Standing Committees and of the Compiler of the Minutes, we suggest that the Assembly request the Seminary Boards to send in their reports in printed form, or at least, have them copied by the type-writer. Some of the reports of this year have been presented in the latter form, which has greatly facilitated the work of the Committee.

We also recommend, that in view of a complaint before alluded to, the Stated Clerk be requested to correspond with the semina-

ries, and make out an improved blank form for the reports, which may at once meet the convenience of the Seminary Boards, and secure for the Assembly the information desired.

In conclusion, let us bear in mind that our Theological Seminaries stand related to the defence of the truth, as our military schools to the defence of the country. Leaders of thought, like leaders of armies, are ever in demand. The cause is one that appeals more and more powerfully to those who understand the peculiar dangers that beset the Church in modern times, and who believe that human nature can be sanctified only through the truth of God. Men are wanted of disciplined faculties, trained in exegesis, dialectics, and powers of effective utterance. This demand the Church is seeking to supply through its theological schools. And your Committee are deeply impressed by the noble work our seminaries are doing to this end. They should have the prayers of all who believe in the Gospel as the only enlightener of the ignorant, and the blood of Christ as the only atonement for sin. Many of these institutions are laboring with slender resources, yet with a self-sacrificing and courageous faith in the future, and an unshaken confidence in the blessing of the Great Head of the Church, assured that He, who gave some Apostles and some prophets and teachers, will not abandon His plans or forsake His work, until the trained soldiery of the Cross shall be posted throughout all the borders of our land.

The following additional Resolution was adopted:

Resolved, That the Assembly recommends to the students of our seminaries the advisability of holding weekly meetings in the interests of Missions.

The Report of the Standing Committee on Education was taken up, adopted, and is as follows:

The Standing Committee on Education would respectfully report, that the Sixty-sixth Annual Report of the Board of Education as submitted to the General Assembly, has been carefully examined. The general condition of the work of education of candidates for the ministry is such, as to call forth grateful recognition of the Divine blessing upon the efforts and gifts of the Church to this cause, during the past year. But it is a source of serious lamentation that while the necessities of this work are constantly increasing, and its sphere enlarging to a degree proportionate to the growth of the Church itself, practical interest and generous material aid do not rise to the measure of the expanding demands. The zeal that in some former times rose to enthusiasm, in providing for the coming ministry of the Church, has apparently subsided to a steady level, far below the pressure of the present needs.

Your Committee expresses gratification in finding the Report of the Corresponding Secretary to be so compact, clear and business like a document, that the whole condition and work of the Board lies before the Church in a comprehensible shape.

The debt of last year, which was $11,000, has been reduced to $6700, by rigid economy, by a reduction of scholarships, about 15 per cent each, and by declining applications from students below the college grade. The necessity for such reduction and limitation is exceedingly painful, particularly in full view of so many vacant pulpits, and before the sacrifices of so many worthy candidates for the ministry.

The number of candidates during the year has increased to 619, being 42 more than the preceding year, and 133 more than in 1883. Of these, 237 are in Theological Seminaries, 302 in Colleges, and 80 in Preparatory departments. Of the whole number, 104, or fully one-sixth, are colored students. Your Committee is rejoiced to see that the colleges more directly under the control of our Church are educating so large a proportion of these young men. The number in various Presbyterian colleges, according to the Report, is Wooster 37; Princeton 23; Hamilton 20; Wabash 19; Lafayette 16; Washington and Jefferson 16; Park (Mo.) 16; Parsons 11; Blackburn 10; Lake Forest 10; Maryville (Tenn.) 9; Hanover 7; Center 5; and for colored students Lincoln 27, and Biddle 13. The remaining students are scattered through various institutions, in some of which the standard of education is exceedingly low. We feel it important that Presbyteries should keep a sharp eye on this point, and not permit students to sacrifice thoroughness of training for any trivial or temporary advantages of vicinity, or of unnecessary economy. They should bear in mind the important and repeated injunction of the Assembly requiring such students to attend, as far as possible, "Institutions that are in accord with the polity and doctrine of the Presbyterian Church."

We would also recommend that the Assembly emphasize the growing importance of attention to its rule that requires candidates to remain, during their educational period, in connection with their home Presbyteries, and would earnestly enjoin upon the Presbyteries to assert their rights, and perform their duties in the premises.

The total contributions during the past year to this Board are $72,733, an excess of $4500 over the previous year, owing to the receipt of a large and timely legacy. The following facts, however, should be brought prominently before the Church, that out of the $72,000 expended for the work of the year by the Board, but $50,000, or little over two-thirds, came from collections by churches and Sabbath-schools, while an appalling number, 3358 churches, is reported as not contributing a penny to this cause. The most of these churches, having ministers themselves, do not seem to feel the necessity of contributing even a mite in aid of the education of the successors that must fill these pulpits in coming times. Let us look at the figures with exactness. Of our 5973 churches, 2615 have contributed and 3358 have not contributed to this Board. If we subtract 1201 vacant churches from the whole number, which

is 5973, it leaves 4772 churches having ministers, of which 2615 contribute, and 2157 do not contribute to the Board; that is, supposing that contributions come only from churches with pastors. A lamentably large minority.

It is the judgment of your Committee that some means might be and should be devised by the Assembly or by the Board itself, which should remedy this lack of coöperation. The bare fact of there being 1201 vacant churches, one-fifth of the whole number, or one church in every five, vacant, is of itself a trumpet call to renewal of zeal in this department. These churches must have a ministry else they perish. Shall the Presbyterian Church, with her learning, with her traditions of an educated ministry, offer her churches an uneducated ministry as the alternative of no ministry at all? The work of this Board now enters the new and intricate field of education of the colored men for the ministry. There are many serious problems connected herewith that remain to be solved by experience. Concerning these at present we can only defer to the best judgment of those who are superintending the experiment. In conformity to the action of the Board we submit the following recommendations adopted by them, in which we heartily concur, for the approval of the Assembly.

It is recommended:

1. In view of the large number of failures in those who start as candidates for the ministry among the negroes, that the Board take none under its care during the preparatory course unless after a season of thorough trial and approval, both as to piety and ability, through two or three years—as reported by their teachers.

2. That $50 be considered sufficient for any student in the preparatory department.

3. That it be not regarded advisable for any student to pursue a full collegiate course, who does not evince an aptitude for study that will enable him to reach at least a grade of 70, out of a possible 100, in science and languages.

4. That in case a student evinces peculiar gifts for the ministry, aside from his ability to acquire a knowledge of the sciences or languages, he be advised to pursue a wholly English course in history, exegesis, theology, moral science, etc.

5. That the attention of the Presbyteries and instructors be called to the great importance of having immoralities on the part of students under the care of this Board, reported to it as soon as possible after such lapses from Christian character shall be known.

6. That in order to discharge the trust imposed upon the Board with conscientious fidelity, the Committees of Presbyteries, who commend students to the care of the Board, be requested to furnish the Board with full and minute information as to the moral and Christian character, and the real mental ability and promise of the candidate so commended.

7. *Whereas*, There is a difference of expense in attendance at different institutions, and,

Whereas, It is one of the rules of the Board that students shall ask for the minimum sum that will meet their needs,

That when the Board knows that any named sum at the special institution will suffice, the allowance from the Board shall not exceed that amount.

8. *Whereas*, It is enjoined in the Rules and urged upon the Board, by a special resolution of the Assembly, of 1878 (see Minutes General Assembly, pp. 47), that the candidates enter and remain in the Presbytery to which they naturally belong, and,

Whereas, By the Assembly of 1884 (see Minutes General Assembly, pp. 87), it is enjoined that candidates under care of the Board pursue their collegiate studies in institutions that are in sympathy with both the doctrines and polity of the Presbyterian Church,

That the colored students under the care of the Board be enjoined to remain in connection with their proper Presbyteries, and to attend in both their preparatory and collegiate courses schools either under the care of the Freedmen's Board or taught by teachers in connection with our Church.

These recommendations the Board respectfully submits to the consideration of the General Assembly, and expresses the hope that it will authorize their being carried into effect.

An embarrassing question relating to the education in this country of candidates from the foreign field has arisen, about which the Board desires direction. We respectfully recommend the adoption of the following Resolutions, as suggested by the Board:

Whereas, From the testimony and experience of other churches, as well as from the explicit statements and testimony of missionaries who have been, and still are, employed upon fields of foreign mission labor, abundant evidence has been supplied to us to show that the training of candidates for the ministry in civil and religious circumstances and conditions, wholly different from those of their native land and future field of labor, generally, and to a large extent, unfits them for work in their own lands and among their own countrymen; be it,

Resolved, That the Board will not henceforth give aid to any student from the foreign field, unless he has been recommended by our foreign missionaries abroad, or has come to study in this country by a special invitation given from this Board, upon the request of other duly recognized Church authorities, or missionaries resident on the fields from which these students come.

Your Committee earnestly calls the attention of the Assembly to the enlarged needs of the work of this Board, arising out of the rapidly increasing population of our country, and the opening of the whole world to the possibility of missionary effort, for which a sufficient ministry must be provided. The very expansion and growth of Home and Foreign Missions, require a proportionate development of the work of education for the ministry. The Board, whose aim it is to furnish missionaries, and from under

whose helping hand so many have come, has the whole argument of Missions, both Home and Foreign, behind it, as its logical and necessary reason of existence. Wherever the Mission Boards plant a church, at home or abroad, they must turn to the Church, and through it to this Board, and say "Where is the man? We have found a field, now furnish us the missionary." This Board, that is the store-house of missionaries, must be kept full of men in training for the future. If you exhaust your men, your Missions will fail.

It is needless to veil our eyes to the fact that the work of this Board, is hampered and restricted by prejudices that have been awakened against it, and perhaps by other influences and reasons, more or less indefinable. Its former position so nearly abreast of the great Missionary departments of Church work, with the present disproportionate number of non-contributing churches, should awaken serious inquiry as to the possibility of applying remedies sufficient to its re-invigoration. Your Committee feels hesitation in making mention of this subject, but does so in the conviction of duty to the Board, and in view of that position of power it should hold, in the important work of assisting to supply the coming ministry of our Church.

Your Committee respectfully recommends the adoption of the following resolutions:

Resolved, That the administration of the Board of Education during the past year is commended for its fidelity and wisdom.

Resolved, That the Board be recommended to bring earnestly and directly before the churches that failed last year to contribute to its treasury, the importance of the cause itself, its relation to the other work of the Church, together with the pressing need of its present support, and to urge upon them, with the authority of this Assembly, the Christian duty of contributing hereafter to its support.

Resolved, That Presbyteries be earnestly urged to see that the claims of this Board be not overlooked within their bounds, and that Presbyteries and Sessions be urged to diligence and zeal in seeking out among the youth in their churches candidates who may be educated for the ministry by the Board; but also, and particularly, young men, who may be able to find an education for themselves without aid, and to urge upon these the claims of the ministry as against enticements to worldly professions and avocations.

Resolved, That our Pastors and Sessions be urged to remember this Board and its work, lovingly and faithfully at the Throne of Grace, in the ministrations of the sanctuary, believing as we do that if the officers of the Church pray for it earnestly the people will contribute to it liberally.

Resolved, That the following members, whose terms of office expire this year, be re-elected for a similar term:

Ministers—Samuel A. Mutchmore, D.D., J. H. Munro, D.D., E.

B. Hodge; *Laymen*—James F. Gayley, M.D., Charles H. Matthews, Esq., George S. Graham, Esq.

The Assembly adjourned, and was closed with prayer.

MONDAY, June 1st, 2 o'clock P.M.

The Assembly met, and was opened with prayer.

The minutes of this morning's session were read and approved.

The Report of the Board of Missions for Freedmen on the Titles to Property in its Possession, was taken up and approved, and directed to be printed in the Appendix.*

The Committee on the Charter of Biddle University was continued, to report next year.

The Report of the Standing Committee on the Freedmen was taken up, adopted, and is as follows:

The Standing Committee on the Board of Missions for Freedmen respectfully reports:

That there have been placed in its hands the Twentieth Annual Report of the Board and the minutes of the Board for the past year, both of which have been carefully examined. With devout gratitude to God it deserves to be noted that the record of the year just closed completes twenty years of labor in this department of Christ's kingdom. If the children of Israel were required to remember, all the way by which the Lord their God had led them during the forty years of the wilderness march, is it too much to ask that the Presbyterian Church shall pause for a moment to record its sense of God's distinguishing goodness, in the work accomplished among the freedmen of our land during the past twenty years? The Annual Report answers no! We must pause to trace the footsteps of our covenant God, and gratefully raise our Ebenezer. The Committee takes pleasure in calling the attention of the Assembly to that part of the Report, which briefly summarizes the history of our work among the freedmen. Like the stream of water in Ezekiel's vision, that work was small in its beginnings; but, like that stream, it has widened and deepened until it has attained such proportions as to challenge admiration and inspire devout thanksgiving. Who can attempt an adequate estimate of that work in its bearing on the colored race, and in its influence on the destinies of this great nation? Many of the forces which have been set in motion elude our grasp, and defy all effort to formulate them. As we contemplate the work accomplished, we can but exclaim with the Psalmist, as he looked out upon God's won-

derful works: "Many, O Lord my God, are Thy wonderful works which Thou hast done, and Thy thoughts which are to us-ward: they cannot be reckoned up in order unto Thee; if we would declare and speak of them, they are more than can be numbered."

Twenty years ago the General Assembly stood face to face with one of the gravest questions which ever pressed for an answer at its bar. It was this: What was to be done with the four millions of freedmen, from whom the shackles of slavery had just been struck, but who were still captives in the chains of ignorance, superstition, and moral degradation? The answer was: Educate, elevate, save them; and to this grand work the Church at once put her energies. In the judgment of that Assembly, as it looked out upon the mighty undertaking, it was "a work of vast magnitude," a work "beset with manifold difficulties." It is safe to say, in the light of history, that that Assembly neither overestimated the vastness of the work nor the greatness of the difficulties which beset it. Not the least among these difficulties was the fact that the work was necessarily an experiment as to the best modes of prosecuting it, and that the Committee to whose care it was intrusted held its very existence by uncertain tenure. As the years rolled on, however, and the Committee felt surer of its ground, a firmer and wider grasp of the work was taken, until it felt securely planted in the polity and affections of the Church by being erected into a Board; and to-day it may be safely affirmed that, with all the imperfections of the work accomplished, the Board has a noble record behind it, and a splendid future before it. Of this the Annual Report just submitted to the Assembly furnishes ample evidence, in the significant history which it recites and the suggestive outlook which it sketches. Let the figures speak, as far as figures can tell the story. There are enrolled to-day 198 churches, with 11,372 communicants; 194 Sabbath-schools, with 13,449 scholars; 77 day schools; three chartered institutions; three normal and two graded schools, with 8746 pupils, and a total missionary force employed of 246. Within this field there are six Presbyteries and one Synod. The work has been organized and carried forward in eleven States, and also in the Indian Territory. In three of these States and in the Indian Territory the work has been inaugurated within the past eighteen months. The record of the past year shows a steady progress in the work, and a determination on the part of the Board not only to enlarge the work in fields already occupied, but to extend its general scope by pushing out into other fields white to the harvest. Twenty-one churches have been added to the roll during the past year. Five of these are within the Choctaw Nation, Indian Territory, and were voluntarily transferred to our Board by the Southern Church. The transfer was made in the best of spirit, and with the deep conviction that we were better prepared than they to prosecute the work successfully. The aggregate of members added to the churches during the year

is 1698—1465 by confession of faith and 233 on certificate—being an average of eight to each church.

In reviewing the work of this Board too much stress cannot be laid upon the extensive and efficient educational work, which has been organized under its supervision and largely sustained by its funds. In this respect the Board has been loyal to the principle laid down by the General Assembly twenty years ago. That Assembly, under pressure of grave responsibility, in reaching out its hand to save the perishing millions of emancipated slaves, placed on record this noble deliverance: "The Presbyterian Church must be true to its historic doctrine and faith, that the hope of the African race, under God, is in *Christian Education*." In full sympathy with this deliverance, the Board has gone steadily forward, extending and strengthening its educational work. It has planted and sustained parochial schools, and schools of higher grade, including chartered institutions. To notice these institutions in detail is impossible within the compass of this Report, but they are earnestly commended to the attention of the General Assembly. It is the unanimous and profound conviction of your Committee that the Board, so far from abating aught of its zeal in this direction, should push this department of the work with all possible energy consistent with a wise regard to the field as a whole.

One of the most interesting features of the Report submitted to the Assembly is the record of the organization of Women's Work for Freedmen. This was in accordance with authority vested by the last Assembly in the "Women's Executive Committee of Home Missions." The record is: "Acting upon the recommendation of the last General Assembly, the Women's Executive Committee of Home Missions, with the coöperation of the Board of Missions for Freedmen, and the approval of the Board of Home Missions, organized a Freedmen's department, with headquarters at Pittsburgh, Pa." The organization of this department, which devolved very largely on the wife of our honored Secretary, involved a vast amount of labor, both in correspondence and personal visitation. The object of this branch of the work is three-fold, "First—To awaken an interest among the women of the Church in the condition of the freedmen, especially that of the women and children. Second—To collect the children into schools, and give them religious as well as secular instruction. Third—To reach the women by visiting from house to house, teaching them how to care for their families and make attractive Christian homes." The favor with which this new part of the work has been received justifies the opinion of those who advocated the undertaking, and augurs well for the future. It is worthy of special note that it has received not only the cordial coöperation of the Women's Executive Committee of Home Missions, but also of many of the Women's Home Missionary Societies in the Church. Already more than $3000 have been collected for this special work, and thirteen women have been commissioned for the field. Surely such a work

is worthy of the highest commendation, and is entitled to the recognition and coöperation of the Christian women in our Church.

Let us turn now to the *resources* of the Board in this vast and complicated work. Here there is abundant cause for devout thanksgiving, and food for serious thought.

It is encouraging to be assured that the Board "has received more money from churches and individuals and expended more for the general work than in any previous year." It is gratifying, also, to learn that besides the money collected by the Woman's department, already referred to, 366 of our Sabbath-schools sent an offering for the work. But all told, less than $100,000 passed through the hands of the Board during the past year. With such a work, and such comparatively slender resources with which to meet it, the wonder is, not that the Board reports a debt of $1660, but that the debt is not thousands instead of hundreds. Nothing but a wise administration of the funds received, could make such an exhibit possible. It ought to be understood, however, that this economy in outlay is not at the expense of our missionaries on the field. A comparison of the salaries paid our missionaries with those paid to white ministers of the Southern Church on the same field shows that, except in the case of a few large churches, the salaries paid by our Board are at least equal to those received by brethren of the Southern Church in the same region. This is not to say that in either case the salaries are what they ought to be, or what the Board would like to see them, but simply to show that economy of administration is not carried to the point of hardship to our missionaries. The plan of the Board has been to develop self-help on the part of the freedmen, and to push the churches steadily forward to the point of self-support.

If the question be asked, why is this Board straitened in its work for lack of means? the answer is to be found in part in the large number of non-contributing churches reported—no less than 3332, far beyond one-half of the churches enrolled in the Minutes of the General Assembly. Making all due allowance for the fact that many of the churches exist but in name, and that many others have but slender resources from which to draw, the humiliating confession must still be made, that hundreds upon hundreds of our churches remain indifferent to the solemn obligation devolving upon them in this direction. That much of this indifference is due to lack of information on the part of the people is evident, from the fact that wherever our Secretary has been able to present the cause, churches have been stirred and funds have been cheerfully contributed. Surely, there is in this a suggestive hint to every pastor, and to all Presbyterial Committees on work for freedmen to bestir themselves so far, at least, as to inform the people as to the pressing needs of this grand missionary field. It is high time that the Church at large should resolve itself into a committee of ways and means, to enable the Board to overtake the work which is increasing on every hand, and which cannot be declined without

injury to the cause, and without shrinking from the responsibility which God in His providence has laid upon us. The call for help waxes louder and louder. The Board says:

Never, perhaps, was the outlook of the work among the freedmen more promising than at present. Vast fields, white to the harvest, are open to us and ready for the Lord's reapers. There is no lack of devoted men and women, both white and colored, who are ready and willing to go to these great harvest fields if the Church is ready to send them. We should at once enter Mississippi, Alabama, and Texas, where we have not a single missionary among a colored population of 1,644,778, and from whom repeated and touching appeals have come to us for help. At two important points in Texas colored churches could at once be organized, had we the means to send ministers to them.

The same is true of other parts of the field. Surely, then, to turn a deaf ear to such calls is to prove false to a great trust committed to our hands; it is to ignore the important relation which the freedmen sustain to the Nation of which we are a part—a relation becoming more and more manifest and significant as the years go by; it is to forget the example of our Divine Lord, who preached the Gospel to the poor, and who, at the final consummation of all things, shall say to those who give that Gospel to the lowly: "Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me."

In view of the work already accomplished, and of the great door of usefulness which is opening wider and wider in this department of Christian effort, it is recommended:

1. That the fidelity, efficiency and economy of the Board in the management of the important trusts committed to it be heartily commended by this Assembly, that the minutes of the past year be approved, and that the Board be encouraged to increase and strengthen its work along the present lines of operation, so far as its funds will permit.

2. That pastors and Sessions be reminded of the fact that this work belongs to the Church at large, and, therefore, that its claims should be pressed upon the people with intelligence and earnestness, that ample opportunity should be afforded to all to give of their substance for its support, and that it ought to have a prominent place on the schedule of beneficence in all our Sabbath-schools.

3. That, in view of the success which has already attended the organization of a Woman's Department for Freedmen under the Woman's Executive Committee of Home Missions, and of the pressing demand for labor within the sphere marked out for this department, it be affectionately urged upon all the Women's Home Missionary Societies of our Church to give this work a place in their sympathies, their prayers and their benefactions.

4. That, as in the multitude of counselors there is wisdom, the Board be increased from twelve to fifteen members, and that these

members be so classified as that each class shall serve for three years. To reach this end, it is recommended that the following brethren be chosen to fill the terms herewith designated, to-wit: To serve for one year, *Ministers*—Elliot E. Swift, D.D. James Allison, D.D., and B. B. Warfield, D.D; *Ruling Elders*—James B. Lyon and Robert C. Totten; to serve for two years, *Ministers*—Samuel J. Fisher, John M. Richmond and J. P. E. Kumler, D.D.; *Ruling Elders*—John C. McCombs and Robert S. Davis; to serve for three years, *Ministers*—Edward P. Cowan, D.D., and Henry T. McClelland; *Ruling Elders*—W. C. Aughinbaugh, Charles W. Hubbard and J. F. Loy.

That part of the Report of the Committee of Delegates to the Council at Belfast, referring to the payment of money out of the Contingent Fund of the Assembly, was taken up, amended, adopted, and is as follows:

In order to act with efficiency in furthering the interests of Presbyterians scattered over the world, the Council found it necessary to appoint a Standing Committee with a permanent Secretary. The quota of annual expense of this Commission falling to our great branch of this Church is $1950, which your Committee recommend to be paid annually out of the General Assembly's Contingent Fund on and after May 15, 1886.

Resolved, That this General Assembly, having in view their right to determine the choice of the representatives of this Church in the Executive Committee of the Alliance of the Reformed Churches holding the Presbyterian system, do hereby recognize and appoint as members of said Executive Committee the following persons, viz: *Ministers*—A. Alexander Hodge, D.D., Charles A. Briggs, D.D., Samuel M. Hamilton, D.D., George F. Wiswell, D.D., William P. Breed, D.D., Charles S. Pomeroy D.D.; *Elders*—Morris K. Jesup, George Junkin, Dan P. Eells, F. W. Jackson.

The Special Committee appointed by the last Assembly on the reprinting of the Minutes, reported, recommending the reprinting of the Minutes from the years 1836 to 1860 inclusive. After the latter date copies of the Minutes are easily procurable, but prior to that date, owing to losses by fire and from other causes, many of the years are not obtainable. They also recommend that the expense of this republication be borne by the Board of Publication, and that the number of copies to be issued be left to the judgment of the Committee to be appointed to take charge of the matter.

The Report was adopted and the Assembly directed that the Stated and Permanent Clerks be a Committee to have charge of the printing of said Minutes.

The Report of the Special Committee on the case of Dr. John

G. Kerr, was referred to the Special Committee on the Report on the Records of the Synods of Pennsylvania.

The Committee appointed to prepare a minute on the death of the Rev. Robert L. Stanton, D.D., presented its Report, which was adopted, and is as follows:

The General Assembly records its tribute of respect for the memory of Rev. Robert L. Stanton, D.D., Moderator of the Assembly (O. S.) of 1866. It recognizes the faithfulness and efficiency with which he discharged the duties of the office, and the value to the Church of his service as pastor, editor and teacher. Sincerely sorrowing for the loss it has sustained, the Assembly hereby expresses its sympathy with the bereaved family.

Resolved, That a copy of the foregoing minute, attested by the Moderator and Stated and Permanent Clerks, be forwarded to the family of Dr. Stanton."

The Committee appointed to prepare an answer to the Protest of the Rev. Francis B. Hall and others, reported an answer, which was amended, adopted and is as follows:

The action of the Assembly is a re-affirmation of the action of former Assemblies, on the subject of Communion wine, to the effect "That the control of this matter, be left to the Sessions of the several churches, with the earnest recommendation, that the purest wine attainable be used." We find nothing in the alleged Protest that has any pertinency or application to this action, and therefore no further answer is needed.

"*Resolved*, That the Board of Publication be directed to issue a new edition of the Constitution, including the amendments ratified at this General Assembly, and under the direction of the Stated Clerk.

"*Resolved*, That the Board of Publication be directed, under the direction of the Stated Clerk, to publish a pamphlet edition of the Revised Book of Discipline, and that the said Board be also directed to send gratuitously by mail two copies of said pamphlet to every pastor and stated supply upon the roll of ministers, and one copy to every unemployed minister and vacant church, and said pastors and stated supplies be enjoined upon the reception of the two copies indicated, to lay one of them before the Session.

"*Resolved*, That the Board of Publication be directed to print an index to the Form of Government, the Book of Discipline, and the Directory for Worship, in connection with the copies thereof printed with the hymnal."

The following Presbyteries have not paid their full assessments, but have settled their own expenses, not drawing from any of the funds:

	Assessed.	Paid.
Chester	$397 88	$186 45
Lehigh	348 46	100 00
Nassau	182 34	39 07
Bellefontaine	190 00	25 00

The above payments, are certainly not according to the rules regarding the Mileage and Contingent Funds.

The whole amount of assessments unpaid is $1536.90. It will be seen that notwithstanding these deficiencies the receipts from all the Presbyteries as compared with the year 1884 are in excess, as follows:

Receipts for 1885	$40,000 10
" " 1884	37,794 28
Showing an increase of	$2,205 82

There are six Freedmen Presbyteries in attendance at the Assembly represented by seven ministers and six elders.

The total receipts for Mileage for 1883 were	$26,646 81
" " " " " 1884 were	27,703 00
" " " " " 1885 were	23,170 54
The total payments for Mileage for 1883 were	28,132 33
" " " " " 1884 were	23,236 87
" " " " " 1885 were	19,883 78

Showing a reduction in receipts for 1885 over 1884 of $4532.46 owing to a reduction of one cent in the apportionment, and showing a reduction in payments for the same date, of $3353.09.

In view of these facts, we recommend that the matter of Railroad arrangements for the transportation of Commissioners, be placed permanently in the hands of the Stated Clerk, and that he be paid the sum of three hundred dollars annually as compensation for these additional services.

The Committee express the hope, that the Synods will discourage the formation of small Presbyteries as needlessly embarrassing the Mileage Fund.

We offer the following:

Resolved, That the apportionment for the ensuing year of the present *per capita* rate of apportionment shall be four cents for Mileage, one and one-half cents for Contingent, and one and one-half cents for Entertainment expenses, which is the present rate.

Resolved, That the Chairman of the Mileage Committee is hereby directed to pay to William H. Roberts, D.D., Stated Clerk, the balance of $3275.61 money in his hands.

The unanimous thanks of the Assembly were tendered to Mr.

Henry L. Butler, Chairman, and to the other members of the Mileage Committee for the faithful and satisfactory discharge of their arduous duties.

The Stated Clerk was authorized to settle all claims for Mileage, exceeding the estimated cost of railroad fares in returning.

The Special Committee on Concerts of Prayer, presented its Report, which was adopted, and is as follows:

1. That the week beginning with the first Sabbath (3d) of January next, be observed by all our congregations as "a Week of Prayer" for the conversion of the world.

2. That the last Thursday (28th) of January next, be observed by all our churches and literary institutions, as a day of prayer for the influence of the Holy Spirit upon our colleges and seminaries and schools; that our youth gathered therein may be converted to Christ and more completely consecrated to His service, and that larger numbers of our young men may be inclined to seek the work of the ministry.

Resolved, That Rev. W. B. Noble, D.D., Temporary Clerk of the General Assembly, be unanimously authorized and empowered to cast the ballot of the Assembly for the following named persons as Trustees of the Presbyterian House, to wit: Samuel C. Perkins, Thomas J. Shepherd, D.D., Thomas L. Janeway, D.D., George Junkin, William T. Eva, D.D., Enoch Taylor.

The Moderator declared the above named duly elected.

Resolved, That in view of the omission of Section 65, of the Book of Discipline, the General Assembly hereby authorizes the Stated Clerk to make the necessary changes in the enumeration of the sections following.

Resolved, That this General Assembly, having heard of the intention of the Board of Publication to publish a new edition of Moore's Digest of the acts and deliverances of the General Assembly, do approve of such publication, and hereby recommend the same to the Church.

Resolved, That this General Assembly hereby records its sense of obligation to the Rev. W. E. Moore, D.D., for his faithful, diligent and skillful services in the preparation of the present Digest.

The Standing Committee on Bills and Overtures presented its final Report, as follows:

Overtures 1, 2, 3, are papers regarding the transfer of the Presbytery of Lake Superior, from the Synod of Wisconsin to the Synod of Michigan. This is asked for by the Synod of Michigan,

and resisted by the Synod of Wisconsin, and the Presbytery of Lake Superior.

Under these circumstances your Committee does not see its way clear to recommend the transfer; but as all parties agree that some readjustment of these boundary lines is desirable, we recommend that this whole matter be referred to the next General Assembly, and that the Synods of Michigan and Wisconsin be directed at their next meetings to appoint each a committee of five as a joint committee of conference on their boundary lines, that the Chairman of the Committee of the Synod of Wisconsin be Chairman of the Joint Committee, and that this Committee report to the next Assembly on the subject. Adopted.

Overtures 4, 5, 6, are requests from the Presbyteries of Washington City, Cleveland and Denver, asking for term service for deacons. We recommend that this be granted, and as instructed by the Assembly, in such form as to authorize each church to make either, neither, or both these offices, rotary. We therefore submit this form of Overture to be sent down to the Presbyteries:

Shall Chapter xiii, Section 8, be amended by inserting after the words "ruling elders" where it first occurs, the words "or deacons" and inserting in the first "Proviso" after the word Session the words "or the Board of Deacons," so that the first two sections shall read:

If any particular Church, by a vote of members in full communion, shall prefer to elect Ruling Elders or Deacons, for a limited time in the exercise of their functions, this may be done, provided the full time be not less than three years, and the Session, or the Board of Deacons be made to consist of three classes, one of which only shall be elected each year, etc. Adopted.

The following Report of the Presbyterian Historical Society has come to our hands:

The Executive Committee of the Presbyterian Historical Society beg leave to report to the General Assembly that they have in their library about 20,000 volumes and 60,000 pamphlets. They have also a capacious fire-proof building for the secure preservation of the records of Presbyterian churches and judicatories.

This Society is the only one in the land, devoted exclusively to the collection and preservation of the records of what Presbyterianism has done and is doing for the world. It is in great need of an endowment fund to make it thoroughly efficient. Fifty dollars constitute the giver a life-member, and one dollar a year an annual member. The Society earnestly appeals for larger donations and for mention among the legacies of Presbyterians.

We recommend that the General Assembly cordially commend the Presbyterian Historical Society to the attention and liberality of the churches and people under its care. Adopted.

We recommend the adoption of the following resolution touching a matter in which the practice of the Boards of the Church

differs, and to which we have been able to find no objection from any of the Boards:

Resolved, That each Board and Permanent Committee be instructed to send up its "Minutes" with its report, that these minutes may be reviewed by the Assembly on the report of the appropriate Standing Committee.

We also recommend the adoption of the following:

Resolved, That the Synods and Presbyteries under the care of the General Assembly are hereby strongly urged, not only to appoint Standing Committees in the interest of each Board and Permanent Committee of the Church, but also to direct the Stated Clerks to send the names of the members of these committees to the official headquarters of the appropriate Board or Committee. Adopted.

Several Overtures in regard to amendments to the Book of Discipline, have come into our hands since the Assembly voted to send down no further Overtures on that subject, we therefore recommend that no action be taken. Adopted.

The Standing Committee on Home Missions reported that they had received by reference, an Overture from the Presbytery of Aberdeen. They ask that it be referred to the Board of Home Missions, since its subject is entirely within their sphere. It was so referred.

The Special Committee on Indian affairs, through the Rev. George L. Spining, D.D., presented its Report, which was adopted, with special thanks to Dr. Spining, and is as follows:

The Assembly's Committee on Indian Affairs would respectfully report the accomplishment of a part of their work, and that the Government has removed the Nez Perce Indians, known as Chief Joseph's Band (among whom are one hundred and fifty members of the Presbyterian Church), from their unhealthful location in the Indian Territory, back to their native land in the Northwest.

The Standing Committee on Leave of Absence presented its Report, which was adopted, and is as follows:

The Committee on Leave of Absence would report that they have endeavored faithfully and diligently to discharge the duty imposed upon them by the Assembly, and after careful consideration have granted leave to the following persons to be absent on and after the date specified:

I. Narrative, Obituary and Fraternal Letters.

ANNUAL NARRATIVE

OF THE STATE OF RELIGION WITHIN THE BOUNDS OF THE PRESBYTERIAN CHURCH IN THE UNITED STATES OF AMERICA, MAY, 1885.

FINANCIAL CONDITION OF THE CHURCH.

1. Local Support.—A splendid demonstration of the devotion of Presbyterians to their Church and to the cause of Christ, is seen by a survey of the material achievements of the year. The past twelve months has been a time of business depression throughout the entire country. In the East a large number of manufactories have been closed. In the West grain has brought an unusually low price. People in moderate circumstances have had to curtail their expenses. Capitalists have experienced a great depreciation in their bonds and stocks. But in the face of all this there has come from every section reports of churches erected, mortgages removed, parsonages provided, buildings repaired, special enterprises begun, ministers' salaries paid. It is not extravagant to say that the material prosperity of the denomination never was as great as it is to-day. There are only two possible criticisms upon this aspect of the Church. One criticism is that, while congregations should be just as zealous as they are in promoting their own temporal affairs, they should be very careful to cultivate a commensurate missionary spirit. About seven million and a half dollars for the congregational expenditures, and about one million and a half dollars for the Church Boards has at least a flavor of selfishness. Another criticism is that while the Presbyterial Narratives generally state that the *salaries* of the ministers are properly paid, some attach the exceptional expressions "usually" and "in most instances." This indicates that the salaries of some ministers are not properly paid. It is the opinion of the Committee that the General Assembly should through this Narrative impress upon the Presbyteries their duty in this matter, and intimate to the negligent churches that fail to pay a pastor his salary, or to pay in such an irregular way as to embarrass him in the payment of his living expenses, has the emphatic disapproval of the Church.

2. Benevolent Contributions.—The tabulated statements show that the Presbyterian Church has fully sustained the reputation for giving which long ago placed her in the van of the denominations. Large, and in many cases increased, contributions, have been made to the Church Boards and to the miscellaneous charities. The matter of giving systematically has been

unusually emphasized in sermons and by publications. Many congregations have adopted the plan, and testify to its rich financial and spiritual results. The ladies of our Church have demonstrated more than ever their ability to increase the revenues of our benevolent agencies when they consecrate themselves to the noble enterprises the Church has undertaken. Special encouragement is found in the fact that associations of the young are being formed for *missionary* and charitable work; this is a guarantee for the contributing character of the Church of the next generation. But while rejoicing in what has been accomplished in this respect during the past year, we should aspire to a higher development of the grace of Christian giving until the Presbyterian Church becomes another Jacob saying unto the Lord "Of all that thou shalt give me I will surely give the tenth unto thee."

WORKING DEPARTMENTS OF THE CHURCH.

1. SABBATH SERVICES.—While the Narrative can announce as good an average attendance upon public worship as ever before, yet it is compelled to lament a growing disposition on the part of Christians to forsake the Sabbath evening service, and to substitute for it family and social gatherings. This increasing custom is to be deplored, because it sets too low an estimate upon the holiness of the Sabbath, tends to weaken spiritual life and influence, and encourages the adoption of the continental idea of making the Lord's Day partly a day of worship and partly a day of recreation. The evil is so prevalent among the churches that pastors are trying different methods for attracting evening congregations. One minister has adopted the following order of exercises: from 7.30 to 8 devotional services conducted by the young people; from 8 to 8.30 a sermon and prayer by the pastor; from 8.30 to 9 a meeting of religious inquiry and Christian testimony conducted by a member of the Session. But while in the endeavor to bring Christians to the second service, every legitimate effort is commendable, it is believed that a frequent and plain statement by the pastor of the duty of Christians will be the best way to produce a permanent reform in this matter.

2. SABBATH SCHOOLS.—The news from this important department of the Church is most cheering. A large number of schools have been organized. About every Presbytery reports an increased number of scholars and teachers. Bible Classes are more popular. It seems as if considerable progress had been made in the matter of Sabbath-school children attending church services. The Shorter Catechism is taught in a larger number of schools than ever before. Several Narratives report the organization of classes in the Bible Correspondence School. There are many complimentary testimonies to the methods and the helpfulness of the Secretary of Sabbath-school Work. But best of all the past year has been a time of gathering children into the Church; all the Narratives report some conversions among the young, and many make the blessed announcement that in the revivals in the churches of their Presbytery a very large majority of the converts are from the Sabbath-school. Out of one hundred and ninety Presbyteries one hundred and forty report a total of 20,000 additions to the Church from this department. Truly this is a most encouraging field of Christian labor. The Presbyterian Church can look with pride upon her great nursery. "Take this child away, and nurse it for me, and I will give thee thy wages," was what Pharaoh's daughter said to the mother of the infant Moses. "Take this child away, and nurse it for me, and I will give thee thy wages," is what Jesus Christ says to the Church concerning her precious children. Some of that nursing has been done the past twelve months, and some of the wages have been received.

3. PRAYER MEETINGS.—It is peculiarly gratifying to read of the revived interest in this time-honored and God-honored institution of the Church. Christians seem to have realized that a work of grace is not necessarily dependent upon famous evangelists or peculiar methods, but that resorting again to the place "where prayer was wont to be made," resulted in their receiving a baptism of the Holy Ghost. Their experience is illustrated by that of an elder of one of the country churches of Pennsylvania, who attended the meeting in Philadelphia that was held to make preparations

for the great revival services of Moody and Sankey. After listening for some time to the elaborate religious arrangements he rose and said "Brethren, you have your evangelist, and your singer, and your great hall, and your great choir, and your inquiry rooms, and your lay helpers, but what are we who are up in the country going to do to get a revival?" After waiting in vain some moments for an answer, he sat down with the sad reflection "Well! I guess we will have to fall back on the Lord!" That quaint remark just expresses the conclusion a great many of our churches arrived at last year; and as a result many of them have been greatly blessed through the instrumentality of the Prayer Meeting.

4. FAMILY RELIGION.—Your Committee infers from the Narratives that there is a sad deficiency in this respect in many so-called Christian homes in many parts of the land. Parents have shifted the responsibility of the spiritual culture of their children upon the Sabbath-schools, which be they ever so perfect can never take the place of the instruction of a godly mother or father. Household prayers have been inaugurated in some homes, and in others they have been abandoned. In the name of the General Assembly this Narrative would call upon parents to remember their vows at the baptism of their children, and to relight the flame of prayer upon the family altar.

DOCTRINE AND LIFE.

1. DOCTRINE.—The Church during the past year has not been disturbed by any startling heresies whithin her Communion. Much apprehension was felt by some at the arrival of the New Theology and the Higher Criticism; but still it may be said, as it was said in the days of the Apostles, "Nevertheless the foundation of God standeth sure." The kind of Gospel preached in our churches seems to be the same that Paul preached to the Corinthians, "Jesus Christ and Him crucified." Presbyterianism may be called "blue;" but it is indisputably true that it is as liberal as God's Word, and grants as much liberty of thought and preaching as is consistent with evangelical truth. Our denomination yet clings to the "old faith;" and even if the Committee for that purpose fail to place in Washington a monument to John Calvin, if the present condition of theological thought in our denomination is a sample of that of the future, the Presbyterian Church will be his more enduring monument.

2. LIFE.—It is thought that the conduct of professing Christians is quite as exemplary as at any previous time. The year has not been made dark by the unhappy fall of ministers, or the necessary discipline of members. Religion planted in the heart has brought forth in the life the graces of purity, and honesty, and philanthropy, and gentleness, and forgiveness and holiness, or as the Apostle puts it, "Whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report." It is true that there is among Christians an extreme fondness for amusements, and money, and secular reading, and social festivities. But it must be remembered that these are imperfections resulting not from the love of things wrong in themselves, but from an inordinate devotion to things intrinsically good. And improvement in this respect will not be accomplished so much by pastors laying down special rules as by their educating the conscience, and exalting the Perfect Man.

SPIRITUAL RESULTS OF THE YEAR.

Although the past year will probably not go down in history as a great revival year, yet it is doubtful if the Presbyterian Church has had many twelve months when so many of her congregations have received refreshings from on high. From nearly all the Presbyteries have come accounts of outpourings of the Holy Spirit. Very many report a large number of conversions. Some of the Narratives speak of something less than a hundred additions by confession; others put the number at two or three times those figures; and some go even higher. And the blessedness of the Heavenly shower is that it has fallen so universally. From the Synod of

New York to the Synod of Pacific, and from the Synod of Pacific to the Synod of China, and from the Synod of China to the Synod of India, round the whole Presbyterian world, the reviving drops have fallen. And there is more rain in the sky if every Christian will only be an Elijah to plead with God for an "abundance." Let us send up our faith seven times to Carmel's top, until the cloud no larger than a man's hand shall become a very storm reservoir, and our hitherto parched Samaria be deluged with the blessing.

GENERAL OUTLOOK.

The Church has done well; but she can do a great deal better. She can be more aggressive in her conflict with Sabbath desecration, and intemperance, and licentiousness, and legislative dangers. The Church is the mouthpiece of moral society, and "If the trumpet give an uncertain sound who shall prepare himself for the battle?" The Church should have fewer unemployed ministers, fewer vacant pulpits, more members realizing their Christian responsibilities, more candidates for the Gospel ministry. The year before us ought to be preëminently missionary. Monthly concerts should be better observed; every church and every member should contribute something to every Board; pastors should educate their people more upon the great enterprises which lie upon the heart of the Church; men, catching the spirit of their sisters in the Woman's Home and Foreign Boards, should also organize into missionary societies and double their contributions to benevolence; and "no retrenchment" should be our motto, or if there is to be any, in Heaven's name, let it be at the home churches' end of the line. Let our congregations and families deny themselves some of their luxuries, rather than have the Church deny her missionaries and teachers their necessities. And last of all, and most important of all, between the adjournment of this General Assembly and the convening of the next, we need a greater endowment of the Holy Ghost, for what are the poles and the wires and the carbon points without the electric flash that sets the circuit aflame? This General Assembly should be more of a soul inspiration than it usually is, and we should go back to our churches with our heads filled with facts and our hearts filled with the Spirit.

WM. H. ROBERTS,
Stated Clerk.

REPORT OF THE SPECIAL COMMITTEE ON THE PRESBYTERIAN ALLIANCE.

The Committee on the Presbyterian Alliance beg leave to report:

1. That at a meeting of the Delegates to the late Council of that Alliance at Belfast from the Church represented by this Assembly, Dr. George P. Hays was appointed to present to the Assembly a brief report of their attendance upon that body, and the Committee respectfully request that that Report be heard in connection with this Report.

2. A letter to this Assembly from the Free Evangelical Church of Bohemia, conveying Christian salutations, and appealing for Christian sympathy has come into the hands of the Committee. They recommend that the letter be read in the Assembly, and that the Assembly record its warm sympathy with those children of the martyrs, and its commendation of their Christian heroism in the effort to live and labor in freedom from State support and State control.

3. In order to act with efficiency in furthering the interests of Presbyterianism scattered over the world, the Council found it necessary to appoint a Standing Commission with a permanent Secretary. The quota of annual expense of this Commission falling to our great branch of the Church is $1950, which your Committee recommend to be paid annually out of the General Assembly's Contingent Fund, on and after May 15, 1886.*

4. The Council also appointed a Standing Committee on "Aid to Feeble Churches" on the Continent of Europe, and the American section of this Committee are asked to raise $10,000 of the $25,000 proposed to be raised in aid of the weak, but resolute, persecution-smitten churches of Bohemia and Moravia. The Committee recommend that the cause of these struggling saints be earnestly commended to the liberality of our Christian people.

5. Your Committee further recommend that a popular meeting be held in behalf of this cause on Saturday evening at 7.30 o'clock in the Second Presbyterian Church in this city; Dr. Breed to preside, and the meeting to be addressed by Dr. W. C. Cattell, and Dr. Geo. P. Hays.

6. The following additional resolution was also adopted:

Whereas, On the 17th day of October, next, two hundred years will have elapsed since, through the revocation of the Edict of Nantes by King Louis XIV of France, the Huguenots of France, our brethren in faith, were deprived of the sacred right of worshiping God according to the teachings of the Holy Scriptures and the dictates of their consciences, and were exposed to the most cruel persecution; and

Whereas, Those Christians of the Reformed household of faith by sacrificing their property, their earthly happiness, and even their lives for their religion, have set to us a most glorious example of fidelity and Christian heroism worthy of our profound admiration and zealous imitation:

Resolved, That this General Assembly recommend to the pastors of our Presbyterian Church, that on Sunday the 18th of October they remember in their services the noble example set to us by the Huguenots of France in 1685; offer thanks to Almighty God for this precious legacy, left to the Church of Christ, and invoke the special blessing of God on the labors of those noble brethren, who are at present engaged in the great and important work of evangelizing the France of our day.

REPORT OF THE DELEGATES TO THE THIRD COUNCIL OF THE PRESBYTERIAN ALLIANCE.

The undersigned, bearing proper commissions from our Presbyterian Church, attended the "Council of the Alliance of the Reformed Churches throughout the world, holding the Presbyterian system," which convened in Belfast, Ireland, June 24th to July 3d, 1884.

We also report that the following brethren, properly commissioned,

*Adopted separately, see Minutes p. 684.

attended the sessions of that Council, but not having seen this Report, are not responsible for its contents:

Rev. Wm. Irvin, D.D., Rev. D. J. Burrell, D.D., Rev. E. Kempshall, D.D., Rev. S. M. Hamilton, D.D., Rev. J. H. Nixon, D.D., Rev. E. L. Hurd, D.D., Rev. S. P. Sprecher, D.D., Rev. R. B. Welch, D.D., Rev. J. T. Leftwich, D.D., Rev. B. B. Warfield, D.D., and *Elders*—D. P. Eells, R. Gillis, W. K. Crosby, F. W. Jackson, Geo. Junkin, Robert McKnight, S. C. Perkins, D. Wills, and C. H. Langdon.

In accordance with the invitation of the Committee on Programme, the following brethren of our Church made addresses, or read papers before the Council: Rev. A. A. Hodge, D.D., Rev. E. D. Morris, D.D., Rev. David Irving, D.D., Rev. B. B. Warfield, D.D., Rev. R. B. Welch, D.D., Rev. C. S. Pomeroy, D.D., Rev. R. M. Patterson, D.D., Rev. Jas. A. Worden, D.D., Rev. R. F. Sample, D.D., Rev. Jas. M'Cosh, D.D., Rev. W. C. Roberts, D.D., Rev. J. H. Nixon, D.D., Rev. John Hall, D.D.

This was the third meeting of the Council, and was composed of two hundred and forty-nine members present. Sixty others had commissions, but were prevented from attending. The total roll has thus three hundred and nine names. It represents fifty-six churches, all of which by their union with this Alliance avow their adherence to Presbyterian Polity and the Calvinistic System of Doctrine.

Throughout the entire meeting there was the utmost fraternity and Christain love. While the interest was well sustained and often enthusiastic, in regard to the various matters which came before the Council, two matters called forth special concern and thoughtfulness. These were, First, The best methods of manifesting the unity and coöperation of the Reformed Churches in their work in their foreign mission fields, and the other was the most efficient ways by which aid could be extended from the larger and wealthier bodies to the struggling and tried Churches on the continent. The whole character of the meeting was one of zeal for the spread of the Word and Kingdom of our enthroned Christ and King. The Alliance kept true to its character as an alliance, in distinction from a supreme court, resulting from the organic union of the denominations composing it. The whole claim which the Council made for assent to its suggestions, recommendations and resolutions, consisted in the practical wisdom of these plans and their accordance with the Word of God and the indications of providence, and not in any authority claimed by the Council or conceded to it. Each Church, large or small, is left entire independence in its action, and is held solely responsible for its own statement of doctrine and methods of administration of government.

The statistics and proceedings of the Council have been published in the form of a handsome volume, a copy of which we take pleasure in laying on the table of this Assembly as part of this Report.

The Council adjourned to meet in London in 1888, at which time we trust that our Church will be fully and ably represented. (Signed.)

FRATERNAL LETTER

FROM THE GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH IN THE UNITED STATES.

To the General Assembly of the Presbyterian Church in the United States of America:

Dear Brethren:

It is again our privilege to send you our Christian salutations and our assurances of abiding fraternal feelings. It will be our earnest endeavor to

maintain our pleasant relations with your venerable body and the Church you represent, and sedulously to guard against any course of action that may in any degree mar the cordiality now so happily existing.

We note with unfeigned pleasure the great work which the Lord has enabled your Church to do in the upbuilding of His kingdom. That the means of grace have been so made effectual that large numbers, as we learn, have been gathered into many of your Churches at home, and your Foreign Missions have proved a great blessing in heathen lands, is to us, as well as you, a source of joy and thanksgiving; and we pray that the Great Head of the Church may bless and prosper you even more abundantly.

In that part of our common country in which we dwell, and in which Providence calls us to labor, the Lord has opened for us a door wide and effectual, which we trust no man can shut. For this work, to which we are called and in which we are engaged, our Church is in part well-equipped with suitable agencies; and our people are, to some extent, awakened to a realization of the great responsibility devolved upon us to occupy the land.

We have two theological seminaries for the training of white candidates for the ministry, and one for the training of colored candidates, conducted by men able, learned, and godly. Whilst not so many of our young men are seeking the Gospel ministry as we could wish, yet it is gratifying to know that the number of candidates is increasing.

The executive agencies of our Church for the conduct of Home and Foreign Missions, Education and Publication, are in the hands of brethren who have the esteem and confidence of the whole Church, and who are doing efficient work in their respective departments.

Our Foreign Missions generally exhibit encouraging progress in the fields occupied, and it is now proposed to open a new Mission in Japan. The Domestic Mission work, in almost every Presbytery of our extensive territory, has the manifest blessing of God. The office of evangelist is becoming more appreciated in our Church, and this agency for aggressive work is more generally employed by our Presbyteries than formerly. In some parts of our Church, notably within the bounds of the Synod of Kentucky, the labors of evangelists have been greatly blessed in enlarging the Church.

We are anxiously desirous to do what we can to evangelize the freedmen; and we are endeavoring to devise and carry out the wisest measures for the end in view. We are training such colored ministers to labor among their own race, as can be brought into our Institute; and as far as we can we are organizing churches of colored people, believing, as the result of our own observations and experience, and the experience of other denominations, that a separate organization, kept for a limited time under our tutelage, affords the best solution of the difficulties encountered in evangelizing this race, and presents the most hopeful method of their moral and spiritual advancement.

Our Publication cause is in a great measure relieved of the embarrassment under which it suffered for years; and the way is now opened for enlarged usefulness in spreading religious literature. Besides circulating our own works, we avail ourselves of many of your excellent publications, upon the very favorable terms offered by your Board of Publication.

The statistical information presented to the present Assembly has not yet been summed up, but we believe our Church is making gratifying progress in every department of her work.

That our two Churches may work in harmony and love in our common cause, and be prospered each in its respective sphere, is our fervent prayer to the Great Head of the Church.

ANSWER TO THE FRATERNAL LETTER.

To the General Assembly of the Presbyterian Church in the United States:

DEAR BRETHREN:

Your very welcome and cordial letter of greeting of May 23d was received and laid before the Assembly at its sessions in Cincinnati, and its Committee was directed to prepare and forward a reply "expressive of affectionate regard for our Southern brethren, and of hearty sympathy with them in their work."

It would have given the Assembly great pleasure to have received from your venerable body, as in former years, the warm grasp of the hand through such men as have spoken to us in your name, and thrilled our hearts with their words of fraternal sympathy and assurances of cordial coöperation, in the great work which our Lord has given both you and us to do. We recognize your decision to communicate by letter, as being in uniformity with your methods, and none the less expressive of the feelings, which we trust, actuate both bodies, of fraternal confidence and sympathy, and the desire to aid each other in the great work of advancing the cause of religion in all parts of our common country.

We beg you to regard us as always ready to give, or to receive, any aid of sympathy or of coöperation by which you may help us, or we help you, in sustaining and advancing the cause of Christ through the Church we love.

We are glad to know that the blessing of God has rested upon your churches in the past year, as shown by the expansion of your work and the ingathering of souls. We rejoice in the fact that the way is opening to you more and more, for the hiding of the Gospel-leaven in the masses of the colored people through the ministry of the Word, and the labors of godly men and women teaching and distributing the Bible and religious publications.

Our work, as a Church, has been prospered by its Head. Conversions have been many, and our congregations have been enabled to provide themselves with better facilities for their work, in the way of building, and of removing debts.

Home and Foreign Missions have been prospered beyond precedent in the results of the labors of God's servants. But we are confronted at the close of the year, with a large debt upon the two great Boards; the result, not of the falling off of the contributions of the churches and their living members, but, in part, of an unusual diminution in legacies; and still more, from the growth and expansion of the work, both at home and abroad. We confidently expect, however, that this deficit will be promptly met by a special collection in all our churches, and that the work will go on unhindered. The depression in business has stimulated migration from the older portions of the country, and the extension of the railways has spread the population over vast areas of new land, taxing to the utmost our powers to keep pace with the Gospel and its institutions, with the amazing expansion in numbers and in area.

In conclusion, we adopt and reciprocate your closing sentiment, "That our two Churches may work in harmony and love in our common cause, and be prospered each in its respective sphere, is our fervent prayer to the Great Head of the Church."

LETTER FROM THE FREE EVANGELICAL CHURCH OF BOHEMIA.

Most excellent General Assembly of the Presbyterian Church in the United States of America:

In the year 1863 it pleased the Lord, as the King of His Church, through the labor of two Bible colporteurs, in our exclusively Roman Catholic neighborhood, where only few persons, scattered abroad, belonged to the Evan-

gelical Churches of Augsburgian and Helvetian confessions, to awake and finally to bring to the life, which is by faith, a certain number of souls, who, by diligently reading the Word of God, and gathering together to common services conducted by those two colporteurs (Franciscus Hauck and John Balcar), came to the conviction of the exceedingly great sinfulness and damnableness of all men in general and of every sinner in particular. With a deep sorrow in heart these awakened souls sought the grace of the Lord in the merits of Jesus Christ, and forgiveness of sins in His cleansing blood. When, by the grace of God, some of them received the assurance of their salvation, they felt a need of more closely joining together into an ecclesiastical body, based upon the Word of God, in order that, standing at the banner of Jesus Christ, they might bear testimony before the world to the truth of God.

They had, however, no right thereto and no protection by the law in the Empire of Austria at that time, on which account their consciences were oppressed; for there was no order and discipline in any of the Churches legally acknowledged in Austria. These Churches were subjects to the supreme power and authority of the State, and it was not allowed even to get out of the State-Church and to join any other not acknowledged by the State.

When, however, on the 15th of May, in the year 1868, the government passed a law permitting to depart from the acknowledged Churches, and to choose a confession though not sanctioned by the law, a number of about forty persons left the State Churches (mostly the Roman Catholic Church), and united into an ecclesiastical body upon the basis of God's Word, as "*The Free Evangelical Church of Bohemia.*" Yet they had to struggle with many difficulties, because no legal provision was so far made, to regulate their relation to the State. First of all, on the 9th of April, in the year 1870, a law was given by which the religious affairs of those persons not belonging to any State Church were arranged in such a way, that the matriculation of the members of non-legitimate Churches, in cases of birth, death, and marriage should be conducted by the district courts, and that marriages should be performed by civil officers. In this way the existence of religious associations not sanctioned by the State was made possible, though they have no right even by this time, to corporate independently from the government.

"The Free Evangelical Church of Bohemia" has, besides the Holy Bible, adopted as its Books of Symbols: the Westminster Confession of Faith, the larger and the shorter Catechisms, and the Presbyterian "Form of Government." In the year 1870 it elected John Balcar, who heretofore had been engaged as Bible colporteur, to its pastor, who was consequently, by a Classis of the Old Reformed Church, at Emlichheim (Earldom of Bentheim, Ostfriesland) on the 28th of September, in the same year, tried in the theological branches and ordained to the office of the ministry. The parish which now received its own pastor, consisted at that time of about fifty adult members belonging to the most poor class of mountain people, who could not sustain their minister. Still, the latter, relying upon the faithfulness and goodness of God, decided to supply the pastoral office of that poor congregation, which he does still now without having any fixed salary. This church has now a number of more than one hundred communicants and about one hundred and eighty members,* having organized a Sunday-school, with a superintendent and five male and female teachers. Besides, they sustain an evangelist, and an instructor in church vocal music, who, at the same time, is preparing for the calling of an evangelist.

Though this congregation is exceedingly poor, yet it pays to its minister a yearly support of 180—200 florins (= 72—80 dollars); which, of course, constitutes only one-third of what a clergyman needs for his own and of his family competence. Thus far the goodness of God provided for the pastor of this parish in manifold ways; during some years it was especially the American "*Mission Board*" in Prague, that supported him. But, as this Church did not unite with that Board when the latter organized its own Church in Prague and vicinity, it was to be expected that this support would, at some time, cease; which actually has occurred.

* The number of communicants is, according to an exact census, 115; the number of members 213.

This Church had, from its very beginning up to this time, to struggle with many troubles, and, without doubt, it will have to struggle still farther; but as the Lord has thus far cared for us so faithfully, we are hoping for His farther help. It should also be mentioned, that the congregation has, since 1880, its own church edifice in value of 4000 florins, in which there is a hall for church services and residence for the minister. This edifice has been erected partly from their own contributions, but in most part from gifts of kindness of other Churches, for which we have abundant reason to render thanks unto the goodness of God. Notwithstanding its great poverty, the church, without being compelled or pressed on in any wise, contributes in average about 400 florins per year to the subsistence of its pastor, to the management of the services, to various church expenses, to the support of the poor, and to the upholding of Mission work.

The inner estate of the congregation, though it can in no wise be reckoned as perfect, for the human misery and corruption is seen with all its members, yet it is characterized by love to the Word of God, by the life which is by faith, and which consists in acknowledging man's own misery, in appropriating to himself the salvation in the merits of Christ and in avoiding the world and its sins. The Lord's Day is observed in that every member conscientiously abstains from all secular occupations and entertainments, and in that the worship is diligently attended to as well in the afternoon as in the morning, which even the greatest inconveniences are not able to prevent. The Christian discipline is observed most strictly according to the Word of God in the spirit of love, so that every stumbling or falling one is reminded by the elders and the pastor, in case no true repentance is obvious, suspended from communion; those of obviously offensive conduct, scandalizing others and showing no repentance, being excluded from the church.

So far, about the inner estate of the parish. We are persuaded that it pleased the Lord, to call into existence this congregation in so dark a corner of the Empire of Austria, in order that Jesus Christ as the King of His Church might hold up there His royal banner. We also have resolved, never to yield to the power and authority of secular government the kingly rights of Christ, that belong to Him alone as the King in the Church of God, and we believe, that our King Jesus Christ will certainly sustain us therein; while, on the other side, we require obedience to be yielded to the "higher powers" by every church member in all secular and political affairs, as it becometh to every Christian.

Most excellent General Assembly: Addressing to you our brotherly salutation, we add the humble petition, that our brotherly Church may not regard it as grievous, to console us by words of comfort, and kindly to remember us in the supplications before our King Jesus Christ and God our Father; for, though we live not among heathen of Africa or Asia, yet we live in the midst of modern heathenism, materialism, gross infidelity, abominable superstition, and superficial Christianity of the degenerated population of Europe. The afflictions we have to meet are severe, our wants sensitive, our poverty unusually great; so that we cannot develop our missionary and evangelizing activity as needs demand and as we desire to do.

Repeating our salutation, we wish peace and blessing of the Lord to the Presbyterian Church of America, and abundant grace to all that call upon the Lord and are working for the advancement of His Kingdom and glory. Amen.

In behalf of "*The Free Evangelical Church of Bohemia*,"

JOHN BALCAR, *Minister*,
JOSEPH PTACEK, *Clerk*.

LETTER FROM THE REFORMED EPISCOPAL CHURCH.

To the General Assembly of the Presbyterian Church.

DEAR BRETHREN:

As the duly appointed delegate of the General Council of the Reformed Episcopal Church, to convey to your Body its fraternal salutations, I hereby take the greatest pleasure in discharging that agreeable duty.

We recognize in your great Church, standing up so loyally for the grand essential doctrines of our holy Christianity, one of the mightiest agencies used by our Divine Redeemer for the evangelization of the world. Wherever you have gone, pure morality, high learning, diffused education, political freedom, and deep spirituality have gone with you. We rejoice in the signal successes you have already won in carrying forward the cause of Christ, and pray that they may be but the promise of still grander achievements in the future.

We acknowledge with gratitude to our Heavenly Father the blessings which have rested upon us as a Church, in our endeavors to present the Gospel of the Son of God free from Ritualistic or Romanizing corruptions. Though comparatively few in numbers, we are yet resolute in heart to maintain the foundation truths which the Reformers of the Church of England, the Scotch Presbyterians and the Continental Reformers, so nobly upheld together, when struggling to be free from the trammels of the Church of Rome.

Our hearts have been made glad by the expressions of sympathy and good-will, which we have received from the beginning of our history to the present time, from the Presbyterian Church, and we earnestly hope that our supreme allegiance to the one Prophet, Priest, and King, will continue to cement the fellowship we have one with the other as the years shall go on. I remain, Dear Brethren,

Fraternally yours,

SAM'L FALLOWS,

Bishop of the Reformed Episcopal Church.

ANSWER TO THE LETTER FROM THE REFORMED EPISCOPAL CHURCH.

CINCINNATI, OHIO, May 27th, 1885.

Right Rev. Samuel Fallows, D.D., Bishop of the Reformed Episcopal Church.

DEAR BROTHER:

It affords us great pleasure to receive the "fraternal Salutations" of the Reformed Episcopal Church and its high estimate, through you, of the learning and doctrines and influence upon the whole Church of Jesus Christ, and the world, of the Presbyterian Church in the United States of America. Sensible of our many shortcomings we propose to stand, by God's grace, upon the old foundations, and to go forward in the paths in which we have so long walked, and also to enter every opening for service to the Master that may present itself. It cheers our hearts to recognize your Church as a fellow-laborer with ourselves in making known the unsearchable riches of Christ, in bringing men to repentance, in establishing Christians in the faith of the Gospel. May the blessings of the Triune God rest upon you and the denomination you represent, and upon all who love our Lord and Saviour Jesus Christ.

Yours sincerely,

E. R. CRAVEN, *Moderator.*

Ralston and Wisner from the Allegheny Theological Seminary; Messrs. E. E. Clark and R. Edwards from Lane Theological Seminary; Mr. William Fraser from the Presbyterian Theological College at Montreal, and Mr. Matzinger from the German Reformed Theological Seminary at Lancaster, Pa.

The total number of students during the session has been:

Graduate Students (including Hebrew Fellows),	4
Special Students,	4
Senior Class,	38
Middle Class,	47
Junior Class,	52
Total,	146

Of the graduating class, five expect to go upon Foreign Missions, and five hope to go if obstacles now in the way should be removed; five are going to the Home Missionary field; seven are already called or have immediate prospects of settlement as pastors of churches; and six are expecting to continue their studies in this country or in Europe.

The students have been actively engaged in voluntary religious work in the town and neighborhood, more than ninety of them being regularly organized for the purpose, and having weekly opportunities for service. This is altogether apart from the preaching which is done out of town by members of the senior class. Fifteen prayer meetings have been efficiently maintained, including a service every night in the tramp house, and a Gospel meeting on Sunday for young men of the town, for which a room has been leased for a term of years, and fitted up for the purpose. Teachers are supplied, in addition, to seven Sunday-schools. Some of the reports from these meetings indicate large attendance and increasing interest.

Early in the session, the Inter-Seminary Missionary Alliance met in this place. It was very fully attended. The papers and addresses were of great interest, the meetings were spirited, and it is believed that a profound missionary feeling resulted.

The Seminary is much indebted to the Rev. J. L. Russell, of Altoona, Pa., for a course of six lectures on the subject of hymnology, to which Mr. Russell has devoted great attention. The lectures were given without remuneration, and proved exceedingly instructive and interesting to all who heard them.

The course of lectures on the L. P. Stone foundation was delivered in the spring, by the Rev. D. S. Gregory, D.D., of Lake Forest University, Illinois, on the subject, "Philosophy, its nature and tests." They are to be printed in a permanent form, and it is believed that they will prove a valuable con-

tribution to the literature of the subject of especial advantage for students, for which class of hearers they were originally designed.

The Faculty have appointed Mr. J. D. Davis, now the George L. Green Fellow, to be tutor in Hebrew on the completion of two years' study in Germany in Assyriology and Old Testament literature.

The following thirty-four students have received certificates of their graduation, viz:

A. C. Armstrong, Jr.,
Frederick G. Coan,
Roderick P. Cobb,
Thomas D. Elder,
Charles Edward Fay,
George C. Frost,
Frank P. Gilman,
Henry Goloknath,
James A. Gordon,
George F. Greene,
Gerard B. F. Hallock,
Robert C. Hallock,
Wm. G. Hanna,

Wm. T. Overstreet,
James Coffin Perkins,

II. AUBURN THEOLOGICAL SEMINARY.

THE Governing Boards of the Seminary report as follows, for the year ending May 7, 1885, to the General Assembly of the Presbyterian Church in the United States of America:

The control of the Seminary is vested in a Board of Trustees and a Board of Commissioners. The Trustees have the immediate care of the Seminary, and the management of its estate, both real and personal. The Board of Commissioners is composed of a representation of two clergymen and one layman, from each of the Presbyteries in what were formerly the Synods of Albany, Central New York, Geneva, and Western New York; namely, the Presbyteries of Albany, Binghamton, Buffalo, Cayuga, Champlain, Chemung, Columbia, Genesee, Genesee Valley, Geneva, Lyons, Niagara, Otsego, Rochester, St. Lawrence, Steuben, Syracuse, Troy and Utica. The Commissioners fill the places of the Trustees as they become vacant; appoint the Professors; and, with the concurrence of the Trustees, fix the salaries and make all necessary appropriations of funds. Each Commissioner holds his office three years; one going out of office and the Presbytery supplying

his place by a new election, each year. Vacancies occasioned by removal are filled by the Presbyteries as they occur. The appointments of Professors are reported to the General Assembly of the Presbyterian Church. A Committee of Visitors to the Seminary is appointed by the Synod of New York. The Examining Committee, on the part of the Commissioners, is composed of those members who are serving their third year of office.

The OFFICERS of the Board of Commissioners for the ensuing year are:

III. WESTERN THEOLOGICAL SEMINARY.

1. ANNUAL REPORT OF THE DIRECTORS.

THE Board of Directors of the Western Theological Seminary, Allegheny, Pa., present to the General Assembly the following as their Fifty-eighth Annual Report:

Since the date of the last Annual Report, the following twenty-eight students have been admitted to the Seminary by matriculation:

Matthew Rutherford,	" " " "
William Saugree,	Westminster College.
Brevard D. Sinclair.	
Robert F. Smith,	Washington and Jefferson College.
William Wallace,	" " " "

Of these, one entered the Senior Class, and one the Middle Class.

Mr. James C. Sheerer, who was matriculated on September 2d, 1879, but stopped his studies with us at the end of the middle year, and Mr. William McC. Hays, who was matriculated on October 31st, 1879, but left near the end of the middle year on account of sickness, have been added to the list of students. Mr. Kuhn, who had been in the institution but a short time in 1882, has been dismissed to Lane Theological Seminary.

The whole number of students in the various classes has been as follows: In the Senior, fifteen; in the Middle, twenty, of whom one has been irregular and one has been absent; in the Junior twenty-six, of whom one has been absent. There has also been one resident graduate. The whole number of students has thus been sixty-two.

Just before the commencement of the Seminary term, Prof. Thomas H. Robinson, D.D., was disabled by sickness from the execution of his full work. In these circumstances, Rev. William O. Campbell, who had already had a year of experience in such service in this Institution, at the earnest solicitation of the Board, agreed to take the department of Homiletics. The Board recognized his valuable services, extending over two years, by a special vote of thanks.

The health of the students has been remarkably good. To this general statement, however, we are called at the last moment to make one sad exception. Mr. Elwood C. McCune, of the graduating class, was suddenly called away by death. Returning from the burial of a sister, he was prostrated by pneumonia, and died on the 14th of April. In ability he was unsurpassed by any in his Class.

The Young Men's Christian Association of Pittsburgh have kindly placed their well-equipped gymnasium and bath-rooms at the disposal of the students free from all charges.

Six lectures have been delivered, on the basis of the Elliott Lectureship, by the following ministers: Henry C. McCook, D.D., Simon J. McPherson, D.D., Nathaniel West, D.D., William M. Taylor, D.D., Carroll Cutler, D.D., and Sylvester F. Scovel.

James A. Worden, D.D., also delivered a course of lectures on the Pastorate and the Sabbath-school. All these lectures were well attended and highly appreciated.

Missionary meetings have been held once each week, and have been full of interest. During the term addresses have been delivered by Rev. B. C. Henry, of Canton, China; by Rev. W. H. Robinson, of the Gaboon and Corisco Mission; and by Rev. Gerald F. Dale, of the Syria Mission.

At the meeting of the Board in April, 1884, it was agreed that instruction in Systematic Theology be commenced with the Junior Class, and completed at the close of the second year of the course, and that instruction in Apologetics be confined to the Senior year. This change in the curriculum has been satisfactory to all parties.

During the summer of 1884, through the kind exertion of the ladies of Pittsburgh and Allegheny, the rooms of Memorial Hall were thoroughly renovated and refitted, and provision was made for suitable attention to and oversight of the same.

The following students, having completed the course of study prescribed, were granted the usual diploma:

Will G. Banker,
John M. Boggs,
William P. Braddock,
Allan D. Carlile,
Hugh F. Earseman,
Robert W. Ely,

*Elwood C. McCune,

The following change has been made in the Board of Directors: Rev. O. A. Hills, D.D., has been elected in place of Rev. Robert Hays, D.D., of the Class of 1887, who had resigned. The Class of 1885 was re-elected and made the Class of 1889.

II. THE FACULTY.

In view of the existing environments of the Seminary, the Board have deemed it wise and prudent to make no change, for the present, in the affairs and conduct of the Seminary, leaving the three vacant Professorships unfilled, and continuing Professor Yerkes in office to give instruction in the various departments to as many students as may be received into the Seminary during the coming year.

In the past year, only one student has been receiving instruction under this arrangement, viz: Mr. Bruce, a candidate for the ministry under the care of the Presbytery of West Lexington. We firmly believe that this Seminary, with its precious history and its valuable property, is reserved by the great Head of the Church for the accomplishment of a vast work in His kingdom.

The Librarian reports that a few volumes and pamphlets have been donated to the library during the year.

All of which is respectfully submitted,

A. C. DICKERSON, *President.*

IV. LIBRARY.

There have been added to the Library, during the year, by purchase, 32 volumes, and by donation, 561 volumes.

V. FINANCES.

The care of the finances of the Seminary is intrusted by the Board to nine Trustees, immediately responsible to the Directors. These are, for the coming year, as follows:

William C. Goudy,
Horace A. Hurlburt,

Cyrus H. McCormick, Jr.

The following is a summary view of the financial condition of the Seminary:

1. The Permanent Funds and Real Estate.

Total deficit,		$45,161 65
Above deficit met by Gift of McCormick Estate,		$45,161 65

These deficiencies arose in part from the insufficiency of the income of the Institution, and in part from changing a portion of the Endowment Fund from the form of loans on bond and mortgage to that of houses erected for rental on the lands of the Seminary. In behalf of the estate of the late Hon. Cyrus H. McCormick, his widow, Mrs. Nettie F. McCormick, and his son, Cyrus H. McCormick, Jr., have added $100,000 to their previous munificent gifts,—of which sum $45,161:65 meets the deficiencies of the past years, and the remaining $54,838.35 is added to the General Endowment Fund, in order to make the income of the Seminary equal to its necessities.

3. Summary of Gifts of the Year.

This Seminary has been blessed during the past year with liberal gifts from generous friends.

From individuals and churches for furnishing the new "McCormick Hall,"	$7,000 00	
From Tuthill King, Esq., toward the endowment of the "Tuthill King Chair of Biblical and Ecclesiastical History,"	20,000 00	
From the McCormick Estate, as already noted,	100,000 00	
Total for the year,		$127,000 00

Appropriate action was taken by the Board of Directors in the case of these gifts. The benefactions of Mr. McCormick, personally and through his executors, to the Seminary, amounting, up to the present time, to nearly

$450,000, will stand as a monument to his liberality and devotion to the cause of Christ in the Presbyterian Church, and will bear his name to coming generations. In accepting the recent gift, the Board took action unanimously, as follows:

"*Resolved*, That the Directors unite with the Trustees in requiring the finances so to be administered that, the expenditures shall be kept within the income, and that no debts be contracted unless the funds are in the hands of the Treasurer to meet such indebtedness."

In view of these munificent and unselfish benefactions on the part of the McCormick family, the Board of Directors request the General Assembly to elect Mr. Cyrus H. McCormick, Jr., a Special and Perpetual Director of the Seminary, in the place of his father, Hon Cyrus H. McCormick, deceased. We therefore ask, that this General Assembly re-enact Section 2 of Article II, of the Constitution of the Seminary, adopted by the Assembly of 1882, with the required change of name, etc., as follows:

"ARTICLE II.

"*Section 2.* In just recognition of the relations of the late Hon. Cyrus H. McCormick and his family to this Seminary, Cyrus H. McCormick, Jr., is hereby constituted, from this time forth, a special member of the Board of Directors of the Presbyterian Theological Seminary of the Northwest, to qualify as, and to be entitled to all the prerogatives of other full members of the Board, and to continue in the office during the term of his natural life, or until he shall resign."

VI. DEATHS IN THE BOARD.

Two honored and beloved members of the Board of Directors, Cyrus H. McCormick and Claudius B. Nelson, passed away during the last year, prior to the annual meeting of the Board of Directors in April. The places of both are difficult to fill. The former may be regarded as the establisher of the Institution in its present position in Chicago, where he has always been its strongest and most constant supporter. The latter, since the Reunion of the two branches of the Presbyterian Church, has been, next to Mr. McCormick, the largest contributor to the funds of the Seminary, and one of its most prudent and spiritual counselors. Each servant in his place faithfully did his Master's will, until called to his reward.

At the moment when the original draft of this Report was being adopted by the Executive Committee, a third member of the Board was suddenly called home. Hon. Samuel McClelland Moore, LL.D., died of heart disease, April 25th, 1885. He had been for many years a member and Chairman of the Executive Committee. "His services in behalf of the Institution have been continued for a long period, and have entitled him to the grateful regard of his associates and of the friends of the Seminary, and of the general cause of educating and training young men for the ministry." Genial and cultivated as a Christian gentleman, useful and devoted as a Presbyterian elder, successful and distinguished as a lawyer and jurist, affectionate and faithful in all the associations of private life, Judge Moore came to the end of a long career, honored by educational institutions, by the State and by the Church he loved so well, and greatly beloved and sincerely mourned by a wide circle of attached friends, and passed to receive the welcome of the Master he had so long and faithfully served.

VII. SCHOLARSHIPS.

The Seminary has great need of an increased Scholarship Fund. The Scholarships endowed in full or in part are as follows:

2. The Powers Scholarship, founded by Orlando Powers, Decatur, Ill.
3. The Bruen Scholarship, founded by Dr. A. M. Bruen, New York, N. Y.

Respectfully submitted, in behalf of the Board,

R. B. MASON, *Chairman Executive Committee.*

DANIEL S. GREGORY, *Secretary.*
Chicago, Ill., May 2d, 1885.

VIII. BLACKBURN UNIVERSITY.

BLACKBURN UNIVERSITY by the election as Trustees of Rev. David S. Johnson, D.D., of Springfield, Ill., and John E. Haynes, of Alton, Ill., has now a complete Board.

The Constitution of this institution, with the curriculum of a regular college, and by its charter having also permanently a Theological Chair and Department, necessarily renders its resources, faculty, and students for the ministry, somewhat complex for statement.

As indicated in previous Reports, while it is the required policy to provide a full course of studies in the Theological Department, in the various lines of such course for those who choose to take such course here, and while a goodly number who have had their entire course here, are showing themselves workmen needing not to be ashamed, in the pastoral and missionary work in different parts of this and foreign lands, as well as in responsible positions at the head of college and other important enterprises. Yet it is not the policy to discourage our students from taking at any stage of their course the advantage of the fully equipped and completely manned Theological Seminaries of our Church. Hence during the current year students from this institution have been completing their Theological course at three of our Theological Seminaries, while in Blackburn University two students, a Bohemian, whose translation of an important communication from the Presbyterian Church of Bohemia, will be presented to this General Assembly, and a German, have completed their entire course, and after their graduation at our approaching commencement, expect to be ordained to the work of the ministry by the Presbytery of Alton, by whom they have been already licensed. Of the sixteen students for the ministry in different stages of their studies here, twelve are connected with our Board of Education.

These young men are, while in these studies, engaged in active Christian

work, and in their life in the institution are a centre of good influence, while as members of various Christian associations they are both of value now, and are preparing themselves for still wider influence and usefulness hereafter.

Several feeble and growing churches have been strengthened by the ministrations of some of these brethren during the past year. Our increase of students from the Germans from year to year is a special feature, and as we are in the vicinity of quite a large German population, embracing not a few German Presbyterian churches, who are inclined to look toward Blackburn University, and from whom there is more and more promise of students for the ministry, there is good expectation that providentially, this institution will help to meet the great demand for ministers among the Germans, who in physical, mental and moral constituents are Presbyterians.

Most excellent workmen we have already sent out of this nationality, who, with their whole classical and Theological training here, are doing excellent work among their own people. And we have other students for the ministry, Germans, now in various stages of their course here. With increased facilities for doing our work well and with evident tokens of the Divine blessing and favor, we can report to the General Assembly with renewed hope and encouragement for the future.

This institution has never yet had a debt, and managing wisely and working faithfully, we will hope for the approval of God and the sympathy of the people of God as hitherto.

In behalf of the Board,

E. L. HURD, *President.*

Carlinville, Ill., May 12th, 1885.

IX. SAN FRANCISCO THEOLOGICAL SEMINARY.

In presenting their Fourteenth Annual Report to the General Assembly, the Directors have the painful duty of recording the death of Rev. William A. Scott, D.D., LL.D., the President of this Board from its organization, the Seminary's first and only Professor of Theology.

The memory of Dr. Scott is inexpressibly dear to Presbyterians of this coast. Two powerful churches in San Francisco are his monuments. He watched over the Seminary with a father's anxious solicitude, never spared in its behalf time, labor or money, and left it a portion of his valuable library. His death created a crisis, which the Directors endeavored to meet by requesting Rev. James Eells, D.D., LL.D., to undertake the office of Financial Agent and the Professorship of Pastoral Theology.

Dr. Eells has begun the all-important work of endowment, and we hope ere long to see him in his former position as instructor. This will relieve a pressing necessity, place the Seminary on a firm foundation, and prepare it for vigorous work.

For some time previous to the death of Dr. Scott, which occurred about the middle of the term, the other Professors, Rev. George Burrows, D.D., and Rev. William Alexander, D.D., supplied his place. With marked ability, and without interruption, they performed the duties thus undertaken to the close of the term. The Directors are under great obligations to these brethren for promptly meeting a great emergency.

Three students have been in constant attendance during the term, viz: in the Senior Class, Charles R. Nugent, graduate of the University of the Pacific; in the Middle Class, Josias Wilson Lundly, Queen's College, Belfast; John C. Campbell, Presbyterian College, Montreal, Canada; Isaac G. Burnett, of the Episcopal Church; and George B. Riernan, of the Baptist Church, availed themselves of the benefits of the lectures a portion of the time.

Mr. Nugent has been awarded the usual certificate of graduation, and appointed by the Board of Foreign Missions to work abroad.

Almost all the graduates of this Seminary, nearly fifty, engaged immed-

iately in missionary work, home or foreign. Twenty-five of them are now pastors or stated supplies in the Synods of the Pacific and the Columbia.

A Committee of the Directors in attendance at the closing examinations, testify to the diligence and proficiency of the students in the various departments of the course, and that the teaching of the professors is faithful, thorough and true to our standards.

The Seminary is free from debt. Its property in lands, buildings, library and furniture is worth $40,000; in bonds and notes yielding interest, $67,000. It has no Scholarships. Indigent students are aided by the contributions of our churches, which with the ordinary assistance of the Board of Education enables them to meet their necessary expenses. The Seminary building has furnished rooms for twenty students, and lecture-rooms quite sufficient for the present. We need larger and safer accommodations for our Library, now amounting to 13,600 volumes, with a valuable collection of pamphlets and periodicals. This includes 2300 volumes recently donated by Dr. Backus, not yet received, and 3300 volumes, donated by Dr. Scott. With few exceptions the library is the gift of our ministers and shows their faith in the Seminary. Only four of the thirteen Theological Seminaries, under the care of the General Assembly, have larger libraries than that of San Francisco.

The Directors respectfully ask the General Assembly to consider this fact, and also what the Seminary has accomplished in fourteen years, the faith, prayer and godly zeal of the few noble men in which it originated, and by which it has been sustained; its position in relation to the great foreign missionary fields of the world; without competition, in the midst of a vast home missionary field, embracing three States and five Territories, comprising one-third of the territory of the United States, capable of sustaining 50,000,000 people, as a whole exceedingly attractive in which the Presbyterian Church is firmly established and advancing with extraordinary rapidity.

The Seminary at the "Golden Gate" has a golden future. Happy shall the Church be to which it owes allegiance and which supplies its urgent need.

The Directors of the Seminary at the present time are—

The Committee appointed by the Board at their last annual meeting to obtain a suitable person for the then vacant Chair of Theology, elected the Rev. John Bantly for this Professorship. He accepted the position tendered

him, entered upon its duties at the opening of the term, and has labored through the year to the entire satisfaction of the Board.

The action of the Committee was ratified by the Board.

The Rev. Godfrey Moery, who a year ago was elected Instructor in the Academic Department, also accepted the position and entered upon his work at the beginning of the term. With the exception of a few weeks' absence by reason of sickness, he has labored with diligence and success. The title of the Chair he holds is now changed to that of "Professorship of Arts and Sciences."

With gratitude to God, the Board takes great pleasure in being able to report that the past year has been one of unusual prosperity for the School.

Our current income, due largely to the successful work of our Business Manager, has, by the exercise of strict economy, defrayed the year's expenditures.

We regret to add, however, that nothing has been added to our Endowment Fund.

Repairs have been made upon our Seminary building.

Our Professorships are all now occupied by competent and laborious instructors, whose duties during the year have been discharged with marked success.

The whole number of students in attendance was twenty-six (26), of whom eleven (11) were in the Theological department proper, though all received instruction in some of the branches of the department. Three (3) students were graduated, and have already either entered upon the active work of the ministry, or have fields of labor open to them.

The students were noticeable for their intelligence, zeal and fidelity.

The Examining Committee reported to the Board that "the examinations for this year were unusually satisfactory; that in all the branches of study there was evidence of thorough instruction, and remarkable progress on the part of the students, and exceptionally clear apprehension of the subjects of study." Special emphasis was laid upon the proficiency of the advanced classes in Theology and Church History.

Interesting commencement exercises were held, at the close of the year, in the Second Presbyterian Church of Dubuque.

The health of students and professors, with a single exception, has been uniformly good.

Arrangements were made for the organization of an Alumni Association.

Valuable additions have been made to the Library of the Institution, including generous donations of valuable books from Robert Carter & Bro., of New York, and Dr. W. C. Gray, editor of the *Interior*, of Chicago.

The attention of the Board was called to the following statement, made in the last Annual Report of the Board of Home Missions:

"German congregations, like any others, need houses of worship. But the utter poverty of the Germans we have been able to reach seems, in most instances, to preclude any chance for self-help in this direction. They are not paupers; they seem to be hard-working men, but without any pecuniary ability to build their houses of worship or support their own pastors. Where are the Germans that have money? Are they all Lutherans, or Jews, or Infidels? We are waiting for further light."

In view of the above statement, the Board of Directors of the German Theological School of the Northwest declares that, while we cannot speak advisedly as to the German churches of the whole country, an exception should be made as to the German churches of the West, which have, in our judgment, given according to the measure of their ability to the various departments of the Church's work. We desire to recognize in special terms their liberality towards the German Theological School of Dubuque, and would respectfully urge that the English-speaking churches should be correspondingly liberal towards us.

Referring with confidence to the work that has already been accomplished through the agency of this Institution, and with the encouraging prospect before it in the wide and important field that it occupies, we earnestly appeal to the prayers, the sympathy and the generous assistance of the Church in the support and endowment of this School.

Respectfully submitted,

AMBROSE C. SMITH, *President.*

Galena, Ill., May 18th, 1885.

THE STUDENTS.

The number of students connected with both departments is twenty-seven, three of whom are absent on account of ill-health, leaving twenty-four in attendance. Seven of these are in the Theological Classes, and seventeen are in the Academic Department. Two Students were graduated at the annual Commencement on June 11th, 1884.

One former student has returned. Ten new students have been admitted during the year, four from Germany and six from America. Three students have withdrawn, and two have been dismissed to other institutions.

The real obstacle which our Institution has to meet, is in obtaining students suitable for the ministry. This obstacle can be surmounted only by holding steadfastly before the whole Church the importance of the object and the practicable methods by which the end can be secured.

1. The American Churches which are related through families or Sunday-schools to the German population, should direct young men to us. The Directors would request their special attention to the subject, as it has been presented in two preceding Reports to the Assembly. Spiritual young Germans, with abilities which promise usefulness in the ministry, appear not unfrequently in the Sunday-schools or mission schools, or German families of American congregations. These young men should be sought out, informed in respect to the spiritual needs of their countrymen, guided in their decision in respect to their life-work and assisted to a proper education by the American churches and Presbyteries.

2. The German pastors of our increasing German churches should give full information to their people in respect to this most important subject. The interest in the subject is increasing in these churches. Fifteen of the twenty-four students now in attendance, came to us from German Presbyterian, or Reformed Dutch churches in America; one from a church of the Evangelical Association; one as a brother of an alumnus; and two others, as recent arrivals from Germany, have been directed to us by our alumni. There is, however, great further need of constant indoctrination in respect to the character of a godly ministry, self-dedication by young men to the ministry, the obligation of parents to guide and give their sons to the holy office, the privilege and the obligation of united prayer that faithful ministers may arise who will make known Christ's Gospel to their own people in this land.

The German churches have been released from collections for the current fund, in order that they might the better prosecute their plan for the endowment of a German professorship. Several patrons and friends have died during the year. The financial depression, also, which has so largely affected our Mission Boards, has helped to decrease the current income.

2. Additional Statements, outside of the Treasurer's Account.

The Endowment.—The German churches have made some progress in the execution of their plan to obtain from German sources $5000 for the endowment of a German professorship. For this purpose, they have already in the bank, in the care of our Treasurer, on May 1st, $1556.04. The amount collected during the year was $680.90.

The unpaid subscription for the increase of the Newark Professorship, made on the condition of the professorship reaching a total of $25,000, amounts to $1325.

A Lecture Scholarship, the proceeds of courses of lectures, has been begun, but the account has not as yet been balanced and the amount reported.

The Synod of New Jersey at its last meeting approved of a plan for collecting in the Synod $10,000 as an addition to the Endowment Fund. The prosecution of this plan was delayed until the current collections should be completed. The commercial depression of the year retards this plan, but some collections have been secured.

The total amount received from *all* sources during the year has been;
For the Endowment:

The Newark Professorship,	$175 00
The German Professorship,	706 10
The Fairchild Scholarship,	450 00

The Professors have not been absent from their classes during the year for the collection of funds.

The Committee of the Synod of New Jersey, of whom the Rev. Albert Erdman, D.D., and the Rev. Joseph S. Van Dyke, D.D., have been especially active, have given valuable assistance.

The tabular reports of the churches under the care of the alumni, and published in the Catalogue, as the summaries of the year 1883–1884, exhibit the following results:

Number of Alumni,		35
German Churches and Missions under the care of the Alumni,		37
Number of Church Members,		3704
The number of organized Churches is thirty-one, with an average membership of 119.		
Number of Sunday-school members,		5531
The number of Sunday-schools is thirty two, with an average membership of 173.		
Additions to the Churches:		
On Examination,	449	
On Certificate,	48	
		497

The Financial Results, in contributions for benevolence, self-support, etc. have been:

For Benevolent Objects,	$1,330 00
For General Assembly,	181 00
For Congregational Objects,	40,563 00
For Miscellaneous Objects,	1,294 00
Total,	$43,368 00

With these churches under the care of our alumni, is associated a number of German Presbyterian churches not under the care of alumni. Together they constitute an increasing body of religious and spiritual power, for which we may well give thanks to the Head of the Church.

The conditions in which our Theological School has its existence, render this work one of peculiar difficulty, requiring more than ordinary patience and faith. The Directors ask again for a noble work, the warm interest and earnest prayers of the whole Church, and a material support of benevolent persons, in current contributions, in immediate additions to the Endowment Fund and in bequests.

For the Board of Directors,

JONATHAN F. STEARNS, *President.*

By special arrangement, one of the professors has carried on the work of instruction in Hebrew and Old Testament literature; and another of the professors has given instruction in Church History.

The Rev. John M. Hastings, D.D., has, at the request of the Faculty, given a course of instruction on Pastoral Theology.

The Board of Trustees, at a meeting held on the 22d day of April, authorized the Executive Committee to make arrangements for the filling of the Chair of Hebrew. It is probable that a professor for this Chair will be nominated to the next Assembly.

The Board of Trustees has directed the Executive Committee to propose the following questions to any person who may become a candidate for any of the Chairs of instruction in Lincoln University:

1. Do you hold that the canonical Scriptures of the Old and New Testaments, as recognized by the Presbyterian Church, are the Word of God, the only infallible rule of faith and practice?
2. Do you hold to the co-equality and eternity of the Three Persons of the Trinity, the Father, the Son and the Holy Ghost?
3. Do you hold to the creation of the first man, Adam, of the dust of the ground; and of the first woman, Eve, of the bone and flesh of Adam, by a direct and supernatural exercise of the power of God; and that these two are the progenitors of the whole human race?
4. Do you hold that the vicarious obedience and sacrifice of Jesus Christ are the sufficient and only ground of the sinner's justification before God?
5. Do you hold that the regeneration of the soul by the Holy Spirit is essential to the possession of eternal life?
6. Do you hold that, according to the teaching of the Scriptures, the state of the impenitent after death is unalterably fixed?
7. If you should become a professor in Lincoln University, and should afterwards change your views upon any of the subjects presented in these questions, will you frankly make such a change known to the Executive Committee of the Board of Trustees?

The following students have received instruction in the several classes:

The Annual Sermon to the students was preached in the Chapel on Sabbath, the 19th of April, by the Rev. J. A. Lefevre, D.D., of the Southern Presbyterian Church, from Romans i: 16, 17, "For I am not ashamed of the Gospel of Christ," etc.

The commencement exercises took place on Wednesday, the 22d day of April.

The degree of S. T. B. was conferred on all the members of the Senior Class.

Since the last Report, Messrs. James W. Lavatt, Franklin T. Logan, Horace G. Miller, Henry C. Moyer and William F. Brooks have been ordained. Samuel Sevier has become pastor of the Presbyterian Church in Monrovia, Liberia. Wm. H. Lee is laboring as a missionary in Richmond, Va. James W. Lavat is pastor of a Presbyterian Church in Lynchburg, Va. And Yorke Jones is laboring in Petersburg, Va., as Synodical missionary of the Synod of Virginia. These three young men are laboring in ecclesiastical connection with the Southern Presbyterian Church. Thomas H. Roberts, of the Vey Tribe in West Africa, will return to labor as a missionary among his own people.

We have the pleasure to report to the General Assembly that, since the last Report, the University has received the following additions to its permanent funds:

The William E. Dodge Scholarships,	$10,000 00
The William W. Watson Scholarship,	3,500 00
The William W. Whillock Scholarship,	2,500 00
Making a total of	$16,000 00

The Institution has enjoyed another season of revival. The Theological students took an active part in Christian work among the students in the other departments to their own spiritual profit. Eleven made profession of faith in Christ. Out of a total of 220 students in all the departments of study, only 13 have not made a profession of religion. About half of the whole number are candidates for the ministry.

The Rev. James A. Worden, D.D., Secretary of Sabbath-school work, visited the University on the 6th and 7th of April, and delivered a course of lectures to the students on the subject committed to his oversight. All the students of the University attended the lectures, and a deep interest was awakened among them in Sabbath-school work. The Faculty desire to give emphatic testimony to the interest and value of Dr. Worden's course of instruction.

On Tuesday, the 3d day of February, 1885, the professors-elect, confirmed by previous Assemblies, were inaugurated into their respective Chairs of instruction. The Rev. William R. Bingham, D.D., presided, and administered the pledge to the professors. The Rev. H. E. Niles, D.D., delivered

the charge to Rev. B. F. Jones, the Professor of Sacred Rhetoric; and the Rev. N. G. Parke, D.D., delivered the charge to the Rev. E. T. Jeffers, D.D., Professor of Systematic Theology.

The INCOME from the Endowment Fund has been as follows:

The William E. Dodge Professorship,	$1200 00
The John C. Baldwin Professorship,	1400 00
The Mary Warder Dickey Presidency,	900 00
The Charles Avery Professorship,	800 00
The Reuben J. Flick Professorship,	1200 00
The John Dunlap Scholarship,	168 00
The Wm. W. Watson Scholarship,	195 00
	$5863 00

Of these Endowments, only the Wm. E. Dodge and the John C. Baldwin Professorships and the two Scholarships were by the founders distinctively designated to the Theological department of our work.

With gratitude to God for renewed tokens of His favor, this Report is respectfully submitted.

By order of the Faculty,

I. N. RENDALL, *President.*

The following students have received instruction during the year in their several classes:

SENIOR CLASS.

Daniel Brown, A. B., William G. White.

MIDDLE CLASS.

Abner F. Graham, S. B., T. Austin Thompson, Thomas A. Nance.

JUNIOR CLASS.

Frank B. Pery, A.B., Simeon F. Young, S.B., Wm. H. Shepperson.

The commencement exercises will take place in connection with the closing exercises of the Collegiate Department, Wednesday, June 3d. The address to the students will be delivered by the Rev. Dr. J. H. Barrows, of the First Presbyterian Church, Chicago, Ill. Four of our students, who had taken the full Collegiate and Theological course, were ordained during the year to the office of the Gospel ministry.

Besides the usual generous contributions of friends to our Students' Aid Fund, we have to record the special gift of $1000 by George D. Harris & Sons, and the foundation of three (3) several Scholarships of $1000 each—the Miss Eliza McGee Scholarship; the D. F. Stone Scholarship, and the J. C. Backus Scholarship. The first the gift of a generous patron of the Institution. The other two were provided for in the testaments of the deceased friends whose honored names they bear.

The Library has been increased by purchase and donation some 500 volumes of valuable books, and contains about 3000 volumes. We have occupied the handsome and commodious college building and chapel which was furnished and dedicated about the close of the last school year. Our course of study has been systematized, our teaching corps increased, and our Institution in all its departments better equipped for efficient work than ever before.

Of the 188 students enrolled, 130 are professors of religion, some 60 are preparing for the ministry, several have the African Mission in view. Their aggregate earnings during the year from teaching alone was $6269. In their schools were taught 5721 scholars. Forty-six of these teachers, besides conducting day-schools have also conducted Sabbath-schools, in which were assembled 2593 scholars; 17 of their number acted as evangelists.

The University in all its departments stands in close relation to the Board of Missions to Freedmen of the Presbyterian Church, and is situated in the very heart of the broad Synod of Atlantic, which embraces the whole South Atlantic States with its 180 colored churches and its ever increasing parochial and Sabbath-school work. These schools and churches must be furnished with intelligent Christian teachers and preachers, who must be largely educated on the field and in contact with this people. Everything else being equal, training in the field should certainly be less costly, more practical, and there should certainly be less danger of the student being educated out of sympathy with his future work, or the lowly people among whom he is to labor.

Besides the permanent scholarships already reported as having been founded, this year, the University has a slender endowment of some ($6000) six thousand dollars, and a fund of ($6120) six thousand one hundred and twenty dollars contributed by friends in Scotland, the interest on which applies on the education of young men for mission work in Africa.

No institution under the care of the Presbyterian Church has a wider field or greater opportunities. Its students are scattered in their school and church work through the whole South Atlantic States and as far west as Texas. It has the strongest possible claims upon the prayers and benevolence of the Church. In the heart of the field, in contact with the ex-master on the one hand, and the ex-slave on the other, the institution has been so managed in the past as to secure the affection of the colored student with the confidence and, in many instances, the admiration of his white brother.

There is little doubt that the Institution, under wise and judicious management, may fast become a tender bond of union between Northern Presbyterians and their Southern brethren. The Southern citizens of Charlotte contributed generously to the erection of our new college building. Hon. Z. B. Vance, U. S. Senator from North Carolina, writes September 12th, 1882: "Biddle University is better circumstanced to do good than any other institution of the kind in the South. The whole people of this region are fully in accord with its objects."

Rev. Dr. Drury Lacey, late President of Davidson College, N. C., writing to a friend in no way connected with or interested in the college, among other things wrote: "*I firmly believe that Biddle University is doing a greater work for missions, foreign and domestic, than any mission at home or abroad.*" That our Northern Presbyterian College and Theological Seminary for Freedmen, planted in the very heart of the South, has been wisely and prudently conducted, may further appear from the following significant fact, that a large Southern Presbytery, lying adjacent, resolved to send their colored students to Biddle University, and maintain them there in preference to their own school at Tuscaloosa.

WANTS OF THE UNIVERSITY.

1. In the language of the Secretary of the Freedmen's Board, "Permanent endowment of the several professional chairs is an imperative necessity," and we would ask the Assembly to encourage the Freedmen's Board in connection with the Board of Trustees of the University, if the way be clear, to take steps looking towards the adequate endowment of our Institution, that our whole work may be put on a more permanent basis, and the treasury of the Assembly's Board be relieved of the burden of its support.

2. A new dormitory, large enough to accommodate 200 students, must be speedily provided or our work will suffer. An addition had to be made to our college premises to prevent undesirable encroachments on our grounds, which remains to be paid for.

3. The establishment of $100 Scholarships for the benefit of needy and promising students, with donations of clothing and books for the library is earnestly solicited.

With an earnest prayer that the Assembly will "devise liberal things" with reference to this whole wide mission field, the above report is respectfully submitted,

On behalf of the Faculty,

WILLIAM A. HOLLIDAY, *President.*

ABSTRACT OF THE FOURTEENTH ANNUAL REPORT.

In tracing the growth of a Church, or in setting forth the progress of an institution, it is often necessary to select a period embracing a number of years in order to do it justice. We propose to take a hasty glance at the growth of the Board's work during the fifteen years that have elapsed since the Reunion.

GROWTH SINCE THE REUNION.

We call attention, *first, to the development during that time of the liberality of the Church.* The ability and disposition of the Church to contribute towards the support of our Board has greatly increased since the Reunion.

The following table shows the gradual increase in the contributions:

Years.	Board's Report.	Gen. Assembly's Report.	Years.	Board's Report.	Gen. Assembly's Report.
1871	$282,430	$349,558	1879	$276,675	$390,685
1872	331,043	419,383	1880	345,714	429,769
1873	306,705	433,532	1881	350,911	458,098
1874	319,150	416,067	1882	404,868	467,625
1875	325,748	501,608	1883	486,053	582,360
1876	312,718	314,693	1884	600,282	620,023
1877	274,052	393,294	1885	498,890	
1878	360,959	383,434			

The difference between the figures in the two columns is due to the fact that the churches are authorized by the General Assembly, to put under the head of Home Missions, not only the sums of money sent directly to the treasury of the Board, but those, also, expended on what is regarded as home mission work within their own bounds.

Attention is called, secondly, to the increase in the number of men supported partly or wholly by the Board. We shall give here only the ministers of the Gospel prepared for their work by a thorough course of education and approved by the Presbyteries. Since the Reunion their number has been as follows:

Years.	No.	Years.	No.	Years.	No.
1871	1232	1876	1035	1881	1217
1872	1154	1877	997	1882	1303
1873	993	1878	1131	1883	1387
1874	1012	1879	1202	1884	1458
1875	1123	1880	1151	1885	1435

We call attention next to the work done. Take, for example, *that district of country embraced within the ecclesiastical lines of the old* Presbytery of Missouri River. This included the western third of the State of Iowa, and at that time the Territories of Nebraska, Wyoming, Montana, Utah, Colorado and New Mexico, embracing an area of 760,000 square miles. A year or two before the Reunion, there were only twenty Presbyterian churches and fifteen Presbyterian ministers in all that region. Since then the Presbytery of Missouri River has been divided into fourteen Presbyteries, the twenty churches belonging to it have increased to nearly 400, instead of fifteen ministers there are 300, and instead of 900 members there are 16,000. These figures but feebly set forth the work done by the Board in that district of country.

Take further some of the States of the older West. The following are a few of the fruits, since the Reunion, of Home Mission work in the State of Wisconsin:

In fifteen years the gain of ministers has been fifty per cent; in churches seventy-one per cent; in communicants, eighty-four per cent; in Sunday-school membership, 114 per cent; and in benevolence, 232 per cent.

A year or two before the Reunion there were in the State of Kansas only thirty-five Presbyterian ministers, forty-three Presbyterian churches, and 1453 communicants. At the writing of this Report, there are 220 Presbyterian ministers, 340 Presbyterian churches, and considerably more than 15,000 communicants. These figures show that since the Reunion an average of nineteen churches have been organized yearly in the State of Kansas, and every one of them was aided some time in its history from the treasury of the Home Board.

The contiguous State of Nebraska shows a growth in ministers and churches nearly equal to that of Kansas. Having no data of the work done prior to the organization of the Synod in 1874, we shall give those only of the last ten years. At its formation, the Synod of Nebraska had thirty-seven Presbyterian ministers, sixty-four churches, 1797 communicants. It has at date 130 or more ministers, nearly 300 churches, and 6000 communicants.

We may add to the above examples the growth of Presbyterianism in one

of our Territories. At the organization of the Synod of Dakota, in October of last year, it was stated that six years before there was but one Presbyterian church in the territory covered by that ecclesiastical body. Within the time named four Presbyteries had been formed, and a Synod of seventy-two churches and fifty ministers organized. It was also stated that Southern Dakota, by the assistance of the Home Board, was prepared to enter the Union as a Christian State with laws based on the principles of the Word of God. Who can tell the importance of this?

The sums total of the work done by the Board since the Reunion are as follows, viz: 1995 new churches, 370 additional missionaries and missionary teachers, 165,000 more church members, and an increase of a hundred per cent in its funds. It may be truly said "the Lord hath done great things for us whereof we are glad."

THE EXTENT AND CHARACTER OF OUR PRESENT WORK.

This may be reduced to four or five divisions.

First, to meet and direct the enormous tide of immigration that is breaking annually on our shores. This has reached during some years as many as 800,000 souls. The fact that all of them do not go into one city, or settle in a single Territory, does not diminish their influence socially, politically or religiously.

The *number* of these immigrants is not so alarming as their *character*. Whilst among them are found many Protestant Christians of the best sort, men who will fill in time some of our important pulpits, occupy our eligible pews, attend our social meetings, engage in every good word and work, and give liberally of their means to extend the Redeemer's Kingdom at home and abroad, the great majority of them are either indifferent to the Gospel, or opposed to its principles. A large proportion of them are strangers to vital godliness, and are tired of all religious forms and ceremonies. Thousands, possibly tens of thousands, are rank infidels.

The second division of the Board's work is to supply our rapidly growing cities with the means of grace. Heretofore we have left these centres of population to be provided for by the one or two churches located therein. They have not always been able to provide houses of worship for all the incoming people, or adequate means to support ministers to labor among them. The growth of our cities within eighty years has been alarmingly great. The Government statistics show that, in the year 1800 only four per cent of our population lived in cities of more than 8000 inhabitants, whilst in 1880, twenty-five per cent of our 50,000,000 and more dwelt in such cities.

It requires but little reflection to perceive that this rapid growth of cities is dangerous to religious interests. Here the theatre, the rum shop, the brothel, the gambling saloon and the haunts of the assassin flourish. Out of these flow pestiferous political, social and literary influences to pollute the surrounding country. In these seething caldrons of iniquity thousands of our piously connected and religiously-trained young men and women are led hopelessly astray.

The third division of our work is to lift up and enlighten the needy classes of white people in the South. In the mountains of Kentucky, West Virginia and Tennessee, there is a region of country equal in extent to the State of Ohio, with nearly half a million of people distressedly ignorant, and destitute of the blessings of the Gospel. For years streams of population have been pouring from the North into Texas, Florida, Tennessee and Northwestern Georgia, that ought to be followed by the faithful missionary.

The fourth division of the Board's work is to furnish the exceptional populations of our country with the school and the church. Years ago, the Government, in self-protection, assigned the Indians separate reservations in different parts of the United States, especially west of the Mississippi River. But since it has been the policy of the Government to educate them with the view of making them citizens, their scattered condition is detrimental, if not injurious, to the interests of religion. With their thousands of half-breeds and white settlers, as well as Indians, these reservations are becoming

fetid pools that send up poisonous exhalations to blight the contiguous communities. The time has come for the Church to cast into these bitter waters healing branches from the tree of life.

The 140,000 Spanish-speaking people who became part of our nation when the territory was ceded to us by the government of Mexico, call for the teacher and the preacher. The women of the Church are engaged in establishing schools and supporting teachers among them, whilst the Board is furnishing missionaries to bring the parents to Christ.

There are about 150,000 Mormons to be supplied with the Gospel. Though professing to be preëminently religious, they are in some respects worse than heathen. Their doctrines and practices are destructive of the three pillars of society, viz: the Family, the Church and the State. They denounce the Government of the United States in terms that would be regarded by other nations as treasonable in the last degree. The Presbyterian Church is in advance of all other Churches in her efforts to remove this destructive cancer from the heart of our country.

The most important and best-known division of the Board's work is to supply the religious wants of the great West. Our missionaries there are carrying on a deadly war at this moment with that lax morality which is bearing tens of thousands of our young men and women to destruction; with political corruption that is threatening to destroy our Sabbath and turn our Bible out of every institution under the control of the State; with Romish aggression that is aiming at controlling all secular interests and intrenching itself in all our commercial and political centres; and with infidelity in its grossest forms.

THE CONTRIBUTIONS RECEIVED.

Notwithstanding the prostration in business, the contributions of the churches, which are the most reliable sources, were $28,595 larger last year than during any preceding year. A number of our churches made a successful effort to raise for our Board their proportion of the additional sum recommended by the last Assembly. The contributions of the Sabbath-schools, like those of the churches, were $243 larger than those of the preceding year, which indicates an increased interest in our work. Other evidence has been afforded also of the same thing. Many of the superintendents inaugurated a systematic plan of giving, and a better mode than they had before of furnishing the pupils with missionary intelligence. In some schools, the larger pupils prepared papers on interesting missionary themes, and read them on the review or monthly concert Sabbaths.

The special donations of the past year were $46,662 less than those of the preceding year. This might be expected. Hard times affect those who send us their $100, or $500, or $1000, or $5000, sooner than those who give a certain proportion of a stated salary. Nevertheless, a great number of princely gifts, as well as smaller donations, and turtle dove offerings came to the treasury.

The largest falling off has been in the legacy column. During the year 1883–4 we received from legacies the sum of $151,696.33, and only $55,763.10 during the year 1884–5. This makes a difference of $95,933.23 in the sum total of the two years.

In spite of reduction in the rate of interest, our income from invested funds exceeded last year by $2749 that received during the preceding year. But, as the principal is constantly increasing, the interest must increase also. We hope that at an early day the interest of our Permanent Funds will be sufficient to pay all the expenses of the Board, thus allowing every dollar contributed by the churches, Sabbath-schools and individuals, to go directly to the field. At the present time we report that 97½ cents of every dollar go directly towards the support of the work.

OUR APPEALS AND THE PEOPLE'S RESPONSES.

Towards the close of the fiscal year the low condition of the treasury compelled the Board to issue special appeals in the religious journals, and to ask the pastors of churches to read similar appeals from their pul-

pits. We felt great reluctance in doing this, because we feared that they might diminish the receipts of the other Boards. But it was an extreme case, a dire necessity, to keep us from casting a gloom over the General Assembly and causing a panic among our 1606 self-denying missionaries and teachers in the field. The journals cheerfully published our appeals and endorsed them with powerful editorials, the pastors read our letters, and the people nobly responded according to their ability. Those who sent us additional contributions expressed themselves to the effect that they deemed it a pleasure to do a little more towards saving our land, and those who did not feel able to add to what they had already done, encouraged us with assurances of their prayers and sympathy.

THE DEBT AND DELAY OF PAYMENTS.

The debt is the only drawback to the Home Mission Report of this year. It casts its dark shadow over every page and paragraph, over every figure and suggestion regarding the future. How did it accumulate? Not through any undue or extra expense in the administration of the affairs of the Board; but *First*, through the overwhelming demands of the field. Never before have the appeals from parents and church members, from destitute communities and vacant churches, been more urgent or harder to resist. *Second*, through the great expense of cultivating our new fields on account of their distance from the regions where the missionaries are found, and their inaccessibility by railway facilities. The field of Home Missions to-day embraces the Rocky Mountains and the regions beyond. In order to secure suitable men, the Board has had to pay their expenses from the East to the remotest State and Territory in the West. *Third*, through the Board's desire to grant every missionary a living salary. *Fourth*, through the prostration in business which has crippled the ability of many friends to give as they did in years gone by.

For the reasons given above, we have been compelled to come to the Assembly with a debt of more than $110,170.66. Notwithstanding its indebtedness, the Board has paid the missionaries and teachers as promptly as possible. It borrowed for that purpose during the year all that it could on its limited collaterals.

RETRENCHMENT.

Hard as this is, the Board has come to it. We are standing still until the Assembly decides on the course which in its judgment we ought to pursue. We do not know how to retrench without causing hardships, and hence we turn to the Assembly for counsel and aid. The following methods of relief have suggested themselves to the Board, but we feel that the Assembly alone can make them practicable, viz:

1. That some provision be made at once to meet the $110,170.66 debt. It does not become the Board to intimate to the General Assembly how this is to be done.

2. That all the Presbyteries be recommended to draw this year from the treasury of the Board at least 20 per cent less than last year. This may be done in one of the following ways, viz: *First*, by reducing the applications from the churches; or, *secondly*, by pressing a sufficient number of them to self-support; or, *thirdly*, by increasing the aggregate amount of the contributions to secure that result. The whole subject is respectfully submitted to the wisdom of the Assembly, with the hope that God will give it that wisdom which cometh from above and which is profitable to direct.

That the Assembly may see at a glance the Board's receipts from the sources above mentioned, and the way they compare with those of the preceding year, we give the following table:

THE MISSIONARIES IN THE FIELD.

Our men are missionaries in the highest sense of the term. Those supported wholly or partly by the Board numbered 1435, fewer by 23 than those supported the year before. They were distributed over nearly all the States and Territories of our country. The six States in which their voice was not heard are in New England and the South, and are supposed to be fully supplied with the blessings of the Gospel by other denominations.

A Church having 1435 missionaries thus distributed is well worthy the honor of being called a missionary Church.

THEOLOGICAL STUDENTS.

In addition to the regularly ordained ministers, the Board sent out also a noble band of theological students to fill gaps, tide weak churches over a period of pulpit vacancy, and to spy out the land. Opportunities were thus afforded them to exercise their gift of speech, to discover any defects there might be in their training, and to come in close contact with the warm heart of the Church.

DEATHS AMONG OUR MISSIONARIES.

The Board would call the Assembly's attention to the kindness of God in sparing, to an unusual extent, the lives of our hard-working men. During the year only the following ten were called to their reward on high, viz:

Rev. A. T. Norton, D.D.,	Rev. J. E. Carson,
Rev. G. M. Hair,	Rev. H. Gaus,
Rev. J. Slingerland,	Rev. J. T. Young,
Rev. L. O. Thompson,	Rev. F. Schmidt,
Rev. H. S. Dickey,	Rev. Isaac Todd.

It may be said of the above-named brethren, "well done."

CHURCHES ORGANIZED.

The labors of our 1435 missionaries resulted in the organization during the last year of 195 Presbyterian churches. These are now centres of religious light and influence.

SABBATH-SCHOOLS PLANTED.

All the missionaries of the Presbyterian Church are expected not only to gather the scattered sheep, but to provide food and protection for the tender lambs. They are entrusted with the duty of seeing that their outposts and the neighboring villages, as well as their own churches, are supplied with Sabbath-schools. The best mode of advancing Sabbath-school interests on our frontiers is to send out a missionary and provide means for his support. This may be done for $300 a year.

CHURCHES THAT HAVE BECOME SELF-SUPPORTING.

An unusually large number of our churches became self-supporting during the past year. Three causes may be assigned for it: *First*, the Board, the Presbyteries and the Synodical missionaries applied a powerful lever to lift them to that position, *Secondly*, the churches themselves felt anxious to relieve the Board in its hour of need. *Thirdly*, the revivals of religion enjoyed in so many places added new strength and opened the purses, as well as the hearts of the people, to devise liberal things. Seventy-eight of the churches that looked at the beginning of the year to our treasury for a part of their pastors' salaries, have since that time assumed self-support.

We are of the opinion that, if proper means could be employed, many more of the churches now aided from the Board's treasury could walk alone.

REVIVALS OF RELIGION.

Towards the close of 1884–5, the tidings came that old-fashioned revivals had broken out here and there in the West. The lethargy and deadness of years were removed by the quickening influences of the Holy Spirit. A number of churches welcomed as many as fifty and sixty, and scores admitted from ten to twenty members. These have aggregated 8914 on confession, though many more are still to be received, and 6904 by letter.

PRESENT DEMANDS OF THE FIELD.

In the memory of many still living, the field of missions was east of the Mississippi River; fifteen years ago, it was the district of country lying between that River and the Rocky Mountains; now it sweeps westward from Texas to the Pacific Ocean; northward from the Gulf of California to the Alexandrian Archipelago in Alaska; and eastward from Puget Sound along the Canadian line to the Red River of the North.

We shall give below only a few specimens of the demands made upon us at this very time. "Many new communities where we have no churches," says one of our Synodical missionaries, "are calling loudly for the regular ministrations of the Gospel in the hope of receiving a prompt reply." "I am fully persuaded," says one of our Utah missionaries, "that the time has come for more preaching of the Word than has as yet been given the people of this Territory. The attendance on our Sabbath services is rapidly improving, and the attention of the hearers is far better than it used to be."

The demands for men are many and pressing. The Synodical missionary of California says: "We should have twelve men for new and vacant fields, if the interests of Christ's kingdom are to be cared for in this region." "The number of men needed for the spring campaign in Missouri," says the Synodical missionary for that State, "is so large as to be almost alarming. Twenty men is the least number that we can get on with. Can the Church afford to let souls perish when they are begging for the bread of life?" The cry from Iowa is for at least fifteen men. Northern Dakota demands sixteen, and feels that eighteen will soon be indispensably necessary. Southern Dakota says: "We should have no fewer than eighteen men, perhaps more, if we mean to respond to calls from the Black Hills." Nebraska asks modestly, but earnestly, for twelve or fifteen men.

THE OUTLOOK.

The tides of immigration which changed Iowa, Kansas and Nebraska, are now pouring into Texas, Dakota, Montana, Colorado, and Washington Territory, and will soon pour into Idaho, Wyoming, New Mexico and Arizona. Railways will be pushed across the plains and through the mountains more rapidly than heretofore, because there will be more needed. Rich mines will be discovered that will draw to them tens of thousands of people from all parts of the world.

SUSTENTATION.

The contributions of the churches in aid of the Sustentation department fell off $361.13 during the last year. The Board was not compelled, however, to draw from the reserve fund, because the demands were less. The balance of that fund in the treasury at the close of the last fiscal year amounted to $12,192.56, which is a little larger than that of the preceding year. If the older Synods will undertake to support their weak churches from funds raised specially for that purpose, the Board will be able to enlarge its work materially in the West and the South.

The following is a brief summary of the work of the year, viz:

Receipts for last year	$19,785 02
Money paid the Pastors	$19,265 04
No. of Churches that became Self-supporting	10
Balance of the Old Fund	$12,192 56

SCHOOL WORK.

THE RELATIONS OF THE WOMAN'S EXECUTIVE COMMITTEE TO THE BOARD.

During the eight years of its existence, the relation of the Woman's Executive Committee to the Board of Home Missions has been that of mutual confidence and uninterrupted harmony. After considering the applications for teachers or buildings, and deciding on what should be undertaken, the Executive Committee presents its decision to the Board for its approval or rejection. The Board, on the other hand, after considering the needs of the field and ascertaining the amount of money in the treasury, returns the cases with its opinion to the Woman's Executive Committee. The Board has never forced its judgment on the Executive Committee, and the Executive Committee has never insisted on taking up a work against the clear judgment of the Board. There has not been a case over which the least disagreement has arisen. In this way, the Church enjoys the benefit of the noble impulses and best judgment of a dozen wise and practical women, and of the long experience and business knowledge of the Board of Home Missions in the prosecution of the school work.

DIFFUSION OF INFORMATION.

The thanks of the General Assembly are due to the Home Missionary women for their earnest efforts to increase the circulation of the *Presbyterian Home Missionary*, and to distribute through the Church, leaflets and pamphlets containing valuable Home Mission intelligence. They diffuse information not only in regard to school work, but also in regard to home missionary work generally.

FUNDS FOR TEACHERS AND GENERAL OBJECTS.

The success of the women in raising funds for the support of schools and teachers has been almost phenomenal. It has not been realized at the expense of the Board of Home Missions, nor, as some feared, at that of the Woman's Foreign Board, for the receipts of both have continued to increase every year. The following table shows the sums of money raised and the number of teachers employed each year from the organization of the Woman's Executive Committee to the present time:

1878.	Teachers,	20	Funds,	$5,296	25
1879,	"	35	"	15,624	65

SUPERINTENDENCE OF MISSIONARY BOXES.

For years the Secretaries have felt that women who could write freely to the missionaries' wives, would be better able than they to superintend the preparation and distribution of missionary boxes. Hence, the Executive Committee was urged to take charge of that department, which they have cheerfully done. We have no means of knowing whether the work has been better done than by the Board.

METHODS OF CARRYING ON THE WORK.

We had to begin by responding to this and that urgent appeal for schools, irrespective of their surroundings. But soon it was discovered that we

might continue the work after that fashion without ever seeing spiritual fruit. To avoid this, effort has been made to establish groups of schools or mission stations under one management. The plan now is to establish, near the centre of each mission, a school of higher grade than the other schools for the training of teachers, and the preparation of young men that expect to enter college with the view of studying for the ministry. In addition to this, a chapel is furnished, and a pastor or stated supply sent to care for the spiritual interests of the community, and to gather in the fruits of our school work.

We have an excellent industrial school among the Pueblos of New Mexico, at Albuquerque, in which the pupils are taught not only to read, write and cipher, but to put up a building, paint a fence, make a shoe, cultivate a plot of ground and mend a broken plow. With Government aid we seek to prepare these Indian children to make their living, and become good citizens as well as devoted Christians.

At Mora, in New Mexico, we have a central school for the children of Spanish-speaking people. This is not industrial, like the school among the Indians, for the Mexicans are supposed to be taught at home to make their living. The proposition is to make this a normal school for the training of teachers and Bible readers. We have a church and a minister there also.

Sitka, Alaska, has just been selected as the place for our industrial school in that far-off Territory. The reasons for this are that Sitka is the capital of the Territory and the most central town. This school is now fully equipped for good work. There is also a Presbyterian church of sixty members just organized there, and a minister to see to the spiritual wants not only of the school, but also of the town.

In Utah, our missionary plan has reached its logical conclusion. We have not only an advanced school at Logan, for Cache Valley in the northern; at Springville, for Utah and Salt Lake Valleys in the central; and at Mt. Pleasant for San Pete Valley, in the southern part of the Territory; but an incipient college at Salt Lake City just transferred to the care of the Board of Aid for Colleges.

Our schools in the Indian Territory are full to overflowing, and revivals of religion are going on at Vinita, Muscogee and other places. Nearly a hundred converts have been received into the church at Vinita, and many expect to join that of Muscogee.

Most of the schools among the Spanish-speaking people of Southern Colorado and New Mexico are in a flourishing condition. Their number could be multiplied, if the funds of the Woman's Executive Committee would permit. Parents in many places are being reached through their children.

THE PROSPECTS OF THE SCHOOL WORK.

These are most encouraging. The demand for schools and churches in the Indian Territory is most pressing. Not only the people, but the chiefs promise coöperation to the utmost of their ability, if we come to their help. We are told that they desire schools and churches of the Presbyterian type. Scores of Romanists in New Mexico are ready to welcome our teachers, if not our preachers. Many of those converted are acting as ruling elders and lay preachers in our mission churches. Utah is ripening and promising a rich harvest. In spite of the opposition from certain quarters to our mission work in Alaska, it is going on with a good degree of success.

The following is a summary of the schools and teachers among the exceptional populations of our land, viz:

LITERATURE.

The *Presbyterian Home Missionary* has grown in favor with the people. In the course of three years, its circulation has increased from 8000 to 30,000 monthly. We are sorry to report that at the present time the circulation is a little smaller than it was at the beginning of the year. Three reasons may be assigned for this, viz: *First*, the newspaper articles that have been predicting a change in the periodicals of the Church after the next Assembly; *second*, the small force in the office rendering it impossible to push the circulation; and, *third*, the hard times compelling many of our subscribers, with small incomes, to give it up as a matter of economy. This pause in the growth of its circulation is only temporary.

II. BOARD OF FOREIGN MISSIONS.

Abstract of the Forty-eighth Annual Report.

RECEIPTS, EXPENDITURES AND STATISTICS OF THE MISSIONS.

In presenting to the General Assembly a report of the work under its care for the year ending April 30th, 1885, together with the minutes of its meetings for the same period, the Board of Foreign Missions bears grateful testimony to the goodness of God in advancing His own great work in many and widely separated fields. The year has been one of unusual disturbance in many places, and yet, although wars and mob violence have been rife, no missionary or native helper of the Board has suffered death, on that account, except in a single instance in Mexico.

Our missionaries in China have been kept in suspense throughout the year, and their work has been more or less curtailed by the agitation of the

public mind. In some cases missionary property has been destroyed, though in most, if not in all cases, indemnity therefor has been secured. Notwithstanding these hindrances, many have been gathered to the fold of Christ, especially in North China.

In Syria there has been more or less of popular agitation on account of war movements in Egypt and the Soudan, yet the year has been one of general prosperity, and has been signalized especially by a blessed revival at Beirut.

In West Africa, difficulties and hindrances have been occasioned by the restrictive measures of the French government; yet the work has not been without encouragement. In some instances the mission schools have remained closed.

In Guatemala our missionaries have been filled with anxiety by war-like movements and by a change in the administration, though the hindrance to the work has not been serious, and it is believed that no great damage will result.

During the latter part of the year communication between the Board and its Mission in the United States of Colombia, has been cut of by the revolution still progressing in that country. But, although recent reports and letters have not been received, it is felt that the care of our Heavenly Father is over our missionaries, and that their work will not be seriously hindered.

In Mexico there have been symptoms of reaction from the progress gained in recent years, and the priesthood of the Roman Catholic Church has been emboldened to instigate measures of violence in various instances. One of the native preachers of the Board has suffered a martyr's death in consequence. Yet, on the whole, the work has progressed encouragingly.

The year has been signalized by the opening of a new Mission in Korea under circumstances of peculiar encouragement—two men, one a physician, having been assigned to that field.

The accounts of the Treasurer, which will be found at the end of this report, will reveal the fact that the year has been one of financial embarrassment to an unusual degree. The receipts of the Board from all sources from April 30th, 1884, to April 30th, 1885, have been $699,983.70. The expenditures for the same period, including a debt of $10,723.02 from last year, have been $757,635.42. This leaves a debt at the end of this year of $57,651.72.

The fact that other Boards of the Church and benevolent causes generally, have suffered similar embarrassment, is an evidence that the churches have found unusual difficulty in contributing the amounts needed for these great enterprises, and their support is therefore the more fully appreciated. But the Board is impressed with the fact that the embarrassment resulting from fluctuations in the financial condition of the country might be partially prevented by more thoroughly organized methods of contribution, and especially by laying plans earlier in the year. It is a matter of deep regret that from year to year the Board should find it necessary during the closing months to make appeals whose urgency is increased by the imminence of a final debt; and if to any these late appeals seem to have the appearance of miscalculation on the part of the Board, it must be borne in mind that the work of Foreign Missions is one in which it is impossible to avoid indebtedness when resources fail. It is a work which in its very nature requires steadiness of movement and general uniformity of contribution, inasmuch as the missionaries employed are commissioned, not for brief periods, but for life. It is a work in which our native preachers, teachers, and helpers are taken in to such relations to the Board—relations involving the giving up of all other means and sources of support—that they cannot be set aside according to the fluctuations in receipts. The estimates of expenses are acted upon not at the end of the year when the amount receivable has become apparent, but at the beginning of the year, when there are no funds in the treasury, but, more frequently, only obligations and deficits. It is therefore a work of faith, differing from ordinary business methods and principles, but differing in such a way as to assert and prove the reality of the Divine presence in the great Mission work.

The Board has to record with satisfaction and gratitude not only the steadiness, but the progress observable in the contributions of the various Woman's Boards and Societies for Foreign Missions. Though there may have been a decline in other departments, this has even advanced; and such has been its uniform history for a decade and a half. The total amount contributed during the past year is $224,598.55, as against $203,754.74 in the year before. Could the gifts of the churches and the Sabbath-schools be brought to this high ground of stability and healthy growth, it would be easy to conduct the work of the Board without indebtedness.

The Board takes great pleasure in making its report, to acknowledge the generous gifts of individual donors who have continued to remember the great work with which it is intrusted, and also the fidelity with which a large proportion of the pastors of the Church have advocated its cause in the churches, and especially those pastors and churches who for a second time have come to its relief.

The Board also acknowledges with thanks the liberal grants of funds and books directly to the Board and to the Missions from the Board of Publication, the American Bible Society, and the American Tract Society. And it recognizes with pleasure the aid rendered by the Government in the prosecution of the work among the Indians.

The Expenditures, grouped generally in this Abstract of the Annual Report, and the Statistics of the Missions, for the last year, are as follows:

OFFICE OF THE BOARD,

No. 1334 Chestnut Street, Philadelphia, Pa.

Abstract of the Sixty-sixth Annual Report.

The Board of Education herewith presents to the General Assembly its Sixty-sixth Annual Report.

In place of Mr. E. G. Woodward, resigned last year, the Board elected Mr. Jacob Wilson, both as Treasurer and as Recording Clerk of its meetings. His long and faithful services as an assistant to the Secretary, and his thorough acquaintance with the business of the Board, fully justified this promotion; and in his new office he is commended to the entire confidence of the Christian public. All letters pertaining to the financial affairs of the Board should henceforth be directed to him.

In view of the heavy debt remaining from last year, amounting to $11,-068, and also in anticipation of an increase of applications during the year now closed, the Board, early in the autumn, felt constrained, though very reluctantly, to adopt two somewhat stringent measures. One was the reduction of its scholarships, from $130 allowed the previous year for Theologues and Collegians to $110, and for those in the Preparatory Department from $100 to $80. This reduction has cut severely into the resources of many of our candidates, and has compelled several to suspend their studies awhile to get the means of support. The second measure was to decline all new applications for students below the college grade, however deserving they might be, unless accompanied with donations designated for their special benefit. This has compelled some to defer their preparations for college until a more convenient season.

These measures of the Board have been justified by the experiences of the year. There has been a large increase of candidates taken under care. They number in all 619. This is 42 more than last year, and 133 more than in the year previous. But this increase of candidates has not been accompanied with a corresponding increase of contributions. Hence, notwithstanding the economical measures mentioned above, there still remains upon the Board a debt of $6700—less, indeed, than that it was burdened with last year, yet altogether too large for the benefit of the cause.

CANDIDATES AIDED.

The 619 candidates under care were distributed along the several stages of their course as follows: Two hundred and thirty-seven in the Theological Seminaries; 301 in colleges; and 81 in the Preparatory Departments. The latter are mostly such as are excepted by rule.

Classified according to their nationality or race, 25 are Germans, 6 Bul-

garians, 104 colored, 2 Chinese, 1 Hindoo, 1 Indian, 1 Japanese, and 2 Spanish. The rest are our immediate kindred.

In point of scholarship, 170 are marked *high*, 363 are marked *medium* or *medium* +, and twenty-two are reported as below that grade, the larger portion of these being among the colored students.

In the course of the year, two, who were highly spoken of, have died. Four were suspended until their places of study should be changed. Six were dropped for low grade of scholarship, and four for sad defects in Christian character. Such unhappy failures as the last mentioned furnish serious admonition to our Presbyteries, of the need of prolonged and careful examination, into the merits and qualifications of the young men whom they recommend for aid.

The candidates under care of the Board who complete their studies this year number 58 in all. Of these "Princeton" graduates 13; "Union" 7; "Northwestern" 5; "Lane" 6; "Western" 10; "Auburn" 5; the German school at Bloomfield, 2; the German school at Dubuque, 3; "Hartford" 2; Lincoln University, 3; and Biddle University, 2.

The Board has taken special pains to enforce the injunction of the Assembly, passed anew last year, requiring that students under its care attend, as far as possible, at "institutions that are in accord with the policy and doctrines of the Presbyterian Church."

CONTRIBUTIONS.

The sum total of receipts of the Board during the past year was $72,733. This is an increase of $4500 over those of the year previous, which seems encouraging. But when we look at the contributions from the Church, we find them less than those of last year by $1070.48, though coming from a larger number of churches, the increase being 38. Such falling off in contributions may be due to the financial embarrassments of the country, and it is a matter for gratitude that it is no larger. Certainly it would be unfair to conclude from it, that the interest in our cause was unabated. A good sign is it also, that the returns of money from those who have been helped by the Board are not only continued, but increasing. These, in all, amounted to $1926.25, well nigh $1000 more than during the year previous. Nor has the Board been lacking in legacies. These, with what was appropriated from a last year's legacy available for the current expenses of this, amount in all to $15,918.86. This sum has enabled us to lessen our debt, and to make up for the deficiencies in the regular contributions. Accordingly, it will be seen, that the Board is able to report a better financial condition than it did a year ago. Still, we might have done better, had even a moiety of the 3358 churches which have made us no contributions sent in on an average at least five dollars a piece. Could they not have done it without feeling the loss? Might not the pastors have secured the sum with a little effort?

SUPPLIES FOR THE FUTURE.

This year our seminary catalogues report the number of graduates in all to be 149. This is twenty more than last year. That all these contemplate ordination in our body, or will at once go into service, cannot be expected. A small deduction must be made. The classes for next year promise a yet larger number, and those to be graduated in 1887, if maintained, will furnish 205. This prospect of steady increase is peculiarly gratifying. Yet, at the best, the promised supply does not equal the growing demand. A writer, in one of our journals, on a fair calculation, puts the needed number of yearly graduates at two hundred, to say the least. But the insufficiency of this estimate will be evident if we look at

THE SHOWING OF OUR MINISTERIAL SUPPLY FROM THE STATISTICS OF 1884.

The Minutes of the General Assembly of 1884, show a net increase of ministers over the whole number enrolled in 1883 of only 126. Of this increase 85, over two-thirds of the whole number, were drawn from other de-

nominations! This is 21 more than we drew one year before, and 31 more than we drew in 1882, an increase corresponding with the diminishing number of ordinations during the same period. On the other hand, we dismissed to other denominations last year only 29. But to learn the full amount of our indebtedness, we must take into account the fact, that no small portion of our stated supplies are ministers not of our body, but invited by permission to fill a vacancy until a Presbyterian minister can be obtained. Such great and increasing dependence upon our neighbors for our working force is hardly creditable to a Church so large and well equipped as ours.

This becomes more evident when we contemplate the condition of our Church as reported in the Minutes. Out of 5973 churches enrolled we find 1201 marked vacant, a larger number than ever before. These have all been tabulated, and, judging from the stars and the small numbers and the blanks appended, we might say that full one hundred were on the verge of dissolution, for want of care and Gospel nutriment. Nearly four hundred, even in their destitute condition, show a membership and a pecuniary ability that would warrant the entire services of a minister—many of them apparently watching and waiting for the strong man they cannot find. And the remainder might be sustained by being united in twos and threes under one charge, had we the men at hand to set over them. Too manifest is it, that we are increasing our churches faster than we are our ministers. The demand is greater than the supply. It is a state of things which indicates either a lack of productive power, or the existence of some obstacle to ministerial development, which ought to be sought for and removed. The question is: What is to be done by way of a remedy?

Three measures looking to the removal of the existing evils are suggested, between which we have to choose. One is, to lessen our requirements for ordination and thus open a wider door into the ministry, admitting many who are now barred out for want of the requisite education. This is a measure some are strenuously arguing for on the ground that our requirements are un-Scriptural, and that they make our ministry too costly for the support obtainable. Especially is this measure advocated in view of the supplies needed for the more illiterate portions of our population, and for the masses of our freedmen. A second measure is, so to increase the salaries of the pastors and missionaries as to render the ministry a more life-sustaining and inviting profession for such as are accustomed to a better style of living, and as can afford to educate themselves. This measure is contended for by some with no little plausibility as sure to relieve the difficulty, and to render the Board of Education needless. All that is required for it is, to put in operation a good vigorous sustentation scheme and to enlarge the contributions to Home Missions. A third measure is, to lay ourselves out more diligently to enlist and train worthy young men who know what toil and privation mean, and to put upon them the obligation, and to infuse into them the spirit, to go anywhere and everywhere, under orders, to preach the Gospel wherever there are souls to be saved. This has been the policy of our church in times past, and if it be sound policy still, it will be necessary for our ministers and churches to push it with greater vigor.

A competent ministry cannot be had without labor and sacrifice. It is not the spontaneous product of human society. It is a gift from above. The disposition to it is the result of a divine call; and this call comes without distinction of persons, to the poor as well as the rich. Our business is to pray for it, to watch for the tokens of its presence, and to welcome it wherever it appears, and give the person called all furtherance in his preparation to obey it. By such measures alone can the Church of God be extended, and "strength and beauty" be made to characterize the sanctuary we build.

NEGRO EDUCATION.

In examining the reports from the different institutions where our colored students were trained, it was seen that a large proportion of them—though standing fairly in most respects—were graded *low*, and some *very low*, in scholarship. There does not seem to be among them a general aptitude for classical or scientific studies—a thing not surprising under the circumstances

—while at the same time many show qualifications for doing good evangelical work among their people which ought not to be set aside. This fact raises the question whether it is worth while to expend time and money, in pushing such young men through a course of studies for which they seem incapacitated, when these might be better improved in enabling them to acquire a more thorough knowledge of Christian truth through the medium of the English language.

Moreover, it must be said that a still deeper question has been started among our educators, and also among many who are contributing to the cause of negro education, which deserves consideration. It is this: Whether a long course of classical and scientific education, when exacted from all candidates alike, does not, in many instances, positively disqualify them for their future services, both by infusing into them—to use the words of one who has long labored at the South among the negroes—"a habit of thought and a style of language, not only not understood, but even misunderstood by a majority of their hearers, and, still further, by unfitting them, through a long separation from their homes in college and seminary, for real sympathy with their people when they come to labor among them.

On the other hand, it must be said that the prosecution of the full collegiate course affords a mental discipline much needed by the negro. What he requires is to have his thinking powers waked up by being compelled to deal with hard subjects and high themes, and this necessity is laid upon him when set to classical and scientific studies, however imperfectly pursued. Moreover, it is declared to be of great importance for the credit of the race, and for its future elevation, that its spiritual leaders be put as nearly on a level with their white brethren as is possible, and should become fully qualified to be educators in turn, all which has much truth to commend it; and it will be seen that the Board makes no question as to the expediency of educating, to the appointed standard, all who evince capacities for reaching it profitably.

The recommendations following are respectfully submitted to the Assembly (see Minutes, p. 676).

CANDIDATES FROM FOREIGN MISSIONARY FIELDS.

A serious question has arisen also in relation to another class of candidates. These are such as come to us from foreign mission fields with the intention of returning to their native country. It is well known that in prosecuting their evangelical work among foreign nations, Mission Boards make it one of their foremost endeavors to establish schools, for the education of a native ministry, in a manner that shall specially fit it for the fields in which it is to labor. It becomes, therefore, every way desirable, that these young converts should remain at home rather than go abroad for their education. Hence the missionaries discountenance, except in rare cases, the custom of giving these young men a free education here. It stimulates the inclination to migrate, and thus interferes with their plans, by taking from them their young men, who are afterwards sent back more disqualified for their religious work, in many respects, by their long separation from their people, than if they had remained among them. For these reasons the missionaries strongly object to the Board taking these men under its care.

But in deciding what to do in the premises, the Board is embarrassed by the relations which these young men enter into on coming to this country. They join our churches, and awaken an interest in their behalf among our ministers and people. Then the Sessions and Presbyteries, being ignorant of the bearings of the measure, or differing with the missionaries as to their policy, recommend them to the Board for aid, all in due form. They thus come before it on precisely the same footing as that on which all our candidates stand. The Board then has no right to discriminate, and cannot do it without giving offense. But in accepting the recommendation, it is, on the other hand, manifestly interfering with the work of a sister Board, and in its own judgment, doing more hurt than good.

Accordingly, in considering what ought to be done, the Board has drawn up and adopted the following Resolutions, defining what it conceives to be its proper policy, and respectfully submits the same to the Assembly for its approval (see Minutes, p. 677).

CONCLUSION.

In conclusion, the Board would earnestly press upon the Assembly, and through the Assembly upon the Church, the need of a deeper interest in the work of developing the ministry, and of removing all obstacles that may hinder the consecration of our young men to this service. The character of the Church and its healthful expansion, it hardly needs be said, depends largely upon the quality and the number of its ministers. Moreover, an obligation, serious and imperative, rests upon the existing ministry to provide against failure here. We, in this generation, are enjoined to "commit" the Gospel that has been entrusted to us "to faithful men who shall be able to teach others also." And our obvious duty is to raise up such men by all the means in our power.

That more effort is required for this purpose to meet present and pressing emergencies has already been shown. The population of our country is increasing at a rate which promises to make it sixty-three millions at the next census. Our churches are multiplying at the average rate of one hundred per year. Abroad, by reason of the marvelous spread of the English language through conquest and commerce, the world is opening for the reception of the Gospel as it has never opened before. Amid such circumstances, and with such inviting prospects, our Church finds itself encumbered with more than one thousand vacant congregations at home to be supplied, is dependent on other denominations for a large portion of its ministerial force, and last year was able to equip only one hundred and twenty-nine candidates out of its own body. We trumpet the fact loudly; the demand is not met, the obligation is not discharged. We are not in trim for making large conquests. The Church needs more men, and stronger men, and hardier men for carrying on the work God has given it to do. The great question is, Can we get them? The Board leaves it for the General Assembly to answer.

For the Board,

Periodicals.

It gives us pleasure to report great prosperity in this department of the work of the Board. The combined list of the periodicals show *an increase of more than one hundred thousand subscriptions* during the past twelve months, a growth that is every way gratifying, as the same advance was made during each of the three previous years. Year by year the Board has taken forward steps in the preparation of periodicals to meet an ever-growing demand, and with the present year it has made still other steps forward in the number and cheapness of its issues in this department. The very great favor with which this part of the Board's work is received, and the immense circulation attained by the papers, encouraged this lowering of prices, with no abatement of the excellence, either of the style or the character of the publications.

The Westminster Teacher gives full expositions and illustrations of the International Bible Lessons, as well as articles bearing upon all the branches of this important department of church work, by able and popular writers. It is published in octavo form, 40 pages, monthly. One copy per annum 60 cents; school subscriptions, to one address, each 50 cents.

The Westminster Question Book, though called a "Question Book," is a complete manual for the study of the International Bible Lessons of the year. The Shorter Catechism is given in it systematically, one question for each Sabbath, as in the other periodicals of the Board. It is intended for use in Bible-classes and the senior classes of the school. Price, $15 per hundred, *net*.

The Westminster Quarterly is a help to the study of the Bible lesson, adapted to use by the more intelligent classes of our Sabbath-schools. It is an octavo of 32 pages. Single subscriptions, 20 cents; school subscriptions, to one address, 15 cents each per annum.

The Westminster Primary Quarterly is a new periodical intended to meet the wants of the primary classes. It is prepared by Mrs. G. R. Alden ("Pansy") and illustrated. School subscriptions, to one address, 100 copies per year, $8, or 8 cents for each scholar.

The Westminster Lesson Leaf is intended for intermediate scholars. It is issued monthly, but it is so arranged that the lesson for each Sabbath occupies the two sides of one leaf. With January 1885, the price of the "Leaf" was reduced; school subscriptions, to one address, 100 copies per year, $5; 100 copies for six months, $2.50, or 5 cents a year for each scholar.

The Westminster Primary Lesson Leaf is intended for the youngest classes studying the International Bible Lessons. It is prepared by Mrs. G. R. Alden ("Pansy") and illustrated. It is in the same form and furnished at the same reduced rate as the *Westminster Lesson Leaf*.

The German Lesson Leaf proves a valuable help in the study of the

Bible in the Sabbath-schools of our German congregations. Owing to the limitation of its circulation, by the limited number of German congregations in our connection, it is published at a loss. Its price has been reduced, and it is furnished at the same rate as the *Westminster Lesson Leaf*.

WESTMINSTER LESSON QUESTIONS consists of leaves with six questions on each lesson, and spaces for answers to be written by the scholars. It is put up in packages for six months, January to June, five cents a package, *net;* July to December, at the same rate.

FORWARD, an illustrated semi-monthly paper of twelve pages quarto, is designed to meet the wants of that class of our young people who have outgrown the "children's papers," and who demand something more mature. It is made attractive by pictorial illustrations, whilst its articles constantly keep in view the tastes and wants of those for whom it is prepared, and meet with universal commendation. Up to January of the present year it was published but once a month, but now is published on the first and fifteenth of each month, and at a reduced rate of subscription. School subscriptions, to one address, once a month, 100 copies per year, $15; twice a month, 100 copies per year, $30.

THE SABBATH-SCHOOL VISITOR, an illustrated paper for the young, is published on the first and third weeks of each month. The price was reduced at the beginning of the year, with no cheapening of the matter or style of the paper. It may be taken once a month or twice a month, as may be preferred, at the following terms per year: school subscriptions, to one address, once a month, 100 copies per year, $10; twice a month, 100 copies per year, $20.

THE MORNING STAR, equal to the *Sabbath-school Visitor* in every respect, but of one-half its size, is published on the second and fourth weeks of each month. Its price has been reduced to the following rates: School subscriptions, to one address, once a month, 100 copies per year, $5; twice a month, 100 copies per year, $10.

Forward, *The Sabbath-school Visitor*, and *Morning Star*, being each published twice a month renders it more easy, for the schools which desire it, to have four papers each month for each scholar. The older scholars can receive two *Forwards* and two *Visitors;* the younger pupils two *Visitors* and two *Morning Stars*, and the youngest in *Sunbeam* have four papers for each month.

THE SUNBEAM, a weekly illustrated paper, with easy reading in short words and big type, with attractive engravings, is adapted to the very little ones of the home and school. The price of the *Sunbeam* also has been reduced: Single subscriptions, 25 cents; school subscriptions at the rate of $20 per 100 a year.

THE PRESBYTERIAN MONTHLY RECORD.—This magazine is the property and organ of the eight Boards of our Church. Every monthly number contains articles of real value, which ought to be read by thousands of our people. Its general circulation would be the means of building up intelligent *givers* as well as readers. It is sent free of charge to all our ministers. The price to single subscribers is 50 cents a year. When four or more copies are sent to one address the price is 25 cents a year per copy, which is less than cost. The loss incurred by its publication and distribution is shared by the Assembly's Boards, in the ratio of the space occupied by each.

THE BOOKSTORE OF THE BOARD.

Visitors to Philadelphia find an attraction in the beautiful bookstore of the Board, at No. 1334 Chestnut Street, opposite the United States Mint. They find there a full display of all the publications of the Board, which all are invited to examine.

The catalogue of the Board's own publications now contains over 2500 works, of which over 1600 are volumes, the remainder being tracts and pamphlets..

In addition to these, the Board offers in its bookstore a large stock of the publications of other publishing houses—the chief ones in all our large

cities. Orders for other books, if not on hand, will be filled, if possible, by promptly procuring them elsewhere.

Any number of the very best books for Sabbath-school libraries, may here be selected with every reasonable assurance that they will be found unobjectionable. If any book is purchased which is deemed by the purchaser, on careful examination, objectionable, he is invited to return it with a written statement of his objections, and either its price or another volume of the same price, as he may direct, will be sent to him.

Careful and fair comparisons made between its prices and those of numerous other houses in various cities, enables the Board to assure all parties interested that its books are sold as low as those of most publishing houses, and cheaper than those of many of them. Within the last few years the prices of a large proportion of the books on its catalogue have been greatly reduced. The entire list of 18mo and 32mo publications, covering about 450 volumes, have been reduced in price fully 30 per cent, no book of this class now costing more than 60 cents, retail price; or to Sabbath-schools, 45 cents.

OUR NEW DEPOSITORIES.

In accordance with the action of the General Assembly of 1882, a depository was established at St. Louis, at No. 1107 Olive street, and placed in charge of Rev. J. W. Allen, D.D. It is doing an excellent and increasing business, and, it is hoped, will meet the wants of a very wide region.

Another depository, under the same action of the Assembly, was established at Chicago, under the care of Mr. C. H. Whiting, at No. 137 Wabash avenue, a very excellent location. This also is now fairly under way with a growing business.

The General Assembly of 1884, resolved that "in view of the peculiar necessities of the churches on the Pacific slope, the Board is recommended to establish a new depository in the city of San Francisco." During a large part of the past year the Business Superintendent, under the direction of the Board's Business Committee, has been holding a correspondence with numerous individuals in San Francisco and elsewhere on the Pacific coast, with reference to the matter, and an arrangement has just been completed with the Rev. W. W. Brier, by which the depository will be soon in full operation.

OTHER ARRANGEMENTS.

During the last three or four years the Board has been constantly extending and making more liberal its arrangements with booksellers in the larger cities of our country and of Canada. By means of these arrangements the Board's publications can now be easily obtained in nearly all the principal centres of the book-trade in these countries.

RECEIPTS AND SALES.

The receipts into the treasury during the year from all sources were $304,951.07.

The entire expenditures of the year have been $305,161.93.

The balance in the treasury at the end of the year, March 31, 1885, is $20,966.13.

The sales for the year in books, ...	$115,126 36
The sales for the year in periodicals, ...	102,241 83
Total, ...	$217,368 19

a gain of $17,417.61 over last year.

This aggregate does not agree with the Treasurer's account, because it includes credit sales, while that account exhibits only cash received. Particulars of receipts and expenditures may be found in the Treasurer's Report and statements further on in this Report.

Philadelphia, April 1, 1885.

The undersigned Auditing Committee, having examined the accounts of Samuel D. Powel, Treasurer of the Presbyterian Board of Publication, find the same correct, and that the balance in his hands, April 1, 1885, was twenty thousand nine hundred and sixty-six dollars and thirteen cents ($20,966.13).

Directions for Correspondence. (*See p. 773.*)

FORM OF BEQUEST.

The Board of Publication is incorporated under the laws of Pennsylvania, under the style of "*The Trustees of the Presbyterian Board of Publication.*" Bequests are respectfully solicited, and should be made as above designated. All bequests are applied to the uses of the Missionary Fund, unless otherwise directed by testators.

The Missionary Department of the Board has had a year of extraordinary and unequaled usefulness. During the earlier part of the year its fund had a balance to its credit, and was enabled to carry forward its work with

freedom and upon a somewhat enlarged scale. Towards the close of the year that balance was exhausted, and the year closes with a small balance against the Missionary Fund.

The last General Assembly, at its sessions in Saratoga, adopted, among other things, the following action:

"The Assembly approves the diligence of the Board in enlarging its work of colportage, and expresses the hope that it may be much more widely extended, especially in the regions where religious privileges are meagre. To make this enlargement of the missionary work possible, churches and Sabbath-schools are urged to contribute *more liberally* to the Missionary Fund of the Board, *so that the sum of $75,000 at least may be devoted to this work during the coming year.*"

The sum named could all have been most usefully expended. There were many wide and needy fields yet unoccupied and begging earnestly that colporteurs may be sent to them. There were numberless openings for the distribution of good books and tracts and Sabbath-school literature, which the Board would gladly have given had it had the necessary means. Appeals were published and sent out to all the churches. But the incoming contributions failed to make up the amount the General Assembly had recommended them to give. At one time it looked as if this work must be curtailed or seriously embarrassed.

GENEROUS PAYMENT OF A LEGACY.

The late Hon. William E. Dodge, of New York, who was so eminent in his holy life and innumerable acts of Christian benevolence, left a legacy of $10,000 to the Missionary Fund of the Board of Publication. By the terms of his will, this sum was to be paid at any time within five years from his death, with interest after one year. The son and executor of Mr. Dodge paid in the whole amount sooner than was required by the will, with interest after the expiration of one year from the death of the testator. This legacy thus came into the Missionary Fund of the Board at a time of great need, when the Fund was absolutely empty. Its most hearty thanks are due, not only to the noble and sainted testator, but also to William E. Dodge, Esq., his son and executor, for his prompt and generous payment of the legacy. May we not ask the readers of this Report to follow the noble example of Mr. Dodge and remember in their wills the Missionary Fund of this Board?

COLPORTAGE ADVANCING.

There has never been a time in the history of our Church when there was so wide and so earnest a desire for colportage work. Many Presbyteries in different parts of the land have been importunate for colporteurs to be sent to them. Many Presbyteries have been supplied, others are yet waiting.

Two valuable colporteurs, Rev. William M. Dorland and James H. Hesse, have died during the year. Other former colporteurs have, for various reasons, retired from the service, while others have taken their places. Great care has been taken to obtain full and reliable information about each one before he was appointed, through testimonies from ministers, Presbyterial Committees and others, as well as by a personal correspondence with him on the part of the Corresponding Secretary. Every applicant was obliged, before his application was even considered, to promise careful obedience to the Board's printed *Instructions to Colporteurs*, in case of his receiving an appointment. As a consequence of this unceasing carefulness few mistakes have been made, so far as is known, and almost no complaints have come from any of the Presbyteries. The correspondence and quarterly reports of the colporteurs have been closely examined, and suitable directions and advice sent to them. Urgent instructions have been given to each and all of them to give special prominence in their work, to religious visitations and conversations from house to house, with prayer whenever practicable; to make to the poor and the destitute liberal and gratuitous distributions of books, tracts and papers, and to the performance of vigorous Sabbath-school work among the spiritually needy.

THE FIELDS OCCUPIED.

The Board's colporteurs have been widely spread, nearly every portion of our great country having a share of them. In the great and very destitute Southwest, one has labored in the Indian Territory, three in Texas, one in New Mexico, one in Arizona, two in Southern California—all of these finding much and important work to do in distributing Spanish publications, among the Mexican and other Spanish-speaking peoples. Then in the great Northwest, one has labored in Washington Territory, one in Oregon, one in Idaho, two in Montana, four in Dakota. In the more eastern regions, three have labored in Tennessee, several others in Kentucky, two in West Virginia, all very needy and important fields; one in North Carolina, chiefly among the colored people; one on the St. Lawrence, largely among the French Canadian people, and two in Northern Michigan. Others have labored among older, more-settled and better-instructed communities. Everywhere they have been received with respectful attention, and very often with great gladness. We hope and pray that the day may soon come when every Presbytery of our beloved Church throughout her wide bounds, may have at least one colporteur distributing the Board's publications, which contain a pure and free Gospel, while at the same time they state, illustrate and defend the teachings of our pulpits and our standards, and counteract the deluge of trashy and immoral literature which is flooding our land.

THE WORK OF THE YEAR.

In the work of the year now under review there has been a large and most gratifying advance in every particular. The Statistical Tables appended to this Report show that it compares grandly with that of last year; as the work of last year was largely in advance of that of the year preceding.

The Board has had at work during the whole or portions of the year just ended 107 colporteurs, who have labored in 22 Synods and 121 Presbyteries. These have distributed by sale 58,888 volumes; while 112,453 volumes (making a total of 171,341 volumes) and 9,768,369 pages of tracts and periodicals have been gratuitously distributed by them, and the Missionary Committee acting through large numbers of voluntary, unpaid and uncommissioned laborers.

Our commissioned colporteurs have visited 150,410 families, with a large majority of which they have held religious conversation and prayer, accompanied in very many cases with the reading of the Holy Scriptures. They also report having held 4700 prayer-meetings and other religious services as opportunity was offered. This is a large and most encouraging advance on the work last year reported.

A larger use than ever before has been made of pastors, missionaries and other voluntary helpers in securing a wider diffusion of the Board's publications wherever it could judiciously be done, especially among the poor, the destitute and the irreligious. Grants have been sent freely to those who have offered such help in every part of the wide field. They have also been sent, on application, for use by our foreign missionaries in China, Japan, India, Syria, Persia, Western Africa (including Liberia), South America, Guatemala, Mexico and among our North American Indian tribes. All the periodicals of the Board have been sent as a grant to every mission station of our Presbyterian Board of Foreign Missions.

The "Westminster Cheap Series" has done good service during the past year. It is a selection of the Board's choicest and most suitable volumes, doctrinal and practical, issued in a very cheap form in paper covers. These have been extensively used in making gratuitous distributions, and we have reason to believe they have done great good.

We are not usually permitted to see the fruits from the seed we sow; yet enough precious evidences come to us from the field to show that the Holy Spirit does attend and bless this work, and that the good seed will assuredly produce a bountiful harvest.

OUR COLPORTEURS AND SABBATH-SCHOOLS.

It is a part of the duty of every colporteur of the Board to organize new Sabbath-schools in destitute places on his field wherever he finds it practica-

ble, and to supply them with the library books, catechisms, lesson helps, papers and other facilities published by the Board. It is also his duty to visit and encourage, so far as he can, all Sabbath-schools, especially such as are feeble, on his field.

The colporteurs report that during the past year they have organized 270 new schools in such destitute localities. They have also visited and encouraged 3140 schools during the year, into many of which they have infused new life, and in not a few instances have prevented their extinction. Large numbers of childran have thus begun to receive regular Sabbath instruction in the blessed truths of the Bible, and to feel the benign influence of the Christian religion.

This branch of our colportage work was begun about ten years ago, since which time the Board's colporteurs have organized and nurtured 1133 Sabbath-schools, and have visited and aided 15,650 schools. Over thirty thousand children have thus begun to receive instruction in the Holy Scriptures, and to be led in the path towards happiness in this life and the eternal happiness of heaven, instead of being left to ignorance of God, to Sabbath-breaking, and all their fearful consequences.

While Presbyterian Sabbath-schools raise every year in the aggregate a very large sum of money, it is a very painful fact that very few of them send contributions to the Missionary Fund of this Board, to help it in this branch of its good work. We respectfully entreat pastors and Sabbath-school superintendents to present our work to the minds of their pupils and secure their contributions. The children and youth will gladly do this if they are shown the work and its needs. The General Assembly of 1883 emphatically declared that in its judgment Sabbath-schools should "always and especially remember the Sabbath-school Missionary Work of the Board of Publication," in their contributions.

SABBATH-SCHOOL WORK.

The Rev. James A. Worden, D.D., Secretary of Sabbath-school Work, submits the following as his report of that work during the past year:

The Report of the Sabbath-school work for this year is presented with devout thanks to Almighty God for the progress made. In no past year has the work been so thorough and the advance so marked in this department of Church activity.

STATISTICS.

Statistics of the Church's efforts in Bible instruction have been more completely collected and classified than ever before. Last year, ending March 31, 1884, tabulated reports were received from the Sabbath-school committees of 133 Presbyteries. This number exceeded by 47 that of the report of the year preceding. These 133 Presbyterial reports contained the statistics of 3921 schools. These, with the aid of previous reports and of the Minutes of the General Assembly for 1883, enabled us to present to the last Assembly an approximately accurate statistical exhibit of this work, and that body ordered the summaries of these reports to be published in its Minutes. (See Minutes for 1884, pp. 512–519; 1885, pp. 786–793.) For the first time in its history something like an adequate report of the Sabbath-school work of the Presbyterian Church was then made and published. Yet one-fourth of our Sabbath-schools, whose addresses we have, failed to report. And there are 200 Sabbath-schools whose addresses are yet unknown and which have never reported; and this through no fault of ours.

ACTUAL CONDITION OF THIS WORK.

In presenting this the Secretary will accompany the exhibition of facts with an exhibition of the unavoidable meaning of those facts.

1. *Contributions to the Boards.*—The General Assembly has recommended all its Sabbath-schools to contribute each year to the Boards of the Church. This action has already borne fruits. Last year, closing March 31, 1884, 2000 of our schools (all that reported upon this item) gave to the various

Church Boards $83,502. But 3200 schools failed to report that they had given anything to any of our Boards. Perhaps 2500 of these really gave nothing. These schools might readily have swelled the amount contributed to our Boards by this department of Church work to $150,000. Attention is again called to this subject of the benevolent contributions of our Sabbath-schools. The real source of difficulty here is not that our Sabbath-schools do not give, but that each year they are giving one hundred thousand dollars (and probably a much larger sum), to causes outside the Presbyterian Church, and other than those recommended by the General Assembly. The schools are thus drained by outside causes, and many of them have comparatively little left to give to our own Boards.

2. *The Indoctrination of our Youth.*—No portion of Christ's Church has been, in all its history, more distinguished for the doctrinal instruction of its children than our own. To this labor it is fully committed. Yet look at these facts. Out of 3921 schools reported last year, only 2396 were recorded as teaching the Shorter Catechism; the remainder, 1525, do not teach it. If the same proportion holds in the schools not reported, we have over 2000 schools not teaching the Shorter Catechism—that is, giving no doctrinal instruction. These facts and figures show that some better system is needed by our Sabbath-schools. Unless it is supplied the instruction of our scholars will be found lacking in strength and definiteness.

3. *Church Attendance of Scholars.*—It is difficult to secure the exact facts concerning this subject, but we can approximate them. One hundred and thirty-three Presbyteries reported only 166,749 persons in their Sabbath-schools regularly attending church. Our total Sabbath-school membership is 741,386. The defect is not so great as these figures indicate; yet it is certain that not one-half of our Sabbath-school scholars attend church. What will become of the one-half of our scholars who neglect the preaching of the Word? Unless better methods are planned and carried out for forming in our youth the habit of attending church, one-half of our labor of love will be in vain, and one-half of our youth lost to Christ and His Church.

4. *Apparent Gain in Membership.*—The total membership reported in 1883 was 663,765; that of the year 1884, as given by the Sabbath-school reports, was 741,386. This gives an apparent gain of 77,621. But this is largely due to the fact that last year we succeeded in securing reports from many schools which never before had reported. It is probable that, notwithstanding this admission, there was last year a net gain in the membership of 25,000. When we remember that there are in our land no fewer thon 9,000,000 of youth of school age outside all Sabbath-schools, we are forced to conclude that far greater efforts are needed in every home and Sabbath-school to reach the neglected and perishing children. Why should not the Presbyterian Church more liberally support, the Missionary Department of this Board, in organizing and aiding new Sabbath-schools in destitute corners of the country?

5. *Communicants Received.*—The whole number received from our Sabbath-schools into full communion in the Church was 14,975. This is a most cheering fact, brought to light in these reports. These are the numbers reported by 2200 schools in 133 Presbyteries. It is probable that had the other Presbyteries reported, the number would have been nearer 20,000. Comparing this with the 34,938 received last year into the Church by examination, we see that at least 10 out of every 17 persons received by the Church are Sabbath-school scholars. These thousands of fruits incite us to "thank God and take courage."

6. *Lack of Bible Study at Home.*—The fact is indisputable that three-fourths of our Sabbath-school scholars present themselves to their teachers every Sabbath with lessons unprepared. Suppose that three-fourths of the pupils in our public schools habitually failed to study their lessons, what would be done by the civil authorities? Ought not some system to be devised to secure the study of the Bible by the scholars?

7. *Temperance Work.*—Efforts are being made by the General Assembly's Permanent Committee on Temperance to form temperance societies in our Sabbath-schools. Other movements are also entering upon this work in the same interest. That thorough instruction should be given to all our youth in the Scriptural principles and practice of Christian temperance admits of no debate.

IMMEDIATE NEEDS.

The reports given demonstrate that the most pressing need of our Sabbath-school work is some more thorough system of Bible and catechetical study, of training our scholars in the principles and methods of Christian giving, and in regular attendance upon the preaching service of the Church and in Scriptural temperance.

HOW SHALL THESE NEEDS BE MET?

The Board itself, as well as the Board's Sabbath-school Committee, have considered this question with patience, diligence and prayer. To answer it the Board has taken the following action, viz:

"That the Secretary of Sabbath-school Work be authorized to formulate, and to send to all Sabbath-schools requesting it, a plan for unifying and systematizing our efforts for more thorough Bible and catechetical study, for canvassing for scholars, for developing in the scholars the grace of Christian giving, attendance upon the regular church services and Bible temperance."

The Secretary has taken steps to organize a more complete system of study and work for our Sabbath-schools. It will not necessitate any *new* machinery and organization, but will, we trust, render effective those now in use.

THE BIBLE CORRESPONDENCE SCHOOL.

This institution was organized under the direction of the Board and of the General Assembly of 1883. It has grown far beyond the expectations of its friends. During both years of its history it has had over 5000 members. The Bible Correspondence School is the answer of the Presbyterian Church, through this Board and its Sabbath-school Secretary, to the question which has for many years pressed for solution: How shall the teachers of our Sabbath-schools be prepared for their work? It has already received the hearty approval of the leading minds of the Church in this and other countries.

CHILDREN'S DAY.

The designation by the General Assembly of the second Sabbath of June as the Children's Day, on which special services for the children shall be held, and the vital topics of the Christian nurture and the conversion of the young shall be pressed upon the thought of the entire congregation, has given universal encouragement and gratification to Sabbath-school superintendents, teachers and scholars. A large number of schools observed the day this year with blessed results. A still larger number are arranging to observe it next year.

THE SABBATH-SCHOOL WORK IN THE PRESBYTERIAN COUNCIL.

After a presentation of this cause on the preceding evening, the Belfast Council took the following action, viz:

"That a committee be appointed to collect, classify and report to the next Council the methods of Sabbath-school work in the various churches of this Alliance, and to make suggestions so as to increase the efficiency of the Sabbath-schools."

PRESBYTERIAL SABBATH-SCHOOL INSTITUTES.

The great majority of our Presbyteries have held conventions and institutes for the instruction of their Sabbath-school workers. The Secretary desires to express his appreciation of the hearty coöperation of the Sabbath-school committees of our Presbyteries in securing, at great pains, the statistics referred to in this report, and in arranging for and conducting these institutes.

WORK IN THEOLOGICAL SEMINARIES.

By invitation, the Secretary delivered a course of lectures upon the "Pastor's Position and Work in the Sabbath-school," to the students of the Theological Seminary (Reformed) at New Brunswick, N. J., and also to the students of the Western Theological Seminary at Allegheny, Pa.

MISSIONARY DEPARTMENT, GRANTS MADE.

The Board has freely made grants to parties soliciting aid during the past year. These grants—of the books, tracts and Sabbath-school papers published by the Board—have been given to Home and Foreign missionaries, to pastors, to poor or mission Sabbath-schools, to charitable institutions and to individual applicants in almost every State and Territory of the Union. Some have been sent to Freedmen's churches and Sabbath-schools in the South; and, as has been already stated, not a few have been given to our missionaries in foreign lands.

PRESSING NEED OF COLPORTAGE.

Steadily a resistless tide of immigration sets to our shores and diffuses itself year by year over the settled as well as the hitherto unoccupied portions of our land, calling more and more imperiously for the labors of the colporteur. Our Presbyterian churches and people sadly need to have a good Christian and Calvinistic literature brought to their houses and placed in their hands. And, no matter how faithful and industrious pastors may be, they cannot fully reach and care, for all the irreligious and non-church-going multitudes who surround their churches and are even mixed among their people. But what else or better can be done for those millions in our land who are living and dying beyond the sound of the church-going bell, than to send to them the colporteur with his books and tracts? *Except in this blessed agency there is absolutely no visible human hope or help for multitudes of those dwelling in the widely-scattered homes of the West, of the South, and of the great Northwest.*

THE ANNUAL COLLECTION.

The *first Sabbath in May* has been designated by former General Assemblies as the most suitable time for the churches to take an annual collection for the Board's Missionary Fund. Except where some other preferred arrangement has been made for this cause, every pastor and stated supply is earnestly requested on that day to present this important object to his congregation and solicit its liberal aid.

All money given to the Board's Missionary Fund, whether by churches or individuals, or received from legacies, is wholly and carefully expended in carrying forward the Board's missionary or benevolent work. Notwithstanding the repeated announcement of this fact in former annual reports, in various circulars, in the *Monthly Record* and in other ways, there is a strange confusion in the minds of many persons in regard to the matter. Will each minister, therefore, when about to take his collection for this cause, oblige the Board by *stating distinctly* that the Board of Publication sustains its publishing and bookselling department wholly by its sales, *and that all contributions of churches and individuals are put into the Missionary Fund*, and are used *exclusively* in carrying forward the Board's missionary and Sabbath-school work, in supporting the colporteurs, in paying for books and tracts *given away*, and in defraying such expenses as belong legitimately to this *benevolent* branch of the Board's work?

CONTRIBUTING CHURCHES.

During the year now under review, 2493 churches have contributed to the Board's Missionary Fund. This is an increase of 143 over the number which contributed last year. Would each church which has this year given *nothing* send next year even a very small contribution, it would enable the Board to make a large advance in its benevolent work.

Thirty-first Annual Report.

The Trustees of the Presbyterian House respectfully report to the General Assembly that the receipts and expenditures of the past year, as shown by the Report of their Treasurer, duly audited and herewith submitted, have been as follows:

Total receipts, including balance, ...	$21,610 51
Total expenditures, ...	20,320 93
Balance on hand, ...	$1,289 58

The Trustees report further that they have accepted the trust of four hundred dollars ($400) bequeathed by the late Rev. Frederick Starr, deceased, the principal to be invested and the income therefrom to be paid over, "one-half to the Ministerial Relief Fund and one-half to the Board of Publication."

The Trustees report still further that, during the past year, the principal of an investment of large amount, and yielding seven per centum per annum, was paid in, and, in reinvesting the money, they were compelled to accept securities yielding a much lower rate of interest. Such returns of moneys to their treasury and such reinvestments must, in the near future, frequently occur, and must diminish quite materially the annual income of the Board.

The Trustees report yet further that, at their annual meeting, Tuesday, May 5, 1885, they adopted unanimously the paper which follows:

To the General Assembly of the Presbyterian Church in the United States of America:

The Trustees of the Presbyterian House respectfully represent that in the judgment of the legal gentlemen who had the matter under consideration some years since, the reasons which then prevented the merger of this corporation with the Trustees of the General Assembly, have so far ceased to have a controlling influence that the object recommended by the Assembly and so desirable in itself can now be safely carried out; and they therefore ask the adoption by the Assembly of the following Resolutions:

1. *Resolved*, That "the Trustees of the General Assembly of the Presbyterian Church in the United States of America," and "the Trustees of the Presbyterian House," be authorized and directed to take such necessary action as may be required to effect the union of the two corporations into one, under the corporate title of the former, in accordance with the spirit and terms of the joint report of the two corporations, as presented to and approved by the General Assembly of 1874 (Minutes of 1874, pp. 23, 145–147).

2. *Resolved*, That the Trustees of the General Assembly be authorized and directed to obtain an amendment of their charter, so that the first sentence of Section 6 shall read as follows:

"That the said corporation shall not, at any time, consist of more than eighteen persons; whereof, the said General Assembly, at any annual meeting, wherever held, may, at their discretion, change one-third, in such

manner as to the said General Assembly shall seem proper, and also at like times and in like manner fill any vacancies therein," and that the charter, as thus amended, be approved as the charter of the United Corporation.

It is understood that the Trustees of the General Assembly concur in this course.

The term of office (two years) of the following Trustees expires during the present sessions of the Assembly, namely: Samuel C. Perkins, Esq., President; Mr. John C. Farr; Rev. Thomas J. Shepherd, D.D., Secretary; Rev. William Y. Brown, D.D., and Rev. Thomas L. Janeway, D.D. Mr. John C. Farr and the Rev. Wm. Y. Brown, D.D., decline a reëlection; the former, because of advanced age and long service; the latter, because of removal from Philadelphia. A Trustee is also to be elected in the place of Mr. T. Charlton Henry, who, in consequence of engagements forbidding regularity of attendance upon the meetings of the Trustees, tenders herewith his resignation for the year which yet remains of his term.

Respectfully submitted,

By order of the Trustees,

THOMAS JAMES SHEPHERD, *Secretary.*

ABSTRACT OF THE FIFTEENTH ANNUAL REPORT.

The meetings of the Board have been regularly held and faithfully attended. This is the more commendable, inasmuch as every ministerial

member of the Board is a pastor, and all the lay members are men of business whose time is valuable.

Our work is in no sense *sectional*. It extends over nearly all the States and Territories in this Union. In several of the Southern States we have given aid to the Freedmen in their efforts to provide churches. For the Indians of several tribes, but more especially those in what is called the Indian Territory, we have done a good work, to the great delight and encouragement of our missionaries.

Our German Presbyterian brethren, through their schools and Theological Seminaries, are increasing the number of sound and evangelical ministers, who greatly need more church accommodation. They look to our Board for help and encouragement in this matter—nor do they look in vain. We are glad to bear testimony to the faithfulness of these German churches that have been aided by this Board, in the fulfillment of their promise to send an Annual Collection to the Board. Would that others of our beneficiaries, far more able than they, would follow their example.

RECEIPTS.

The last General Assembly, "in view of the great and pressing claims upon this Board, called upon the Church for the sum of $200,000, *to be placed in the Treasury of this Board*" (not reported to Presbytery as given at random), to enable it to meet the demand. The result has been, that the Church collections have only reached $68,735, an average of about ten cents per church member—a sum far too small. Add to the $68,735 of Church collections, all that we have received from other sources, and it makes our gross receipts $120,696. This, with the balance of $491 from the preceding year makes up our working capital for the year of $121,188, which shows a falling off, as compared with the gross receipts of the previous year, of $6023. This deficit is not in the amount of Church collections, but in that of legacies. Last year we reported $18,000 by bequests; this year only $4379. So that after all, our receipts from the only reliable source (Church collections), has increased by $5603.

We sometimes wonder how it is that many good people, in making their wills, overlook this Board. What *surer*, *safer* and *more* permanently useful investment of a portion of their wealth can they make, than in the erection of churches that shall minister to the good of man and the glory of God, long after the givers have gone to their rest and reward. Or, what more lasting and suitable Memorial can they rear to the memory of some dear departed friend?

APPLICATIONS.

During the year we have received 398 applications, formal and informal, calling for $224,500, a larger demand than has ever been made upon us before, showing that the call of the last Assembly for $200,000 was not too large, nor even up to the necessities of the case. As in former years, some of these calls are so unreasonable, both in the amount asked for and the cost of the proposed buildings, as to put them beyond our reach; some of these (with endorsement of Presbytery) asking for $1000 or $2000 for a building to cost from $10,000 to $17,000. But, with the exception of a few preposterous cases of this kind, the great portion of applications come from very weak churches, asking for small sums, averaging not over $400 or $500. As our rules require the endorsement of the Presbytery to each application, there is sometimes misapprehension on the part of the church applying. They consider this endorsement as equivalent to an order for payment in full of the amount asked for, and remonstrate with the Board for withholding a part of the money "voted them by the Presbytery." And sometimes a second application comes through the Committee of Presbytery asking for the balance of the amount applied for. This is a work of supererogation, as it does not increase the ability of the Board to give more. We furnish blanks for application to those who ask for them, and require that all the questions be answered, and the blanks filled before they are returned to us. These should be signed by *all* the members of the Presbytery's Committee on Church Erection, and not merely by the Chairman of the Committee.

APPROPRIATIONS.

Since April, 1884, grants have been made to 240 churches, amounting in the aggregate to $108,042. This is in excess of any previous year in the history of the Board. Although our receipts have been somewhat less than during the preceding year, yet by strict economy and wise administration, we think a better and more effective work for the general interests of the Church has been done than ever before. The outline map shows the location of these churches and chapels. The aspiring State of Nebraska has the largest number of new buildings. Next to this comes Dakota Territory. Then Kansas, Minnesota, Iowa, California, Wisconsin, etc., etc. To eleven churches among the Indians we have given aid. Eight German churches have been aided. If to these 239 grants made this year, be added the 45 churches on hand, but not completed at the beginning of this year, it will be seen that the Board had under its care during the last twelve months the wants of 286 churches, amounting in all to $130,587. During the same period, appropriations to 263 churches have been *paid*, amounting to $143,563.

Grants made to eight churches, amounting to $4000, have been withdrawn, as the limit of two years has expired without the churches having fulfilled the conditions. Some of these grants have been renewed upon receipt of new applications. The money is in readiness to pay all the other grants so soon as the churches are prepared to furnish the papers required. Owing to the pressure of the times, many to whom grants have been made are pleading for prepayment, but this is prohibited by the rules under which we act. The promptness with which payments are made by the Board when the conditions have been filled, has not only been a comfort to the expectants, but has inspired confidence in the Presbyterian Church among business men.

INSURANCE.

From authentic sources we have learned that 18 Presbyterian churches have been injured or destroyed by fire during the year, the loss amounting to $39,638. Of these, 15 were insured by us to the amount of $5571, all of which has been received from the insurance companies and sent to the churches. Loss for want of insurance, $34,067. We hold 1656 policies, covering property to the amount of $1,189,286; of these policies, 444 were issued during the year, including renewals. A large number of churches have, through us, insured for their own benefit, the policies having been sent to them.

Premiums received from churches during the year, $2994.80. This is $1013.30 more than received last year.

ARCHITECTURAL DESIGNS AND CHURCH PLANS.

The call for these has been so great that we have been induced to add largely to their number, and we must say added much to our labor and correspondence. On this point we wish to give some items of information that may prevent disappointment to applicants, and much unnecessary correspondence to us. This voluntary undertaking on our part was intended solely for the benefit of our own weak churches, unable to meet the expense of employing an architect, and not as a money-saving scheme for the public, nor of money-making for the Board. We are daily receiving requests or orders from all directions to send on half a dozen or a dozen plans from which they may make a selection. We are not architects, and have neither time nor money to expend in this way. With the assistance of some of the best and most reliable architects in this city and elsewhere, we have prepared a Book of Designs for Churches, Sabbath-schools and Manses, in four numbers, each number containing from forty to sixty designs. For some of these we have carefully prepared workman plans (consisting of several sheets) which we will send by mail on receipt of $5. For others, if preferred, we can get these architects to prepare workman plans at a reduced rate, but

not for $5, or we can put them in correspondence with the architects, with whom they can make their own terms. Inasmuch as we are not at liberty to use the money entrusted to us for *church* building, for *this* or any other object than that for which it was given, merely to cover the expense of plates and printing, we charge 75 cents per copy for each of these pamphlets —*in all cases to be prepaid*—otherwise the pamphlet will not be sent.

MANSE BUILDING.

As this matter was brought before the General Assembly last year by overture from one of the Presbyteries, and was referred by the Assembly to this Board, a committee was appointed to prepare a plan of action.* Their Report is as follows:

"1. That the General Assembly be asked to approve such a plan as will combine the work of Manse building with that of Church Erection.

"2. That a fund be raised by special gifts and such portions of church collections as may be designated by the givers for this end, to be so used by the Board that the property represented by it will be secured to the Church, and protected by insurance as in the case of church buildings.

"3. That it be in the power of the Board only to make grants of money designated for this end, and in ordinary cases to make loans, the amount, without interest, to be repaid, by installments or otherwise, within three years.

"4. That no more than one-third of the cost in any case be given, and no more than one-half be advanced as a loan.

"5. That the recommendations of the Presbytery's Committee on Church Erection be required, as in the case of churches, the title to be in fee simple and unencumbered, save to this Board.

"6. That such limit be fixed as will confine the work to the feebler and Mission churches.

"7. That all funds given for the purpose of Manse building be kept by the Treasurer separate from the Church Erection account."

In behalf of the Board,

HENRY R. WILSON, *Corresponding Secretary.*

During the past year the Corresponding Secretary of the Board, Rev.

* Approved. See p. 636, Resol. 2.

George Hale, D.D., and the Treasurer, Rev. Charles Brown, retired from the positions they had respectively filled for so many years and so faithfully. The action of the Board in taking leave of these beloved brethren, with their replies and its further action in the election of their successors, will be found appended to this Report.

THE ROLL.

The number on the roll (not including those at the Ministers' House, Perth Amboy), during the year from April, 1884, to April, 1885, was as follows:

Ministers,	204
Widows of deceased ministers,	279
Orphan families,	33
Total,	516

The number of persons included in these families is over two thousand. The Presbyterial recommendations on their behalf came from one hundred and sixty-one Presbyteries scattered throughout the various Synods of the Church. Fifty of the number were new applicants; namely, twenty-nine ministers, nineteen widows and two from orphan families.

Twenty-two persons have died, being heads of families; that is, fifteen ministers and seven widows of ministers. Most of these were beyond threescore years and ten; some beyond four-score. One was in his ninety-second year, two in their eighty-eighth year.

While the Board gladly accepts for distribution among the needy whatever offerings may be prompted by grateful hearts, it should be said that the Church does not regard the aid extended through this Board as a loan, to be repaid, but rather as payment, in part, of her own debt to these faithful, self-denying ministers who have served her at salaries that ordinarily preclude the possibility of laying up anything for sickness or old age.

RECEIPTS.

The receipts of the Board for the fiscal year, from April 1st, 1884, to April 1st, 1885, were as follows:

I. For the Permanent Fund:

Donations.	Mrs. Catharine F. Powell, Norristown, Pa.,	$1,000 00
	John A. Caughey, Pittsburgh, Pa.,	15 00
	"Thank offering from P.,"	5 00
	Mrs. Longenecker, Rochelle, Ill.,	1 00
		$1,021 00
Bequests.	Geo. Wishart, Bradford Co., Pa.,	125 00
	Jos. S. Clayton, Plymouth, Mich.,	268 00
	Mrs. E. Sykes, Ogdensburgh, N. Y.,	50 00
	Miss Anna M. Steregere, Philadelphia, Pa.,	147 83
	Miss Catharine Scott, Adam's Mills, O.,	50 00
	William E. Dodge, N. Y.,	5,000 00
	Mrs. Marcia B. Crocker, Winstead, Conn.,	1,000 00
	Geo. D. Hall, St. Louis, Mo.,	2,500 00
	Mrs. Harriett J. Marks, Lewistown, Pa.,	10 00
	Mrs. Mary A. Higgins, Doylestown, Pa.,	500 00
	Mrs. Julia M. D. Vanatta, Morristown, N. J.,	2,000 00
	Charles Gibson, Lawrence Co., Pa.,	950 00
	Isaac Oakes, Nunda, N. Y. (in part),	250 00
	B. W. Merriam, New York,	500 00
	Frederick Starr Fund (Trustees Presbyterian House),	200 00
		$13,550 83
Total additions to the Permanent Fund during the year,		$14,571 83

II. For Current Use:

(1.) Contributions from churches and individuals,	$82,664 06	
(2.) Interest from Permanent Fund and from deposits in bank,	15,199 59	
Total funds received for current use during the year,		$97,863 65

This sum would give an average of about $175 during the year to each family upon our roll. But to this amount in money should be added the estimated value of boxes of clothing sent during the year, viz: $5882.14, making the entire receipts of the Board $103,745.79 for 1884–85, not including the balance on hand at the beginning of the year ($7258.35), which, of course, was from the contributions of the previous year.

The additions to the Permanent Fund for the previous year were $24,773.10, showing a falling off this year of more than $10,000. The contributions from churches and individuals for current use the previous year were $81,768.01—a slight increase this year ($896).

THE MINISTERS' HOUSE AT PERTH AMBOY.

During the last year there have been twenty families at the Ministers' House, embracing in all twenty-eight persons. One beloved brother, whose health was undermined by many years of hard work in the Mission fields of the West, was, on February 23d, called to the "House not made with hands."

Although the diminished resources of the Board have rendered necessary all possible curtailment of expenses in the management of the House, it is believed that these brethren, worn out in the service of the Master, have found here the substantial comforts of a home. Letters from them refer gratefully to the provision made for their declining years by the Church they have served.

Frequent visits by the committee having the Ministers' House in their special charge, and the testimony of the guests themselves, show that the House is most efficiently managed by the superintendent, Miss Bower, whose appointment was mentioned in the last report of the Board.

The Rev. R. D. Harper, D.D., to whom the last General Assembly committed the securing of a library for the guests of the House, has wrought in the matter with enthusiasm and success. In his report to the Board he says:—

"Over three thousand volumes have been donated, during the year, for this purpose. This generous response shows how deeply the heart of the Church is touched with sympathy for these veterans in her service. The library is all that could be desired. A detailed statement accompanies this report."

THE TREASURY.

By a comparison of the monthly statements of the Treasurer published in *The Record*, it will be seen that the contributions from churches and individuals for the first nine months of the fiscal year just closed were less by $8974.39, than during the same months of the previous year, 1883–84. The number of those receiving aid was greater, and, therefore, though the appropriation in each case asked from the Board by the Presbyteries, was doubtless (after a prayerful and thoughtful examination by those thoroughly acquainted with all the circumstances of the applicant) reduced in each case to the minimum, the aggregate was much larger than the sum asked for during the first nine months of the year before. It has been the uniform policy of the Board, sanctioned by the General Assembly, not to borrow from banks or individuals. The Board of Relief is expected to distribute only the funds entrusted to it each year by the churches. Therefore, as on former occasions, there was no other alternative but the painful one of reducing the appropriations. This was done at the November meeting, when, to meet the current appropriations, there had already been withdrawn

$7580.69 from the Permanent Fund (which was in the hands of the Treasurer awaiting investment) in the hope that, as in previous years, future contributions from the churches would be sufficient, not only to meet the regular grants but to replace this amount by the time a suitable investment for it could be found. The diminishing receipts could warrant this hope no longer, and the Board voted a uniform reduction in the appropriations of twenty-five per cent. But even this sum, withheld from families to whom every dollar was a necessity, could not prevent a further constructive borrowing from the uninvested Permanent Fund; so that the amount to be replaced was reported by the Treasurer at the January meeting as having been increased to $12,381.

Under this increasing embarrassment, threatening the Board with a large debt at the close of the year, a further reduction was necessary, or a special appeal to the churches. The latter was made through the religious papers and by circulars, involving considerable expense, which, however, was met without drawing upon the funds of the Board. The result was most gratifying, especially in the number of persons who sent special contributions, accompanied by letters of interest and sympathy, that greatly cheered the Board. Most of the contributions were in small sums, many of them from pastors with small salaries; but the aggregate increased so largely the receipts, especially for March, that the Board was enabled to replace the whole amount temporarily withdrawn from the Permanent Fund, and to close the year on the first of April with a balance of $5146.15, towards meeting the appropriations (more than seven thousand dollars) which would be called for at the April meeting, three weeks later. But the painful fact should be borne in mind, that this balance was secured by the twenty-five per cent reduction, which during the five months from November to March, inclusive, amounted to $8582.18. Had this reduction not been made, it will easily be seen, from the above figures, that the Board, notwithstanding the enlarged contributions at the end of the year, would have closed the present fiscal year in debt.

And now we respectfully ask the General Assembly what we are to do for the year upon which we have just entered? We began last year with $2112.20 more in the treasury than we begin this year. The contributions from churches and individuals last year amounted to $82,664.06; yet with a smaller number then, than for the coming year, upon our roll, there was forced upon the Board the necessity of a reduction in the appropriations of twenty-five per cent. Unless, therefore, the contributions are increased this year by more than twenty-five per cent this painful reduction must continue—in fact, with the larger number now upon our roll a still greater reduction must obviously be made. In 1874, under similar circumstances of embarrassment, the appropriations were reduced fifty per cent, and no new applications were entertained by the committee then having charge of the work.

The Board refrain from lengthening this Report by any appeals or arguments. The cause of Ministerial Relief is one that lies very near to the hearts of God's people, and the Board simply state the facts and await the answer of the churches, pledging themselves to the diligent, thoughtful and prayerful discharge of their duty, in the administration of the sacred fund which may be placed in their hands for the relief of our suffering brethren.

Respectfully submitted on behalf of the Board,

WILLIAM C. CATTELL, *Secretary.*

ABSTRACT OF THE TWENTIETH ANNUAL REPORT.

The whole amount of receipts from all sources, including a balance from last year, were $116,219.93, of which $3000 consisted of a certificate of stock in the Cooper Fire Insurance Company of Dayton, Ohio, to be placed among the permanent funds. While we have received a larger amount for missionary purposes than last year, we still report a deficit of $1660.88. It will be seen that had the $3000 been given for general purposes, and not for the permanent fund, we would have had a balance of $1439.92. As it is, we have received more money from churches and individuals, and expended more for the general work than in any previous year.

The colored churches last year contributed to their own support $20,335.07, this year $17,254.20, a falling off of $3080.87, occasioned by the failure of crops which prevailed throughout the South during the last season. Last year $5844, either in hand at the beginning of the year, or previously subscribed, went towards the new buildings for Biddle University. These two sums deducted from last year's income would make the receipts this year larger than any previous year.

It will be noticed from the Treasurer's Report that we have received from Women's Societies $3010.28, and from the Sabbath-schools, as a special birthday offering, $2002.39, while 216 more churches contributed this year than last. These are encouraging facts.

BIDDLE UNIVERSITY, REV. WILLIAM A. HOLLIDAY, D.D., *President.*—This University is located at Charlotte, N. C., and receives its name in memory of the late Major Henry J. Biddle, of Philadelphia, whose widow, Mrs. Mary D. Biddle, has been one of the first and most liberal supporters. It is chartered by the Legislature of the State, and under the auspices of the *Presbyterian Board of Missions for Freedmen.*

The *object* of the institution is the education of colored teachers and preachers.

It has 188 students, seven professors and five tutors. Scholarships, including board, lights, washing and fuel, $100 per annum.

SCOTIA SEMINARY, REV. LUKE DORLAND, D.D., *President.*—Located at Concord, N. C. Its design is to educate colored girls and prepare them for usefulness in the home and as teachers for their people. Scholarships, $45 per annum. It has 11 teachers and 232 pupils. Also an industrial department, in which the girls are taught to cut, fit and make dresses and all manner of sewing.

WALLINGFORD ACADEMY, REV. THOMAS GROVE, *Principal.*—Located at Charleston, S. C. It has 651 pupils and seven teachers.

BRAINERD INSTITUTE, REV. S. LOOMIS, *Principal.*—Located at Chester, S. C. It has six teachers and 474 pupils; also an industrial and agricultural department.

FAIRFIELD INSTITUTE, AT WINNSBORO, S. C., REV. WILLARD RICHARDSON, *Principal.*—It has four teachers and 324 pupils.

STATISTICS FROM THESE.

The five institutions just referred to have each sent up statements for the past year, which combined give the following:

Whole number of students enrolled,	1,884
Number of these professors of religion,	515
Number of these in the Presbyterian Church,	313
Whole number studying for the Gospel ministry,	100
Number of these that are Presbyterians,	87
Number who have acted as catechists,	22
Taught school part of the year,	177
Whole number of months taught by all, this year,	481
Whole number of pupils in all their schools, about,	9,000
Amount of pay received, in cash and board, by all, about	$10,225
Number who superintend Sabbath-schools while teaching,	86
Whole number of scholars in these Sabbath-schools,	4,704

In considering the figures of these tables, it should be remembered that those pertaining to students for the Gospel ministry, catechists and superintendents of Sabbath-schools, came from but four of the five institutions named, as Scotia Seminary is for girls only.

Attention is especially called to the "Freedmen's Department" in connection with the Woman's Executive Committee of Home Missions, and located with headquarters at Pittsburgh, Pa. This department is especially commended to the Women Societies of our Church.

RICHARD H. ALLEN, *Corresponding Secretary.*

REPORT OF THE BOARD OF MISSIONS FOR FREEDMEN ON THE TITLES TO ITS PROPERTY.

The Presbyterian Board for Freedmen reports that previous to the order of the last General Assembly to secure, by title, to the Presbyterian Church in the United States of America, all the real estate occupied by the work of the Board among the Freedmen, rightfully belonging to said Church, this Board had been actively engaged in accomplishing that object. Since that time increased attention has been given to this matter, and had it not been for the long and severe illness of the Secretary last fall, much more would have been done in that direction. As it is, a clear title has been obtained to about two-thirds of the property, and it is believed that, with the assistance of the first Secretary, Rev. S. C. Logan, D.D., the same result will be attained with the remainder of the property, although some of it is in remote districts and secluded localities, and may require much correspondence, a good deal of time, and probably some expense, before the deeds can be secured. The property thus held by the Church, or that will soon be legally held by the Church, is found in all parts of the wide territory over which our work among the Freedmen extends—in Virginia, North Carolina, South Carolina, Georgia, Tennessee, Kentucky, Missouri, Kansas, Mississippi, Louisiana, and the Indian Territory.

For the information of the Church and the public, it may be well to state that during the existence of the Freedmen's Committee and the Board for Freedmen, twenty years, it has secured to the Church, in addition to what it has done in educational and church labors, property to the value at least of $300,000, or an average of $15,000 a year, although the most valuable part has been acquired within the last four years, and that the Church has now a title to at least $200,000 worth of property, and there is every probability that the Board will be able to report to the next General Assembly that the remaining property, to the amount of $100,000, has been similarly secured, while there is good reason to believe that in the meantime other possessions of no small value will be obtained.

The Board also informs the General Assembly that the utmost care is taken to have the buildings belonging to the Church, and used in our work,

properly and fully insured. The Board holds insurance policies to the amount of over $100,000 upon these buildings. One of the most reliable insurance agencies in the country, representing some of the strongest companies in the world, issues the policies. Our insurance is effected in each case for three years, and at the lowest rates taken by most responsible companies. Our arrangement with the agency is such that every policy is renewed previous to its expiration, so that it is not possible for any loss to accrue from neglect of renewal.

Altogether the Board feels that it congratulates the General Assembly upon the amount of property it now holds, and the large amount it will possess in the near future among the Freedmen, and also upon the fact that every possible protection is now thrown around it and will continue to be.

It is the intention of the Board to present to the Assembly, as soon as possible, a complete schedule of each piece of property, its location and its estimated value.

ABSTRACT OF SECOND ANNUAL REPORT.

The Presbyterian Board of Aid for Colleges and Academies respectfully presents to the General Assembly its second Annual Report.

This youngest Board is already called to lament the death of one of its members. Shortly after its organization, it unanimously chose Mr. Claudius B. Nelson, of Chicago, to fill the place of a member who was unable to serve. He entered into its work with the interest and intelligence which

for many years have marked all his relations to the affairs of our Church and of Christ's kingdom. He died at his home in Hyde Park, Ill., March 29, 1885. His Christian character and benevolent deeds have commanded a very wide regret for his death and respect for his memory.

In estimating the advance made by the Board during its second year, it will be natural to look, first of all, at the Report of the Treasurer. The total of last year's actual receipts was $14,912.11; the total of this year's has been $40,049.12. Last year, however, in addition to actual receipts into the treasury, statement was made of gifts which, in sympathy with the Board, had been made directly to institutions, but which, by the wish of donors and recipients, were included in the Board's Report to the General Assembly. Such gifts, added to the Treasurer's statement of receipts, made a total of $28,987. If the gifts which this year have been similarly made and reported be added to this year's actual receipts, the total is $54,020.36.

The general impression made by this comparison will be borne out, we think, by the detail of this second year's work.

I. Appropriations to Institutions.

The Board has much enlarged the range of its appropriations. Last year it aided in nine institutions, in seven States and Territories. This year its appropriations have been *voted* to twenty-seven institutions, in sixteen States and Territories. One of these appropriations—to Macalester College—was formally resigned for the present year. The appropriations to Maryville and Tusculum Colleges were conditioned upon action by their Synod, which was not taken; and some other appropriations were made dependent on some other conditions, which have not yet been met. But twenty-one institutions remain, to which payment has been made. To a few of these, which had been brought into life under the Board's counsels or encouragement, and whose need of definite help was great, definite promise was made; and the sums so voted have been paid in full. For the rest the Board could not, in prudence, do more than to make appropriations, with the stipulations that they should be paid *pro rata* to the full extent of the Board's means at the close of the year. Accordingly, this year, as last, all receipts to the end of April have been paid out for the purpose of making these *pro rata* payments as large as possible. This difference between absolute and *pro rata* appropriations was very unwillingly made; but in the newness of this work, and of the Church's support of it, no other way appeared of meeting what seemed to be the greater exigencies of some institutions. The Board hopes that its increasing income will soon allow it to make appropriations without doubt concerning their payment.

The following is a list of all the appropriations of the year, which have thus far become payable:

Appropriations and Payments of 1884–5.

II. Local Liberality.

The following is a statement of the present properties of colleges and academies which were in existence when the Board was organized, and which it has engaged to aid. These figures include not only real estate, libraries, apparatus, etc., but vested funds and legal securities. They do not include mere promises or expectations. Liens have been deducted. If it might seem, from this statement, that some of these institutions are rich enough, it must be considered that a young college may both have valuable property and have need of temporary help. A large part of the Board's office is to save such fine beginnings from being frittered away in the struggle with annual expenses, and to keep them in a condition of growth. The Church will judge whether the communities which in the interest of Presbyterian education have made beginnings of such proportions, deserve help in nourishing them.

PROPERTY OF INSTITUTIONS OLDER THAN THE BOARD WHICH HAVE HAD PROMISE OF ITS HELP.

Albany Collegiate Institute, Oregon,	$22,700
Bellevue College, Nebraska,	50,000
Dubuque German Theological School, Iowa,	31,000
Galesville University, Wisconsin,	28,000
Hastings College, Nebraska,	70,000

Salt Lake Collegiate Institute, Utah,	23,000
Sedalia University, Missouri,	54,000
Washington College, Tennessee,	16,500
Total,	$640,000

The total of denominational aid given by the Board to the above institutions to the close of this year is $7594.60. Meanwhile in the same institutions the increase of permanent property during the closing ecclesiastical year is stated at $31,156—more than four times the aid given.

NEW INSTITUTIONS AND NEW PROPERTY.

But in a nation like this, local liberality in behalf of local schools needs to be produced in new places.

It is by its bearing on such a result that the short career of this Board is to be estimated. In this light, interest will be taken in the following exhibit of the property aspect of all those institutions which have been organized under the auspices of this Board. The newness of these efforts makes it proper to include statement of subscriptions, as yet uncollected. Those only are reported which the institutions believe to be collectable. It will be borne in mind that toward these properties the Board has not contributed

from its general treasury so much as a dollar. It has stimulated the production of the properties by its offer of annual help in the work to which they are devoted.

Parallel columns will show how the neighborhoods' gifts compare with the help given by the denomination.

NEW NEIGHBORHOODS AROUSED.

It is to be remembered that the above are only the first results of a system which is adapted to multiply and extend them in increasing ratio. As this second year is closing, specific efforts are ripening under the Board's influence for the establishment especially of Presbyterian academies, the need of which the Church most feels. The additions which thus seem ready to be made to the educational property of our denomination outmeasure many times these two years' gifts of all the churches to the treasury of the Board.

III. Benefactors.

Besides the appropriations of the Board and local contributions, another chief dependence of this work lies in the gifts which benefactors at a distance send to the institutions in which they become interested. It was remarkable that in the Board's first year so many gifts of this kind could be reported. They amounted to $13,653. Of course, no very great advance in this regard was to be expected so soon as this. Yet, in this matter of personal benefactions sent chiefly from the older regions of the Church to the academies and colleges of the newer, the less than $14,000 of last year gives place to an aggregate of $31,105.25, made up as follows:

PERSONAL GIFTS MADE THROUGH THE TREASURY OF THE BOARD TO SPECIAL INSTITUTIONS.

Estate of Cyrus H. McCormick: for the completion of McCormick Hall, Pierre University, Dakota,	$7,500 00
The same estate: for a fund for the assistance of students, Maryville College, Tennessee,	500 00
The same estate: additional for McCormick Hall, Hastings College, Nebraska,	3,000 00
The same estate: for purchase of farming land for Park College, Missouri,	4,000 00
The same estate: first advance upon a gift of $7000 toward a building at Greeneville and Tusculum College, Tennessee,	3,000 00
The same estate: for Galesville University, Wisconsin, to meet some special bills,	500 00
The same estate: special gift toward current expenses of Union Academy of Southern Illinois, at Anna,	500 00
Miss M. Virginia McCormick: toward purchase of house for Park College, Missouri,	500 00
Mrs. Eliza McKee, of St. Louis, Missouri: special gift toward current expenses of Salt Lake Collegiate Institute, Utah,	500 00
	$20,000 00

PERSONAL GIFTS MADE DIRECT TO INSTITUTIONS.

Total (for particulars see "Institutions' Receipts"),	$11,105 25

This latter statement will be seen to include many very liberal gifts; among them that of "F" to Parsons College, $1000; of "M" to the same, $500; of Mr. Alanson Trask, residuary legatee of the estate of F. W. Marquand, $2000 for the salary of the president of Montana College, at Deer Lodge—an institution that owes its existence largely to Mr. Trask's benefactions, last year reported; and of Mrs. R. L. Stuart, of New York, $5000 toward the erection of a college building at Del Norte, Colorado.

CANVASSERS AND FIELDS FOR CANVASS.

Hereafter, territory will be assigned for a year, during which period a donor may feel safe from any similar approach under this Board's credentials in behalf of a Presbyterian school. If, assured of this, he will have confidence enough in the recommendation of the Board to believe that the worth of the institution and the character of the solicitor are beyond question, may not this knowledge effect such saving of his time and investigation as shall turn our certificate into a valuable guide and helper of his benevolence?

IV. Co-operating Churches.

We have also to report a most encouraging increase in the number of churches contributing to our treasury. Last year there were 480; this year there have been 1330—nearly three to one. This increase has an interest quite distinct from that of the immediate increase of income. It proves that this cause is not alien to the thoughts and sympathies of the pastors and the churches; and since its appeal is notably made to reflection and principle rather than to sentiment, such advance, so early made, is little less than a pledge of the firm and wide tenure by which this scheme of distributed Presbyterian education is to hold the intelligence and conscience of our people.

There is, however, an aspect of some importance in which the above statement of the churches' contributions to the Board outruns the exact fact. All the aid given to Presbyterian academies and colleges ought not to be counted to the credit of this Board. The local help which strong

communities give to their own institutions is one thing; the share which those same communities take in the denominational help rendered to other institutions remote, new, and needy, is another thing. Nay, even distant institutions can easily gain a hold upon the special interest of special churches; for the colleges and academies of our denomination, even when more numerous than now, will always be comparatively few, so that direct acquaintance with a favorite institution will be easy to form and maintain. Indeed, it is the policy of the Board itself to introduce even the newest and remotest institutions to the "fields" which may furnish them friendly help. Such "special" gifts, to be made in concert with this Board, are its main reliance for a work which it expects to prove magnificent. But if an impression, of which we meet unmistakable signs, should spread, to the effect that "special" gifts made without concert with the Board will stand in its regard, and in its report to the General Assembly, upon the same footing with those gifts which, under either its discretion or its advice, do its denominational work, the issue would soon come to be a great increase of bulk in the Treasurer's Report, with no corresponding fact in the treasury —moneys transmitted by the mere clerical work of its officers, not without labor and cost, but not contributing in the least degree either to the Board's denominational work, or to its expenses in doing it.

Hereafter, therefore, the Board, having the warmest sympathy with the whole work of aiding our Church's literary institutions, will gladly be the medium of monthly and annual information concerning all gifts to Presbyterian institutions that shall be authoritatively reported to its Secretary. But the statement of the Board's receipts will be limited to those gifts which are either sent unrestricted to its treasury, or are given in concert with its own action or advice. In this way the statements of income will afford a sure measure of the favor which is accorded to this distinctive denominational advance. The work will show a clear outline, and leave a clear history. In the interest of such clearness, it is proper to state what proportion of the contributions reported by the Board in its general statements of last year and this, have been made for the general cause of college aid outside the specific work of the Board. Last year those gifts amounted to $629.73, leaving of the Board's reported aggregate of $28,987, $28,357.27, available for its distinctive work. The outside gifts this year have grown to $4907.44, leaving of the reported aggregate of $54,020.36, $49,112.92 for the Board's work.

V. Information Concerning Institutions Aided.

[This part of the report does not admit of abridgment; the account of each institution being very brief.]

The totals are: Institutions, 21; pupils of all grades, 2078; of whom 876 are church members, and 128 mean to be ministers.

Conclusion.

The Board has growing confidence in the success of this great work. It is grounded in the very largest patriotism and Christian zeal. While it ought to stimulate every denomination to its utmost effort, its catholic importance should exclude all sectarian rivalry and waste. There is field more than enough for all, and unless it be early occupied, especially with those Christian academies which can give direction to young minds, more and more of the best talent of the new generations will be shut up to a knowledge that is merely natural; that is, it will be made useless to the highest ends of the nation, and be lost to the Church, to Christ, and to heaven.

The following Resolution was adopted by the last Assembly:

"*Resolved*, That it be recommended to the Board of Aid to carefully consider the propriety of so securing all moneys given from its treasury, or under its commendation, to increase the property of an institution, that, in the event of the institution's dissolution, the funds so given shall revert to the treasury of the Board."

In response thereto, the Board has adopted the following rule:

"Whenever any sum of money, not less than $1000, shall be given at one

time to any institution by this Board, or through the influence or instrumentality of this Board, to enable it to purchase or to assist in purchasing any land or buildings for, or to increase the real property of such institution; then, and in every such case, it shall be provided as a condition precedent to such gift that, in case such institution shall be dissolved, or shall sever its organic connection with the Presbyterian Church, such land and real estate shall become the property of this Board, unless such institution shall return to this Board the sum of money so given."

All of which is respectfully submitted.

By order of the Board,

H. D. GANSE, *Secretary.*

X. COMMITTEE ON SYSTEMATIC BENEFICENCE.

Abstract of the Sixth Annual Report.

The present Chairman was ignorant of his appointment until his return from abroad in the fall of 1884. No organized effort was begun until that time. But members of the Committee in the interval had done excellent work toward the objects of our effort, by addresses before ecclesiastical bodies, and in Princeton and Union Theological Seminaries, as well as by articles in the religious press. Constant communication has prevailed between the chairman and the distant members of the committee, while the local members at Cleveland have acted as an executive body, and have frequently met to further the trust committed to us.

The organization of Synodical and Presbyterial Committees on Beneficence throughout our Church has become more thorough than ever before. At least one hundred and seventy-five Synods and Presbyteries in this country are in communication with us through their local committees. Almost invariably their chairmen are brethren of earnest and intelligent convictions on this subject.

We believe that in no other way can the work with which we are charged be so effectively done as by the coöperation, and largely through the agency, of such local committees in every Presbytery and Synod. An increasing habit among them, one most encouraging and commendable, is their tabulation in printed form of every church's contributions to all benevolences, compared with previous years. It proves no little stimulus to growth in good works.

A profound financial depression has prevailed over our whole land during the year, threatening the serious curtailment of receipts. Hence, during the latter half of the church year, we have aimed our chief efforts at immediate influence upon pastors and Sessions, to secure contributions for the Boards during the months commended by the Assembly for that purpose. In prosecution of this plan, we have several times reached every church in our body, not only with our own reminders and appeals, but by the personal application of two Presbyterial chairmen in each Presbytery, who have cordially indorsed them with their own signatures and effected their distribution, and to whom our hearty thanks are tendered.

A hand-book for information of committees, pastors and sessions, as to practical plans for the development of systematic giving, has been in preparation, under direction of this committee, by one of its most experienced members. We greatly regret that his recent illness has postponed its completion.

The last Assembly referred to us Overture No. 27, of the Committee on the Polity of the Church, being an Overture from the Presbytery of Cleveland, asking for an amendment to the Directory of Worship, "So as more distinctly to enumerate benevolent offerings among the enjoined acts of public worship." We accordingly adopted a form of Overture, and recom-

mended it to the Presbyteries through their respective Committees on Systematic Beneficence. The expense of this movement was borne by one of our Committee. We have been advised of favorable action, or suggestions of amendment, by many Presbyteries, and have asked that these Overtures thus sent down may be referred to the Standing Committee for consideration and subsequent report to this Assembly.

More than 17,000 copies of documents issued by this Committee, and fortified by personal appeals of Presbyterial Committees, have been sent lately among the pastors and Sessions of our churches.

In some Synods, East and West, the study of ways and means for securing the temper and results of benevolence, has been manifest in a way not dreamed of before the organized agitation of this subject in our Church. Our largest Synod, New York, heartily adopting the report of its Beneficence Committee, resolved upon the earnest endeavor to add nearly fifty per cent to its contributions, and raise a million dollars within the current year. We meet many instances where such elevation of the target has secured certainty in the aim. The Presbytery of Westchester in that Synod has previously found this method greatly successful, and has renewed it the present year.

Efficient Synodical Committees can be of greatest service in this work by arranging for printed addresses and popular meetings, and insuring the appointment of a good committee in every Presbytery within the bounds of the Synod.

Our reports from a majority of the Presbyteries indicate a pronounced advance in interest for this cause. In several Presbyteries half a day has been given to popular conventions or institutes for instruction in the principles and modes of Systematic Beneficence. In Newton Presbytery, New Jersey, the addresses upon such an occasion were printed in the form of a pungent, interesting synopsis, and sent to every church member with acceptance and good effect. In the Presbytery of Brooklyn the members at their last meeting entered impressively by a rising vote into a solemn league and covenant, to instruct their people, and do what could be done to secure their contributions. Western Presbyteries are advancing in their interest and their gifts. In benevolent contributions, the foremost Presbyteries of the Church proportionately to membership are Oregon and Cleveland. The Presbytery of Montana, while during the year its membership increased 27 per cent, enlarged its benevolent gifts 261 per cent. Many churches in Missionary Presbyteries are giving to all the Boards, not stintedly either—an invariable sign of an early self-support. One of the Minnesota churches has made great advance in benevolence, while yet securing all church support by voluntary contributions. Their system is one which we recommend as among the best in cases like this—namely, an alternation of Sabbaths in some arranged proportion between self-support and the Boards with definite information and appeal concerning each. The pastor of the church referred to writes: "We find that personally we are greatly blessed in following this system. Our current expenses are promptly met, and a constant spiritual life pervades the church." A Presbyterial Chairman writes: "The chief difficulty is to secure the coöperation of pastors" It is easy for almost any uninterested pastor to drop a wet blanket on the rising flame of kindled interest and smother it out, that local needs may better thrive. But it is suicidal. Many a minister never knew what ample support was, until in conscientious honesty and reviving faith, he plied his people with their duty to Christ, and found their growth in the giving spirit, making it easy for them to care generously for their minister.

In realization of existing hindrances, some Presbyteries have taken up the matter with great zeal and watchful oversight. The Presbytery of Wooster have prepared envelopes for every Board, distributed them to their churches, with directions to every Session to furnish every member with the proper envelope previous to the designated collection, enjoining upon the pastor to set forth the claims of the object, and calling for a report from each church on blanks furnished—for annual presentation to the Presbytery for comparison and tabulation by its Committee. Many Presbyteries have adopted other practical plans, likely to prevent remissness and cultivate the Scriptural grace of liberality. Here we reach the root of all godly giving, systematic or otherwise. No enthusiasm in ecclesiastical bodies will suffice. Every

effort made, every instruction presented, every inducement urged, has no effect, till its power strikes the individual. There its force is expended. All machinery, all method is to give it power *there*.

A part of this Committee's duty consists in preparation of a brief summary of the benevolent work of the fiscal year for presentation to each Assembly. The figures give forceful hints of difficulty and of hope. The Assembly of 1884 advised an increase of $200,000 above the previous year, in face of one of the most widespread and crippling financial depressions that our country has known for many a day. The ability, faith, courage, consecration of our people have not risen to the demand.

A falling off in total income of $78,257. This is far more than accounted for by the presence last year of a single legacy to a single Board of $100,000, which, missing this year, reduces the Home Board's receipts by an equal amount. Deducting this very unusual bequest, the receipts of this year would have exceeded those of 1884 by $21,743.

Six years ago, when this Committee began its work, the total income of the Boards was $1,024,298. In 1885, by the present reports, $1,746,105, an advance on 1879 of seventy per cent. And this while our net increase in membership has been only ten per cent.

The net gain in contributions here has been $54,879. Still our work has run away from us. Our prosperous opportunities have led us forward faster than the Church was ready to follow. Our two most important Boards have been left seriously in debt, while yet keeping fully within the recommendations of the last Assembly.

Last year, our churches contributed to outside causes of benevolence nearly a million dollars. Three-fourths of this large sum will doubtless be their gifts in the same line the present year. In view of our own embar-

rassments just now, it is worthy of wise, conscientious question by every church, whether a portion of this miscellaneous generosity is not due and payable to our own Boards.

Net gain over last year 1434 churches, a most encouraging exhibit. So many more blanks filled.

Under Foreign Missions, the churches contributing to Women's Boards only, are not included. Add these (383) and they increase the number of contributing churches for that Board to 3973. We are glad to note that while the number of Women's Societies has increased and also the amount of their contributions, the number of churches where none except women contribute has lessened by 64 during the year. To support missions is not a specially feminine duty—never should be confined to the women of any church. And 64 of these societies have succeeded in drawing the men of as many churches into line—have provoked to good works those who never gave before. In those Boards that have fallen off the most, the women's contributions have been upon a steadily-rising scale. They gave $116,000 for Home Missions this year, against $97,167 the year before, and $78,520 in 1883.

Even greater than this has been the advance in contributions of Women's Societies to Foreign Missions. Two hundred and twenty-four thousand five hundred and ninety-eight dollars given this year, against $203,754 in 1884, a gain of $20,844. In no branch of church effort, as yet, are the principles of systematic beneficence more fully carried out than among the women and the Sabbath-schools. Hence, no contributions are more steady and regular than theirs.

The large number of churches (not all of them moribund or poverty-stricken either) that give nothing to any or to some of these causes, still remains our shame, reproach, and, to a large extent, our weakness. Every effort should be made to bring them into line.

More than ever before, our Church has been compelled to realize the distressing effect produced upon our crippled and anxious Boards, where their regular expenditures have to be provided for by supplies that are conspicuously, unnecessarily, and in the last degree, irregular. This extreme lack of uniformity in receipts has been often mentioned in the strongest terms, in the reports of the Boards, as being one of their severest trials. Indeed, if our churches strictly obeyed the injunction of the Assembly, and actually took their collections for each Board in the month designated for it, we should see far more serious embarrassment than now exists.

The following action of the Assembly of 1871 indicated a desire after better things: "That, as the rate of expenditure is measurably uniform throughout the year, no one month be designated for taking up collections for Home Missions, but that each church designate for itself the month that will bring most to the treasury of the Board, and in no case fail of an annual contribution." The Foreign Board, in January, 1884, the month designated, received 23 per cent of its total receipts for the year, and 77 per cent at other times. In January, 1885, only 13 per cent of the total receipts,

87 per cent at other times. The Home Board, in November, 1883, and November, 1884, alike received only 12 per cent of total receipts, and 88 per cent at other times. This wholesome irregularity is almost as great as if weekly offerings were everywhere in vogue. Yet the bulk of contribution is waited for until too dangerously near the closing of the books. Successful gatherings can hardly be expected, deep anxiety cannot be prevented, when the major part of all collections is looked for in the last two or three months of the fiscal year, as largely now.

Your Committee have endeavored loyally to aid the Assembly in its recommendation of times and seasons. But we cannot control, and ought not to conceal our conviction, that the influence of the Church thrown solidly in the line of frequent, worshipful giving, would instill a habit of beneficence among the people, remove the stigma and nickname of "begging," by associating giving with our most hallowed worship, and afford a regularity and volume of flow into the treasuries of our Church, unattainable in any other way. Where the true spirit of consecration exists, striving where and how it can best use itself and what it has for God, questions of mode and plan are subordinate. But when the grace is meagre, as yet undeveloped, untaught, education in habits of beneficence is essential. We believe this to be in general best and easiest effected by rediscovering one of the "lost arts" of Christian worship, and habitually allowing "prayers and alms" to go up together before God, providing a place for it in the services of the Lord's house.

This question will come before the Assembly in a report upon Overtures from various Presbyteries. We bespeak for it earnest and favorable attention.

A word as to its practical advantage. This Committee has desired thorough information as to the extent of the prevalence of weekly giving in our churches, its success and any objections to be urged against it. This we have gained from more than a hundred different sources through the Church —from Boston to San Francisco, from city and country. It has surprised us to discover how widely its theory was accepted, how frequent was the practice of it, and how few and untenable were the objections against it. Its efficiency is only indorsed by its very wide application to church support, in cases where it needs to share its advantages with the claims of wider and more unselfish evangelism. Multitudes never will, and cannot, give in one amount as much as they will readily be able to contribute by fifty-two installments in the year.

Every opportunity for presentation of special causes, and collections for them, is presented by this method. It does not bind the church to one particular plan of raising money for the Boards, as some have feared. We encourage no possible antagonism with any plans practiced in the Church which are made efficient. But we believe there are choices between them, and that the habit of giving every Lord's Day will encourage and lend hallowing to *any* method of special contribution that may be mingled with it.

We venture the following recommendations:

We ask this Assembly to reiterate the instruction of its predecessors to all Synods and Presbyteries, that they appoint Committees on Systematic Beneficence for the promotion of that interest within their bounds, and that such Committees report to, and coöperate with, the Assembly's Committee.

Also, that the Stated Clerk of every Presbytery and Synod be directed to send, as soon as possible after the annual meeting, to each Board and Committee of the Assembly, the name of the Chairman of the respective Presbyterial or Synodical Committee.

We request that every minister be charged to faithfully instruct his people in the duty and grace of liberality for Christ's sake, and in the principles of Scriptural giving as God has prospered, and that he keep them adequately informed concerning the work and demands of the Boards of our Church.

That every Session be directed to adopt some plan of benevolent contribution which shall afford the people an opportunity to give to each Board.

That every member be earnestly advised to adopt proportionate giving as a principle of his Christian stewardship.

We ask the Assembly to urge a wide circulation of the periodicals and papers of our Church, as an inestimable stimulus to contribution.

A bill for part of the necessary expenses of the Committee for clerical services, postage and printing, is herewith presented, with request for payment.* No traveling expenses are included.

Respectfully submitted in behalf of the Committee.

ABSTRACT OF THE FOURTH ANNUAL REPORT.

The annual meeting of the Committee was held on the 17th day of June, 1884. The Rev. W. Y. Brown, D.D., was re-elected Chairman, and Mr. David M. Stiger was re-elected Recording Secretary and Treasurer. The officers and Elder Walter Carter were appointed an Executive Committee, to whom was referred the immediate oversight of the details of the work.

At this meeting the absorbing questions before it were its work and its resources. The deliverance of the Assembly, combined with its charter duties, had imposed upon it an immense amount of labor, printing and correspondence, which must be done, if the deliverances of the Assembly were to be carried into effective action. Its resources were "an appeal to the churches for funds," under the recommendation of the Assembly. After prayerful consideration of the whole subject, the Chairman was unanimously requested to devote his entire time to the work of the Committee on a stipulated salary, and to conduct its correspondence and take a general supervision of its entire work. He accepted the appointment, and entered at once upon the work, and he has continued in the service of the Committee during the entire year. He has conducted the extensive correspondence of the Committee, prepared most of its tracts, etc., and distributed them in numbers

amounting to nearly 60,000 copies among the churches; visited a number of the Synods, Presbyteries, churches and Sabbath-schools, and presented the temperance work of the Church to these various bodies.

In this Report your Committee endeavors to present the exact facts pertaining to the temperance work in the Church and the country, and the various methods used by different persons, societies, Churches and States in their endeavors to mitigate the evils of intemperance and to suppress the saloon entirely, without presuming to pass judgment upon the comparative value of these methods.

ORGANIZATION.

It gladly reports that every Synod in this country has now a Permanent Committee on Temperance, and in most instances very elaborate reports were made to their several Synods in the fall of 1884, and the subject received the most earnest and prayerful consideration by these great bodies.

One hundred and forty-five Presbyteries have reported the appointment of Standing Committees on Temperance, a gain of 102 since our last Report. To complete the organization of the work in the church courts, there is one further step in this direction, namely, the appointment of a Committee on Temperance, consisting of one or more members, in the Session, or of women, appointed by the Session, charged with the special duty of looking after this department of Christian work in the congregation.

DOCUMENTS.

The documents issued by your Committee during the year mostly pertain to the organization of the work and bringing it under proper ecclesiastical supervision and control.

THE BOYS AND GIRLS.

In relation to these, the Assembly has indicated two distinct lines of effort, namely: Scientific instruction in schools, supported by the State, on physiology and hygiene, with special reference to the influence of intoxicating drinks upon the human system; and, secondly, temperance instruction in the Sabbath-schools.

As to the former, it is a stupendous work, and its possibilities cannot be overestimated. The number of children of school age in the United States is 16,243,822. Of this number 10,013,826 are enrolled in the public schools, and they are taught by 293,294 teachers. It is with devout thanksgiving to God that it reports that at least fourteen States in the Union have incorporated this scheme into their public school systems.

In its endeavors to secure systematic instruction on Temperance in the Sabbath-school, the Committee has issued *Papers Nos.* 12, 13 and 17; and, to bring the whole matter under the supervision of the Session, *No.* 16.

PRESBYTERIAL TEMPERANCE INSTITUTES.

In furtherance of the action of the last General Assembly, namely: "That the Presbyterial Committees be recommended to arrange for the holding of temperance conventions and institutes," your Committee has corresponded freely with them in regard to the details of this method of work.

This method of temperance work in the Church is no longer an experiment. It has given universal satisfaction wherever tried. As far as practicable, the Chairman of your Committee has attended institutes, and participated in the discussions.

In this connection it may be stated that the influence of the institutes has extended much beyond the boundaries of the Presbyteries by means of the reports of the discussions in the periodicals.

There are in the United States 11,314 periodicals. Of these 971 are published daily, 863 weekly, 133 semi-weekly, 73 tri-weekly, 40 bi-weekly, 1167

monthly, 160 semi-monthly, 2 tri-monthly, 13 bi-monthly, 116 quarterly, 6 semi-annually. The aggregate circulation per issue is 31,779,886 copies, of which 3,566,395 are daily. There are 553 religious periodicals, 42 of which are Presbyterian, having a circulation per issue of 201,410, and 96 unsectarian (many of which are under Presbyterian control), having a circulation per issue of 394,642.

THE NUMBER OF LIQUOR DEALERS IN THE UNITED STATES.

There are 198,930 persons engaged in the liquor traffic who paid special taxes to the United States Government during the special tax year ending April 30, 1884. These are the principals and business firms. The number does not include assistants, clerks, bartenders, etc. But it does include druggists who pay United States revenue taxes in order to sell alcohol, etc.

Unquestionably, however, there are in the United States more persons who sell liquors to be used as a beverage who have not paid internal revenue taxes than the number of druggists in the country, so that it may be safely affirmed that there are at least 198,930 principals or business firms who are engaged in the manufacture and sale of liquors to be used as a beverage. This is 8014 less than last year, although it is estimated that the population has increased more than 1,500,000. There has, therefore, been an actual, and still greater relative decrease in the number of saloons during the past year.

AMOUNT OF INTERNAL REVENUE TAXES PAID BY THE LIQUOR INTEREST.

During the fiscal year ending June 30, 1884, the liquor business paid in taxes to the United States Government on distilled spirits, $76,882,810.58, and on fermented liquors, $18,084,954.11; total, $94,967,764.69. *Tax receipts* were given by the Government to the various persons paying in this amount, but these tax receipts must be carefully distinguished from *licenses* to sell liquor. The United States Government does not *license* any person to sell liquor, nor is any one at liberty to sell, even after he has paid the internal revenue tax, except in conformity to the municipal or State laws regulating the traffic.

It is worthy of remark, also, that, estimating the increase of population in the United States since 1880 at ten per cent, the above amount of taxes is $1.72 for each man, woman and child, on the average, for the whole country; whereas in the State of Maine the Government tax amounted to only $0.04 per capita; in the State of Vermont to $0.03 per capita, and in the State of Kansas (on the basis of an increase in population of ten per cent, which is much below the actual increase), it is $0.08 per capita. Maine, Vermont and Kansas are under prohibitory laws.

THE CONSUMPTION OF INTOXICATING LIQUORS.

For the last four years there has been a steady actual increase in the consumption, reaching 81,128,581 gallons in 1884. In malt liquors there has been a constant increase in the amount consumed. In 1840, it amounted to 23,310,843 gallons; in 1870, 204,756,156 gallons; and in 1884 it had reached 590,016,517 gallons.

Comparing these figures with the population of the country in 1870 and 1884, the following results are obtained: In 1870, the consumption per capita was, of distilled spirits, 2.07 gallons; of malt liquors, 5.31 gallons; of wine, 0.31 gallons. In 1884, it was, per capita, of distilled spirits, 1.45 gallons; of malt liquors, 10.69 gallons; of wine, 0.37 gallons.

Whilst it is gratifying to know that the consumption of distilled spirits has largely decreased *per capita* in the past fourteen years, no one can be indifferent to the sad fact that the consumption of malt liquors has more than doubled in the same period.

The increase of the consumption of malt liquors is simply appalling. Beer drinking is not only intemperance itself, but it tends to increase in-

temperance. Germany, in 1876, consumed 20 gallons of beer per capita, and also consumed 2¼ gallons of distilled spirits.

WHAT THE DRINK BILL COSTS THE CONSUMERS.

Your Committee has re-examined this question, and compared its own independent investigations with the results of expert statisticians, and it is confirmed in its conclusion of last year, "that in the matter of dollars and cents, the consumption of distilled, malt and vinous liquors, *as a beverage*, costs the consumers annually in the United States *not less than eight hundred and thirteen millions of dollars.*"

WOMAN'S CHRISTIAN TEMPERANCE UNION.

Nearly all of the reports from the Presbyteries and many of the Synods speak in the highest terms of the vigilance, activity, and earnest zeal of the Woman's Christian Temperance Union within their bounds; and refer with just pride to the fact, that in numerous instances the most prominent leaders in the organization are members of our Presbyterian churches.

SUGGESTIONS.

1. It is persuaded that the action of the last General Assembly on the Scientific Temperance Educational Scheme in the Public Schools, has been of great service in securing the enactment of the law in several of the States; it therefore suggests that the attention of the churches be again called to the importance of this matter.

2. It seems to your Committee that more prominence should be given to Temperance Instruction in the Sabbath-schools than is provided for in the International Series of Lessons for 1885–6, and that church Sessions could very profitably make some provision for supplying the deficiency.

3. The temperance reformation is God's work, for which, however, He will be inquired of by His people to do it for them. It is suggested, therefore, that prominence be given to this subject in all seasons of prayer, whether in the pulpit, the social prayer meeting, or the family.

4. Your Committee cheerfully calls attention to two suggestions which have been made to it—(*a*) "That the action of the Assembly be still more authoritative and emphatic, in the obligations which it imposes upon ministers" in regard to the Temperance work in the Church. (*b*) "That the Committee ascertain the nature of the effort being made by temperance people in each of the States, that a formal endorsement of these [as far as deemed wise and practicable] may be given by the General Assembly; thus the disheartened toilers in each of the States will feel that the General Assembly is not ignorant of their effort, and that, though they may seem to occupy an humble sphere, the moral influence of the whole Presbyterian Church is given for their encouragement."

5. It appears from the history of the times that Dr. Benjamin Rush, of Philadelphia, presented to the General Assembly of 1811, a thousand copies of a pamphlet published by him—entitled "An Inquiry into the effects of Ardent Spirits upon the Human Body and Mind," and which seems to have led to the appointment of a Committee on Temperance by said body. It seems to your Committee, therefore, that it would be eminently proper for the Presbyterian Church, in common with other evangelical Churches and societies, to recognize the event as the Centennial of the Temperance Reform, and in some appropriate way celebrate it. And, inasmuch as the week commencing Sabbath, September 20, 1885, has been agreed upon by numerous temperance organizations to be observed as the Centennial Temperance Week, it is suggested that the ministers in all our churches be requested to preach on temperance on that, or some other convenient day, during the year, and at the same time take up a collection for the Permanent Committee on Temperance; and that Sabbath-school and Church Temperance Societies hold special services during the week.

6. It is suggested that temperance instruction among the Freedmen might

very well receive more serious attention by the Church than has yet been given to the subject.

RAILROADS AND TOTAL ABSTINENCE.

Your Committee has corresponded with the principal railroads in this country in regard to total abstinence among their employés, and it is gratified to be able to report the continued agitation of this question has convinced the sagacious business men who control the great railway systems in the United States, that practical "total abstinence" is the only way to keep "a clear head," and that even the moderate use of intoxicating liquors unfits men for the occupancy of important places of trust and responsibility.

BUY YOUR OWN HOME.

The money spent for drink by workingmen or others who use it even moderately, would ordinarily purchase them a home for their families, if it were put into real estate instead of being given to the saloon-keeper.

CONGRESS AND TEMPERANCE.

In the act of Congress providing for a civil government for Alaska, which became a law in May, 1884, there is a very important provision pertaining to the cause of temperance. Section 14 of said act provides * * That "the importation, manufacture and sale of intoxicating liquors in said district, except for medicinal, mechanical and scientific purposes, IS HEREBY PROHIBITED, under the penalties which are provided in section nineteen hundred and fifty-five of the Revised Statutes, for the wrongful importation of distilled spirits; and the President of the United States shall make such regulations as are necessary to carry out the provisions of this section." This law is important in many aspects of the case. It places nearly one-sixth of the area of the United States under prohibition by United States law. Secondly, it is the distinct assertion of the right and power of the Federal Government to prohibit the liquor traffic within the Territories.

THE NARRATIVES.

With the hope of securing a Distinct Narrative from all the Presbyterial Standing Committees on Temperance, and in some measure to aid them in their preparation, your Committee issued, early in January last, *Papers Nos.* 14 and 15.

Many of these Narratives are very full, although but very few have made any attempts to tabulate the facts. But there are so many committees from which Narratives have not been received, that it is impossible for your Committee to give any satisfactory exhibit of the temperance work done by the Church during the past year, or the results of this benevolent work. It deeply regrets that it has not received Narratives from all the Committees.

SESSIONAL OVERSIGHT AND CONTROL.

It is deemed important that the Session, either as a body or by a committee appointed by them for the purpose, should give special attention to this department of benevolent work in the community, and that they should be the recognized leaders in the temperance reform in the Church.

TEMPERANCE SABBATH-SCHOOL ORGANIZATIONS.

It gladly reports a *beginning* in this direction, according to the plan suggested by the Committee, but regrets that so little has been done; certainly not more than ten per cent of the churches reporting in the Narratives have any formal temperance society in the Sabbath-school or among the young people.

At the suggestion of the Rev. Arthur T. Pierson, D.D., Pastor, and cordially seconded by Mr. John Wanamaker, Superintendent, the White Ribbon Army was organized in the Bethany Sabbath-school, Philadelphia, Pa., on December 7, 1884.

Temperance Sermons.—In a very large portion of the churches, at least one formal sermon has been preached by the pastor; in others, two, three, and in some instances, even more. Basing a general estimate upon the facts given in the Narratives, your Committee think it safe to say that about 4000 special or distinctive sermons on temperance have been preached by the ministers of the Presbyterian Church during the ecclesiastical year ending May 1, 1885.

Progress.—In general the Narratives show decided progress in Christian activity and spiritual power in this department of Church work. "The interest among our people is greater than ever before." "Our people are all interested in the success of the temperance cause." "A few congregations report visible progress, and a number report more Christian activity in the cause." "It is with devout thankfulness to Almighty God that we note an increasing interest in the cause of temperance." These extracts may serve to show the general scope of the reports.

Total Abstinence—The General Assembly has given her earnest testimony for nearly three-quarters of a century in favor of total abstinence, and your Committee gladly reports that the Narratives show that the Christian conscience has been so quickened that there is now an overwhelming sentiment in the Church in favor of total abstinence from all intoxicating liquors as a beverage.

Prohibition.—As to the best means for suppressing the saloon, the Narratives indicate a rapid advance of sentiment in the Church towards constitutional prohibition, as the best form of the "strong arm of the civil law," applicable to the case. Besides whole Synods have pronounced in its favor; as for instance, Columbia, Iowa, Kansas, Missouri, Nebraska, Pennsylvania, Wisconsin, etc.

II. THE REPORT OF THE TRUSTEES OF THE GENERAL ASSEMBLY.

OFFICERS.

George Junkin, Esq., *President.*
Rev. William E. Schenck, D.D., *Vice-President.*
Rev. Villeroy D. Reed, D.D., *Corresponding Secretary.*
Jacob Wilson, *Recording Secretary.*
James T. Young, *Treasurer.*

MEMBERS.

Ministers.	*Laymen.*
William E. Schenck, D.D.,	Hon. William Strong, LL.D.,
Thomas L. Janeway, D.D.,	Hon. Joseph Allison, LL.D.,
George Hale, D.D.,	George Junkin, Esq.,
Thomas J. Shepherd, D.D.,	Alexander Whildin,
Villeroy D. Reed, D.D.,	Samuel C. Perkins, Esq.
William T. Eva. D.D.,	

The Trustees respectfully submit herewith to the Assembly their Treasurer's Report and Financial Statements, with the proper certificates of the Auditing and Finance Committees.

There are held by the Trustees two small funds specifically designated respectively as "For the Conversion of the Jews," and "For the North American Indians." Authority and direction is requested that the small income derived from these Funds may be paid over to the Board of Foreign Missions, to be applied to the purposes indicated.

There is also, from a recent legacy, a small fund in the hands of the Trustees for seamen; and authority and direction is requested that the income of this fund be paid over to the Board of Publication for gratuitous distribution of religious literature among seamen.

The legacies received during the year which appear among the receipts in

the Treasurer's Report, have all been for the Ministerial Relief Fund, except one for the use of the Freedmen's Committee. This latter has been paid over to the Treasurer of that Committee, and the others have been added to the Permanent Fund held by the Trustees for the Board of Ministerial Relief.

The interest on all the investments has been paid, with the exception of that on the O'Rourke mortgage for $12,000, and the indebtedness has been called in and proceedings commenced for its collection.

The Trustees had hoped that the defalcation of Mr. Woodward, the late Treasurer, had been entirely made up, as reported to the last Assembly (Minutes 1884, p. 80), and so far as had then been discovered such was the case. They regret to state, however, that a further investigation has revealed an additional embezzlement by him, in former years, of $10,000 of moneys which came into his hands for the Ministerial Relief Fund, towards replacing which a friend of the Fund has contributed $1000, leaving an actual deficiency of $9000. They have obtained from Mr. Woodward his judgment note for $10,000, dated March 5th, 1885, payable one day after date, with interest from January 1st, 1880, at six per cent, and the same has been entered of record in Delaware county, Pa. They would fain hope that the entire amount of the deficiency may in time be made good. Careful consideration has led them to the conclusion that it is inexpedient to undertake any criminal prosecution.

The present Treasurer has placed in the hands of the Finance Committee his personal bond for $10,000, secured by the deposit with the Committee of undoubted securities of the par value of $12,000, as the equivalent of and in the judgment of the Trustees, even more satisfactory than a personal surety on the bond. This bond has been drawn in a form which makes it cover any future term of office held by the obligor.

The Stated Clerk of the General Assembly has given bond as Treasurer of the Assembly in $5000, signed by himself and two sureties approved by the Trustees, in accordance with the Resolution adopted by the Assembly of 1884, upon recommendation of their Standing Committee on Finance (Minutes of 1884, p. 33), and the bond has been placed with the securities of the Trustees.

The Trustees further represent that in the judgment of the legal gentlemen who had the matter under consideration some years since, the reasons which then prevented the merger with this Corporation of the Trustees of the Presbyterian House, have so far ceased to have a controlling influence, that the object recommended by the Assembly and so desirable in itself can now be safely carried out; and they therefore ask the adoption by the Assembly of the following Resolutions:

1. *Resolved*, That "The Trustees of the General Assembly of the Presbyterian Church in the United States of America," and "The Trustees of the Presbyterian House," be authorized and directed to take such necessary action as may be required to effect the union of the two Corporations into one, under the Corporate Title of the former, in accordance with the spirit and terms of the joint report of the two Corporations as presented to and approved by the General Assembly of 1874 (Minutes of 1874, pp. 23, 145, 147).

2. *Resolved*, That the Trustees of the General Assembly be authorized and directed to obtain an amendment of their Charter, so that the first sentence of Section 6 shall read as follows: "That the said Corporation shall not, at any time, consist of more than eighteen persons; whereof the said General Assembly at any annual meeting, wherever held, may at their discretion change one-third, in such manner as to the said General Assembly shall seem proper and also at like times and in like manner fill any vacancies therein," and that the charter as thus amended be approved as the Charter of the united Corporation.

It is understood that the Trustees of the Presbyterian House concur in this course.

The reason for suggesting the proposed change in the Sixth Section of the Charter is, because of the construction which has been uniformly held that, as it stands at present, the Assembly could make no changes in the Trus-

tees nor fill any vacancies, except when the place of meeting of the Assembly was in Pennsylvania.

Two members of the Board have resigned during the past year, viz: Mr. John C. Farr, on account of advancing age, after a continued and faithful service since the Reunion in 1870; and Mr. James T. Young, whose acceptance of the office of Treasurer rendered him ineligible as a Trustee under the laws of Pennsylvania.

In addition to the Resolutions above mentioned, the Trustees respectfully ask the adoption by the Assembly of the following Resolutions to authorize them to carry out their other suggestions, viz:

3. *Resolved*, That the Trustees of the General Assembly be authorized and directed to pay over any income and interest of the Funds held by them for the conversion of the Jews, and for the benefit of the North American Indians, to the Presbyterian Board of Foreign Missions, to be used and applied by them for the purposes indicated.

4. *Resolved*, That the Trustees of the General Assembly be authorized and directed to pay over any income and interest of the Fund held by them for seamen, to the Presbyterian Board of Publication, to be applied by that Board for gratuitous distribution of religious literature among seamen.

Respectfully submitted,

May 7th, 1885. GEO. JUNKIN, *President.*

V. Miscellaneous.

I. THE MILEAGE AND CONTINGENT FUNDS.

SPECIAL attention is called to the *Mileage and Contingent System* adopted by the General Assembly of 1870, and amended by the General Assemblies of 1875, 1877 and 1884. As amended it is as follows:

"The Committee to whom it was referred to consider and report a uniform system of Mileage, whereby full provision may be made for the traveling expenses of the Commissioners to our General Assemblies, and to meet the contingent expenses of each Assembly, respectfully report:

"It is affirmed, *Form of Government*, Chap. xxii, Section 3, that, 'in order, as far as possible, to procure a respectable and full Delegation to all our judicatories, it is proper that the expenses of ministers and elders, in their attendance on these judicatories, be defrayed by the bodies which they respectively represent.'

"The principle is thus established, that provision should be made for the payment of the traveling expenses of Commissioners to the General Assembly. This provision should be made by the Presbyteries. As far as possible, the feebler Presbyteries should be aided in this matter by the stronger. It appears just and reasonable, and so has been found by experience, that the estimated contingent expenses of each Assembly, and the traveling expenses of the Commissioners in coming to and returning from the Assembly, should be fully met by the apportionment of the whole amount among the several Presbyteries, according to the number of their communicants respectively.

"It is therefore recommended—

"1. That the Standing Committee on Mileage, annually appointed, be instructed to present an estimate of the probable amount that will be needed by the next General Assembly, in order to meet their contingent expenses and the traveling expenses of their Commissioners, with a statement of the *per capita* rate, based on the number of communicants, that will be needed to secure the amount.

"2. That the Presbyteries, at their Stated Meeting next following the adjournment of the General Assembly, apportion the amount required of their churches as they deem best.

"3. That the churches be instructed to pay over their respective apportionments at the Stated Meeting of their Presbyteries next preceding the meeting of the General Assembly—the whole amount due from the Presbytery to be forwarded to the Assembly by their Commissioners.

"4. That, as early as the fourth day of the Sessions of the Assembly, the apportionment of each Presbytery be paid in full, and a bill of the necessary traveling expenses of its Commissioners be presented to the Standing Committee on Mileage.—N. B. It is understood that Commissioners, both in coming to and returning from the Assembly, will avail themselves of any commutation of fares that may be offered in season; and that in other cases they are to take, when practicable, the most economical route; no allowance to be made for extra accommodations on the way. Also, that no one will charge for return expenses unless he intends to go back to his field of labor; and that

no one on a business tour, or excursion of pleasure, will make a convenience of the meeting of the Assembly and expect payment of his traveling expenses from the Mileage Fund. Also, that Commissioners, as soon after their arrival as practicable, are to report themselves to the Committee of Arrangements, and have their respective places of abode assigned them.

"5. That the Mileage Committee, after appropriating from the whole sum an amount sufficient to meet the estimated contingent expenses of the Assembly, be instructed to audit these bills and pay them *pro rata* (if found in accordance with the preceding regulations), as far as the funds will permit.

"6. That, in order to avail themselves of the proceeds of this fund, the Presbyteries must contribute their full proportion to it according to the *per capita* rate.

"7. That every minister, and every vacant Church contributing to this Fund, connected with the Presbyteries thus complying with the provisions of this plan, be entitled to a copy of the Annual Minutes of the General Assembly.

"8. That the Commissioners from Presbyteries in foreign lands receive their necessary traveling expenses, *pro rata*, from their place of residence in this country."

In accordance with this system, every Presbytery is requested to pay in full, next year, to the Stated Clerk of the General Assembly, a sum equal to *four cents* for Mileage, and *one and one-half cents* for Contingent Expenses, or in all *five and one-half cents* for every communicant under the care of their churches, as determined by their Statistical Report, herewith printed. This will entitle their Commissioners to a full share in the apportionments for necessary traveling expenses. It is expected that these expenses will be fully met, if the Presbyteries comply with the recommendations of the Assembly.

They are expected, also, to provide for an

ENTERTAINMENT FUND.

In addition to the Mileage Fund, the Assembly of 1877 made provision for a "Supplemental Contingent Expense Fund," to "be used for the purpose of meeting the expense of entertaining such Commissioners as are not otherwise provided for." Each Presbytery is requested to contribute to this Fund a sum equal at least to *one and one-half cents* per church member, and to forward it, with the Mileage Fund, to the Stated Clerk of the Assembly. It is to be disbursed by the Committee of Arrangements, whose bills for entertainment the Stated Clerk, as Treasurer, is authorized to pay, after they have been approved by an Auditing Committee.

☞ See, also, Minutes of 1883, p. 652–653.

II. THE ANNUAL MINUTES.

The Minutes for 1885 will be supplied at *One Dollar* per copy, postage included. A copy will be sent, without charge, to the Stated Clerk of every Presbytery, and of every Synod; also (in the case of every Presbytery that has paid its full apportionment to the Mileage and Contingent Funds of the Assembly), to every ordained minister, and to the Session of each contributing *Vacant* Church, whose address is known; also to every ordained Missionary of the Foreign Presbyteries.

III. SYNODICAL REPORTS.

A *Statistical Report* is to be forwarded to the Assembly by the Stated Clerk of every Synod; in which are to be stated the number and names of the Presbyteries within their bounds; the changes which may have been made in the number or arrangements of their Presbyteries; the names of the Stated

Clerks of the Presbyteries; the place and hour of the next annual meeting; and the names of the Moderator and Stated Clerk of the Synod. A blank will be sent to the Stated Clerk of every Synod, near the close of the calendar year, which should be filled up, and forwarded, without delay, to the Stated Clerk of the Assembly.

IV. PRESBYTERIAL REPORTS.

It is required of every Presbytery to prepare and forward to the General Assembly:

1. A *Statistical Report*, according to the form exhibited on page 837 of the present Appendix; of which a printed blank will be furnished in due season, by order of the Assembly, to the Stated Clerk of every Presbytery. This Report should, if possible, embrace all the changes in the Presbytery previous to the first day of April.

2. A *Narrative of the State of Religion* within the bounds of the Presbytery, for the year ending April 1st. These Narratives should specify facts in regard to the particular churches, their state, trials, encouragements, and prospects; how many of them, and which, have enjoyed revivals of religion through the year; in which of them the Catechisms are taught, Sabbath-schools and Bible-classes organized, with the number of scholars and teachers. Also, the various arrangements of the Presbytery for Church extension; stating the number of their ministers, and the particular manner in which they are employed; the number of their churches, and how they are supplied; the number of new churches organized, and new houses of worship erected; what itinerant arrangements have been adopted for preaching the Gospel; what and how much agency has been employed; together with all such other facts and suggestions as will show, from year to year, what has been accomplished, and what may need to be undertaken, to bring all the churches to a proper degree of effort to promote the kingdom of Christ. By order of the Assembly of 1880, a blank for a Tabulated Statement of facts will annually be forwarded to the Stated Clerk of each Presbytery, to be filled properly, and duly reported to the Assembly. As the Narratives are not to be publicly read, less care may be given to their style, and more to the detail of particulars, such as will aid the Committee of the Assembly in preparing their Annual General Narrative of the State of the Church. The blank for the Church Narratives, ordered by the Assembly of 1885, can be had from the Board of Publication, by whom it has been printed for the use of congregations and Presbyteries.*

(7) In the *Additions* to the Church, distinguish between those on *examination* and those on *certificate;* in the *Baptisms*, between the *adults* and the *infants;* and be careful to observe the order of the columns in which these particulars are recorded.

(8) In the report of "*Funds*" contributed, observe the order of the columns, and the directions of the Assembly of 1871 (p. 589) as modified by the Assemblies of 1873, 1874 and 1883, as follows:

HOME MISSIONS.

THE FIFTEENTH ANNUAL REPORT.

The Board of Home Missions respectfully submits to the General Assembly its Fifteenth Annual Report.

In reviewing the work of the year, it feels called upon,

First, to give thanks to the Great Head of the Church for the care exercised over its members, executive officers, missionaries and missionary teachers; for renewed evidence that the affections of the churches, Sabbath-schools, and individual members are clustering more closely than ever around this agency of the General Assembly for filling our land with the light and blessings of the Gospel; for opening new and inviting fields of labor North and South, East and West; for calling qualified men to preach the Gospel on our frontiers, and to plant the banner of the cross on the ramparts of the enemy, and for the out-pouring of the Holy Spirit upon many of our missionary stations.

Secondly, to congratulate the Church on being well fitted, by a clean-cut creed and a strong government, for the work of evangelizing our land; on the increasing self-denial, liberality and Christian activity of her members; on a ministry that is becoming more and more alive to the spiritual needs of our country and the world; and on having many young men and women ready to go from their cultured, as well as Christian homes, to preach the Gospel in the most uninviting communities, or to teach missionary schools among the Indians, the Mexicans, and the Mormons.

In confirmation of these statements, we present the following facts and figures.
